Dear Sir:-

Please refer to your Requisition #76004, File 15-3 Man. This has to do with the installation of a Warm Air Heating System at Griswold. We have supplied one of our furnaces, through Messrs. Neale, Stothard & Chapman, of Brandon. Piping has been made up as per your Specification and we understand will be installed in that manner by the Heating Contractor. The proper furnace has been supplied against the Specification shown in your file but we are somewhat worried about the inadequate distribution of piping that is being installed in this system.

The Plan calls for a total of 1,041 sq. in. of warm air piping and 402 sq. in. of return air piping. There should not be such a large spread, as you will find that it will be impossible to deliver the amount of warm air shown with such a small amount of return air connected to the furnace. This matter, we believe, was taken up through your local office and instructions received that the job must be installed as shown in the plan. The Heating Unit cannot give the best of service unless equal distribution of air is taken from same. Therefore, we are placing ourselves on record that the job is being installed as specified, but the furnace cannot be expected to last for the normal period under these conditions. There will be times in very cold weather when the furnace will be fired to the limit but free circulation will not be possible without extra return air connections.

We have offered, on more than one occasion, to submit up-to-date free service and layouts for buildings of this nature. The main reason, as you will understand, is that we want our furnaces to give the best satisfaction possible, which in the long run is a recommendation for quality and efficiency in the heating plant.

Trusting that you will accept the information given with our friendly wish that warm air heating equipment supplied to your buildings may give the best service possible.

Yours truly,

CLARE BROS. WESTERN LIMITED.

March 12, 1948.

Mr. A. G. Hamilton,
Superintendent,
538 Dominion Public Bldg.,
Winnipeg, Manitoba.

Re your letter File 204-11 A.G. dated March 9th re
new Oak River Day School:

The Oak River Day School will not be completed by
the end of March. Mr. Robertson, Carpenter, thinks it will
take at least until the end of April to complete it, includ-
ing the outside painting. Thus we would need \$1000.00 more
for labour.

There has been no contract let as yet for the instal-
ling of blinds throughout the building.

The plans also call for a Chemical Toilet, with inner
pail. We would also need app. 18 ft. of vent pipe. 3" galv.

I believe we should get authority to purchase the
living quarters furnishings. The following would cost app.
\$400.00:

Kitchen cook stove.
Table and chairs.
Lounge and chair.
Bed, spring and mattress.
Bedroom dresser.
Dishes and cooking utensils.

We will also need a cistern hand pump, and eaves-
troughing.

The building should have lightning rods. I think
three should be sufficient.

(signed) W. Young,
Assistant, Indian Agency.

Memorandum

Re: Oak River Indian Day School,
Province of Manitoba.

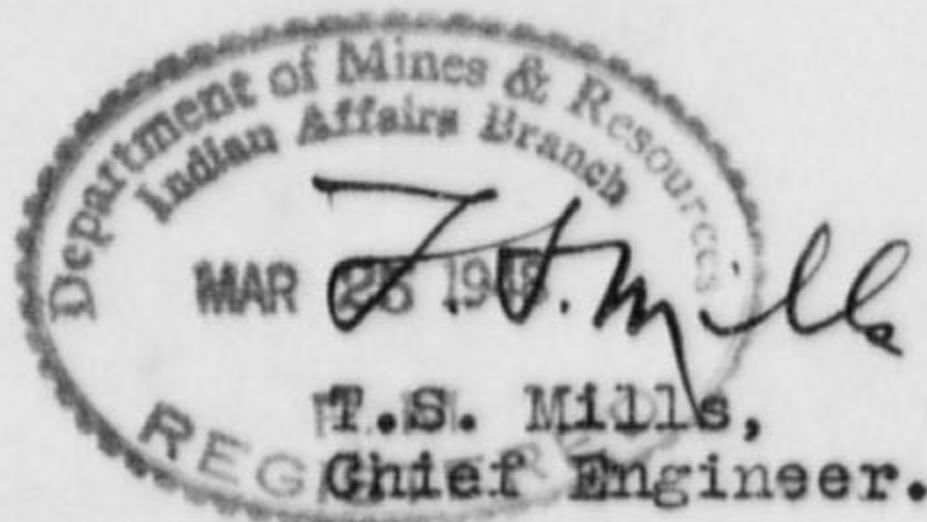

In connection with Mr. Hoey's memorandum of March 18th bearing your notation of the 19th instant, together with copy of a letter from Clare Brothers, Western Limited, with reference to the above, you are advised as follows.

The gravity warm air heating system for the above has been designed to meet a somewhat different set of requirements than is usually the case. It may be briefly stated that the Classroom space is of prime importance and has been worked out to provide for a satisfactory distribution of the heat according to the design principles layed down by acknowledged authorities.

The Cloakrooms and Teacher's Quarters have been provided with warm air leaders and registers only. This is due in part to the difficulty in getting returns back from these rooms, and also having in mind that when the Classroom and basement space is unoccupied, at least three of the four dampers in these leaders will be throttled or shut off.

Under such circumstances, it is felt that the furnace will not be penalized, and that the system can be counted on to give the desired results if installed as shown.

We appreciate the friendly criticism received, and the foregoing reply is written in the same spirit.

R.A. Gibson, Esq.,
Director,
Lands & Development Services Branch,
Department of Mines & Resources,
O t t a w a.

Mr. Hoey

Ottawa, March 15, 1948.

Mr. A. G. Hamilton,
Inspector of Indian Agencies,
538 Dominion Public Building,
Winnipeg, Manitoba.

Proposed Peguis South Day School

Proposed Lake St. Martin Day School

Oak River Day School.

During his recent visit to the Department Mr. Indian Agent Young advised that he was completely satisfied with the work of Mr. John Robertson of Kenton, Manitoba, in erecting the Oak River School. It is therefore suggested that Mr. Robertson be approached to ascertain if he is interested in building another school for us on the same basis.

Included in our 1948-49 estimates are one-room schools and attached teachers' residences for Lake St. Martin in the Portage la Prairie Agency and Peguis South in the Fisher River Agency. It is recommended that Mr. Robertson be approached concerning these schools. They would be identical with the one he is now finishing at Oak River.

It would require two or three months to obtain the standard bill of materials for these schools. Therefore we are trying to line up our building programme now, before there is too much contracting activity.

I might add that we have found that the day labour basis of building, as adopted at Oak River, has proven cheaper than the cost plus basis contract, as used at Murdoch in the Fisher River Agency. While we have not yet the final cost

Indian Affairs. (RG 10, Volume 6241, file 529-5, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

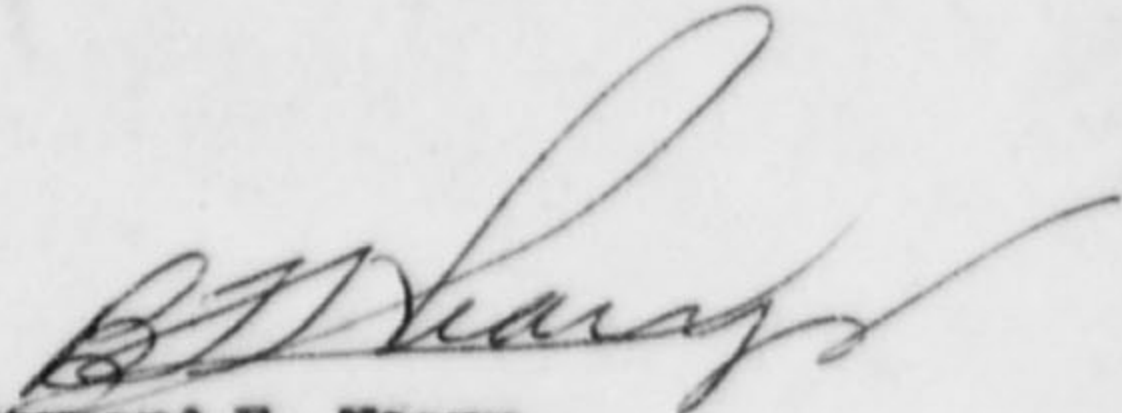

CANADA

Pool Copy

figures, it is evident that the Oak River School will cost less than the Murdoch School (these buildings are identical).

From the map it would seem evident that Mr. Robertson would be more likely to be interested in the Lake St. Martin School rather than in the Peguis School. Therefore Mr. Lazenby should advise if there is any good carpenter interested in the Peguis School on a day labour basis.

Blueprints, specifications and bills of materials for the standard one-room school with teacher's residence are being sent, along with this letter to the two Agents concerned.

Bernard F. Neary,
Superintendent of Education.

W. Young, Esq.,
Indian Agent,
Griswold, Manitoba.

I have to return to you Voucher No. 59 and would ask you to give immediate attention to having this account corrected. Please refer to your copy of the Purchase Order from which you will note that this firm quoted on the materials "f.o.b. Griswold". Kindly have the matter corrected immediately so that payment can be made before the end of the month. In returning the account would you kindly return it direct to Miss M. Walton - Indian Affairs Branch and she will try to have it passed for payment before the 1947-48 funds expire, otherwise it will have to be paid from the 1948-49 funds and some other work at your agency will have to be left undone to make these funds available.

Mr. W. Young, Clerk-in-Charge, Indian Agency,
Griswold, Manitoba.

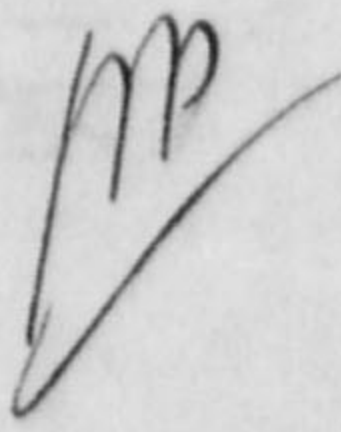

I desire to refer to your voucher
59 issued in favour of Neale, Stothard &
Chapman.

The amount of \$567.84 was included
on the Purchase Order, and therefore, payment
will be made.

We will require a separate account for
the expenditure of \$169. for labour. This
should show the dates on which the men were
employed .

It will also be necessary to forward
a receipt from the transportation company for
the item of \$11.02 for freight.

(b) The powder and liquid must be stirred together until all granules and solid particles disappear and the cement is soft and easily worked—almost like a thick paste. Thorough mixing or working produces the correct consistency. The cement can be mixed on the back of the blackboard (Figure 4) or in an old wash basin or similar shaped pan (See instructions on bag and can).

(c) Mix for only one blackboard at a time.

(d) Place gobs every 12 inches in horizontal row along center of slab lengthwise and two (2) extra at each edge at joints. (Figure 4).

THE INSTALLATION OF STERLING BLACKBOARD

1. Immediately slide slab into position and equalize space at top and bottom, applying pressure over cement gobs.
2. Immediately put clamps in place and insert wedges over the cement gobs to hold slab in proper contact with the cement and wall. Two or three light weight clamps are sufficient for each slab, (Figure 5). Wrap the wedges in paper to protect the blackboard surface.
3. Drill holes along top of blackboard every 16 to 18 inches and countersink for wood screws.
4. Screw slab securely to top ground—using a $\frac{3}{4}$ " No. 8 flat headed wood screw countersunk, (Figure 6).
5. Insert metal rustproof joint at right end to receive next slab.
6. Proceed with second and successive slabs.
7. When space along one wall is finished it should appear as in Figure 7. Clamps should be left over night. One metal direction plate (for each room) must be attached to the wall adjacent to the blackboard, in a prominent place when installation is completed. These are included in the envelope with directions which is pasted on back of blackboard. (Figure 11, page 4.)
8. After the cement has been allowed to set at least 10 hours, (over night) take off clamps. Then place quarter round or cove mouldings at top and bottom of blackboard to complete the installation. These mouldings must be toe-nailed as tightly against the surface of the blackboard as possible.
9. "Break in" blackboard as instructed on metal plates. (Figure 11, page 4.)

Cutting the Blackboard to Fit the Spaces

Fig. 8

Place a straight-edge (Figure 8) or the cutting clamp on the back of the slab of Sterling Blackboard exactly where the break is desired (Figure 8). With any sharp instrument, preferably the W.C. Special rapid cutting tool or the handle end of a file sharpened, score the back surface along the straight-edge five or six times being sure to score it well at the edges of the slab. (Figure 8.)

Turn the slab over and score it on the face side just as was done on the reverse side. Then with constantly increasing steady pressure bear down on the slab of blackboard to be broken off until the break occurs. (Figure 9). The slab will break true.

Fig. 9

Fig. 10

Marking the Blackboard for the Proper Spaces

Stock lengths of Blackboard should be used to fill the spaces (i. e. for 12-foot spaces, use 2 six-foot slabs). Where stock lengths do not fill the space evenly, use the proper stock lengths so that the "fill in" slab will be no less than 3 feet long (i. e. for 12 foot space, use two 6 foot slabs; or for a 9-foot space, use one 5 ft. and one 4 ft. slab; or for 11 foot 6 inch space, use one 8 ft. and one 3 ft. 6 in. slab, etc.)

The slabs should be "set" into the space temporarily and the last piece cut to exact length (Figure 10). Proceed with the cutting.

Breaking in and Care of Blackboards

Blackboard must be properly "broken in" before it is used.

1. With the side of a piece of crayon, chalk the entire writing surface. Avoid chalk with a glazed surface.
2. Work the chalk into the surface of the board, using a good quality felt eraser for the purpose.
3. Repeat Nos. 1 and 2.
4. Clean the board with a soft, new cotton cloth or with a good quality chamois and your board is ready for use.

CAUTION

Never, never use any of the "treated" cloths or chamois which are advertised for use on the blackboard. They invariably contain oil in some form and their continued use will impair the efficiency of the blackboard writing surface. Do not wash the board with water or with blackboard cleaning solutions. Use only clean cotton cloths or good quality chamois free from animal fats.

IMPORTANT

(Aluminum Instruction Plate, Figure 11)

Aluminum Instruction Plate for each room is supplied free of charge with every shipment of blackboard. They are included in the envelope pasted on the back of the blackboard with the Installation Directions.

They should be tacked in place in every room containing blackboard on the blackboard frame or door jamb in plain sight of the person caring for the blackboards. If enough plates (one for each room) have not been included, write for an additional supply furnished free.

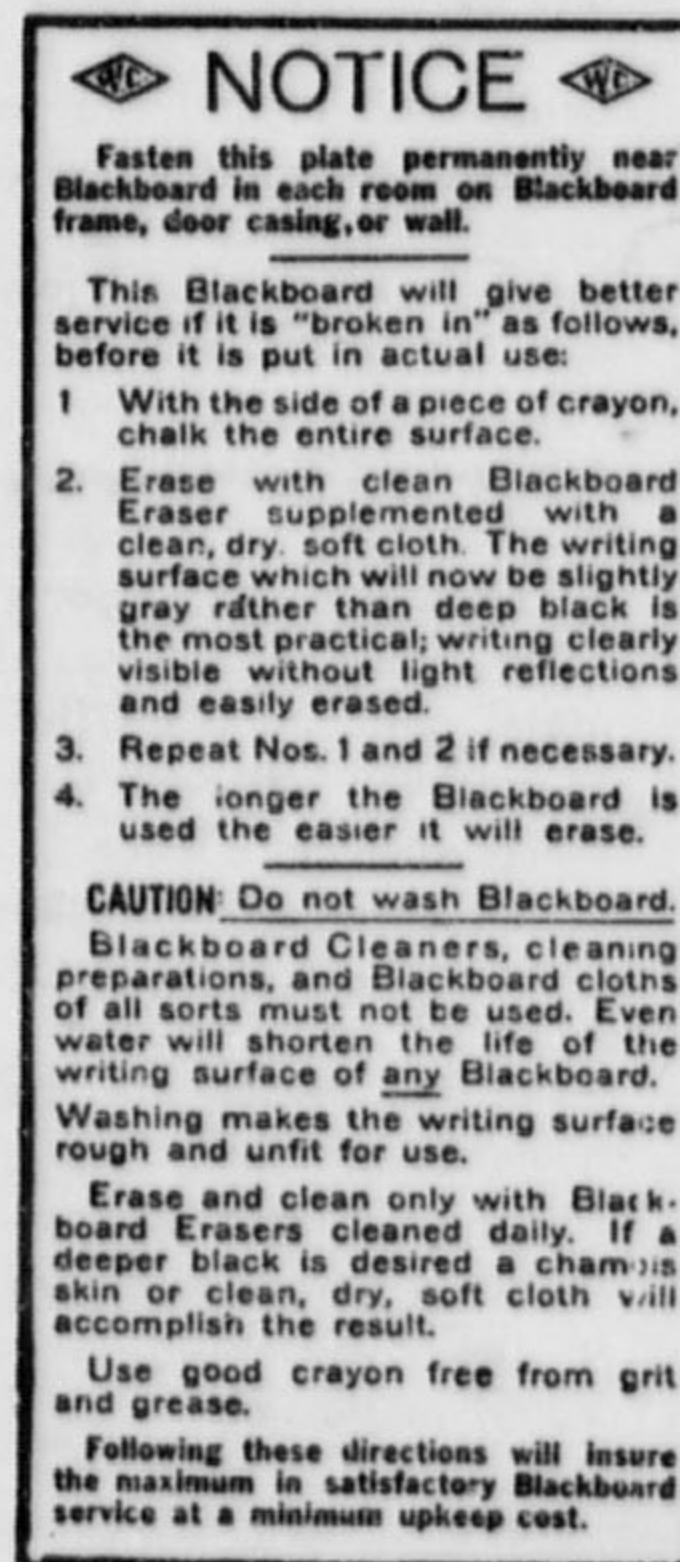

Fig. 11. Actual size of Instruction Plate which is furnished upon request.

PICTORIAL DIRECTIONS FOR INSTALLING

IMPORTANT

These installation directions are presented in a complete and comprehensive manner to help you correctly install your blackboard; they are the result of nearly sixty years experience in the manufacture of blackboard—experience which covers the installation of millions of square feet.

Since the correct way to install these blackboards is also the easiest way, be sure you read these directions carefully and be sure that you understand them before you attempt the installation. Installation by other than this or the Weber Costello Ventilated System voids the guarantee on these boards.

The "Regular Method" of installation, described in the following pages, may be used in all parts of the United States and Canada EXCEPT IN AREAS NEAR OCEANS AND RIVERS WHERE HEAT AND MOISTURE COMBINE TO CAUSE "SWEATING", especially those areas in the South and Southwest within 100 miles of the Atlantic Ocean, the Gulf of Mexico, the Mississippi River, the Rio Grande River, and Chesapeake Bay, but also IN ALL OTHER AREAS WITH LIKE CLIMATIC CONDITIONS.

In the above mentioned areas this blackboard must be installed according to the "Ventilated Method" of installation. The "Ventilated Method" is an excellent type of installation in any climate, so if you have any doubts, write or wire Weber Costello Company for a copy of the "Ventilated Method" instructions.

The Regular Method of Installing Sterling Blackboard

All necessary Sterling Cement for the installation of this board has been included with the shipment (one gallon for every 32 lineal feet). Additional cement can be ordered at nominal cost from the Weber Costello Company or its distributors.

BEFORE STARTING WORK CHECK EACH OF THESE POINTS CAREFULLY

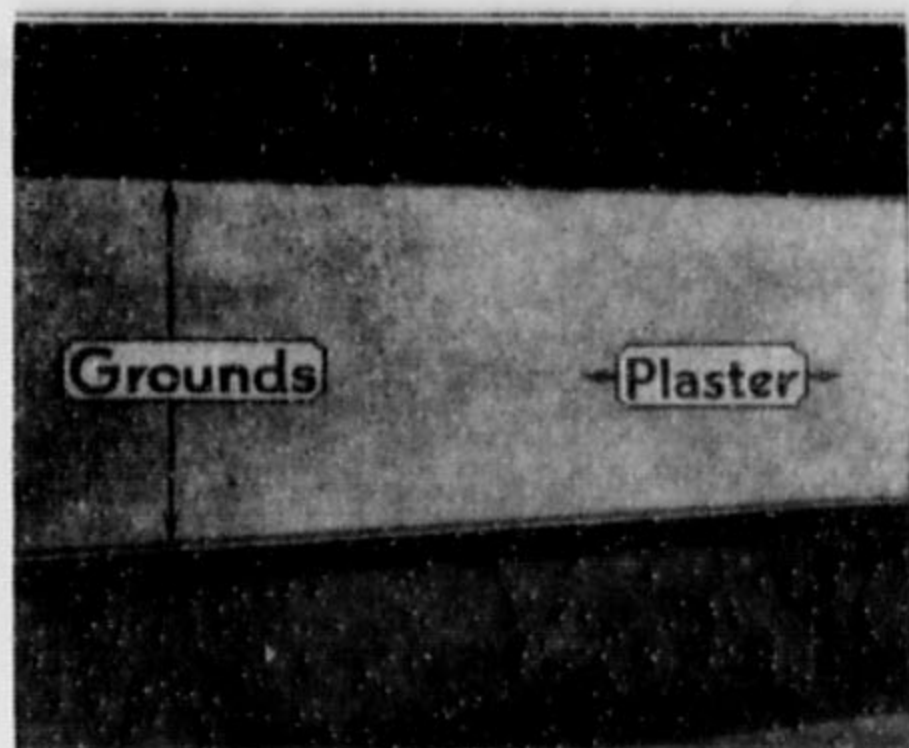

Fig. 1

Fig. 2

Fig. 3

Fig. 4

1. Uncrate the blackboards—inspecting each slab carefully. If any are cracked or broken in transit, file claim against the transportation company.
2. Distribute the blackboard to each room and exact space, (Figure 2) making sure the slabs fit the spaces, (Figure 10).
3. If blackboard has been standing on edge uncrated for some time it may sag of its own weight and become slightly bowed. Heavier weight clamps and larger wedges must then be used to insure perfect contact between the blackboard, cement, and wall. The clamps also should be left on the blackboard for several days.
4. Inspect wall behind the blackboard.
 - (a) The wall should be a **good cement plaster**.
 - (b) Grounds should be set flush with the plaster, (Figure 1). If these are not provided, arrangements should be made with architect or contractor to have it done.
 - (c) The plaster must be thoroughly dry.
 - (d) If walls are painted or coated—they should be scraped down the center for solid cement contact.
5. Lay slab face down on a padded bench. (Made very easily by using one of the crates.) Wipe all dust and dirt off the back of the blackboard. Go over wall with a stiff brush and remove all loose particles of plaster and dust. (Figure 3).
6. Mix cement **THOROUGHLY**.
 - (a) Sterling Cement No. 50 is included in every shipment of Sterling Blackboard. It is in form of a powder (in bags) and a liquid (in cans) which are to be thoroughly mixed on the job.

Mr. Wm. Young,
Griswold, Man.

Dear Sir:

Re Indian School-Griswold, Man.

We are pleased to submit the following quotation:

Installing 150' Eave Trough and Conductor Pipe with
necessary fittings, Installed Complete----\$ 87.50.

Thanking you for the opportunity of quoting on
same, and trusting we may be favored with your valued
order, we remain,

Yours truly,

McDowell & Doke.

Griswold Agency,
Griswold, Manitoba,
July 30th, 1948.

Indian Affairs Branch,
Dept. of Mines & Resources,
Ottawa, Canada.

Re your letter 133-3-5 (E.1) dated July 2nd, 1948:

I enclose tender submitted by McDowell and Doke,
Brandon, for installing Eave Trough, etc. on the new Oak
River Day School.

I thought at one time that Mr. Robertson, the carpenter
who is building the school, could install the eave trough, but
as he still has a small amount of finishing to do, we would
gain time by having the firm supplying the material do the
installing. Therefore I obtained tenders for material and
installing.

This firm also supply and erect lightning rods, and
as soon as I obtain their tender, I will forward same.

W. Young,
Assistant Indian Agency.

Griswold Agency,
Griswold, Manitoba,
August 19th, 1948.

Indian Affairs Branch,
Dept. of Mines & Resources,
Ottawa, Canada.

On June 16th, I forwarded requisitions for the following for our new Oak River Day School:

- 1-4 x 8 Blackboard ✓
- 3-Metal strips, 4 ft. long to join the blackboards.
- Blinds for the entire school
- ✓ School desks.
- ✓ Teacher's desk and chair.
- ✓ Other necessary school supplies.

We will have an enrolment of app. 29 pupils at our new day school, and it is urgent that we have the above supplies.

Would it be possible for you to check this requisition over and hasten delivery of the articles?

Ottawa, August 23, 1948.

Mr. W. Young, Indian Agent, Griswold, Manitoba.

With reference to your requisition of June 17, 1948, we have asked the Purchasing Agent to get the school desks, the teacher's desk and chair.

You are authorized to purchase locally the following items:

- 2 Heavy cocoa door mats,
- 2 Water pails,
- 2 Hand Basins
- 2 Soap dishes
- 2 Hydrokrepe paper towel holders
- 12 doz. rolls Paper Towels suitable for
above holder
- 24 rolls Toilet paper
- 6 Toilet paper holders
- 96 bars Carbonic soap
- 4 doz. Chloride of lime, 1 lb. packages
and purchase the
- 2 Utility tables from T. Eaton Co., and
- 1 Glazed Stoneware Water Cooler # 4 or # 5
from Moyer's Co.,

The Department is not prepared to supply the Venetian Blinds for the school nor the residence. It will be in order for you to secure the prices for the necessary spring-roller blinds and submit to this Branch for approval.

Re your letter 133-3-5 (E.6) dated August 23/48:

We received the five pieces of blackboard last spring for the new Oak River Day School. However, when Mr. Doucet visited the new school, he advised ordering one additional blackboard. Therefore we need one blackboard, 4 ft. x 8 ft. The five shipped previously were from Moyer's, and were the Sterling blackboards. Moyer's omitted sending the metal strip to join these blackboards, but I have recently obtained these strips.

This one 4 x 8 Blackboard should have necessary trim and chalk rail.

E.A.
538 Dominion Public Bldg.,
Winnipeg, Manitoba,
September 24, 1948.

Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ontario.

Rev. Canon I. A. Norris has taken up with me the matter of decorating the Mission House on the Oak River Reserve, which the Department has used for a number of years as a school. I attach a copy of Canon Norris' letter, which is self-explanatory.

The Church authorities feel that we should put the building in the same condition as it was received a number of years ago. The Archdeacon has forwarded me a estimate of the cost, amounting to \$635.17 - a copy of which I enclose.

I recently visited this building and I am quite satisfied that the repairs are necessary. If the Department is in favour of undertaking this work may I have authority for local purchase of materials required?

Yours truly,

Davis
Davis,
Regional Supervisor of
Indian Agencies.

Mr. R. S. Davis,
Regional Supervisor of
Indian Agencies,
538 Dom. Public Bldg.,
Winnipeg, Man.

Dear Mr. Davis:

Further to my conversation with you of last month regarding the necessary renovation of the rooms in the Mission House on the Oak River Reserve, Griswold, used by your Department for many years as a school. The first estimate obtained at your request about two years ago is, of course, out of date owing to the many increases in prices since that date. We have therefore obtained from Mr. Schwindt of Oak Lake an estimate covering the cost of putting the rooms and passageway into repair, which I am enclosing with this letter.

We would be very grateful if you could deal with this matter as quickly as possible as we would like to have the Mission House put into shape before the cold weather begins.

Yours sincerely,

I. A. Norris,
Archdeacon of Brandon.

P.O. ADDRESS GRISWOLD

APPLICATION FOR ELECTRIC SERVICE

The undersigned, hereinafter called the Consumer, hereby applies to and requests the Manitoba Power Commission, hereinafter called the Commission, to make the necessary service connections and

furnish electrical energy at the premises NE 23-10-23W

Lot, Block, and Plan or Street and Number

occupied by as a DAY SCHOOL

The Consumer and the Commission agree to abide by the conditions on the reverse hereof, and to hold this Application as a contract when signed by the Consumer and accepted by the Commission.

The Consumer further agrees (1) to take from the Commission all electrical energy used on the above premises for a term of ONE year from the date hereof and to pay monthly for such energy and service in accordance with the rates on the reverse hereof; (2) to commence payments within one month from the date of connection.

Signed *[Signature]* Accepted for the Commission by

A/ Director, (Consumer) Indian Affairs Br.

Date Sept. 15, 1948. 194

Date 194

Has applicant ever had M.P.C. service before? NO
(Yes or No)

Date Connected 194

If "Yes", at what point?

NOTE:—At least one week's notice must be given if this service is to be moved or if a new service is required at another address. If service is discontinued at customer's request a charge of \$1.00 will be made for reconnection within three months of disconnection for same customer at same address. If service is disconnected for non payment of bills all arrears must be paid in full and a reconnection charge of \$1.00 paid before service will be reconnected.

COMMERCIAL RATE

Energy Charge:c per K.W. Hour for the first one hundred (100) K.W. Hours used each month.

Plus.....c per K.W. Hour for the next two hundred (200) K.W. Hours used the same month.

Plus.....c per K.W. Hour for all additional energy used the same month.

Prompt payment discount—10% of gross bill if paid within 10 days of date of bill.

Minimum Net Bill—\$1.00 per month.

These rates subject to annual revision and adjustment based on cost of service in the district in which consumer is located.

CONDITIONS

1. The above rates shall, when authorized by the Commission be the authorized rates for this agreement subject to revision and adjustment based on the cost of service in the district in which the Consumer is located.

2. The Consumer agrees to provide convenient and safe space for the Commission's meters (for which no rental charge will be made) wires and all other appliances in said premises, and further agrees that no one who is not an agent of the Commission or otherwise lawfully entitled to do so, shall be permitted to remove, inspect, or tamper with the same, and that the properly authorized agents of the Commission shall, at all reasonable hours, have free access to the said premises for the purpose of reading, examining, repairing or removing the said meters, wires and other material and appliances.

3. Meters and all other appliances of the Commission in said premises shall be in the care and at the risk of the Consumer; and, if destroyed or damaged, other than by ordinary wear and tear, the Consumer shall pay to the Commission the value of such meters and appliances, or the cost of repairing or replacing the same.

4. The Consumer hereby expressly authorizes and empowers the Commission at its option to terminate this agreement or remove the meters and all other materials and appliances installed at its expense and cut off the supply of electrical power whenever any bills for service or

power are in arrears or upon the violation by the Consumer of any of the terms and conditions of this agreement. Violation of the terms and conditions of this agreement by the Consumer shall not relieve him of his obligations and the agreement shall continue in full force.

5. The Commission agrees to use reasonable diligence in providing a regular and uninterrupted supply of electrical power, but does not guarantee a constant supply of electrical power, and will not be liable in damages to the Consumer for failure to supply electrical power to said premises.

6. This agreement shall not be binding upon the Commission until accepted by it through its proper officer, and shall not be modified or affected by any promises, agreement or representation by any agent or employee of the Commission unless incorporated in writing into this agreement before acceptance.

7. The point of delivery shall be such point on the Consumers' premises on the outside of Consumer's building as the Commission shall designate. The consumer shall take delivery at the said point and shall from the said point provide the works necessary and shall construct and maintain the said works safe and efficient with proper devices, and in accordance with the Rules and Regulations of the Manitoba Power Commission.

8. The Consumer will provide all lines on the premises and all lines connecting premises with the point of delivery, and maintain the same in efficient condition with proper devices the whole according to the requirements of the

Rules and Regulations of the Manitoba Power Commission.

9. This agreement shall continue in force after the term herein mentioned until terminated by a notice in writing of at least one month given by either party hereto.

10. It is agreed that the signatures of the parties hereto shall be binding upon their successors or assigns, and that vacating of the premises named herein shall not release the Consumer from this agreement except at the option and by written consent of the Commission.

11. All electrical and mechanical equipment used by the Consumer shall be subject to the approval of the Commission and the Consumer shall so take and use the electrical energy as not to endanger the apparatus of the Commission or cause any abnormal fluctuations of its line voltage.

12. The Consumer will not permit the electrical power to be supplied hereunder to be used by or for the benefit of any other person whatsoever either directly or indirectly, and will not assign this agreement to him herewith, except upon the written consent of the Commission endorsed thereon.

13. It is agreed the rates, and voltage, phase and other characteristics of the energy supplied are subject to the approval of the Manitoba Power Commission on whose ruling shall be final and binding on the Consumer.

14. The Consumer releases the Commission from any liability for damages or injury whatsoever resulting from improperly installed or defective wiring or equipment or otherwise.

PLEASE QUOTE

FILE 21-133 S.A.1.

OTTAWA , October 1, 1948.

Memorandum:

Colonel B.F. Neary,
Superintendent of Education.

You will recall that we recently discussed Hydro Electric Power for the Griswold Agency and signed applications for power in the Agency buildings and for the day school, also the teachers' residence.

We just received from Regional Supervisor Davis one copy of the applications and in order that your files on this subject will be complete, I enclose herewith the application forms for the two school buildings - both of which, I understand, are already wired.

We have been informed by Supervisor Davis that the Manitoba Power Commission will build a line to one centre pole set in the farm yard at the best point to service all buildings in the area of the Agency and the day school. The secondary installation will have to be made at Departmental cost. I do not yet know what costs will be involved but will let you know at a later date what your share, if any, will be.

W. J. F. Pratt

W. J. F. Pratt,
General Executive Assistant.

Extract from a report of R.S. Davis on the Birtle Residential School and the Griswold Indian Day School, dated at Winnipeg, November 13th, 1948.

155

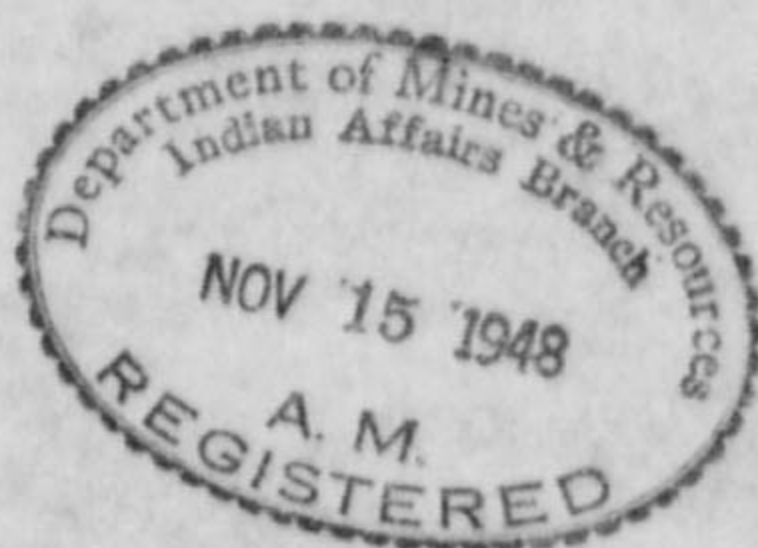

X *[Signature]* X

Griswold Indian Day School - (Oak River)

The teacher, Mrs. Spence, seems very capable. The classroom was in first-class condition and the children looked neat and clean. There are 27 pupils on the register and 25 were in class at the time of my visit.

I do not consider the new desks supplied from the penitentiary, are going to be satisfactory. The workmanship seems to be poor and a number of the tops are already broken. They will have to be replaced with heavy plywood, and I have instructed Mr. Young to have this done.

Yours truly,

(Sgd) R.S. Davis,
Regional Supervisor of
Indian Agencies.

J.A. McLaughlin, Esq.,
Assistant Commissioner of Penitentiaries,
Department of Justice,
Justice Building,
Wellington Street.

Dear Mr. McLaughlin:

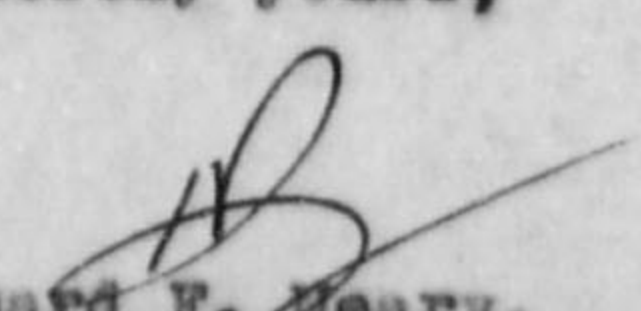

We ordered 36 desks from you through our Departmental Purchasing Agent for use at the Oak River Indian Day School, Griswold, Manitoba.

Your Order No. is 33675, Metal Job No. 693.
Your authority is P. B. 3-13-14-1 of 13-9-48.

Our Regional Supervisor for Manitoba inspected this school on November 13 and reported as follows on these desks:-

"I do not consider the new desks supplied from the penitentiary, are going to be satisfactory. The workmanship seems to be poor and a number of the tops are already broken. They will have to be replaced with heavy plywood, and I have instructed Mr. Young to have this done."

Sincerely yours,

Bernard F. Heary,
Superintendent of Education.

SUPPLIES MENTIONED ON REVERSE HAVE BEEN RECEIVED AND FOUND SATISFACTORY WITH EXCEPTION OF THOSE LISTED UNDER "REMARKS"

Remarks: The desk tops are weakly constructed. Three were broken on arrival, and two were broken when we were setting them up. I figure the fault lies in their construction.
The metal book drawers are poorly fitted. This makes them hard to close and open for children.

Commissioner of Penitentiaries,
Department of Justice,
Ottawa, Ontario.

Dear Sir:

Re: Purchase Order 33675

The above purchase order covered
thirty-six movable chair desks to be shipped to
Mr. W. Young, Griswold, Manitoba.

Superintendent Young writes us as
follows regarding the desks that were supplied:

"The desk tops are weakly constructed. Three were
boken on arrival and two were broken when we were
setting them up. I figure the fault lies in their
construction.

"The metal book drawers are poorly fitted. This
makes them hard to close and open for children."

Please give the matter your early
attention and let me know what can be done about it.

Yours sincerely,

Bernard F. Neary
Superintendent of Education.

Re: Purchase Order 33675

Dear Sir:

We are in indeed sorry to hear that the movable chair desks being supplied by us are unsatisfactory.

From your letter it appears that we are entirely at fault. Please be assured that all desks supplied to date and found to be defective, will be repaired by the penitentiary free of charge.

We have written St. Vincent de Paul and instructed them to forward a sample desk top from stock. This top will be demolished at this office and after careful examination of the workmanship and method of assembly, a report will be forwarded to you as to what action we are taking to remedy your difficulties. Also the penitentiary is advised that the metal book drawer must in all cases be properly fitted and that each desk will be subjected to a simple test, i.e., each desk will be tilted to a 45° angle and the drawer must slide freely in this position.

Yours truly,

J. A. McLaughlin

Penitentiary Desks - Oak River Indian Day School

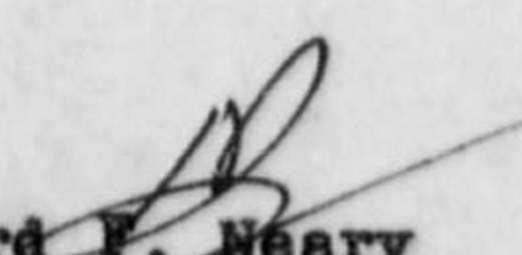

We have now received a letter from the Assistant Commissioner of Penitentiaries with regard to the desks provided on purchase order 33675 for the above school.

"We are indeed sorry to hear that the movable chair desks being supplied by us are unsatisfactory.

"From your letter it appears that we are entirely at fault. Please be assured that all desks supplied to date and found to be defective, will be repaired by the penitentiary free of charge.

"We have written St. Vincent de Paul and instructed them to forward a sample desk top from stock. This top will be demolished at this office and after careful examination of the workmanship and method of assembly, a report will be forwarded to you as to what action we are taking to remedy your difficulties. Also the penitentiary is advised that the metal book drawer must in all cases be properly fitted and that each desk will be subjected to a simple test, i.e., each desk will be tilted to a 45° angle and the drawer must slide freely in this position."

If you consider it worth while shipping these desks back to the St. Vincent de Paul Penitentiary, please advise.

Bernard F. Neary
Superintendent of Education.

Col. Bernard F. Neary,
Superintendent of Education,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ontario.

Dear Col. Neary:

When you visited Brandon last, I mentioned to you the question of the repairs to our Mission House on the Oak River Reserve and you stated that this matter would be attended to but to date we have had nothing further on the matter.

The position is that these two rooms in the lower part of the Mission House were supplied free of charge to your Department for over twenty-five years as school rooms. We were glad to be able to provide these quarters but we did understand that they would be put back into shape for living quarters once they were no longer required for school purposes. You can well understand how the wear and tear of school desks and school children caused considerable delapidation which must be attended to before they will be suitable as living quarters again. We have submitted an estimate from a local contractor but would be quite willing for you to obtain your own figures or if you desire have the work done through your own Agency. We would, however, like to have this matter attended to as quickly as possible so that our Missionaries can have the comfort of the use of the house and after all, the school has been away from there since the end of last June.

With all good wishes for the New Year.

Yours sincerely,

Archdeacon of Brandon.

Memorandum:

DEPUTY MINISTER

Re: Oak River School,
Portage la Prairie Indian Agency,
Province of Manitoba.

For several years on the Oak River Reserve, we have used the Mission House, which is owned by the Church of England, as a school. We have now erected a new school on this reserve and it will not be necessary any longer to use the Mission House. However, the Church authorities feel that we should put the building in the same condition as it was when we first started to use it. The estimated cost of renovating the building is \$635.17, as shown in a copy of a letter dated September 14, 1948, from Reverend Canon I. A. Norris. (Please see letters attached).

Your approval of the expenditure of the amount mentioned above for renovating the Mission House would be appreciated, as our officials feel that we should meet the wishes of the Church authorities. This building was in service as an Indian school for a number of years and no rent was paid for such use.

Mr. B. F. Neary,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ont.

Dear Mr. Neary:

I am enclosing herewith an estimate from
C.W. Smelts and Sons, Electrical Contractors, Brandon,
Manitoba, on wiring the Oak River Indian Day School.
The power line is right up to the school and can be
connected as soon as we have the building wired. The
cost of this wiring is \$315.00.

I have taken up the matter with Mr. Pratt
regarding the wiring of our Agency buildings, and no
doubt this work could be done by the same firm. I am
attaching copy of this letter to Mr. Pratt's letter
so you will be able to talk the matter over with him.

Yours very truly,

R. S. Davis,
Regional Supervisor of
Indian Agencies.

Encl.

Electrical Contractors

Brandon, Man.

Mr. Davis.

Sir,

Checking over the Oak River estimate I came across two omissions:

1. The inspection Department insists on school basements being wired in steel conduit (pipe). This will bring the price for the school to \$300.
2. The two lines to the pump houses will have to be anchored with 4" screw anchors and steel cable at each end. The M.P.C. charge twelve dollars for each anchor labor and material supplied and I figure that we can do it for the same price. Consequently I included \$48.00 for four anchors in the price of the pump house wiring.

(sgd) Chas. Smelts.

Memo for File

Memorandum dated November 18th, 1949,
from the Lands and Development Services Branch
(I.A. 1556-25) was forwarded to Mr. Pratt.

Included with this memorandum was
a statement of the Lands & Development Services
Branch, that they were arranging for the wiring
and supplying fixtures in the Oak River Indian
Day School at the following cost:

Wiring of building, including #4 leads to building	\$ 433.38
Fixtures and installation, as per specifications	<u>410.00</u>
Total	<u>\$ 843.38</u>

In addition they made arrangements
for wiring of the other buildings and yard wiring,
including all fixtures and motors as per specifications.
This will bring the total cost to \$1,902.97. The
work is apparently being done by Doral Electric,
Brandon, Manitoba.

IN REPLY REFER TO DATE OF THIS
AND ADDRESS
THE GENERAL SECRETARY
MISSIONARY DEPARTMENT,
TORONTO.

778 485
The Methodist Church,
MISSIONARY DEPARTMENT,

(Dictated.)

Toronto, 5th July, 1902.

229859

Sir,-

2416-1-0104

We have been trying for some time to secure a teacher for the Indian school at Oxford House, Keewatin, but find it exceedingly difficult to get a certificated teacher willing to go to one of these isolated posts. In order that the school may no longer be left vacant we are proposing now to send a supply in the person of Miss E.J. Armstrong, 17 Pembroke St., Toronto. Miss Armstrong has no certificate, and has not taught in any public school; but she has a good common school education, is a person of good judgment and excellent character, and I think would be quite competent to do the primary teaching required at a place like Oxford House till such time as we can find a certified teacher who is willing to go. As this school has been aided by the Department I deem it but right to submit these facts, and will await the concurrence of the Department before finally deciding the case. A prompt answer will oblige, so that if a teacher is to go out this summer we may take advantage of the steamers on Lake Winnipeg as far as Norway House.

I am, Sir,

Your Obedient Servant,

A. Sutherland
General Secretary.

The Secretary of the
Dep't of Indian Affairs,
Ottawa.

Indian Affairs. (RG 10, Volume 6242, file 530-1, part 1)

OTTAWA, 10th July, 1902

Rev. Sir,

In reply to your letter of the 5th instant I beg to inform you that under the circumstances described you the Department will have no objection to Miss E.J. Armstrong being appointed to the position of teacher of the Indian school at Oxford House which is conducted under the auspices of your Missionary Society. I beg to remind you, however, that the contribution of the Department towards the teacher's salary is only \$200.00 per annum, as this school is outside of Treaty Limits.

Sir,

I have to day received the School return attached from Mr A.S.Martin a School Teacher appointed by the Methodist Church to take charge of their work at Oxford House, in the District of Keewatin.

I am not sure of the status of this School . Should be glad to know if the Department has formally recognized its existence . I placed an amount for the Teacher in the Estimates for the ensuing year and as the School seems to be very much alive I would recommend that it be duly recognized if it has not been already.

Sch
Reply to your letter
No 228487 of Oct 27 th 09
Re Oxford House School

Winnipeg, Man., November 3 rd 1909

Sir,

The Methodist Church established its mission at Oxford House about the year 1842 and has continued to do its work there until the present time and must have spent about one thousand dollars per year or a total of at least 60,000.00 .

There is no other Church doing Mission work there and never has been in all the years.

The population is 310 and all belong to the Methodist Church with the exception of the Pagan element which might represent one hundred people. That is to say it is safe to count as members or adherents about 200 people.

The child population numbers 156 or 88 boys and 68 girls. Of these fully two thirds are not available as pupils owing to the distance at which they live from the Methodist Mission . A large number of the people live at Jackson Bay some 18 miles distant. This was the site of the original Mission Station . Some live along the shore of the lake which is thirty miles from south to north. The possible attendance at the Mission School is about 45 and the actual attendance at present averages 23.09 in the summer season and less in the winter when the Indians retire to their houses for shelter.

There are about ten houses within a radius of two miles from the Mission Church.

School has been conducted in the Church for some years and is being conducted there at present.

Here as at Nelson House the School building must be constructed of logs as the rate of freight is high being \$6.00 per cwt. from Norway House, and 75cents per cwt from Selkirk to Norway House. I would also recommend that the roof be covered with mica roofing, as Shingles are an impossibility owing to the cost of purchase and transport.

Nails doors etc will have to be purchased at Selkirk and shipped down but logs can be obtained on the shores of Oxford Lake and not more distant than 6 or 7 miles.

They are accustomed to build houses after the old Red River type at this point logs ten feet long jointed by grooved upright posts but I cannot recommend this style for in a very few years it will bulge at the posts and fall I much prefer the house with dove-tail corners.

A school house might be built at Oxford House on the following approximate basis:-

Preparing Logs	100.00
Sawing boards	100.00
Erecting building	200.00
Doors windows nails	30.00
Roofing & freight	<u>70.00</u>
Total	<u>500.00</u>

The Hudsons Bay Company will build if asked to do so

The Missionary in charge should not be asked to do so because he is not a practical man.

It would be possible to send a practical man or men from Norway House under direction of the Agent .

I have the honor to be

Your Obedient Servant

John Summers

Ex'd

Ottawa, December 4th, 1909.

Sir,

I have to acknowledge the receipt of your letter of the 27th ultimo, in reference to the erection of a school-house at Oxford House and to thank you for your offer to assist the Department in the project.

The Department has no special specifications for a building such as it is proposed to put up at this point, but has in view a log school-house 24 feet by 20 feet with dove-tailed corners. There should be three windows on each side of the building and one entrance. It has also been suggested that mica roofing would be preferable to shingles. The floor should be of dressed lumber, and the building will be heated by a stove.

In addition to the above it will be necessary to provide two closets for the accommodation of the pupils.

In view of the experience that the officials of the Hudson's Bay Company have had in the erection of log buildings in these outlying districts it is thought that nothing more than a general outline of the nature of the building will be necessary to enable them to give a figure for the cost of construction, and the Department would be pleased to have an estimate with a description at your earliest convenience.

Your obedient servant,

C. C. Chipman, Esq.,
Commissioner,
The Hudson's Bay Company,
Winnipeg, Man.

OFFICE OF THE

Inspector of Indian Agencies,

NORTH LAKE WINNIPEG INSPECTORATE,

358539

Winnipeg, Man., February 16th 1910

Sir,

I am forwarding herewith a very imperfect return showing the attendance at the Oxford House Methodist Day School during the Quarter ended December 31st 1909 .

The Teacher is Mr Alex Martin the representative of the Methodist Missionary Society at that place. He has no qualification in particular.

I understand that Mr Martin is paid by the Society and that a grant is made to said society covering salary of Teacher.

While I regret the imperfectness of the Report it would hardly be worth while sending it back as it could not be returned from there until next summer.

I will on the occasion of my first visit to Oxford show Mr Martin how to prepare his reports for the future.

I have the honor to be

Sir:

Enclosed herewith please find report of this School for Year ended Dec 31st 1910 - Hope it will reach you in time for publication. The same for same reached me about the middle of January, and as there has been no chance to send mail out yet, I have not got it away. I understand some surveys of the N.P. Railway will be passing through soon, and will get it away then. In the meantime would call your attention to two or 3 matters connected with my work here. Have now been a long time in the Indian work, and consider I understand at least - some little about it. When the Methodist Church dispensed with my services at Morley Boarding School upon the report of Mr. Ferris and Dr. Woodsworth I was quite satisfied to resign. What the history of that School was afterwards, and how long the Administration which succeeded me, kept the School open, and with what success, you are undoubtedly fully aware - at least to some extent. When the Indians brought me back to the Morley Day School, and offered to pay my salary themselves, and the opposition met with and labored against, being contemporaneous with Mr. A. F. Fleetham, you may not be very familiar with, and at least, it matters not now. At least the Department were willing to pay my salary, and keep the School open; until Mr. Ferris wrote me again 2 or 3 times asking me to come down to this District as Missionary. That is the reason why I am here today. Now regarding the work here I have been very very much discouraged in my efforts to teach the children, because of the lack of a decent school room & supplies.

These people are well disposed towards School work and would appreciate any thing done along the line of education for the rising generation. And I have felt so much ashamed at the lack of equipment, have sent a requisition through the Oxford House Agent. Will you please see that it is not cut down. and that the articles requisitioned are forwarded at once.

Then in the matter of dispensing Drugs. I understand that the Dept. had 50⁰⁰ for Autumn. I have no stores of any kind to fall out. But kept a memo of everything dispensed. Have also sent a requisition for drugs which we need in the very worst way. We have had a awful amount of sickness, and have been kept constantly out of school hours. Since last September we have had 9 deaths. Have also had charge of the Nations sent here for the Aged & destitute. All of these duties added to that of Missionary has pretty fully occupied my time.

I have now to ask of the Indian Dept. It is this: Would you be willing to add to my School requisition when it reaches you 8 x 10 Writing Tablets ruled, and 100 Envelopes. It is impossible to purchase Stationery in this Country. when I asked for these at Holey. was refused. on my last requisition upon the grounds that these were not supplied to Day Schools. If you could favor me in this way I should feel extremely obliged.

I have for the honor to subscribe myself.

Rev. Sir,

Referring to your application for the erection of day school buildings at Oxford House, Island Lake, God's Lake and Nelson House in the Northern Norway House Agency I beg to say that the Department, while anxious to provide suitable buildings at the earliest possible date, is not disposed to make any expenditure at any of these points until such time as the reserves for these Indians are definitely located. It is hoped that a surveyor from the Department will go into this country next year.

August, 1912, relative to Council meetings held at the time
of Treaty trip at Oxford House

Re School

EXD.

420500

At present they are using the Methodist Church as
a school, but in the future the Indians are requesting that
a school be built on the Reserve. The Chief and Band have
consented to allow the Mission to have a strip of land on
their Reserve for a Mission and a school house. Mr. Neddrie
the school teacher here is a very competent and careful teacher
and some of his scholars are very clever. Mr. Neddrie suggests
that his holidays should be in August and part of September,
as at this time of the year he has more spare time to look
after the garden and school repairs and other work connected
with his Mission and school. I agree with him in this matter
as later around the Indians are dispersing to their various
camping places.

Sir,-

I regret to have to inform the Department
That owing to Mr Brisleys (teacher of Oxford House)
insolence and refusal to leave my home when requested to do
so, I had to forcibly eject him.

I would not trouble the Department with ^{this} matter
were it not for the fact that Mr Brisley will do so.

The facts are these. During the winter Mr Brisley
wrote a very insulting letter to me, not satisfied with this
he wrote to Inspector Bunn with a view of injuring my position
as Agent.

About 9 pm on July 1st Mr Brisley called at my
home and demanded in a most insolent manner, "that I sign his
quarterly school returns at once" I quietly asked him to
call at the office on Monday morning and he could have the
returns duly signed. This occurred in the presence of some
friends we were entertaining in my home.

Later in the evening Mr Brisley returned and again
demanded that I sign the returns at once I repeated what I had
told him before, and asked him to leave the house, this he
refused to do, so I proceeded to make him, he resisted and
received some damage as a result.

If the Department will refer to Mr J.T. Blackford
Chief Fire Ranger, Norway House. He will verify what I have said
as he was a guest in my home at the time.

I have the honour to be

Asst Deputy & Secretary,
Department of Indian Affairs,
OTTAWA.

I have to acknowledge the receipt of your letter of the 9th instant enclosing the September quarter returns of the Cross Lake and Oxford House Indian Day Schools.

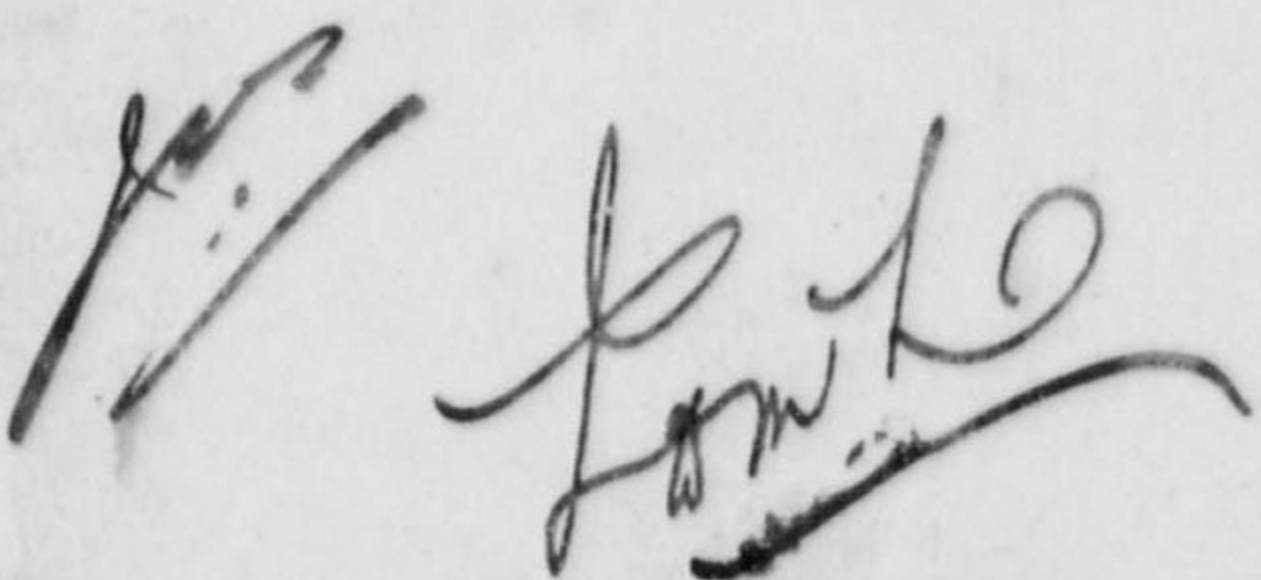

With reference to the appointment of teachers at these two schools I beg to say that the Rev. T. Ferrier, Superintendent of Methodist Indian Schools, has informed the Department that he appointed C. G. Honnor, a returned soldier, as teacher at Cross Lake, and the salary allowed him is at the rate of \$800.00 per annum. He also informed the Department that he had appointed Miss Gretta Hughes as teacher at Oxford House. The salary allowed Miss Hughes is at the rate of \$750.00 per annum.

At the Rossville Day School Miss Florence Carret has been appointed teacher and her salary is at the rate of \$800.00 per annum.

Dear Sir:

Re: Oxford House Indian Day School.

Rev. R. L. and Mrs. Bacon, who have been missionary and day school teacher at Oxford House, have been appointed by the Board of Foreign Missions to West China. I wish to nominate as day school teacher at Oxford House for the academic year beginning September 1st Mr. George H. Harris. Mr. Harris is a graduate of Manitoba Agricultural College, with a specialist's certificate in Industrial Art. He has had several years' teaching experience and holds a first-class professional Manitoba certificate.

Hoping that this nomination will meet with your approval,

I am

Yours sincerely,

Re: Indian Day School, Oxford
House, Man.

Before returning from my recent visit to Western Canada, I had the opportunity of visiting Norway House. We have decided to transfer Mr. George H. Harris, the present teacher at Oxford House, to become Farm Instructor and Manual Training Teacher at the Norway House Indian Residential School. As his successor in the Day School at Oxford House I desire to recommend Mrs. Ada Murray Scoates, B.Sc. Mrs. Scoates is a graduate of Mount Allison University; has had five years' teaching experience; and holds a first-class permanent certificate. Her husband, Rev. D. J. Scoates, B.A., B.D., will be the missionary.

I feel quite sure that under these two well-trained and enthusiastic young missionaries the fine traditions established during their three years' residence at Oxford House by Rev. and Mrs. R. L. Bacon will be well maintained.

Yours very sincerely,

KJB.MLT

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF THE
DEPUTY SUPERINTENDENT GENERAL
OTTAWA

June 14, 1935.

MEMORANDUM:

The Honourable the Superintendent General,-

The authorities of the United Church of Canada, under whose auspices the Indian Day School on the Oxford House Indian Reserve (No. 24, Norway House Agency, Man., Electoral District of Nelson) is conducted, have arranged the transfer of the present teacher, Mr. George H. Harris, to perform the duties of farm instructor and manual training teacher at the Norway House Indian Residential School.

As successor to Mr. Harris at Oxford House, the church authorities nominate Mrs. Ada Murray Scoates, B. Sc. Mrs. Scoates is a graduate of Mt. Allison University, has had five years' teaching experience and holds a first class permanent teacher's certificate. Her husband, Rev. D. J. Scoates, B.A., B.D., has been appointed United Church missionary on the reserve. The salary allowed for the teacher at this school is at the rate of \$95 per teaching month.

I would appreciate your concurrence in the appointment of Mrs. Scoates as teacher of the Oxford House Indian Day School.

Harold W. Gill

Deputy Superintendent General.

Reverend Sir:

I have your letter of the 12th instant, nominating the services of Mrs. Ada Murray Scoates, B. Sc., to succeed Mr. George H. Harris as teacher of the Oxford House Indian Day School for the coming academic year. The qualifications and experience which Mrs. Scoates possesses have been noted. The Department will approve of her appointment, to begin duties on September third, next, the date the school re-opens after the summer holidays. The salary allowed her will be at the rate of \$95 per teaching month.

It is noted that her husband, Rev. D. J. Scoates, B.A., B.D., will be the missionary on the reserve.

Mr. Inspector Hamilton and Mr. Agent Lazenby are being informed of the approval granted for the appointment of Mrs. Scoates. It is hoped that she and her husband will meet with every success in the work at Oxford House.

Your obedient servant,

A. F. MacKenzie,
Secretary.

3002

Dear Mr Lazenby,

In response to your request, I am writing a short account of our Exhibition which was held on December 15, at Oxford House Day School.

This year the pupils were twenty in number. As soon as the first snow fell in October, our thoughts turned to the Exhibition, and it was the wish of the children, as well as of the teacher, that it should be bigger and better than at any previous time. There were eight girls ranging in age from six to seventeen years. Three of these had never attended school before.

The yarn was taken to the school, and from a selection of fancy patterns, the older girls made their choice, and knitted one pair of short socks, and very fine warm gloves. With extra sweater yarn, provided by the teacher, very dainty sweaters were made by the older girls. They were taught to follow directions from a book of knitting instructions. The beginners had larger wooden needles made for them by the Indian Chief. They made nice warm scarves, with a fringe of contrasting colour. They also knit warm sweaters, with elbow length sleeves, in a plain garter stitch.

As soon as the knitting was completed, two Saturdays were spent at the Mission, washing, rubbing, and boiling the colour out of ordinary flour bags. Each girl chose her own pattern from Eaton's catalogue, and work was begun. Binding of various colours, fancy pockets, and embroidery enhanced the beauty of the older girls' aprons. The younger ones made use of crayons; a picture, a wamm iron; and embroidery cotton for outline stitch. They were then carefully laundered, and put away for the Great Day.

Immediately Dresses were begun. Again Eaton's catalogue was brought to school, and many recesses were spent, with the big heads and little heads looking over the dress section. Patterns were chosen, and from one basic pattern the girls made the necessary alterations - (The teacher gave no assistance in this matter to the older girls as this was their fourth year at dress-making, and they now make all their own clothes in the latest fashion).

The beginners cut their own dresses, and were shown how to baste (Elephant steps), and then the other stitching, (Fairy steps), necessary for sewing. To help them keep their seams straight, a faint line was drawn with a pencil.

Needle Cases followed, made from old felt hats. The leaves of the cases were cut from small pieces of flannelette. During this time, the older girls were busy at home during the evenings. Two rag mats had been ordered. One order had come from Winnipeg. The girls dyed the required rags at the Mission, and received Six Dollars for the finished mats. These were also available for the Exhibition, as they had learned hooking in school.

It was also decided to add a table with preserving and cooking. Both Blueberries and Raspberries had been preserved in the fall - thirty jars, to be exact. These are dated, and at the wish of the girls, left at the Mission until wanted.

The older girls have made Christmas fruit cakes for the past two years. These were iced, and exhibited. Also exhibited in this department were loaves of white bread, and apple pies. This work was done at night, and on Saturdays, at the Mission. One girl was so afraid that the teacher would knead her loaf bread, that she appeared at the Mission in the darkness of early morning, without having had her breakfast at home. Needless to say, with such interest, the bread was very light, and beautifully baked.

All this time too, the little boys were struggling valiantly with biscuit boxes, saved since August. Nails were carefully removed, and stored in a bottle for future use. The boys were also divided into two groups. The experienced ones showed a great improvement over last year. Their wood working vocabulary had increased, and they were familiar with the tools provided. Articles of a more useful nature were made; three-armed towel racks; fancy tie racks; match scratchers; match boxes for a table or radio; little wagons with elephants or ducks on them; rocking horses; very lovely tea-pot stands sand-papered and varnished (and subsequently wrapped and put on the Christmas Tree for the Mothers); door stops of various kinds, and one noce table. Great exasperation was expressed, because the biscuit boxes were at least an inch smaller, and much thinner than last year.

All the articles mentioned above were either painted, enamelled, or varnished. Brushes were cared for, and thoroughly washed and dried. Paints were mixed to produce different colours and the teacher had daubs of paint here and there all over her clothes. Nevertheless, it was a wonderful time for the children. Many a recess passed with everybody sand-papering, or sawing, or using the drill. They sang as they worked, the many little English songs they have learned.

Everything was completed by December 14. As the teacher was busy with lessons, the two oldest girls were given permission to arrange the articles on tables and on the walls. They went around on tip-toe. Gave a final ironing to the dresses, put them on hangers, and arranged them beautifully. All articles had to be numbered. Booklets were prepared for the judges' use. Pencils were sharpened and placed inside the booklets. The following morning the prizes were tabulated, and arranged on the table.

Just before two o'clock, the children washed and combed their hair. All was in readiness at two thirty, and the parents, traders, and Minister arrived on time.

An opportunity was afforded the parents to view the work. The judges were called, and examined the exhibits. Before the prizes were presented, the children sang two songs. One of the Councillors presented the prizes; he had hurried home from a long journey just to be at the exhibition. Many speeches followed. One father said "We do not know how to teach our children how to do these wonderful things. No one else has ever done this for us. We are glad that you have come among us, and we are grateful to you."

So many believe that the Indian is hopeless, and yet when you hear them say "We are grateful to you", it makes you want to help them the more, and never give up until their dear little children have learned that with their hands to aid them, there is nothing too hard for them to do.

Signed:- Ada M. Scoates.

Norway House, Man:
13th February 1940

Schoals
Sir,

I beg to forward herewith a copy of a report I have received from Mrs Ada Scoates, the teacher of the Oxford House Indian Day School, concerning an Exhibition of practical handwork, done by the pupils of the school.

Brief mention was made, of the exhibition, in a letter I received from the missionary, and I asked that the teacher might submit a more detailed report, as I felt that the Department would be quite interested in having the particulars.

Mrs Scoates' report indicates the very keen interest taken in the school work, by both teacher and pupils, especially when so much of such work is done outside of school hours, and I feel sure that the teacher's efforts will be of lasting benefit. Mrs Scoates is, I think, deserving of great credit for her praiseworthy work.

Dear Mrs. Scoates:

A few weeks ago Indian Agent Lazenby sent forward to the Department copy of a report on your work at the Oxford House Indian Day School.

I have found this report interesting, encouraging and well worth while. It is to me a striking illustration of what can be accomplished by an Indian day school teacher in an outlying district when the teacher is interested in her work and in the general welfare of the Indian population. It is my intention to summarize this report and send the summary forward in my monthly report to the Director and to the Deputy Minister. I can assure you that the attempts you are making to improve conditions at Oxford House are very much appreciated by the officials of this Branch.

Yours very truly,

R. A. Hoey,
Supt. of Welfare & Training.

United Church Mission,
Oxford House, Man.,
Feb. 28, 1942.

Dear Sirs;

Last July my wife and I took over the work of Missionary and Teacher, I as the former and she as the latter, here on the reserve at Oxford House. During the past six months we have been trying to get our bearings while at the same time carrying our work to the best of our ability. More and more, however, we have come to feel our need for certain things (description of which appears below) and we were wondering if you could help us in any way. I might say that our feeling of need has become more acute and our determination to write you more resolute since we received and read some material on Indian work issued by the United States Office of Indian Affairs. Among this material were pamphlets such as Educational Service for Indians, Indians Yesterday and Today, their Weekly field letter Indian Education and others with which I expect you are familiar. Among other things this material convinced us of the tremendous possibilities in the type of work in which we are engaged; but, as I have already said, it also accentuated the needs we have come to feel in our work.

It seems to us that before any plans can be laid which will be worthwhile pushing and reasonably assured of success in the realm of education for better living, certain things are required which we have not got. In brief they are:

1. A knowledge of the native culture. While a great deal of this must be picked up by living in that culture, nevertheless a great deal of time and misunderstanding could be saved if material assembled by experts on the subject could be studied while the living was going on---material like the Sherman Pamphlets just being published in the States. To date we both feel that we really know very little about the culture background, past or present, of the people among whom we are working; that is our first need.
2. A knowledge of the exact status of the Indian in this country. Although we have a vague idea of what "Treaty Indian" means our knowledge of what exactly an Indian can or cannot do morally, economically or any other way is negligible. I'd imagine a copy of the Indian Act would help us in this connection; but anyway the above constitutes our second great need.
3. A knowledge of the aims, objectives, and practical policies of the Government regarding the Indian. What exactly is the Indian Department trying to do for or with the Indians under its care? What policies does it advocate to those in direct contact with the Indian in order that those aims might be achieved? These are probably known to the Indian Agents but in a setup such as the one in this agency where the ones in direct contact with the people are the teachers and missionaries simply because the agency is so big, it seems advisable that they be known to the latter also so that the agent's work might be eased and greater all-round effectiveness result. This then is our third need.
4. A knowledge of what projects have been undertaken elsewhere but under similar circumstances for the improvement of the lot of the Indian. For example:

What type of houses have been found to be best suited to Indian use from the standpoints of finances, health, etc.?

Indian Affairs. (RG 10, Volume 6242, file 530-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

What work in Indian Crafts is being done and with what success?

What work in fish, game and forestry conservation has been ~~tried~~ tried? What values have been thus achieved?

What agricultural programs have been executed UNDER CLIMATIC CONDITIONS LIKE OURS?

What health education programs have been found to be effective?

These then are other things with which we feel we ought to be acquainted.

Now then, gentlemen, can you help us satisfy the above needs? Have you any publications with which you can supply us or can you tell us where such can be obtained? We would appreciate any Help you may be able to favor us with and eagerly await your reply to this somewhat lengthy epistle

Yours truly

Sam J. Harvey

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Pool Copy

Ottawa, March 17, 1942.

Dear Mr. Harvey:

I have for acknowledgment your letter of the 28th ultimo, in which you seek information in respect to the cultural background of the Indians amongst whom you are labouring, the status of the Indian in this country and the policy of the Department in respect to the progress and general wellbeing of the Indian population.

I regret to state that the information in respect to these matters in print here is somewhat limited, and I should add that in view of the acute paper shortage that has now developed and the limited funds at our disposal, it is not at all likely that additional pamphlets will be printed at any time in the immediate future. It is my hope, however, that the information I am sending forward will meet your needs for the time being at least.

In respect to the cultural background of the Canadian Indian, there is a book on this subject, written by Diamond Jenness, Dominion Anthropologist. This is a very bulky and very costly volume, and I hesitate to recommend it unless you are prepared to spend a great deal of time in an exhaustive study of Indian anthropology, Indian culture, etc. There is a magazine published monthly by the United States Department of Indian Affairs at Washington, entitled "Indians at Work", that might prove interesting to you and to your wife and helpful in your work.

The Canadian Indian is a ward of the Government and his exact status is outlined in the Indian Act, a copy of which I am sending forward. The reports of this branch for the last two or three years will give you a fair idea of governmental policy. This policy in the main in an economic sense has consisted of the organization of fur development projects, the conservation of fur life and direct assistance to Indians engaged in agriculture by the establishment of a revolving fund, from which funds can be secured by the Indian for the purchase of farm equipment, live stock, etc. A Handicraft Section was organized 4 years ago. We are at this date marketing handicraft products through a central warehouse at Ottawa. The turnover last year amounted to approximately \$25,000. Actual organization work so far has been confined to Indian reserves in eastern Canada.

A health program was organized also about 4 years ago. This health program has as its immediate objective the arresting of the ravages of tuberculosis among Indians and the ultim

ate eradication of this disease. In recent years T. B. sanatoria have been established at Coqualeetza, B. C.; Cu'Appelle, Sask.; Dynevor, Man.; Fisher River, Man.; and Manitowaning, Ont. We have a medical division in the Department with two doctors in charge. In respect to health education in the schools, we have been following somewhat closely the textbooks and general health program promoted by the provincial departments of Education.

It may be stated in a general sense that the aim of the Government is to gradually bring the Indian up to a standard of living and accomplishment somewhat comparable to that enjoyed by the average citizen of Canada in a well organized community. In the East, where this has been to some extent achieved, the result is at least partial assimilation.

It cannot be said that we have yet succeeded in establishing what one might describe as an ideal housing unit for the Indian families. Climatic conditions in the country differ widely. For example, a house suitable at Aklavik might be wholly unsuitable in southern British Columbia. Where logs are available the log house appears to be the most satisfactory from the standpoint of comfort and fire hazard. In a number of localities in Ontario Indians appear to favour small frame houses, roofed with asbestos shingles and finished with a fireproof, artificial, imitation brick.

A number of worthwhile re-afforestation projects have been undertaken in recent years; hundreds of thousands of trees have been planted at the Six Nations, Muncey, Tyendinaga and a number of other reserves.

We are at this date encouraging Indians to go in extensively for what we usually describe as subsistence gardens. We are doing this in an attempt to provide the Indian with a better balanced diet and to keep down to the lowest possible figure our annual relief costs. You will be interested to learn that Dr. Orford, the Indian Agent in charge of the James Bay Agency, confronted with conditions somewhat similar to the conditions existing at Oxford House, succeeded last year in growing sufficient potatoes for a large number of his Indians and this spring informs us that he has sufficient potatoes in a well constructed root-house to provide seed to a number of bands.

Should you require additional information, I want you to feel free to communicate with us again.

Yours sincerely,

R. A. Hoey,
Supt. of Welfare & Training.

jibe with the amount we have received here by cheque each month. My wife's cheques have each been made out for \$93.32. In three months this would total \$279.96. The total net income as shown by your statement, however, should be (\$316.35 - 22.14) \$294.21. In monthly cheques this would have been \$98.07. The cheques are still made out for \$93.32 so we should like to hear from you in this regard at your earliest convenience.

Trusting that you will give the above matters your attention and thanking you in anticipation I remain,

Yours truly
Sam Starkey.

May 20th,
1943.

Indian Affairs Branch,
Department of Mines and Resources,
O t t a w a, Ontario.

Dear Mr. Hoey:

Re - Oxford House School

Mrs. Harvey's resignation will take effect at the end of the present school year, and as her successor I beg to nominate Mrs. William Dueck. Mrs. Dueck, while not a qualified teacher, has done substituting. Before her marriage she was a dressmaker. Her husband, Mr. William Dueck, who will act as missionary, is at present a teacher on the Arborg School staff. He will assist his wife in the teaching, but she will be the one responsible to the Department.

Will you please let me know the rate of remuneration and the date at which teaching begins.

Yours sincerely,

GD.MLT

Dear Doctor Dorey:

I have your letter of the 20th instant, in which you advise that Mrs. Harvey will give up duties as teacher of the Oxford House U.C. Indian Day School at the end of the present month.

For the academic year 1943-44 we approve the appointment of Mrs. William Dueck as teacher. She should begin duties on September 1, 1943, which will mean that the school will be conducted to June 30, 1944, or a period of ten months. Salary will be allowed her at the rate of \$95.00 a teaching month, plus bonus. The necessary forms will be forwarded to the Indian Agent and Mrs. Dueck should complete these forms as soon as she begins duties and return them to this office.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Mr. P.G. Lazenby, Indian Agent, Norway House, Man.

On the nomination of the Board of Home Missions of the United Church of Canada the Department has approved the appointment of Mrs. William Dueck as teacher of the Oxford House Indian Day School for the academic year 1943-44. She will begin duties on September 1, 1943, and the school will be conducted to June 30, 1944, or a period of ten months. Salary will be allowed Mrs. Dueck at the rate of \$95.00 a teaching month, plus bonus. I enclose the necessary forms which you should have her complete and return to this office.

Mr. P.G. Lazenby, Indian Agent, Norway House, Man.

In a letter dated May 24 last you were advised of the nomination of Mrs. William Dueck as teacher of the Oxford House Indian Day School for the academic year 1943-44. As soon as Mrs. Dueck arrives on the reserve you should have her complete the forms which were previously sent to you and return same to this office. Unless these forms, properly completed, reach us by September 10, there will be some delay in issuing Mrs. Dueck's September salary.

Mr. P.G. Lazenby, Indian Agent, Norway House, Man.

I have your letter of the 21st ultimo, in which you advise that Mrs. William Dueck, teacher of the Oxford House Day School, arrived on the reserve during Treaty payment time and that she forwarded the forms to this office. I presume that she intended to open the school on September 1, but the forms have not yet reached us and must have gone astray in the mails. I enclose a new set which she should complete and return immediately. This is going to delay payment of her salary, because we do not intend to pay the September salary until the receipt of these forms.

R.A. Hoey,
Supt. of Welfare & Training.

SEP 23 1943

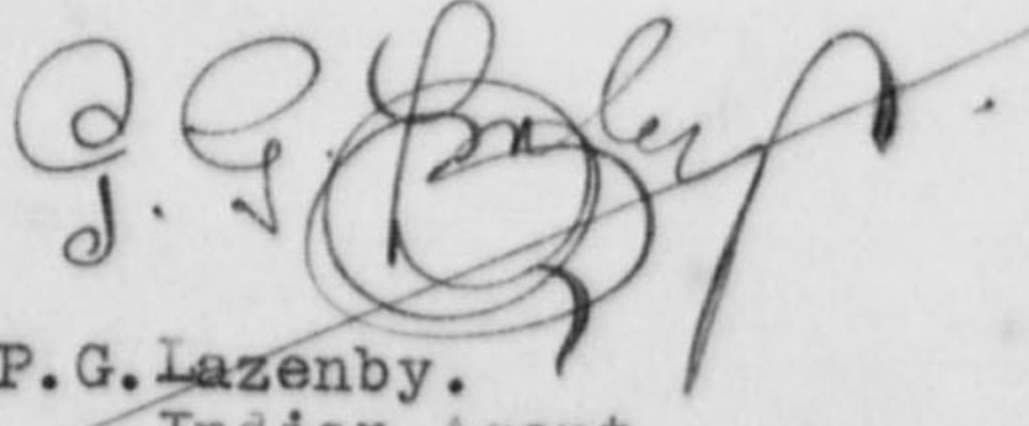

Norway House, Man:
10th September 1943.

Indian Affairs Branch, Dep't of Mines & Resources, Ottawa.

With reference to Mr R.A.Hoey's letter No; 123-6-1 of September 1st, and previous correspondence, I beg to forward herewith the forms as received at this office last mail from Mrs William Dueck, the teacher at the Oxford House U.C.Day School.

Aug. 19/43
It will be noted that in the Form T.D.1 Mrs Dueck had inserted my name as her employer. I have corrected this myself rather than return it to Oxford House for her to correct, as this would mean considerable further delay, as there is now no regular mail service to Oxford House.

It will also be noted that the form "Declaration of Head of Household" has not been signed before a J.P. or Commissioner for Oaths, as there is no such person at Oxford House before whom such a declaration could be made.

P.G. Lazenby.

FILE 15-A

Norway House, Man:
15th April 1944.

Indian Affairs Branch, Dep't of Mines & Resources, Ottawa.

Mrs Wm Dueck, the teacher of the Oxford House Indian Day School, requests permission to close that school for the summer holidays, during the months of June and July, instead of July and August. She states that there will be only about nine pupils attending in June, if the school remains open, but there would be between 30 and 40 in August. It would seem therefore advisable to change the holiday time at this school accordingly, that is, close the school May 31st, and re-open it on August 1st.

If the Department approves of this suggested change, which I would recommend, will you kindly advise me by wire. This letter is going out by the last mail from Norway House, after which the mail service will be suspended until June 1st.

R. A. Hargy, Esq.
Dept. of Indian Affairs
Ottawa, Ontario

Dear Sir:

Back either in December of 1941 or January of 1942 you were kind enough to send me at the United Church Mission at Oxford House, Manitoba, a copy of the Indian Act plus considerable other material concerning Indians. You also sent me a two or three page letter outlining the policy and aims of the Indian Department which the latter is attempting to follow out in its work with the natives.

I appreciated that material very much and when I left Oxford to finish my College course, left it for my successor in the hopes that it would be equally valuable to him. Now that I have finished College, however, I have decided to go back into Indian work,

Indian Affairs. (RG 10, Volume 6242, file 530-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

this time at Cross Lake, and wish that I
had kept the material you so kindly sent
me.

Rather than send up to Oxford for the copies
I left there, I was wondering if it would
be possible for you, at your convenience, to
send me duplicates of them all, including
your letter. My reason for making this request
is the same as before. I want to have as clear
an idea as possible about what exactly
the Indian Department is trying to accom-
plish and how it is going about its
work, so that, instead of working at cross-
purposes with you, the mission can cooper-
ate to the full, thus increasing the possibil-
ities of success.

Trusting that the above will not in-
convenience you too much and that you will
understand the reasons for my request, I
remain

Yours sincerely
Ian G. Starkey

Ottawa, May 5, 1944.

Dear Mr. Harvey:

In response to the request contained in your letter of May 1, I am sending forward herewith certain information which I trust will prove helpful to you in your work at Cross Lake. It is unnecessary to state that, should you require additional information, you should feel free to communicate with us again at any time.

In looking over the material, I notice that there are very few references to the educational policy of the Department, and it occurred to me that you might like to have an expression of opinion on educational policy from me as you begin your new duties. Just at the moment we are finding it exceedingly difficult to secure the number of fully qualified teachers necessary to operate our schools. This condition is likely to continue for a decade at least and there is not much that we can do about it. However, I have arrived at a definite conclusion that Indian day school teachers, particularly in the outlying districts, should be members of the permanent Civil Service and that they should be employed for the full 12 month period, subject, of course, to the statutory holidays. They should qualify for superannuation and be paid a salary that would attract a large number of ambitious young men to take up this work. In other words, I have in mind the appointment, not of school teachers as such, but rather welfare and training officers. These men, working under the nominal direction of the Indian agent, should be responsible for instruction in the classroom, the distribution of relief supplies, the care of the dispensary, promotion of gardening and in fact everything relating to Indian welfare. I am convinced that

Reverend I. J. Harvey,
Ste. 2 - 175 Mayfair Ave.,
Winnipeg, Manitoba.

- 2 -

not until we have such men in charge of our schools will the Indian population respond in any satisfactory sense to our educational program.

May I express the hope that you will find your task at Cross Lake challenging and well worth while. I know of no people in Canada who have a greater claim upon our service than the 120,000 Indians committed to our care.

Yours sincerely,

Encl.

R. A. Hoey,
Supt. of Welfare & Training.

Norway House, Man:
14th July 1944.

Indian Affairs Branch, Dep't of Mines & Resources, Ottawa.

I beg to forward herewith a copy of a report I have received from Rev: Wm Dueck, the United Church Missionary at the Oxford House Reserve, regarding the Oxford House U.C. Indian Day School. Mrs Dueck is the teacher of the school, and since receiving this report, both Mr and Mrs Dueck have visited the office, and have discussed problems regarding the school with me.

The attendance at this school, as shown by the return for the June quarter, recently forwarded to Ottawa, is keeping up very well, and apparently the pupils are doing good work.

I hope to visit the school when I am at Oxford House for treaty payment this month, though the school will not be in session at that time.

C O P Y. For Information of Indian Affairs Branch. Ottawa.

Oxford House, Man:
June 30th 1944.

Mr P.G. Lazenby
Indian Agent,
Norway House, Man.

Dear Mr Lazenby,

Due to the fact that there is no official inspection of the Indian Day School during teaching days, I beg leave to make this report of my observations gleaned from the visits paid by myself.

The teacher has primarily laid a heavy stress on Health and Citizenship from the beginning of the school term and now enjoys the results with a fair measure of success. Her rigid enforcement of obeying rules of cleanliness, without exception to time, place or person is seen by the desks, walls, and windows, which are scrubbed every week. The school grounds are free from sticks or stones or shrubs which may cause physical injury. However, there is a lack of playground equipment and Tag games are the only ones enjoyed. The absence of unfair fighting such as ganging up on the man who's down, is the result of vigilance on the part of the teacher, and punishment when caught in the act.

English has improved somewhat, and I believe it is the result of doing away with interpretation and getting the child to do as commanded in the English language. There is no Cree used on the school grounds, and beginners learn English from the games they play. Other Academic subjects were taught as in any Manitoba public school, and children attending more than 175 days completed one average year's work. However, the very beginners will spend more than one year in the first ~~xx~~ grade. During the next year there will be several students in grade seven but the teacher will be limited due to the lack of text books for that grade.

Industrial Art was taught in school by the teacher, employing one hour a week. On achievement day the girls displayed six dresses, four aprons, eight slips, pillow cases, towels, pot holders, and numerous small articles. During the course, they were taught the care of clothes as well as washing, ironing and patching. The boys had their toys on display and other wooden articles as could be made from packing boxes and nails.

At the beginning of the term, the school was painted, on the inside, and mudded on the outside. Window panes were replaced where necessary and the floor was oiled to keep down the dust. New seats arrived in October and were immediately properly installed. Eight other seats which had been given to an Indian to repair were salvaged from under the snow and made servicable in my workshop. A sanitary washing fountain was installed to speed cleaning activities, and minimize the communication of disease. Old swing poles were removed to avoid injury. but the toilets, which are both hazardous and insanitary cannot be improved until the Medical Officer makes his suggestion at Treaty time. Mrs Dueck supervised the boys in the making of shutters from biscuit boxes in order to prevent window breaking during the period when school is closed.

Mrs Dueck and I appreciate your co-operation in conducting the activities of the Oxford House School, especially in that you have gone to the trouble of arranging the teaching term from August to May. We realize how much annoyance and extra burden is laid upon you whenever a new missionary wishes to materialize his ideas, and his successor does the direct opposite. We are looking forward to treaty time with as much enthusiasm as the natives. There are many problems that I am sure could be solved when viewed at close range by Dr Corrigan and yourself. I hope that I will be able to arrange a motor boat to take the treaty party to the school

I remain, Sincerely

S'gd Wm H Dueck

EXD.
AOttawa,
September 1, 1944.

Mr. P.G. Lazenby, Indian Agent, Norway House, Man.

To the end of May the monthly salary cheques of Mrs. Olga Dueck, teacher of the Oxford House Indian Day School, were sent to the Bank of Commerce, Account 36300, Portage & Donald Branch, Winnipeg. At the present time I am unable to find a letter asking that the cheques be sent to this address, but evidently it was correct, as we have received no complaint from the teacher regarding nonpayment of her salary.

From the information contained in your letter of April 15 the Department understood that this school re-opened on August 1 and Mrs. Dueck's cheque for the month of August was again sent as noted above and in a letter dated August 28 the bank writes to us as follows:

"We have today received your cheque No. Z 058087, \$91.40, in favour of O. Dueck, Bank of Commerce, Acct. 36300, Portage & Donald Branch, Winnipeg, and would advise that account No. 36300 at this office is in the name of 'William A. Dueck', there being no account at this office in the name of 'O. Dueck'. Kindly let us have your advices as to the disposition of the cheque at your earliest convenience."

We are not certain of the Christian name of Mrs. Dueck's husband. The only letter we appear

Memorandum:

REPRESENTATIVE OF THE TREASURY

Re: Oxford House Indian Day School
No. 530

I understand that the salary of Mrs. Olga Dueck, teacher of the above-mentioned school, for the month of September has been returned, as the bank claims that she has no account.

You have been sending Mrs. Dueck's cheque to the bank mentioned for several months and no complaint has been made until recently. However, there is no use in having unnecessary correspondence about the matter and consequently it is felt that Mrs. Dueck should be required to make her own financial arrangements. Until further notice you should forward her salary cheques as follows:

Mrs. Olga Dueck,
c/o P.G. Lazenby,
Indian Agent,
Norway House, Man.

Pool C.O.P.

Pa
Oxford House, Man.
October, 6th, 1944.

To Mr. Elliott
The Comptroller of the Treasury,
Central Pay Office
Ottawa Canada.

Dear Sir;

I have just recieved cheque number Z 058087, from the Indian Agent at Norway House, Man. and mentioning that this cheque had not been accepted by The Cannadian Bank Of Commerc. Portage and Donald Branch Winnipeg, Manitoba.

52-1646
Last February I wrote you a letter asking if you would kindly send my Indian Day School cheques to the above mentioned Bank and to be Deposited to my husband's account number 36300. This was done and I have recieved the Bank statement that the nineth school cheque number W 063005 was credited to account number ~~36300~~ under the name of William A. Dueck. I have no record of any other cheques de osited in that manner but assumed that the Bank was Crediting account number 36300 with the cheques for the school term of 1944-45.

My explanation for the dificulty created is that you may have aske the Canadian Bank of Commerce, Bortage and Donald, at Winnipeg, Manitoba to accept these cheques in my name under account number 36300. That is impossible as I have no account at any Bank but place my savings with those of my husbands. Therefo for if you would kindly send my other cheques to the same Bank and ask them to Credit Mr William A Duecks account number 36300 with my cheques, I sh uld be deeply obliged.

I have sent an explanation to the Bank manager at Winnipeg and also to the Indian Agent at Norway House.

There is a total lack of mail service at Oxford House, the whole year round and important mail as well as other mail is iether delayed for many months or goes entirely astray. It is unfortunate that the Canadian Post office cannot arrange for any regular monthly mail service, and we are at loss as to wher to have you send our cheques accept thar they be sent to the Bank.

I remain,

Yours truly,

36
Mrs. A. Dueck.

Dear Madam:

Your letter of the 6th instant, addressed to the Treasury Branch, has been referred to this office. When the Department arranged to send your cheque to the Bank of Commerce several months ago it was not realized that the account to which the cheque was deposited was your husband's. However, since the bank has started to return the cheques, stating you have no account, we have decided that you may follow either of the under-mentioned alternatives:

- 
- (a) Continue to receive your cheque through the Indian Agent.
 - (b) Open an account in any branch of a chartered bank in your own name and advise us and the cheque will then be sent to that account.

It is not our intention to send unendorsed cheques to any other account than one belonging to the person in whose favour the cheque is drawn.

Yours truly,

Mrs. Olga Dueck,
Teacher,
Oxford House Indian Day School,
God's Lake,
via Ilford, Man.

Indian Affairs Branch, Dep't of Mines & Resources, Ottawa.

I beg to acknowledge receipt of Mr R.A.Hoey's letter, File 123-6-1 of the 11th October, just received today, with reference to the salary cheques of Mrs Olga Dueck, the teacher of the Oxford House U.C. Indian Day School.

In connection with this matter, I am forwarding herewith a copy of a letter I also received today from Mrs Dueck.

It appears that Mrs Dueck wants her cheque sent direct to the Bank of Commerce, Portage and Donald Branch, Winnipeg, and there placed to the credit of her husband's account in the name of William A Dueck, Savings Account #36300.

If this can be arranged will you kindly let me know.

P.G. Lazenby

C O P Y. For information of Indian Affairs Branch. Ottawa.

Oxford House, Man:
October 5th 1944.

P.G. Lazenby,
Indian Agent,
Norway House, Man.

Dear Mr Lazenby,

I received your letter in connection with my Indian Day School cheques and wish to answer to the best of my ability.

Last February I sent to the Comptroller of the Indian Affairs Branch at Ottawa, asking them to send the cheques to the Bank of Commerce, Portage and Donald Branch, Winnipeg, Manitoba, and to be credited to my husband's account number 36300 under the name of William A Dueck, Oxford House, Manitoba. The reason being that it was so indefinite about our mail service, and we didn't wish to have the cheque go astray.

Since last September I received through the mail eight cheques numbers J 042592, Q 021176, Q 098943, S 001479, S 064500 T 069417, U 054480, V 070522.

On May 29th I received a Bank statement from the above mentioned Bank of Commerce, signed by John Shaw, Manager, that account number 36300 was credited with ninety one dollars and forty cents, of cheque number W 063005, and gathered from this that my request as mentioned had been accepted by both the Department and the Bank.

Since I think it quite favourable in every respect that my Indian Day School cheques be deposited to my husband's savings account number 36300 it is my wish that it be continued for the school year of 1944 to 45.

It seems that the difficulty arose when the cheque number Z058087 was sent to be deposited at the Bank of Commerce, Portage and Donald Branch at Winnipeg, under the name of O. Dueck, account number 36300, when it actually should have been deposited in the name of William A Dueck whose account is number 36300.

Should the bank refuse to accept my cheques credited to William A Dueck's account, please send all cheques c/o The Indian Agent to be held for Mrs Dueck until I can definitely state what source our mail service will be this winter.

I shall keep cheque number Z 058087 as received through the Agency at Norway House, and wish to express my regret that this complication has come up.

I remain

Yours truly,

Signed:- Mrs O. Dueck

Dear Mr. Phelan: Re - Oxford House Day School

We are advised that Mrs. W.A. Dueck, the teacher at Oxford House, has had to leave her post to go to Winnipeg for medical treatment. Her husband, who is a qualified teacher, will carry on the school until the end of June, as she will not be able to return to her work, provided this is agreeable to the Department.

Yours sincerely,

Indian Affairs Branch, Dep't of Mines & Resources, Ottawa.

I beg to advise that I have today received a letter from Mrs Olga Dueck, written from 285 Edison Avenue, Winnipeg, stating that due to personal reasons she has been forced to leave Oxford House and return to Winnipeg.

Mrs Dueck states that before her departure from Oxford House, she and her husband, Mr Wm Dueck, the United Church Missionary moved the United Church Day School, of which Mrs Dueck is the teacher, into the church building. Mr Dueck, who, according to Mrs Dueck's letter is a "professional and experienced teacher", is carrying on the teaching of the school during Mrs Dueck's absence.

In the circumstances, I would recommend that the Department approve of this temporary change in teachers at the Oxford House United Church Day School. Mrs Dueck did not state in her letter, when she would be likely to return to Oxford House to resume her duties as teacher, but I am writing to her in this connection.

Dear Mr. Phelan: Re - Oxford House Day School

I beg to nominate as teacher of the Oxford House Day School, for the academic year, 1945-46, Miss Evelyn Loewen. Miss Loewen is twenty-two years of age; has Grade XI standing; is a graduate of a Bible School; and is recommended by Dr. Cormie, our Superintendent of Missions.

The missionary whom we expect to send to Oxford House, to succeed Mr. W.A. Dueck, will be married before taking over the work at the beginning of July, so that, from this point of view, the arrangement should be quite satisfactory. We shall be glad to have the confirmation of the Department.

Yours sincerely,

XX

XX

Took off for Narrows at 1030 hrs, arrived Narrows 1100 hrs. Nearly went through thin ice in front of U.C. Mission, just missed open water by few feet.

Interviewed Rev. Kehler and Mr Clarke, Manager of the Hudson's Bay Company. Quite a number of women with children staying in the locality so their children can attend school. This would not be possible without the Family Allowance. I inspected the school, Miss Helen Loewen is the teacher. She is 23 years of age with a grade 9 standing. There were 14 pupils present. The building is the most dilapidated school building I have ever seen. I would like to describe it. It is an abandoned Mission House built on semi-muskeg; the classroom is 10'x 28', the walls lean in and out, the ceiling sags and the floor heaves. There are large windows on a Southern exposure. There are no blinds and the children cannot escape the constant glare of the sun. It is almost impossible to see the cloth Blackboard at the far end of this 'tunnel'. The walls are 8 ft. high, none of the doors open or close properly owing to the heaving of the building. The desks are of rough lumber and rickety. The teacher's desk is a packing case, and she has an apple box for a seat. At the far end of the room there is a large stone fireplace which provides ventilation, making it the only Day School in the Agency where the air is not foul. Taking all this into consideration, I consider That Miss Loewen is doing valiantly. I gave her what advice and encouragement I could. Took off for Oxford House 1600 hrs, arrived 1645 hrs. It was almost dark.

Ottawa, July 16, 1946.

Dear Doctor Dorey:

EX'D.

The attendance at the Oxford House Indian Day School has increased to such an extent that the services of a second teacher will be required for the academic year 1946-47. The Indian Council is loaning us the Council Hall to be used as a classroom. We are ordering new desks for this building.

I presume that Miss Loewen will continue as teacher of this school during the coming academic year, and the Department would appreciate it if you would nominate a second teacher. We have been allowing Miss Loewen a salary of \$95.00 a teaching month during the past year, but for the academic year 1946-47 we are prepared to allow each of the two teachers salary at the rate of \$100.00 a teaching month plus bonus of 17%. An early reply would be appreciated.

Yours sincerely,

Bernard F. Neary,
Supt. of Welfare & Training.

OFFICE OF THE
INDIAN AGENT

CANADA
DEPARTMENT
OF
MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE 11-A

123-6-1
Norway House, Manitoba.
25 July 1946.

Indian Affairs Branch, Dep't of Mines & Resources, Ottawa

Attention: Mr Bernard F. Neary

This Agency will require nine day school teachers for the present academic year. They are as follows:-

	<u>School</u>	<u>Denomination</u>
2	Oxford House	United Church
1	God's Lake	United Church
1	God's Lake	Secular (God's Lake Mine)
1	Island Lake	United Church
1	Jack River, Norway House	Anglican
3	Rossville, Norway House	United Church

Will you please get in touch with the heads of the various denominations and urge them to have teachers for these schools for opening at the beginning of September. I am myself, trying to obtain a teacher for the God's Lake Gold Mine.

I would like to point out that with the exception of the God's Lake Gold Mine, there is not a teacherage in this Agency, and teachers coming in will have to find accomodation, most probably with the resident missionary.

E. B. Goodman.

Dear Mr. Neary:

Re: Oxford House Day School
(Your File 123-6-1 WT 1)

Your letter of July 16th, addressed
to Dr. Dorey, has been received in his absence on
holidays.

As far as we are aware, Miss Loewen
is continuing as teacher of this School for the
academic year 1946-47. We note that attendance at
this School has increased to such an extent that
the services of a second teacher will be required
and that provision has been made for a second class-
room.

Your letter will be brought to Dr.
Dorey's attention on his return to the office at
August 1st. In the meantime, we are sending a copy
of it to our Superintendent in Winnipeg, Dr. Cormie.

Yours sincerely,

Ottawa, August 26, 1946.

Mr. E. B. Goodman, Indian Agent,
Norway House, Manitoba.

Reference our 123-6-1 (W.T.1) of August 8.

The Board of Home Missions of the United Church of Canada has now requested that Miss Ruth Hendrichs be appointed as third teacher at the Norway House Indian Day Schools and that Miss Elsie Brandt be appointed as second teacher at the Oxford House Indian Day School.

Therefore the department has authorized the following appointments:

- (1) Miss Elsie Brandt to be second teacher at the Oxford House Indian Day School for the 1946-47 school term. Her salary will be at the rate of \$100.00 a teaching month plus bonus, effective September 1, 1946.

Ottawa, 15 October 1946.

EX'D.
A.

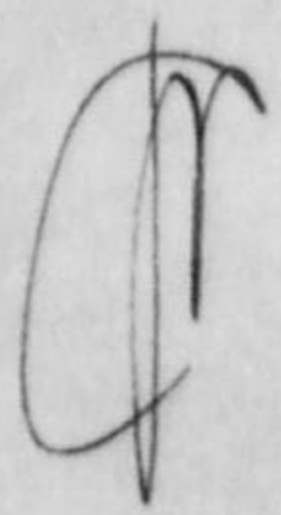

Dear Miss Loewen:-

We are in receipt of your letter of the 10th instant forwarding cheque for \$199.20 being refund of the amount paid you for the months of June and September, 1946. We appreciate receiving this cheque.

Regulations which have been in force for many years do not permit us paying travelling expenses of teachers.

Bernard F. Neary,
Supt. of Welfare & Training.

Miss Evelyn Loewen,
162 Hespler Avenue,
WINNIPEG, Manitoba.

Memorandum:

Colonel Neary:-

Re: George D. Loewen - Oxford House Day School

It appears that the only form received from the above named teacher is the "application for employment" form. Treasury has not yet been advised regarding Mr. Loewen.

AIRMAIL

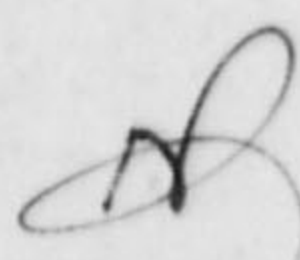

Ottawa, 9 November 1946.

Mr. E.B. Goodman, Indian Agent,
NORWAY HOUSE, Manitoba.

EX'D.
A.

With reference to the Oxford House
Indian Day School, the Board of Home Missions
of the United Church of Canada, nominated Mr.
George Donald Loewan as teacher.

We do not appear to have received any
communication from you regarding this school.
If Mr. Loewan opened the school, the enclosed
forms should be completed and returned immediately.
Please let us hear from you regarding this school.

Bernard F. Neary,
Supt. of Welfare & Training.

OFFICE OF THE
INDIAN AGENT

CANADA
DEPARTMENT
OF
MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE 15-A

123-6-1
Norway House, Manitoba.
16 December 1946

Indian Affairs Branch, Dep't of Mines & Resources, Ottawa.

Attention: Mr Bernard F. Neary

I have for acknowledgement your letter of November 9 1946 re the Day Schools at Oxford House. There are 2 schools in operation at Oxford House, the old one referred to as No 1 is being taught by Mr George Donald Loewen, and the new one #2, which is the renovated Council House is being taught by Miss Elsie Brandt. Both Miss B and Mr Loewen called in my office on their way to Oxford this fall. I gave them documentation papers and emphatic instructions that they were to be completed and forwarded to you and that the expeditious payment of their salaries depended on the completion of this procedure. I am at a loss to know why Mr Loewen has not carried out those instructions. However I will send him the papers enclosed in your letter of the 9th ultimo with a repetition of my previous instructions.

You state that you have received no communication from me with regard to this school. On Oct 11th I forwarded to you the Quarterly returns for the month ending Sept 30 for both these schools and in the column for remarks in each return was stated the date of opening and other particulars of interest.

Mr Phelan complains in a letter about the spate of Day School requisitions which have been going in from this Agency. I would like to point out that 6 new day schools came into operation in this Agency this fall and the sending of these requisitions was unavoidable and very necessary and I could not anticipate their opening last April. However I am circularizing all the day schools under my jurisdiction to submit requisitions to cover the school year 1947-1948 and to have them in my office not later than the 1st of February and I will forward same to you before the break-up. If I waited for the date quoted by Mr Phelan which is April 30, they would be caught by the break-up and would not reach your office until the middle of June at the earliest.

E. B. Goodman.
E.B. Goodman,
Indian Agent.

Memorandum:

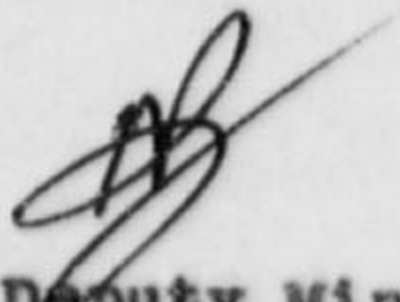

REPRESENTATIVE OF THE TREASURY

Re: Oxford House Indian Day School - No. 530

In memorandum of Sept. 26, 1946, you were advised of the appointment of Miss Elsie Mary Brandt as teacher of this school.

Due to the increased attendance, it was found necessary to appoint a second teacher by the name of Mr. George Donald Loewen who began duties on Sept. 1, 1946, at a salary of \$125.00 a teaching month. We have not yet been able to obtain the T.D. 1 Form and Staff Questionnaire from him due in part at least to the remote district in which the school is situated.

It would be appreciated if you would issue a cheque to him for the amount due from Sept. 1 to Dec. 31, 1946, and consider him as single without dependents.

for Deputy Minister.

Ottawa, January 3, 1947.

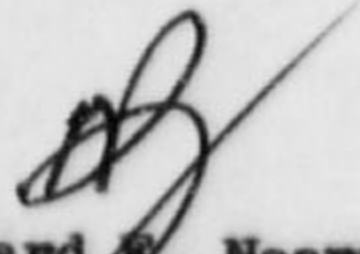

Mr. E. B. Goodman, Indian Agent,
Norway House, Manitoba.

We have received your letter of December 16.

Under the circumstances, as explained in paragraph one of your letter, there is little else that could have been done to impress upon Mr. Loewen the importance of submitting the necessary forms. However, we will try to have the Treasury Branch issue his cheque without the income tax and staff questionnaire forms.

Unfortunately, the quarterly returns had not reached here before our letter of November 9 was sent to you.

Your proposal concerning the requisitions seems a very sound one and we will anticipate their early receipt. We would appreciate it if the books listed in volume 1 of the School Bulletin were ordered. We will endeavour to send north also to these schools any other new books which might be adopted in the meantime.

Bernard P. Neary,
Supt. of Welfare & Training.

Extract from Inspector B. Scott Bateman's Report, dated February 11th, 1947, regarding Oxford House Day School #1. Original on file 1-1-6

File 123-6-1

Mr. Loewen is unskilled and inexperienced and the work being done in the school is a direct reflection of this. Student progress is poor in all branches.

Ottawa, February 27, 1947.

Dear Mr. Bateman:

I have received and carefully read your reports on school inspections at Oxford House and Split Lake. I hope to be writing to you in the near future concerning the new schools we intend building in your inspectorate this year.

By now the school supplies ordered for Oxford House should have reached there. We arranged for the books to reach Ilford by January first. The Northern Transportation Company was requested to handle them by tractor train from there. The Basic Readers of the Curriculum Foundation Series were being supplied to these schools. Thirty-six desks were ordered from Moyer's in Winnipeg and our records show that these were delivered to Inspector Hamilton in Winnipeg on January 4 and that they too were shipped to Ilford for onward routing by tractor train. It is unfortunate that all these supplies have not yet arrived to alleviate conditions at these schools.

We are writing to Dr. Dorey of the United Church concerning Mr. Loewen and to Bishop Lofthouse about Reverend Mr. Cowley. You will be receiving notification in the near future of the new teachers' salary scales which we intend taking into effect on the first of September, 1947, and which it is hoped will attract a better class of teacher into our day schools.

I appreciate your frankness in submitting these reports and feel that they will do much to bring about a needed improvement in the education of the Indians of your inspectorate.

B. Scott Bateman, Esq.,
Inspector of Schools,
The Pas, Manitoba.

..... we will

Ottawa, February 27, 1947.

Dear Doctor Dorey:

Attached as appendices are the reports received from Provincial School Inspector B. Scott Bateman on his recent inspection of the two rooms at Oxford House.

We have a large stock of school supplies and 36 desks now on their way in from Ilford by tractor train to these schools. This should help to alleviate conditions insofar as school supplies are concerned.

However, I would draw your attention particularly to the Inspector's report on Mr. Leewen. In the near future we expect to announce our new teachers' salary scale and it is hoped that with the more attractive salary offer we can place qualified teachers in these schools. We do appreciate your efforts in keeping these schools open during these difficult war years.

Sincerely yours,

Encl.

Bernard F. Neary,
Supt. of Welfare & Training.

Dear Colonel Neary: Re: Norway House - Oxford House School
Your File 123-6-1 (W.T.)

I have your letter of February 27th, enclosing reports from Inspector Bateman on his inspection of the two-roomed day school.

I have no justification to offer for the work, or lack of work, done by Mr. Loewen.

Miss Brandt. I also note what the Inspector has to say about

I am passing on this information to Dr. Best, so that, if at all possible, these teachers can either be replaced or given an opportunity to qualify themselves further by attendance at summer school.

With regard to the condition of the buildings, etc., - these matters have been drawn to the attention of the Department on a number of occasions, and I hope it will be found possible to correct them.

Yours sincerely,

GD.MLT

Ho. Doney.

Re: #2 Indian Day School U.C., Oxford House

I was in Oxford House March 28th and 29th and I find that Miss E Brandt, teacher of the a/m school left by air with the missionary and his family March 27th. She left no message for me and I do not know her future plans, whether she intends to return or when.

This school is now closed, which is unfortunate. Do not send any more salary cheques to Miss E Brandt. I will inform you if and when she returns or if I have any communication from her.

Rev. George Dorey, D.D.,
Secretary, Board of Home Missions,
United Church of Canada,
299 Queen Street West,
Toronto 2B, Ontario.

Dear Doctor Dorey:-

With reference to the Oxford House Indian Day School, Indian Agent E.B. Goodman in a letter dated April 1st, 1947, writes to us as follows:

"I was in Oxford House March 28th and 29th and I find that Miss E. Brandt, teacher of the a/m school left by air with the missionary and his family March 27th. She left no message for me and I do not know her future plans, whether she intends to return or when.

This school is now closed, which is unfortunate. Do not send any more salary cheques to Miss E. Brandt. I will inform you if and when she returns or if I have any communication from her.

Miss Brandt's nomination as teacher of this school was forwarded to the Department in your letter of August 20th, 1946.

We presume that it will not be possible to secure another teacher at the present time to complete the current academic year. In any case, we hope that you will be able to nominate a qualified teacher to take care of this school for the academic year 1947-48.

Yours sincerely,

PP/MGD

On the 29th I visited the U.C. Mission and inspected the school buildings. As it was Saturday, school was not in session. Miss E Brandt, teacher of #2 Day School had left by air on the 27th and the school is therefore closed. She left no word as to whether or when she would return. This is unfortunate as a great deal of trouble was taken to get this school into operation.

APPLICATION FOR EMPLOYMENT IN INDIAN DAY SCHOOLS

I. PERSONAL QUALIFICATIONS

Name in full (please print) **REYNOLDS, MARGARET AILEEN**
(Surname) (Christian Names)

Date of Birth **APR. 24, 1923** Place of Birth **DAUPHIN, MANITOBA**
Sex **FEMALE** Religious Denomination **UNITED METHODIST** Health **GOOD**
Canadian Citizen **YES** Service in H.M. Forces **YES - AIR FORCE**

II. PROFESSIONAL & ACADEMIC QUALIFICATIONS

I attended high school at **KELVIN T. N.S.** in the Province of **MANITOBA** and received a **MATRICULATION** Certificate after successfully completing **2** years of high school. I then attended **MANITOBA** University for a period of **4** years and received a **B.A.** degree (only where applicable; give other details of additional education on back).

I attended a Teacher Training Course at **Normal School in the Province of** **Manitoba** for **18** months in the years **1945-46**.

I hold a **Class Teacher's Certificate of a** **Permanent** (temporary or permanent) nature in the Province of **Manitoba**. It is numbered **1000** dated **1946** and is valid until **1951**.

III. TEACHING EXPERIENCE

	Dates	Name of School	Town and Province	Total Years
1.				
2.				
3.				
4.				
5.				

(use other side for more detail)

My total teaching experience is **2** years in Indian Schools and **18** years in Provincial Schools.

IV. SUMMER SCHOOLS - In order to qualify for salary increments as shown in the schedule, I certify that I have attended the following professional summer schools conducted by Provincial Departments of Education or Canadian Universities for a duration of four weeks or more in length:

	Year	Course taken	By whom course was conducted	Length of Course in weeks
1.				
2.				
3.				

V. SPECIAL QUALIFICATIONS

List any special qualifications you have for Indian work

VI. REFERENCES and INSPECTOR'S REPORTS

Please attach copies of references and your latest Inspector's Report (if any).

VII. I therefore request, in view of my qualifications and experience as detailed above, that I be classified as a Grade **1** teacher and that my salary as a teacher in the **Oxford House** Indian Day School for the 1947-48 academic year be set at **\$1120** according to the salary schedule.

I understand (i) that all salary increases are clearly described in the schedule regulations as for "satisfactory service", (ii) that therefore it will be necessary for the Indian Affairs Branch to carefully consider School Inspectors' and other reports submitted upon my teaching service.

(Note: Details of our salary schedule are available in all Indian Agency offices. If the application is sent in with part of Section VII left blank, we will inform you of the salary you would receive in our service).

Dear Colonel Neary: Re: Oxford House Day School

I am enclosing the application of Mrs. Aileen Reynolds, whom we are nominating as teacher of one of the Rooms at Oxford House, - presumably the junior. Dr. Best, our Superintendent of Missions, is trying to secure a teacher for the other Room and we hope to be able to send a second nomination before very long.

Mrs. Reynolds is the wife of Mr. Herbert Reynolds, who will be our missionary on the Reserve. We should appreciate having your approval of Mrs. Reynolds' appointment at your earliest convenience. We should also like to be advised of the rate of salary.

My remarks with regard to the application form used by Miss Henrichs apply also in the case of Mrs. Reynolds.

Yours sincerely,

John R. Leng

Supt. of Welfare and Training

August 27th,
1947

Indian Affairs Branch,
Department of Mines and Resources,
O t t a w a, Ontario.

Dear Colonel Neary:

Re: Oxford House Day School

Our Superintendent of Missions has been unable to secure the services of a fully qualified teacher for the second school at Oxford House. We have already nominated Mrs. Reynolds as teacher of one of the rooms, and now nominate Mr. Herbert M. Reynolds as teacher of the other. His application is enclosed.

Mr. Reynolds has been appointed missionary on this Reserve, and, if his appointment as teacher is confirmed, he will serve in the dual capacity.

Our Superintendent, Dr. Best, recommends the appointment of Mr. Reynolds as the best available teacher, and we shall be glad to have your confirmation at your earliest convenience. We should also like information as to the salary which will be paid.

Yours sincerely,

John R. Leng

Dear Mr. Rogers:-

Mr. Clark of this Division has recently visited our Indian day school at Oxford House, Manitoba. We have found it necessary to employ two unqualified teachers at this school.

We understand that the Department of Education for Manitoba supplies aids to unqualified teachers employed in white schools. Would it be possible for us to secure the same aids for our teachers at Oxford House?

Yours sincerely,

Bernard P. Neary
Supt. of Welfare & Training.

Attention: Mr Bernard F Neary

I am in receipt of a letter from Miss Elsie Brandt, formerly teacher of Oxford House #2 Indian Day School stating that she received a cheque from the Branch for \$261.03. She further states that her monthly salary was \$107.60 so that the total owing to her should have been \$322.80. She claims there is still \$61.77 coming to her.

Miss Brandt taught until Jul 12 to make up for days she lost during her absence in the spring. Her contention therefore that she has \$61.77 still coming to her is correct. Will you please forward a cheque to her for this amount. Her address is Miss Elsie Brandt, 547 Prairie Central Road, R.R.1, Chilliwak, B.C.

APPLICATION FOR CLASSIFICATION
ON REVISED SALARY SCHEDULE.

Our files here indicate that we have not as yet received from you a copy of the form attached to the June 1948, issue of the Bulletin, and entitled, - "APPLICATION FOR CLASSIFICATION ON 1948 REVISED INDIAN SCHOOL TEACHER'S SALARY SCHEDULE".

It is essential that we have complete and up to date information on every teacher's qualifications and experience before setting their salary for the 1948-49 academic year. If you have not already completed this form, I would ask that you do so immediately and forward it to the office of your Indian Superintendent. Unless this is done, your salary for September, 1948, will be the same as that salary you received for June, 1948.

If you have already sent this form in to your Indian Superintendent, check with him to ensure that it has not been mislaid. If necessary, you can complete the attached forms, (duplicates of those sent you in June) and return them at once through the office of your Indian Superintendent.

Bernard F. Neary,
Supt. of Indian Education.

APPLICATION FOR CLASSIFICATION ON NEW REVISED INDIAN SCHOOL TEACHER'S SALARY SCHEDULE

I. PERSONAL QUALIFICATIONS

Name in full (please print) REYNOLDS MARGARET AILEEN
(Surname) (Christian Names)
Date of Birth 1923 Place of Birth DAUPHIN, MAN.
Sex F Religious Denomination UNITED CHURCH Health GOOD
Canadian Citizen YES Service in H.M. Forces 2 1/2 yrs.

II. PROFESSIONAL & ACADEMIC QUALIFICATIONS

I attended high school at Helvin Tech in the Province of Manitoba and received a Matriulation Certificate after successfully completing 2 (10-12) years of high school. I then attended Manitoba University for a period of 1 years and received a degree (only where applicable; give other details on back).

I attended a Teacher Training Course at Normal School in the Province of Manitoba for 12 months in the years 1947-48.

I hold a Class Teacher's Certificate of a temporary nature in the Province of Manitoba. It is numbered 1000 dated 1948 and is valid until 1950.

III. TEACHING EXPERIENCE

Dates	Name of School	Town and Province	Total Years
1. <u>Sept. 4/48</u>	<u>St. Theresa's</u>	<u>Oxford House, Man.</u>	<u>1 1/2</u>
2. <u>Jan. 1/49</u>	<u>St. Theresa's</u>	<u>Oxford House, Man.</u>	<u>1 1/2</u>
3. <u>Jan. 1/49</u>	<u>St. Theresa's</u>	<u>Oxford House, Man.</u>	<u>1 1/2</u>
4. <u>Jan. 1/49</u>	<u>St. Theresa's</u>	<u>Oxford House, Man.</u>	<u>1 1/2</u>
5. <u>Jan. 1/49</u>	<u>St. Theresa's</u>	<u>Oxford House, Man.</u>	<u>1 1/2</u>

(use other side for more detail)

IV. My total teaching experience is 1 1/2 years in Indian Schools and 1 1/2 years in Provincial Schools.

Summer Schools - In order to qualify for salary increments as shown in the schedule, I certify that I have attended the following professional summer schools conducted by Provincial Departments of Education or Canadian Universities for a duration of four weeks or more in length:

Year	Course taken	By whom course was conducted	Length of Course in weeks
1. <u>1948</u>	<u>Summer School</u>	<u>St. Theresa's</u>	<u>4</u>
2. <u>1949</u>	<u>Summer School</u>	<u>St. Theresa's</u>	<u>4</u>
3. <u>1950</u>	<u>Summer School</u>	<u>St. Theresa's</u>	<u>4</u>

(use other side for more detail)

I am at present classified as a Grade 1 teacher at a salary of \$ 100 a teaching month. In view of my qualifications and experience as detailed above, I request that I now be classified as a Grade 2 teacher and that my salary as a teacher in the Oxford House Indian Day School for the 2nd academic year be set at the rate of \$ 108 a teaching month in accordance with the new revised salary schedule.

I understand (i) that all salary increases are clearly described in the schedule regulations as for "satisfactory service", (ii) that therefore it will be necessary for the Indian Affairs Branch to carefully consider School Inspectors' and other reports submitted upon my teaching service, and (iii) that these reports must be decided as being "satisfactory" in order that such a raise be granted.

MEMORANDUM:CHIEF TREASURY OFFICER

Re: Oxford House Indian Day School
No. 530

(1) MR - IAE - 530 - 3000

Effective 1 September, 1948, the Department has classified Mrs. Margaret A. Reynolds as a Grade I teacher at a salary of \$1,080.00 an academic year with credit for one year of experience in Indian schools.

(2) MR - IAE - 530 - 3001

Effective 1 September, 1948, the Department has classified Mr. Herbert M. Reynolds as a Grade I teacher at a salary of \$1,080.00 an academic year with credit for one year of experience in Indian schools.

It is regretted that there has been delay in obtaining the information required to make this salary increment. Letters were sent to the teachers in October with the necessary forms, but due to the isolation of this school our letter arrived on January 14. They were completed immediately and started off by return mail and reached the Department on March 7.

Extract from Regional Supervisor Davis' report dated January 4, 1949 on the Oxford House Indian Day School.

Conditions at Oxford House were very good. The Indians were getting plenty of fish and meat, and were on the traplines. We have two schools at this point, which are situated three miles apart. One is taught by Mrs. Reynolds and the other by Mr. Reynolds, the Missionary, who are both permit teachers. Mrs. Reynolds had 50 pupils on the roll and 28 in the class at the time of my visit to the school.

When I visited the school taught by Mr. Reynolds it was early in the morning and the children were just starting to arrive. These are fairly old buildings, but in fair condition, as they have recently been whitewashed and cleaned up.

Lighting in both schools was very poor. This is a point where we intend building a new school next year.

Orig. on 513-5 (E)

Ottawa, June 1, 1949.

Memorandum:

DEPUTY MINISTER.

God's Lake Indian Day School.

Oxford House Indian Day School.

Chemawawin Indian Day School.

The above three schools are included in our building programme for 1949-50. It is our intention to follow the identical plan for these three projects. Due to transportation difficulties, we arranged to ship in, by tractor train during the last winter, complete bills of materials for God's Lake and Oxford House. These materials are now on the ground at the sites selected for these schools.

The materials for Chemawawin, which is on Cedar Lake in The Pas Superintendency, are now being ordered by the Departmental Purchasing Agent and will be shipped by barge from The Pas in the near future.

Mr. Regional Supervisor Davis has been approaching contractors who specialize in construction work in Northern Manitoba. As a result, he has been able to obtain the following labour tenders for the construction of these three schools:

<u>Contractor</u>	<u>God's Lake</u>	<u>Oxford House</u>	<u>Chemawawin</u>
E. Sabiston	\$5,000.00	\$6,000.00	\$ -
Matthews Construction Co.	5,900.00	5,900.00	5,900.00
Emery Brothers	6,800.00	6,800.00	6,400.00

Indian Affairs. (RG 10, Volume 6242, file 530-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Pool Copy

It would seem evident that we can eliminate immediately the highest tenderer, namely Emery Brothers, of Flin Flon, Manitoba.

God's Lake

At God's Lake, Mr. Sabiston's tender is the lowest and I feel it should be accepted. Mr. Davis has some doubts about Mr. Sabiston as a contractor but we have investigated his ability through Indian Health Services. Mr. Sabiston was employed by them last year and I attach a letter from G. J. Connolly, Supervising Engineer, of Indian Health Services, concerning his ability. I would recommend that the Minister approve the acceptance of his Labour Tender for the erection of this school in the amount of \$5,000.00.

Oxford House

The lowest of the three tenders is that of the Matthews Construction Company, of The Pas, Manitoba, and I have prepared a draft submission to Council for your consideration. A contract has recently been let with this company for the erection of the Nelson House Indian Day School, by authority of P.C. 2497 of May 17.

Chemawawin

The lowest tender for the erection of this school is again that of the Matthews Construction Company of The Pas, Manitoba. Therefore, you will find a joint submission to Council covering both the Oxford House and Chemawawin projects.

Director.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL.

The undersigned has the honour to report:

THAT it is immediately necessary, and funds are provided in the 1949-50 estimates, Indian Affairs Branch, Mines and Resources, to complete the erection of one-room Indian Day Schools on the Oxford House Indian Reserve, in the Norway House Indian Agency, and on the Chemawawin Indian Reserve, in The Pas Indian Agency, both in the Province of Manitoba;

THAT it is essential that educational facilities be provided for the Indian children on the Oxford House Reserve and on the Chemawawin Reserve;

THAT Section 36 of the Public Works Act, Chapter 166, R.S.C. 1927, provides in part as follows:

"Whenever any works are to be executed under the direction of any Department of the Government the Minister having charge of such Department shall invite tenders by public advertisement for the execution of such works except in cases (a) of pressing emergency in which delay would be injurious to the public interest";

THAT the building materials for these schools have already been purchased and have been shipped by tractor trains to the sites of both schools;

THAT, due to the very isolated situation of both these Indian reserves, there are few builders or contractors in the area, nor are outside contractors interested in tenders if invited as aforesaid, as they have all the work they can do in their own localities;

THAT, as the result of enquiries made by our field officials, we have been able to obtain the following labour tenders for the erection of these buildings:

<u>Contractor</u>	<u>Oxford House</u>	<u>Chemawawin</u>
Matthews Construction Company, The Pas,	\$5,900.00	\$ 5,900.00
Elmer Sabiston, Winnipeg,	6,000.00	-
Emery Brothers Flin Flon,	6,800.00	6,400.00

THAT the lowest tenderer, namely the Matthews Construction Company, of The Pas, Manitoba, has building crews

Indian Affairs. (RG 10, Volume 6242, file 530-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

in this region and is known to be a satisfactory and reliable contractor. This tender covers all transportation and boarding costs and is felt to be fair and reasonable.

The undersigned, therefore, recommends that authority be granted for the erection of the Oxford House Indian Day School by the Matthews Construction Company, of The Pas, Manitoba, at the price of five thousand nine hundred dollars (\$5,900.00) and of the Chemawawin Indian Day School by the Matthews Construction Company, of The Pas, Manitoba, at the price of five thousand nine hundred dollars (\$5,900.00), this being the most suitable arrangement possible at the present time and it being essential that this work be undertaken at once and carried on to completion in order to provide educational facilities for the Indian children on these reserves in time for school opening in September.

Respectfully submitted,

Minister of Mines and Resources.

Gentlemen:

We are returning the enclosed communication
with reference to Mr. William Alexander Dueck.

This gentleman replaced his wife as teacher
of the Oxford House Indian Day School in the Province
of Manitoba for the period February 1st to June 1st,
1945. Previous to February 1st, 1945, he had been
acting as United Church Missionary on the Oxford
House Reserve.

During the short time he was employed as a
teacher, his services were satisfactory, but we do
not know the answers to the questions on your form.

Sincerely yours,

Bernard F. Neary,
Supt. of Indian Education

Dear Dr. Best:

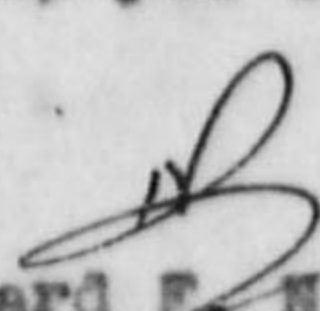

I understand that three vacancies still exist in the Day schools operated by the Department for Indians of your denomination. Our records show that these are at:

Oxford House # 1
Oxford House # 2
Island Lake U.C.

I have been in correspondence with a number of teachers and am receiving daily application forms from them. I will send you a telegram listing their names in the event you can interest them in these vacancies.

The most important document to get from newly appointed teachers is the Income tax form. I attach a number for your future use and would emphasize that we cannot take a teacher on our salary list until these are received.

I hope that I will be able to help you in filling these vacancies.

Bernard F. Neary,
Supt. of Indian Education.

Attention: B.F. Nearey

Dear Sir:

My husband and I have
been teaching in your Indian
Day Schools at Oxford House,
Manitoba for the past two
years. We resigned at the
end of June, 1949, and wonder
if we are entitled to receive
the money we paid into the
Retirement Fund during those
two years.

Hoping you will be able to
give us some information
concerning this matter -
With thanks -

Sincerely,

Aileen Reynolds

Winnipeg, Manitoba.

Oxford House No. 2 Indian Day School.

As you are aware, we included sums in our Estimates for the erection of two Indian day schools on the Oxford House Reserve. One has already been erected by Mr. Sabiston and it was planned to send in the bill of materials for the second this coming winter. In order that there will not be any last minute rushes, we would appreciate being advised as to what action we should now take with regard to this school.

It is our intention to make these schools identical, which means that Oxford House No. 2 will be built according to plan 888.

I also attach one copy of the standard bill of materials for plan 888 and I would appreciate a letter from you indicating the firms which the Departmental Purchasing Agent should approach in securing these various items. I presume that the address will be the same as for the bill of materials sent in last winter for Oxford House No. 1.

Bernard F. Neary,
Superintendent of Education.

Attention - Bernard F. Neary, Esq., Supt. of Educ.

Dear Sir:

With reference to your telegram of Oct. 3rd, following please find information requested.

No. 1. Attendance Indian Children York Factory School.

Ten children are attending at the present time. This attendance will probably rise to Twenty in the near future, as families are expected to move in from Port Nelson.

No. 2. Progress Construction New Schools in Agency

Oxford House School, No. 1 has been completed, with the exception of installation of Selkirk Chimney.

God's Lake United Church School is also completed, with exception of Selkirk Chimney.

When these chimneys arrive it will be only a matter of hours to install each one.

I made a final check on God's Lake United Church School on Oct. 17th.

This building has been completed sufficiently to legalise payment to the Contractor.

However the finishing was an extremely hurried job and reflects no credit to the man concerned.

The living quarters especially are very poorly painted and finished, the cupboard doors do not fit and the paint has just been slapped on.

In the Main Class Room, the small windows on the North side are fitted with Butt hinges, these hinges were not countersunk, when the windows are closed it leaves an eighth of an inch gap.

The Contractor was told about all this by the Assistant Agent at God's Lake and agreed to rectify it, however it was not done as apparently the main idea was to get finished and get back to town.

Unfortunately, the Contractor had left when I made my final inspection. The whole finish shows a definite lack of interest. In my opinion this man should not be given any further Contracts with the Indian Department.

Attached please find Final Progress Report.

No. 3 Joint Recommendation by Mr. Grafton and myself on
New Schools Next Year.

There are no further Reserves in this Agency that would warrant a joint School, due to the lack of Non-Treaty Children.

No. 4 Report on New Teachers.

To date I have only met Miss M. Rahn of God's Lake United Church School, she appears to be doing well and seems to be quite efficient.

I see no signs of Teachers for Oxford House Schools, No. 1 & 2, nor for Split Lake.

Could I be advised as to when these Teachers may arrive?

I would like to draw your attention to the Quarterly Return Ending Sept. 30th, 1949, submitted by this Agency. Under the heading "Schools & Education", reference is made to a Permanent School at Shamattawa.

I would appreciate your comment on this matter.

Your obedient servant,

J. H. Staunton,
Superintendent,
Nelson River Agency.

AIR MAIL

Mr. R.S. Davis,
Regional Supervisor of Indian Agencies,
538 Dominion Public Bldg.,
Winnipeg, Man.

Oxford House Indian Day School

I have today sent the following telegram to Mrs. Mabel Gosbee at God's Lake via Ilford, Manitoba:

DEPARTMENT PREPARED APPROVE YOUR APPOINTMENT TEACHER OXFORD HOUSE # 2 SCHOOL -stop- MEDICALS PREPARED BOARD YOU THIRTY DOLLARS PER MONTH -stop- THIS WILL BE OLD SCHOOL AS NEW BUILDING NOT FINISHED YET -stop- ADVISE TYPE CERTIFICATE

I am sending a copy of this letter to Mr. Staunton and would recommend that he attempt to contact Mrs. Gosbee by radio telephone or whatever other means of local communication are available. As I have not received a reply to my previous telegram of October 19 regarding her certificate, I wish to make certain that this teacher reports for duty.

I am also attaching for Mr. Staunton's action the following documents for completion by Mrs. Gosbee and return directly to me by Air Mail:

1. Employee Questionnaire.
2. Oath of Allegiance and Secrecy.
3. Income tax forms.

Mr. Staunton should also advise me as to the date upon which she reports for duty so that her salary can commence accordingly.

Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ontario.

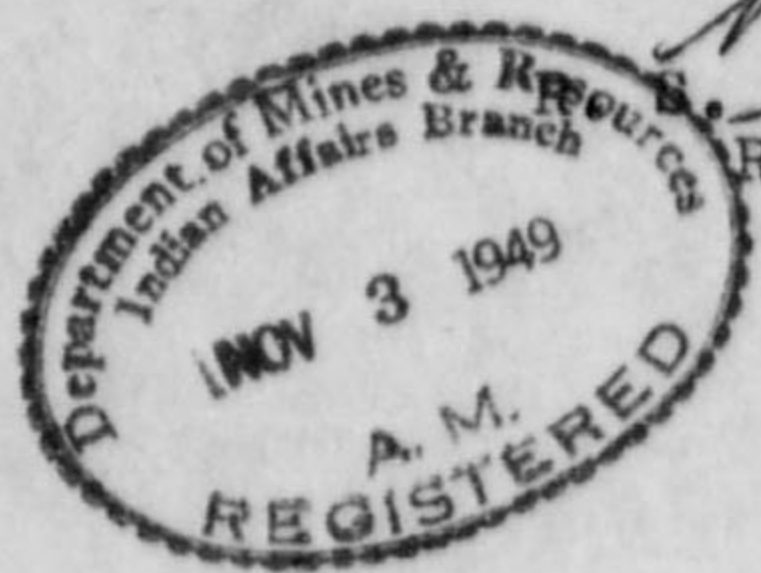

I am attaching hereto a confirmation of my Army Signal, today's date, regarding Mrs. Mabel Gosbee. If Mrs. Gosbee accepts this school and boards at the Hospital, arrangements should be made by the Department to deduct the \$30.00 monthly - covering her board, which would be transferred over to the Medical Branch.

I understand that Mrs. Gosbee is presently at God's Lake, and it will be a couple of weeks before she will be able to get to Oxford House, owing to transportation. All the planes are tied up at the present time owing to the freeze-up. I would advise you to wire Mrs. Gosbee in this connection, as it would take far too long for a letter to reach her.

ATTENTION: Mr. B. F. Neary

Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ontario.

I am enclosing herewith a completed
application form received from Mrs. Doris G.
Atkinson of Alameda, Saskatchewan.

It is probable that Mrs. Atkinson
could fill our vacancy at Oxford House School,
where we have a small school and teacherage. While
the quarters are small, I believe she could get
along alright. No doubt you will be contacting
Mrs. Atkinson direct.

Oxford House Indian Day School

Reference your 217/2-32 of November 22

Further to my Army Message, we are prepared to accept Mrs. Atkinson for the Oxford House school but I wonder whether it is practical to have her go in at this late stage of the year, especially when the missionary has been filling in. She might do very well in one of your other schools and it would be unfortunate to lose her services when she is such a well qualified teacher.

I feel she should be given complete details of the teacherage at Oxford House as I am not certain whether you propose to have her live in the old school or the new school. At any rate we must be very fair in describing to her the accommodation which will be available. I would suggest, therefore, that you write to her giving her complete details of the accommodation and also of her salary as notified you previously.

Reverend George Dorey, D.D.,
Secretary,
Board of Home Missions,
The United Church of Canada,
299 Queen St. West,
Toronto 28, Ontario.

Swan Lake Indian Day School
Oxford House Indian Day School

Dear Dr. Dorey:

I have for reply your letter of December 9 concerning Mrs. George Atkinson. When Mr. Davis wrote to me he said as follows:-

"It is probable that Mrs. Atkinson could fill our vacancy at Oxford House School where we have a small school and teacherage."

I replied indicating my doubt as to whether it would be practical to have her go in at this late stage of the year and suggesting that she might do very well in one of the other schools.

I have not received a reply to my last letter as yet. At the present time, Mrs. Mabel Gosbee is teaching in the Oxford House No. 2 School, and I believe your missionary is carrying on in the Number 1 School.

I have today sent Mr. Davis the following Army Message:-

"RE SWAN LAKE DAY SCHOOL UNDERSTAND MRS ATKINSON NOMINATED BY UNITED CHURCH FOR SWAN LAKE SCHOOL STOP SUGGEST YOU CONTACT HER IMMEDIATELY RE THIS APPOINTMENT AND TAKE NO ACTION RE MISS WOOD STOP INTEND OFFERING HER POSITION BRITISH COLUMBIA".

Mr. J. M.

R

January 18th 19 24

Sir,—

I have the honor to enclose herewith the Quarterly Return for the Oxford House Day School for the Quarter ended Dec. 31st.

It will be noted that the epidemic of measles reduced the attendance somewhat. However, although there were during Sept. and October, some 100 cases of measles on Oxford Reserve, there were no deaths from Measles. During October there were ^{three} ~~xxx~~ deaths of children, two of which were pneumonia, which may have been developed from the measles.

I have a report from the Dispenser at Oxford House, written January 8th, in which he states that he does not think there is one sick person in the Oxford House Band.

Your obedient servant

Wm Gordon

R

Sir,—

I have the honor to enclose herewith the Quarterly Return for the Oxford House Day School for the Quarter ended December 31st, 1924.

This school is doing good work, has had the same teacher for some three years, and keeps up a good average attendance for a small Band. Some of the Oxford House trappers leave their families at home when trapping, which gives the children the chance to attend school. They do not have to go so far to trap as some other Bands.

Your obedient servant

.....Jan. 22nd 1926

Sir;-

R

I have the honor to enclose the Report of the Oxford House Day School for the Quarter ended December 31st.

There was no school during the September Quarter, as there was no building to be had. The old church had been pulled down, and a new one in course of erection at the same time as the new school was being built.

School opened Oct. 21st. and I notice that classes were held for 50 days, which I consider very full time.

The teacher states, in connection with the new building, - "We are enjoying a fine, warm school building now." I have not seen the new building, but if built according to my instructions, which I understand it was, it should be comfortable and satisfactory.

Ottawa, July 11, 1928.

Reverend Sir:

I have your letter of the 5th instant, nominating teachers for the Norway House, Oxford House and Cross Lake Indian Day Schools, in the Winnipeg Presbytery of the United Church of Canada. It is presumed that by the Norway House School is meant the Rossville Indian Day School at Norway House.

The Department will approve of the appointment of Miss Esther Gaudin as teacher at Rossville. We will also approve of the appointment of Mr. John Gordon as teacher at Oxford House and Mr. Nelson Gaudin at Cross Lake. Salary at the rate of \$95 per teaching month will be allowed at each of the above named schools. I shall be pleased if you will forward full particulars as to the qualifications and experience of these teachers.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

Sir:

I have to inform you that the authorities of the United Church have nominated Mrs. R. L. Bacon as teacher of the Oxford House Indian Day School. The Department is approving of her appointment, with salary at the rate of \$95 a teaching month.

It is presumed that she will begin duties on September 1st, and you should give her every possible assistance.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Ottawa, August 15, 1934.

Sir:

The authorities of the United Church of Canada have nominated Mr. Geo. H. Harris to succeed Mrs. R. L. Bacon as teacher of the Oxford House Indian Day School for the academic year 1934-35.

Mr. Harris holds a first class professional Manitoba certificate and has had several years' teaching experience. In addition, he is a graduate of the Manitoba Agricultural College. He will be allowed salary at the rate of \$95 a teaching month.

Please give him every possible assistance.

Ottawa, June 20, 1935.

Sir:

I have to inform you that the authorities of the United Church of Canada, under whose auspices the Indian Day School on the Oxford House reserve is conducted, have arranged the transfer of the present teacher, Mr. George H. Harris to perform the duties of farm instructor and manual training teacher at the Norway House Indian Residential School. As successor to Mr. Harris, the church authorities have nominated the services of Mrs. Ada Murray Scoates, B. Sc. Mrs. Scoates is a graduate of Mt. Allison University, has had five years' teaching experience and holds a first class permanent teaching certificate. Her husband, Rev. D. J. Scoates, B.A., B.D., has been appointed missionary on the reserve.

The Department is approving of the appointment of Mrs. Scoates as teacher for the coming school year, to begin duties on September third, next, the date the school re-opens after the summer holidays. The salary allowed her will be at the rate of \$95.00 per teaching month.

I would request that you give Mrs. Scoates every possible assistance in her work at this school.

Your obedient servant,

A. F. MacKenzie,
Secretary.

P. G. Lazenby, Esq.,

REPRESENTATIVE OF THE TREASURY

Re: Oxford House Indian Day School - No. 530

In memorandum of Sept. 26, 1946, you were advised of the appointment of Miss Elsie Mary Brandt as teacher of this school.

Due to the increased attendance, it was found necessary to appoint a second teacher by the name of Mr. George Donald Loewen who began duties on Sept. 1, 1946, at a salary of \$125.00 a teaching month. We have not yet been able to obtain the T.D. 1 Form and Staff Questionnaire from him due in part at least to the remote district in which the school is situated.

It would be appreciated if you would issue a cheque to him for the amount due from Sept. 1 to Dec. 31, 1946, and consider him as single without dependents.

Oxford House Mission

Lake Winnipeg Dist. September 24th 1900

Res^d. John Seymour
 Inspector of Indian Agencies
Winnipeg Manitoba

Res^d. ^{and} Dear Sir:

I take the liberty of enclosing herewith account for lumber sawed for School Tables. I have exceeded my jurisdiction in this matter. I must ask you to pardon me, but as the matter was a small one, and as we were in urgent need of these tables, our School equipment being of the most primitive, I took the responsibility of having the lumber manufactured, and made the tables myself. Of course if you think I have done wrong, and cannot issue a check for the amount, I will have to pay the bill out of my own slender salary.

There is a man here who gives considerable trouble, beating his wives. The Chief, Councillors, and myself went on Thursday and gave a last warning to one of them a Young fellow Jimmy Wood, who seems to be walking in the footsteps of his father in this matter. (I understand you warned the old man when you were here) In the meantime, have sent to Ottawa for a copy of the Indian Act, and if we have any further trouble will communicate with Mr. Calverley through Home. We have considerable sickness here amongst the people but are doing our best in every way for them, with the means at our disposal -

Yours Very Respectfully
 John W. Reddick

Office of the Indian Agencies,
Winnipeg, Man. 4 Oct. 1910.

Sir:-

Seford House

The Chief pressed for an early survey of his Reserve and for the speedy erection of a proper School House. He also asked with very considerable emphasis for a resident doctor. The writer assured him that while the Department would do all it could to meet him on the two former counts no promise could be made that would assure him of the third request being met. It was further said that so far as could be seen the request was not within the bounds of reason.

I have the honor to be,

Your obedient servant,

Sgn. John Semmens.

Inspector of Indian Agencies

We would also require 10 Saxes, and 10 Hay Forks, in the event of You granting our request about the Cattle. One thing we are very much in need of, and really cannot get along without is $\frac{1}{2}$ Box Whip Saws for Pit Sawing. We cannot manufacture lumber for the building of our houses without them and we trust you will regard this request favorably. We also need a box of Carpenters tools in the very worst way. We would be very thankful if you could help us out in this matter as well as $\frac{1}{2}$ Box Cross Cut Saws. We also need 20 Spades and 20 Grub Hoes. We were told that 20 Bushels of Potatoes had been sent for us here last year, about 350^{lb} reached us, and when these were divided up we only had about 6 or 7 Potatoes each. These however when planted grew very well. We want to ask if you can give us some more Potatoes for seed and also some Garden seeds also next Spring. We had not sufficient nets sent us last time, and are still about 30 short.

Oxford Lake, Keweenaw

December 27th 1910

The Secretary Department of Indian Affairs
Ottawa, Ont.

Sir:-

I am glad to avail myself of this opportunity to write to you, and trust you will note my requests in this letter. Last summer when, Rev. Mr. Semmens was here making his payments I asked him if the Govt. would build us a school at Oxford House, and he promised to call your attention to this fact. Since then we have not heard anything more and we are now anxious to know if you will build us a school house, and send us a teacher. We are at present using the Church for school purposes, and we don't think this is a good thing.

We also asked Mr. Semmens about a Doctor. A great number of our people are sick, and we have many deaths, and a number of lives could be saved if we had a Doctor here. Our nearest Doctor is at Norway House a distance of nearly 200 miles away. If we had a Doctor who made his home here at Oxford, he could easily attend to the needs of our people at also the God's Lake Band, as well as Selma Lake, both of which are within reasonable distance.

We also asked Mr. Semmens if the Government would supply us with some cattle, as they have done to the other Reserves. That is some of the Coro kind and bulls also. We would like to know what your disposition is in the matter.

Ottawa, February 1, 1911.

Chief,

I have to acknowledge the receipt of your letter of December 24th signed also by Councillors Chubb and Nattaway in which you ask for the erection of a school building for the Oxford Lake Indians.

In reply I beg to say that the Department is not disposed to undertake the expenditure necessary to erect permanent buildings until such time as survey of the reserve is made and the Indians are located. You will readily understand that until this work is done it is not possible to intelligently locate a school building which would be without doubt within the reach of the majority of the Indians.

Your obedient servant,

Asst. Deputy and Secretary.

Letter, No. 246.

Norway House,

January, 28th, 1913.

4305/0

Sir,

I beg to send in the following report of the burning down of the Mission House at Oxford from the Revd J.W. Niddrie Missionary and School Teacher for that District?

He reports as having lost everything, all the I.D. Supplies Destitute, all his own personal effects, and all the Missionary Society's belongings, which he considers as a very heavy loss to the Mission.

The Revd Mr Niddrie has asked that a period of two months be granted him for getting out the necessary building material for a new school, and he has also asked the School Grant be continued for this period or longer as he requires the time.

In consideration of his long services amongst the Indians out west and here, I heartily recommend that this be granted by the Department to Mr Niddrie to enable him to get his school going again. In the mean time the school is out of operation till a new building is erected.

I would also recommend that an ample supply of provisions be sent from here to help him on in the work of building a school.

Your obedient servant,

L. G. Stewart

Ottawa February 17, 1913.

Sir, -

I have to acknowledge the receipt of your letter of the 28th ultimo advising the Department of the destruction by fire of the mission buildings at Oxford House.

As you are aware the church building, although accupied for school purposes was the property of the Church. Pending a survey of a reserve, the Department is not prepared to incur any expenditure in the erection of a school building in the way either of material or the supplying of provisions as you suggest. In order, however, to give the missionary and teach ~~e~~ an opportunity to put up another building that may be used for school purposes, or ^{the} making other suitable arrangements, a salary will be paid for a reasonable length of time not to exceed two months.

You will be good enough to advise the missionary to the above effect and as soon as you are made aware of the arrangements it is intended to make you should inform the Department.

Sir,—

I beg to enclose herewith day school returns from Oxford House for December quarter, 1920. With these returns also comes a requisition for some supplies for this school.

In a letter accompanying her returns the teacher states that the stove is practically useless and falling to pieces, while the pipes are burnt through in places and can hardly hold together. I have therefore added in red ink some of the things she asks for in her letter. She also asks for 2. doz. tooth brushes, 2 doz. carbolic soap. While these articles would be beneficial I have not added them to the requisition.

Your obedient servant.

I have to acknowledge the receipt of your letter of the 3rd instant enclosing a requisition for the Oxford House Indian Day School.

In reply I beg to say that you may purchase a stove and the necessary pipes and elbows required for use in this school. Competitive prices should be obtained and a suitable stove purchased from the firm quoting the lowest price. You should arrange to have this stove forwarded to the school at the earliest opportunity. Properly certified accounts, in duplicate, should be forwarded covering the expenditure incurred, to which should be attached a memorandum showing the persons asked to quote a price and the prices quoted.

You may also purchase two dozen cakes of carbolic soap. The Department does not supply tooth brushes for the Indian schools.

Your obedient servant,

J. D. McLean

EXTRACT FROM LETTER FROM COMMISSIONER GRAHAM
HIS NO. 207-7B, Dated Oct. 9, 1924.

XXXXXXX

XXXXXXX

XXXXXXX

There is an item of a new school building at Oxford House. I believe the school there is in bad shape and should be renewed; the question to consider is whether \$3000 is too much money. The building, of course, will have to be built of logs, which, I understand, are available. The matter of flooring and roof boards would have to be arranged for, either by having them brought over from Cross Lake where there is a saw-mill, or brought in from Selkirk. In either case it will be an expensive matter. The shingles would certainly have to be brought in from Selkirk. I will get more information before the time for building arrives.

Since the reserve location has been decided upon at Oxford House, and a site chosen for a day school, and as the present quarters are unfit for school purposes, and the average attendance at school is good, I would recommend that a building be erected at this point, for school purposes.

Ottawa, January 23, 1925.

Sir:

Mr. Indian Agent Gordon and the Superintendent of Methodist Indian Schools and Hospitals have urged the Department to erect a day school at Oxford House. The Methodist Church have conducted a day school quite regularly at this point for many years. In September Mr. Gordon wrote in part as follows:

"Since the reserve location has been decided upon at Oxford House, and a site chosen for a day school; and as the present quarters are unfit for school purposes and the average attendance at school is good, I would recommend that a building be erected at this point for school purposes."

In this connection I would refer you also to your No. 207-7B of October 9th, last. Other than this, the Department has had no correspondence with reference to the best method of arranging for the erection of the building. It is proposed to provide funds, which will be available the first of the fiscal year, for this purpose. There is an item in the present draft of the Estimates of \$2,500.00. Please advise the Department what steps you propose to take.

COMMISSIONER'S OFFICE,

C. REGINA, SASK., January 31, 1925.

Sir:-

I beg to acknowledge the receipt of your letter of the 23rd instant #123-6-5 informing me that Mr. Indian Agent Gordon and the Superintendent of Methodist Indian Schools and Hospitals have urged the Department to erect a day school at Oxford House.

In reply I beg to say that when Mr. Agent Gordon was here last Fall, I discussed with him the question as to how we should go about building this school. He informed me that Oxford House was a very inaccessible point but that logs could be taken out during the winter for the purpose and that the lumber etc. would have to be sent out from Selkirk.

I dealt with this matter fully in my letter to you of the 9th October. I am now taking it up again with Mr. Agent Gordon, asking him what it would cost to take out the logs, and I hope to have a reply in a short time. As a matter of fact, I have taken it upon myself to instruct him to have the logs taken out before the logging season is over. I have asked him if is possible to get the required boards and shingles in the district, as I have an idea that there are some portable mills near Oxford House from which we could procure lumber. I will report to you fully when I get this matter in shape.

Your obedient servant,

The Secretary,

COMMISSIONER'S OFFICE,

REGINA, SASK., April 3rd, 1925

Sir,

With reference to the proposed school at Oxford House, I may say that the logs are being taken out, dressed and hauled onto the site. The cost will be \$1.00 each for the 24' logs, and \$1.50 to \$2.00 for the 30' logs.

The cost of freighting lumber from Selkirk to Oxford House will be between \$100 and \$125.00 per M., and as we will have in the neighbourhood of 5000 ft. you will see it is going to be quite an expense. However, I am satisfied that the building 30 x 20 can be completed and lined inside with V-joint, and placed on a stone foundation within the amount stated in your letter, viz:- \$2500.00.

I shall be glad if you will send me a further accountable cheque for \$200.00 on receipt of this letter. I asked for \$100.00 last week which has not yet been received. This will make \$300.00 in all.

Your obedient servant,

The Secretary,

R

OFFICE OF
INDIAN AGENT

Norway House, Man.

August 25th, 1927.

File No. 19A.

Sir:-

I have the honor to requisition for the following
school seats,-

For Norway House Residential School, Junior class room.-

9 double seats, divided seats, for children 10 to 12 years.

For Oxford House Day School,-

5 double seats, for children 7 to 9 years,

5 double seats, " " 10 to 12 years.

For Oxford House I would recommend steel seats, as much
more lasting, and less liable to breakage in freighting
from Norway House to Oxford House.

Your obedient servant

Wm Gordon

Indian Agent.

The Secretary,

Dept. of Indian Affairs,

Ottawa.

E X T R A C T from March Quarter Return received from Fred W. Stevens, Esq., Teacher of the OXFORD HOUSE INDIAN DAY SCHOOL, on File 123-6-2.

For 19½ days during this quarter school was closed because of there being no wood. The only reasons anyone seems to have to offer are (a) There were no men to bring wood (b) The Chief is no good. Now, as it is only about two hours work to bring a load here, any of the men could have brought wood, for there always were one or two around. As to the chief, if the people didn't intend to bring wood, the chief could not have made them anyway. As it is, the chief's position is made very burdensome for these people believe that "He who is greatest among you shall serve you". The only people around here who are living up to their promises are the old ones. Attendance is very low because of the time when school was closed. While school was in session, attendance was good.

Indian Affairs. (RG 10, Volume 6242, file 530-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

Ottawa, July 4th, 1931.

Sir,-

On the March quarter return of the Oxford House Indian Day School which has recently reached the Department, it is noted that the school was closed for 19½ days during the quarter owing to lack of wood. The teacher further states that the reason for this was that the chief did not arrange with any one to supply the wood required.

If you have an opportunity, the Department considers that it would be advisable to point out to the chief the necessity for having wood supplied to the Oxford House School ahead of time so that there may be no occasion for closing the school for the same reason as it was found necessary to close it during the March quarter.

Dear Sir:

We have a letter from Rev. Leonard Bacon, B.A. of Oxford House, whose wife is the teacher at the Day School there. This letter deals with the question of supplying some provisions which would be necessary in order to provide the school children with a hot meal at noon. When I was at Norway House this summer this matter was discussed and it was discovered that in a number of the schools this arrangement had been in operation for some years. Our workers feel that Oxford House is just as needy in this regard as schools on other missions and I would urge upon the Department the wisdom of making it possible for Mr. and Mrs. Bacon to care for the children in this way. They have proved themselves to be self-sacrificing workers during the past year and I am sure their usefulness would be greatly enhanced if the Department makes this plan possible. It is suggested that a grant be made of:

40 pounds of cocoa,
100 pounds of sugar,
300 pounds of beans,
200 pounds of rice,
and a few cups, plates and spoons.

Your favorable consideration to this request will be very highly appreciated by,

Yours faithfully,

Arthur Barner

Reverend Sir:

I have your letter of the 24th instant, requesting that the Department grant the supplies mentioned by you for the purpose of providing a midday lunch to the pupils of the Oxford House Indian Day School. In reply I have to say that the Department is today authorizing Mr. Indian Agent Gordon, of Norway House, to arrange for the purchase and forwarding of the quantity of food supplies considered necessary, also a few cups, plates and spoons.

Your obedient servant,

A. F. MacKenzie.
Secretary.

Sir:

The Department has received a communication from the authorities of the United Church of Canada, requesting that certain supplies be granted to provide a midday meal to the pupils of the Oxford House Indian Day School.

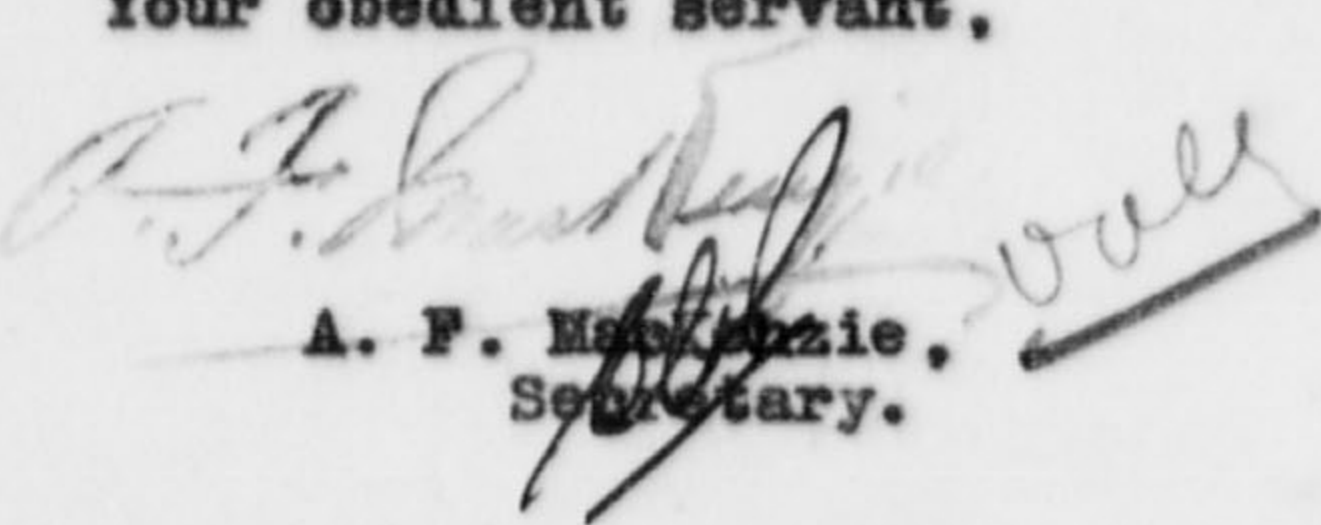

In reply I have to say that the Department will approve of your arranging for the purchase, from a firm on the list to receive consideration, and for the forwarding to the school of the following supplies:-

40 lbs. Cocoa,	200 lbs. Beans,
100 " Sugar,	150 " Rice.

You may also purchase 18 granite cups, 18 granite plates and 18 inexpensive spoons. After the purchase has been made, you should obtain itemized accounts, in triplicate, covering the cost. An account, in triplicate, properly certified, should also be forwarded covering the expenditure incurred in the freighting of these supplies to the school. The purchase and forwarding of the above authorized supplies should receive your early attention.

Your obedient servant,

Wm. Gordon, Esq.,
Indian Agent,
Norway House,
Man.

Sir:-

I inspected the Oxford House Day School,
Norway House Agency, during the treaty payments.

The building is in fair repair, but a
new stove should be provided. The present one is
badly warped. There are two large cracks in the
side and one across the end. The stove is certainly
unsafe and I would recommend that a new one be
provided. The purchase should be made soon in order
that it may be delivered before freeze-up.

Your obedient servant,

A. G. Hamilton

CONDITIONS

Sec. 1. The Carrier of any of the goods herein described shall be liable for any loss thereof or damage thereto except as hereinafter provided.

Sec. 2. In the case of shipments from one point in Canada to another joint in Canada, or where goods are shipped under a joint tariff, the Carrier issuing this bill of lading, in addition to its other liability hereunder, shall be liable for any loss, damage or injury to such goods from which the other Carrier is not by the terms of this bill of lading relieved, caused by or resulting from the act, neglect, or default of any other Carrier to which such goods may be delivered in Canada, or under such joint tariff, or over whose line or lines such goods may pass in Canada or under such joint tariff, the onus of proving that such loss was not so caused or did not so result being upon the Carrier issuing this bill of lading. The Carrier issuing this bill of lading shall be entitled to recover from the other Carrier on whose line or lines the loss, damage, or injury to the said goods shall have been sustained the amount of such loss, damage or injury as it may be required to pay hereunder, as may be evidenced by any receipt, judgment, or transcript thereof. Nothing in this section shall deprive the holder of this bill of lading or party entitled to the goods of any remedy or right of action which he may have against the Carrier issuing this bill of lading or any other Carrier.

Sec. 3. The Carrier shall not be liable for loss, damage, or delay to any of the goods herein described, caused by the act of God, the King's or public enemies, riots, strikes, defect, or inherent vice in the goods, or the act or default of the shipper or owner for differences in weights of grain, seed, or other commodities caused by natural shrinkage or discrepancies in elevator weights when the elevators are not operated by the Carrier, unless the weights are evidenced by Government certificate; the authority of law or by quarantine. For loss, damage, or delay, except where cartage is to be performed by the Carrier or its agents, caused by fire occurring after forty-eight hours (exclusive of legal holidays), or in the case of bonded goods seventy-two hours (exclusive of legal holidays), after written notice of the arrival of said goods at destination or at port of export (if intended for export and not covered by a through bill of lading) has been sent or given, the Carrier's liability shall be that of warehouseman only. Except in case of negligence of the Carrier (and the burden of proving freedom from such negligence shall be on the Carrier), the Carrier shall not be liable for loss, damage, or delay occurring while the goods are stopped and held in transit upon the request of the party entitled to make such request. When in accordance with general custom, on account of the nature of the goods, or at the request of the shipper, the goods are transported in open cars, the Carrier (except in case of loss or damage by fire, in which case the liability shall be the same as though the goods had been carried in closed cars) shall be liable only for negligence, and the burden of proving freedom from such negligence shall be on the Carrier.

Sec. 4. No Carrier is bound to transport said goods by any particular train or vessel, or in time for any particular market or otherwise than as required by law, unless by specific agreement endorsed hereon. Every Carrier in case of physical necessity shall have the right to forward said goods by any railway or route between the point of shipment and the point of destination; but if such diversion be from a rail to a water route the liability of the Carrier shall be the same as though the entire carriage were by rail.

* The amount of any loss or damage for which any Carrier is liable shall be computed on the basis of the value of the goods at the place and time of shipment under this bill of lading (including the freight and other charges if paid, and the duty if paid or payable, and not refunded), unless a lower value has been represented in writing by the shipper or has been agreed upon or is determined by the classification or tariff upon which the rate is based, in any of which events such lower value shall be the amount to govern such computation, whether or not such loss or damage occurs from negligence.

When under the terms of the classification or special reduced tariffs, the goods are carried at owner's risk, such conditions are intended to cover only such risks as are necessarily incidental to transportation and shall not relieve the Carrier from liability for any loss, damage, or delay which may result from any negligence or omission of the Carrier, its agents or employees, and the burden of proving freedom from such negligence or omission shall be on the Carrier.

Notice of loss, damage, or delay must be made in writing to the Carrier at the point of delivery, or to the Carrier at the point of origin, within four months after delivery of the goods, or in case of failure to make delivery, then within four months after a reasonable time for delivery has elapsed. Unless notice is so given the Carrier shall not be liable.

Any Carrier or party liable on account of loss of or damage to any of said goods, on reimbursing to the insured the premiums paid in respect thereof, shall have the full benefit of any insurance that may have been effected upon or on account of said goods, so far as this shall not avoid the policies or contracts of insurance.

Sec. 5. Grain in bulk consigned to a point where the Carrier has an elevator or warehouse, or where there is a public or licensed elevator or warehouse, may be there delivered and placed with other grain of the same kind and grade without respect to ownership: Provided that this shall apply to a point of final delivery if it is otherwise expressly noted hereon, unless the grain is not promptly unloaded after written notice of arrival has been sent or given to the person named herein. Grain so delivered shall be subject to a lien for elevator charges in addition to all other charges hereunder.

Sec. 6. Goods not removed by the party entitled to receive them within forty-eight hours (exclusive of legal holidays), or in the case of bonded goods, within seventy-two hours (exclusive of legal holidays), after written notice has been sent or given, may be kept in car, station, or place of delivery or warehouse of the Carrier, subject to a reasonable charge for storage and to the Carrier's responsibility as warehouseman only, or may at the option of the Carrier (after written notice of the Carrier's intention to do so has been sent or given), be removed to and stored in a public or licensed warehouse at the cost of the owner and there held at the risk of the owner and without liability on the part of the Carrier, and subject to a lien for all freight and other lawful charges, including a reasonable charge for storage.

Goods in carloads shipped from a private siding or a station, wharf, or landing, where there is no duly authorized agent, shall be at the risk of the owner until the car is lifted or bill of lading is issued by the Carrier, and thereafter shall be at the risk of the Carrier. Goods in carloads destined to a private siding, or station, wharf, or landing, where there is no duly authorized agent, shall be at the risk of the Carrier until placed on the delivery siding.

All goods shall be subject to necessary cooperage and baling at owner's cost.

Sec. 7. No Carrier shall be bound to carry any documents, specie, or any articles of extraordinary value not specifically rated in the published classification or tariffs unless a special agreement to do so (the duty of obtaining such special agreement to be on the Carrier when the nature of such goods is disclosed herein) and a stipulated value of the articles are endorsed hereon. If such goods are carried without a special agreement and the nature of the goods is not disclosed hereon the Carrier shall not be liable for any loss or damage thereto.

Sec. 8. The owner or consignee shall pay the freight and all other lawful charges accruing on said goods, and, if required, shall pay the same before delivery. If upon inspection it is ascertained that the goods shipped are not those described in this bill of lading, the freight charges must be paid upon the goods actually shipped, with any additional penalties lawfully payable thereon.

Sec. 9. Except in case of diversion from rail to water route, which is provided for in Section 4 hereof, and except as provided hereafter, if any or any part of said goods is carried by water over any part of said route, such water carriage shall be performed subject to the liabilities, limitations, and exemptions provided by statute and to the conditions contained in this bill of lading not inconsistent with such statute or this section, and subject also to the condition that no carrier or party in possession shall be liable for any loss or damage resulting from the perils of the lake, sea, or other waters; or from explosion, bursting of boilers, or breakage of shafts not arising from the negligence of the Carrier, or from any latent defect in hull, machinery, or appurtenances; or from collision, stranding, or other accidents of navigation or from prolongation of the voyage. And any vessel carrying any or all of the goods herein described shall be at liberty to call at intermediate ports, to tow and be towed, and assist vessels in distress, and to deviate for the purpose of saving life or goods.

The term "water carriage" in this section shall not be construed as including lighterage or car ferriage across rivers, or in lake or other harbors, and the liability for such lighterage or car ferriage shall be governed by the other sections hereof.

If the goods are being carried under a tariff which provides that any Carrier or Carriers party thereto shall be liable for loss from perils of the sea, then as to such Carrier or Carriers the provisions of this section shall be modified in accordance with the provisions of the tariff, which shall be treated as incorporated into the conditions of this bill of lading.

Sec. 10. Every party, whether principal or agent, shipping explosives or dangerous goods without previous full written disclosure to the Carrier or its agent of their nature, shall be liable for all loss or damage caused thereby, and such goods may be warehoused at owner's risk and expense, or destroyed without compensation.

Sec. 11. Any alteration, addition or erasure in this bill of lading, if not signed or initialed in the margin by an agent of the Carrier issuing the same, and if not so signed or initialed shall be without effect, and this bill of lading shall be enforceable according to its original tenor.

Ref: 1-B

Sir,

123-6-5
R
EX'D.

Norway House, Man:
27th June 1936.

I beg to forward herewith Voucher No; 580, amounting to \$30.62, in favour of Robinson Little & Co: L'td of Winnipeg, covering the purchase of Window Blinds, Towelling, Knitting Wool &c; for Oxford House U.C.Day School, Jack River R.C.Day School, Cross Lake R.C.Day School, God's Lake R.C.Day School, and Rossville U.C.Day School. Authorities for these purchases are contained in the following Departmental letters for these various schools:-

<u>School</u>	<u>Letter No;</u>	<u>Dated.</u>
Oxford House	123-6-4	22nd April 1936.
Jack River R.C.	123-10-4	11th May 1936.
Cross Lake R.C.	123-9-4	1st June 1936.
God's Lake R.C.	123-13-4	23rd April 1936.
Rossville U.C.	123-8-4	22nd April 1936.

Mr Inspector Hamilton made the purchase of the goods at my request, in Winnipeg, and advises me that the following competitive prices were obtained:-

<u>School.</u>	<u>Eaton's</u>	<u>Robinson Little</u>
Oxford House	1.00	.93
Jack River R.C.	6.70	6.33
Cross Lake R.C.	18.10	17.13
God's Lake R.C.	4.60	3.56
Rossville U.C.	3.45	2.67

NOTE:—Teachers should secure from the Department of Education of the Province in which the Indian School is located, a list of the text books authorized for use in the white schools. In ordering text books only those authorized in this list should be requested.

To avoid delay, teachers should give full particulars regarding each article required.

The name, series, number of grade, and name of author and publisher of all books required should be given as fully as possible.

When ordering kindergarten material, the catalogue number of some well known firm should be given for each article required.

Only one item should be specified on each line of this requisition and no entry should be made under heading "No. Authorized".

PLEASE QUOTE
FILE **19-a**

Norway House, Man:
23rd May 1938.

Sir,

I beg to refer to Mr R.A.Hoey's letter, No; 123-6-5 of the 21st April, authorizing the purchase of three paint brushes for the Oxford House Indian Day School as requisitioned for.

However, the final paragraph of Mr Philip Phelan's letter No; 123-6-4 of the 30th April advises that it will not be possible to purchase the paint requisitioned for, for this school. The paint brushes authorized for purchase will therefore be of no use.

It is a pity that the small amount of paint requisitioned for, for this school cannot be supplied, as this school is perhaps the most depressing place inside, that I have seen, and the painting of it would brighten it up and make a great difference to both teacher and pupils if such could possibly be arranged.

Your obedient Servant

P.G. Lazenby.
Indian Agent.

Dear Sir:

I am in receipt of your letter of the 23rd ultimo with reference to paint requested for the Oxford House Indian Day School.

As you were informed in official letter of April 30 there was no special amount included in our current year's appropriation for paint at this school. We have, however, a small amount that has been unallotted and in view of the representations contained in your letter of May 23 it has been decided to arrange for the purchase of the paint requested on the requisition forwarded to the Department under cover of your letter of March 31.

I am writing Mr. Hamilton and arranging with him to order the paint and forward it to you.

Yours truly,

Philip Phelan,
Chief, Training Division.

Dear Sir:

The Department finds it necessary to return the attached account amounting to \$12.34 in favour of the Hudson's Bay Company. It will be necessary to show the exact dates on which the two Indians were employed, also the rate allowed them per day. It will also be necessary to have them sign the accounts acknowledging receipt of the goods for which the Hudson's Bay Company submit their account.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

1-B

Office of the
Indian Agent.

Norway House, Man.,
25th February, 1941

Sir:

I beg to refer to Mr. R.A. Hoey's letter No. 123-6-5 of the 19th September, 1940, with which was returned my voucher No. 564, for more definite details on the invoice.

The invoice was returned to the Hudson's Bay Company at Oxford House, (where there is no regular mail service), and later on was received back again. However, it was not correct, and had to be sent back again with more explicit instructions as to what was required. I have now received the invoice again, with the details, and stating the days on which the men worked. As to the rate per day, I may say that there was no rate of pay set for the men, but they were offered the goods stated on the invoice, for doing the work of re-roofing the school building.

I therefore beg to re-submit the voucher, with the amended invoice attached.

Your obedient servant,

(Sgd.) P.G. Lazenby,
Indian Agent,

EXD.

Mr. P.G. Lazenby, Indian Agent, Norway House, Man.

On the requisition received from the teacher of the Oxford House Indian Day School it is stated that 12 desks are required. It is extremely difficult to secure these and in addition it is rather expensive transporting them to Oxford House. Would it not be possible to have them made locally by some Indian carpenter? If so, you can arrange for this on the understanding that the work is done at a reasonable cost. You may also purchase the gray paint required for the 650 square feet of flooring.

EX'D.
AOttawa,
May 27, 1943.

Mr. P.G. Lazenby, Indian Agent, Norway House, Man.

I note from your telegram of the 26th instant that it is not possible to make the desks at the Oxford House Day School. On the requisition from the teacher to which reference was made in my letter of April 12, 12 desks were requested, but the sizes were not stated. Single desks can be secured as follows:

Desk No. 5	for pupils	5 to 8	years of age
" No. 4	" "	8 " 10	" "
" No. 3	" "	10 " 12	" "
" No. 2	" "	12 " 16	" "
" No. 1	" "	16 " 20	" "

Please let me know which size is necessary.

R.A. Hoey,
Supt. of Welfare & Training.

EXTRACT FROM MONTHLY REPORT OF DAY SCHOOL ATTENDANCE
Oxford House School - for month of JANUARY, 1946,

This report does not include the children who were in school before Christmas and have not returned, or those who have not been in school at all even though they live on the reserve the whole year. Even now I do not always have enough seats for all. If all the children would come to school they would have to come to school in two or more shifts. Better still, if we got a new school and two teachers.

Ottawa, March 29, 1946.

Mr. E. B. Goodman, Indian Agent,
Norway House, Manitoba.

In her monthly report of attendance at
the Oxford House Indian Day School for the month of January,
the teacher writes as follows:-

"This report does not include the children
who were in school before Christmas and have not returned,
or those who have not been in school at all, even though
they live on the reserve the whole year. Even now I do not
always have enough seats for all. If all the children would
come to school, they would have to come to school in two or
more shifts. Better still, if we got a new school and
two teachers."

Please let me have your comments regarding
the above.

Philip Phelan,
Chief, Training Division.

Indian Affairs Branch, Dep't of Mines & Resources, Ottawa.

Attention Mr. P. Phelan

Re: Oxford House U.C. Indian Day School

I have to hand your letter of March 29th 1946, wherein you request my comments regarding statements made by the teacher Miss Loewen. I sent in a report of a tour of this Agency dated 15 January 1945 under file 21-A which states in part as follows:-

"The school building should be condemned. It is of logs, the ceiling is only 7' from the floor and there is no ventillation. This girl 'Miss Evelyn Loewen' has to walk nearly 3 miles to and from school each day and the weather was around 40 degrees below zero. The Attendance is good."

With regard to Miss Loewen's statement, it is quite correct. She has far more children attending than she can cope with under existing conditions. The building is 20' x 30' with a 7' ceiling and there is absolutely no provision other than the doors and windows for ventillation and with the present overcrowding, it is ideal for the propagation of tuberculosis. It is the opinion of the writer, that as a school building, it should be condemned. There is no teacherage and the teacher who boards at the Mission House, has to walk 3 miles to and from school over rough and exposed country in all kinds of weather. There are enough children of school age on this reservation to warrant the building of 2 day schools and 2 teacherages.

The last time I was in Oxford House, which was March 9th and 10th, the school was so overcrowded that I instructed Miss Loewen to divide all the children of grade 3 and under into 2 groups and alternate them in half day periods.

Ottawa, May 17, 1946.

Mr. E. B. Goodman, Indian Agent,
Norway House, Manitoba.

I have your letter of the 16th ultimo, with reference
to the Oxford House School.

It is evident from your letter that a new school is
required, but owing to conditions over which we have no control
it is not possible for us to provide a new building this year.
Is there any building on this reserve that could be rented,
temporarily? If so, we would be prepared to pay rent for it
and would even spend a reasonable amount of money to put it in
a habitable condition. We would be prepared also to provide
the salary for a second teacher.

When preparing our estimates for the fiscal year
1947-48, attention will be directed to the necessity for
new schools on this reserve.

Philip Phelan,
Chief, Training Division.

Attn: Mr Bernard F Neary

Re: Oxford House Day Schools

In reply to a letter received from Mr Phelan d/ 17 May 46 in which he suggests that I locate a building at Oxford House that could be used temporarily as a day school and he further states that the Department would be prepared to pay rent and would even be prepared to spend a reasonable amount of money to put it in habitable condition and further that the Department is prepared to provide the salary of a second teacher.

While paying treaty at Oxford House I made investigation. The Indians of that band are prepared to lend us their council house for a year to be used as a day school. This building would require a certain amount of work before it could be used for such a purpose, 40 pieces of Beaverboard or Plyboard 4' x 8' estimated cost \$50.00, 800' of rough lumber @ \$30.00 per M, 25 lbs 2" nails, 15 lbs 4" nails, 10 lbs 1" shingle nails, 1 window - 6 light 10' x 12' size of sash 2' x 3' 5" estimated cost \$2.50, labor \$60.00. The cost of freight from Norway House at \$5.00 per cwt would be approximately \$95.00.

\$ 50
25
5
3
60
95
\$ 238

The rough lumber I can provide from the Norway House Mill, the other material will have to be purchased from outside and if this expenditure is approved, in order to save time it would be appreciated if the other materials were purchased through Inspector Hamilton's office, Winnipeg. The beaverboard would have to be cut into 2' x 4' sections and tied in bundles so that it could be stowed in canoes and carried over portages.

There is an oak table and a chair in this building which would do for the teacher, a blackboard could be borrowed temporarily from the existing day school. 30 single desks would be required, 10 large, 10 medium, and 10 small. This building is the same size as the present day school at Oxford House. I have a capable man to look after the work of conditioning this building. This second school is urgently needed on this reservation and if this project is approved I would like to know as soon as possible as there is not much time to get it in condition by Sept 1st.

Mr. E. B. Goodman, Indian Agent,
Norway House, Manitoba.

I have your letter of the 5th instant, with reference to the Oxford House Indian Day School. It is noted that the Band is prepared to loan the Council House for the academic year 1946-47. The approximate cost of the material, including freight, would be \$238.00.

It is noted that you can secure the rough lumber from the Norway House mill. Inspector Hamilton is being requested to purchase the other material in Winnipeg and forward it to you.

The Purchasing Branch is being requested to secure 30 single desks.

I am communicating with Dr. Dorey with a view to securing a second teacher.

Bernard F. Neary,
Supt. of Welfare & Training.

I do not know if the two teachers for this academic year have arrived at Oxford House. The Council House, which is to be used as the 2nd Day School is not yet reconditioned. The 40 pieces of Beaverboard 4' x 8' and the window have not been received. I have written Inspector A. G. Hamilton about this and have asked him if it is possible to hurry the material along.

Exchange of correspondence with Oxford House involves weeks and months. To visit this reservation by canoe would take two weeks the return trip and I do not know when I will have the opportunity to fly there. The only rapid communication I with Oxford House is by H.B. Co radio when it is working. It is all, rather difficult.

Re: Material for Oxford House
Your file 123-6-5 (Wtl) Sept. 10/46

I was not aware of this need until receiving Mr. Goodman's letters dated September 3, 1946. After considerable searching I was promised the material. I placed the order with the Winnipeg Paint and Glass on September 10 for 40 pieces of beaver board 4'x 8, one window six lights 10" x 12", sash 2'4".

I expect the shipment to go north Monday September 16th.

With reference to previous correspondence regarding desks for the Oxford House School, it is regretted that owing to circumstances beyond our control, it will not be possible to obtain the school desks requested by Indian Agent Goodman for Oxford House School.

You should communicate with him at once and if he can obtain lumber etc. to make benches and temporary desks at Norway House you may give him the necessary authority to do so.

On the other hand if lumber etc. will have to be secured in Winnipeg, please make every endeavour to obtain what Mr. Goodman would require and arrange for shipping it before the close of navigation.

Re: Desks for Oxford House-Norway House Agency
Your File 123-6-5 (WT 1) Sept. 23, 1946

In a wire dated September 25 I advised Mr. Goodman that desks were not available and asked if he could obtain lumber. I quote his reply:

"Am having lumber whip sawed suitable for desk and benches for Oxford House School. Have stated prices to be paid for labor have instructed United Church Missionary to pay for same with store orders. This procedure cheaper than shipping lumber to Oxford House this late date. Request from you keg for two and half inch."

In a letter received October 16th Mr. Goodman writes as follows:

Verbal approval of Mr. Goodman
"The second day school at Oxford House is operating in the Council House. They have 37 children attending and they have no desks. The purchase of desks for this school has been authorized and I believe you were requested to purchase same but were unable to do so. If you can purchase the desks prior to January 1st would you please do so and have them sent to Ilford where they can go in by tractor via Johnson Transportation Company."

Moyers advise me they expect a shipment of model W chair desks late in December. There will be sizes:

No.1- Large - No.3 - Medium - No.5 - Small.

I might say the date of arrival is uncertain and these may arrive too late to ship north.

Perhaps the seats could be secured in the East by the Purchasing Agent and shipped to arrive in Ilford

Indian Affairs. (RG 10, Volume 6242, file 530-5, part 1)

Mr. A.G. Hamilton, Inspector of Indian Agencies,
538 Dominion Public Bldg., Winnipeg, Manitoba.

We have your letter of the 30th
ultimo with reference to securing desks for
the Oxford House School.

Manufacturers of desks in this
section of the Dominion will not guarantee
delivery under three or four months. It would
then require additional time for the transpor-
tation of the desks from Ontario to Ilford,
Manitoba.

In view of this situation, it is
felt that you should place the order with
Moyers branch in Winnipeg as if you can
secure them by the end of December, it will
not take so long to have them reach Ilford
from Winnipeg.

Attention: Mr G Armstrong

The following desks did not arrive
this summer for the Oxford House U.C. Indian Day
School #2, as they were not procurable at that time.

10 Large Desks
10 Medium Desks
10 Small Desks

If at all possible to obtain the
a/m desks, could they be shipped to Oxford House
by winter freight via Ilford, Manitoba. Also this
would be a cheaper method than shipping them by canoe
in the summer.

RE: Desks for Oxford House
File 123-6-5 (W.T.1)

On November 19, an order was placed with Moyers
for:

12	Model "W"	Chair Desks	No.1.
12	"	"	No.3.
12	"	"	No.5.

These were to arrive at Ilford January 5th. Moyers
replied as follows:

"We thank you for your order of November 19th. for
12 large Model "W" Chair Desks, 12 medium #3 and 12 small #5
to be shipped to the Oxford House Indian Day School, Ilford,
Manitoba by January 5th.

Advice has been received from our factory that they
expect to be able to make delivery of this order in the 3rd
week in December, provided that something unforeseen does not
happen to hold up present productions, and we will be able to
meet the shipping date of January 5th.

Again thanking you, we remain,"

I have since phoned Moyers office and they state they
can give no guarantee but expect the desks in time to arrive at
Ilford January 5th.

I wired Johnson's Transportation last week and quote
their reply:

"Retel desks should arrive Ilford January 10th at
latest."

I asked Moyers on Saturday to check with the factory
again and they promised to do so. If the desks are available,
they will be shipped for winter freighting otherwise I will be
obliged to cancel the order.

[Handwritten signature: A.G. Hamilton]
A.G. Hamilton
Inspector of Indian Agencies
for Manitoba.

P.S. I just received a telephone call from Moyers that they
expect the seats will arrive in time to reach Ilford
by January 5th.

Memorandum:-

DEPARTMENTAL PURCHASING AGENT

Attached is a voucher covering the cost of desks purchased for the Oxford House U.C. Indian School. Owing to the increased attendance, it was necessary to open a second classroom.

Inspector Hamilton was able to secure these in Winnipeg and have them go forward by winter freight. Please issue purchase order so that the account may be paid. The coding is as follows:- 530-76-12-415.

Bernard F. Neary,
Supt. of Welfare & Training.

AIRMAIL

Ottawa, 30 December 1946.

EXD.

Mr. E.B. Goodman, Indian Agent,
NORWAY HOUSE, Manitoba.

With reference to your letter of Nov. 7 regarding the desks for the Oxford House U.C. School, we are advised by Inspector Hamilton that Moyer School Supply Company have promised to have the desks at Ilford by Jan. 5.

MB
If they arrive by that date, I understand that the Johnson Transportation Company will be able to handle the shipment. It is hoped that they reach you in good condition.

Memorandum

Mr. C.W. Jackson

EXD.
A.

As will be noted from attached papers, Inspector Hamilton purchased thirty-six school desks from Moyer School Supplies Limited, Winnipeg, at a cost of \$637.20. These desks were shipped to Ilford, Manitoba, and thence by tractor freight to Oxford House Indian Reserve.

In this connection I wish to advise that we regularly purchase the same type of desk from the manufacturers, and that the delivered price f.o.b. Ilford, is \$489.72, or \$147.48 less than the price paid by Indian Affairs Branch. However, as the desks have been supplied in good faith by the vendors, I recommend that authority be granted to arrange for payment.

W. M. VINCENT

Acting Departmental Purchasing Agent.

Attention: Mr Bernard F Neary

Re: Oxford House Indian Day Schools

On the 17th May 1946 I received a letter signed by Mr Phelan in which he requested me, when preparing the estimates for this Agency for the fiscal year 1947-8, to draw the attention of the Branch to the necessity for new schools on this reserve.

They have 1 old log school here which is entirely unsuitable and antequated and the 2nd school this year is being conducted in the patched up Council House. It is requested that 2 new schools and 2 teachers residence be built this year, or that the building of them should commence this year. Owing to the geographical location of Oxford House, it will be impossible to do anything until next winter and all the building material necessary could be shipped in by tractor and building could commence the spring of 1948.

Any buildings erected on the inland reservations would have to cover a period of 2 years for the reasons above mentioned.

For the health and well being of the children of this reservation, it is absolutely essential that the new schools be erected as soon as possible, and it is requested that this matter receive your serious consideration.

E. B. Goodman.
E. B. Goodman,
Indian Agent.

Extract from Inspector B. Scott Bateman's
Report, dated February 11th, 1947, regarding
Oxford House Day School #1. Original on
file 1-1-6

File: 123-6-5

The condition of the building is very poor. The building is old, built of logs, and lined with V-joint. The lining is warped, buckled and shrunk, and the loss of heat through the walls and ceiling must be very great. The building was cold, and most of the younger students were blowing on their hands in an effort to warm them. Snow on rubbers under the stove had not melted by recess. Outside wraps were all worn in school.

I understand that the fires are started in the morning by a child from a neighboring home and frequently the fire is not lighted until 15 minutes before school is called. It is therefore impossible for the school to be warmed up until after dinner.

The caretaking is done by the teacher. It is not well done. The school is not attractively decorated. There is little attempt on the part of the teacher to make it attractive. In spite of the teacher's best efforts, it would not be possible to create inspirational surroundings in such a building.

EXD.

Ottawa, February 26th, 1947.

Mr. E.B. Goodman, Indian Agent,
NORWAY HOUSE, Manitoba.

We have your letter of the 11th inst., with reference to the Oxford House Indian Day School. We also received report recently from Inspector Bateman in which he remarks on the bad condition of the present school.

In preparing our appropriation for the fiscal year 1947-48, we were confronted with a very large number of requests from all parts of Canada for new schools. We could only provide for some of them this year and as far as your Agency is concerned, the following amounts are provided in the 1947-48 appropriation.

Jack River C.E. Teacher's Residence	\$3,500.
Cross Lake U.C. School and Teacher's Residence combined	\$8,000.
Island Lake R.C. School and Teacher's Residence combined	\$8,000.

pp

In other words, there is an amount of \$19,500. provided for new school buildings in your Agency during the coming fiscal year.

Owing to the information supplied in the second and third paragraphs of your letter, we would like to know if the conditions at Oxford House apply also to Cross Lake and Island Lake. If so, it might be possible to purchase material for Cross Lake, Island Lake and Oxford House from the \$16,000. available. I presume it will be easier to erect the teacher's residence at Jack River.

Indian Affairs. (RG 10, Volume 6242, file 530-5, part 1)

-2-

We will be pleased to hear further from you offering any suggestions you consider necessary.

In the first part of this letter we referred to report from Inspector Bateman. One of his statements was that the fire in the school is started in the morning by a child from a neighboring home and frequently the fire is not lighted until fifteen minutes before school is called. As a result, it is impossible to heat the school before noon.

The Department feels that this condition, at least, could be remedied and we are prepared to allow a reasonable amount for the balance of this winter for someone who will light the fire much earlier in the morning so that the building may at least be warm when the children arrive at school.

Bernard F. Neary
Supt. of Welfare & Training.

123-6-5
Norway House, Manitoba.
17 March 1947

Indian Affairs Branch, Dep't of Mines & Resources, Ottawa.

Attention: Mr B.F. Neary

I have for ack your letter of Feb 26/47 file 123-6-5(W.T.1) re building of schools and teacherages in this agency, with particular reference to para 4.

The conditions which apply at Oxford House apply also at Island Lake, but not at Cross Lake. If building material is available it will be possible to have it shipped in from Winnipeg to both Norway House and Cross Lake.

It is physically impossible to build a school and teacherage at Island Lake within the 1947-8 fiscal year owing to the transportation difficulties. I would therefore like to suggest that the \$8,000.00 allotted for the R.C. school and teachers residence be spent this summer in acquiring material for Oxford House and Island Lake. This material could be collected and stored at Ilford and sent in by tractor next winter and a similar appropriation next year could be used for the building of the schools and residences.

There are considerable storage facilities at Ilford. The warehouses belong to the God's Lake Gold Mines and I believe are rented by Mr Johnson of Johnson Transportation Co. I will wire him to ascertain if he will warehouse the material we send in during the summer.

E.B. Goodman.

Ottawa, Ont.

Re: School Building Program

On March 18th I wrote Mr. Goodman and
attached is a copy of my letter together with his
reply.

I have made extensive inquiries regarding
experienced working foremen but to date without
success. There is plenty of work in Winnipeg for
experienced carpenters and, generally speaking,
they do not wish to leave the city. I found no
one sufficiently interested to even ask the probable
wage.

Yours truly,

A. G. Hamilton

INDIAN AFFAIRS BRANCH
207-11A.G.

538 Dominion Public Bldg.,
Winnipeg, Manitoba,
March 18, 1947.

Mr. E. B. Goodman,
Indian Agent,
Norway House, Man.

The Department in the 1947-48 estimates have requested funds for the erection of the following:

- looked after*
1. Teacher's residence - Jack River C.E. - \$3,500.00
 2. Cross Lake U.C. One room School and residence - \$8,000.00
 3. Island Lake R.C. One room school and residence - \$8,000.00

The Department would like to know how best this building programme can be carried out. Is there anyone in that country who would take this work on a contract. If not, is there a capable builder who could be hired by the day to supervise? If this is possible is there enough local labor to work under proper supervision?

Ottawa is anxious to obtain the information as to how best these buildings can be erected and your early reply, in duplicate, will be greatly appreciated.

Yours truly,

A. G. Hamilton,
Inspector of Indian Agencies
for Manitoba.

Island Lake R. C. Day School

Your letter of file 9-B of 1 April has
been received.

As soon as the plans and specifications for our new
standard one-room school and residence (combined) are re-
ceived, we will forward you a copy. Then you can look over
the specifications, cross out those which can be supplied
locally by the mill at Island Lake and return it here. We
can arrange the purchase of the other materials required
and have these supplies forwarded to Ilford for shipping
in by winter freight.

We are writing a separate letter about Oxford
House.

Re: Oxford House U.C. Indian Day Schools

Reference your 123-6-5 (W.T.)
April 3rd 1947.

I wish to recommend the building of 2 schools and 2 teacherages on this reservation as the settlement is strung out for miles along the shore of Oxford Lake and the placing of a 2 room school in the centre would impose a considerable hardship on the children living at either end. Two schools could be placed so that no child in this community would have too far to walk. I also recommend that a teachers residence be built for each school.

I would appreciate having the plans of a 2 room school and a 1 room school. The plan I submitted to you for the proposed U.C. School at Cross Lake, I drew from memory of the improved Indian Day School at Fort a la Corne in which at one time I taught.

EXD.

Ottawa, June 20th, 1947.

Mr. E.B. Goodman, Indian Agent,
Norway House, Manitoba.

Oxford House U.C. Indian Day Schools

Reference your 15-A of June 9

Your recommendation that two schools should be built at Oxford House has been noted. It will be necessary, therefore, to include in your estimates for next year the construction of two standard combined one room schools and teachers' residences at this reservation. It is suggested that you either call them Oxford House No. 1 and Oxford House No. 2 or apply some local name to the second school so that they can be readily differentiated.

As it will be almost impossible to have a Surveys and Engineering Official go into Norway House to actually locate these schools, it will be necessary for you to carefully investigate the sites on which they can be situated. In this regard may I say that we hope to have Major Clark, our Educational Survey Officer visit your Agency in late August or early September.

Would you please advise a date which would be most suitable for you to visit with him the schools in your Agency and to formulate together a plan for a future building programme required by your Indians.

We have forwarded to you a plan of the combined one room school and residence. It is hoped to have the two room school plan completed by the end of this month when one will be sent to you.

EX'D.
A.

Dear Mr. Goodman:

Now that I have orders to be at Norway House on September 6th, I am considering how to get from Winnipeg to Norway House. The question may be answered more easily if you can tell me now the place from which the plane which you have been authorized to charter will start. If the plane is to come from The Pas, I could get there before it starts for Norway House, provided you can tell me well in advance whose plane it is and when it will start; similarly I could join the plane leaving from Winnipeg. If neither of these courses is possible, I shall have to take the extra time to come north on the S.S. west Kenora.

Although the tourist season will be practically over by that time, the last wave of prospectors and trappers may use up all the hotel accommodations and so I am requesting you to ensure that in advance. To cover all eventualities, I shall bring along a sleeping bag.

Yours sincerely,

C.A.F.C.

C.A.F. Clark,

AIRMAIL

Ottawa, August 11, 1947.

Mr. E. B. Goodman, Indian Agent,
Norway House, Manitoba.Oxford House Indian Day School

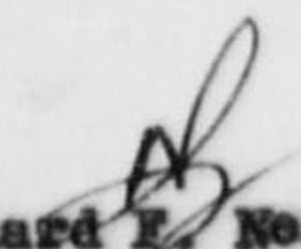

Purchase Order 19944 -

EX'D.
A.

In attempting to speed up delivery of supplies for the above school, we wrote directly to the Dominion Lumber and Fuel Company in Winnipeg. We have now received an answer from them reading as follows:-

"Replying to yours of the 5th, re the above, this order was all shipped in June with the exception of the doors, door frames and combination doors and the hinges. We have been tied up on the supply of these items but we propose to ship them early next week, thus completing the order. We propose shipping the outside doors, door frames and combination doors, 2/8 x 6/8 instead of 2/10 x 6/10. We think that this will be satisfactory in a building of this kind and feel that we should complete the order instead of waiting for the 2/10 which may hold the order up further. If this is not satisfactory, kindly let us know by return airmail."

Would you please advise, by telegram, if the above arrangement is satisfactory, so that we can advise the fuel company.

Bernard E. Neary,
Supt. of Welfare & Training.

#2 Indian Day School - Council House Oxford House

As you may recall we acquired the loan of this Council House for a period of 1 year provided we did some repairs and improvements on it. These improvements were carried out. At a meeting of the band held 5 Jul 1947 I requested the band to loan us the Council House for another year as there was no immediate prospect of building a new school. This they were willing to do provided the Department shingled the roof of the building, the roof leaks badly and this repair is urgently needed. I told them that this would be done.

OK
It will require 50 bundles of shingles @ \$2.50, 22 lbs shingle nails, and \$50.00 for labor. May I have authority to go ahead with this project - I can supply all the material locally. An Accountable Advance of \$175.00 is requested.

Asst. Director,
Indian Health Services,
Dept. National Health & Welfare,
Ottawa, Ontario.

Dear Sir,-

Under date December 22nd, 1947, we received your cheque No. B22-3471, for \$840.00 the voucher showing that it was for our invoice of Nov. 5th, for transporting Mr. Clark, Dr. Corrigan, Mr. Goodman, and others. It would appear that there is a discrepancy here, as on Sept. 17th we invoiced you for this trip, in the amount of \$877.50.

Will you kindly advise as to the difference in the amounts above stated.

Yours very truly,

Norway House, Manitoba,
18 October 1948.

Chief Treasury Officer, Indian Affairs Branch, Ottawa.

Enclosed herewith are this Agency's Credit Vouchers covering various accounts for the month of September numbering 976 to 987 inclusive.

It will be noted that Administration, Freighting, Medical and Schools Account all show a debit balance. This office has requested a further advance of \$2,500.00 from the Medical Branch and I would request that an advance of \$800.00 be made for Administration, \$200.00 for Freighting, and \$200.00 for Schools Account to be deposited to the Norway House Indian Agency Trust Account, Bank of Montreal, Winnipeg. Would you kindly inform this office when these deposits are made and specify accounts.

It will be noted that Cash Advance made for Nursing Stations being constructed in this Agency are not covered with Credit Vouchers. To date Labor Returns have not been completed covering any of these advances but if at all possible these will be picked up from Inland Reserves and forwarded before close of navigation.

October 27, 1948.

Mr. F. M. Hughes,
In charge, Indian Agency,
Norway House, Manitoba.

Oxford House Indian Day School.

You will recall our recent conversation in Winnipeg with regard to the day school construction program in your agency for the 1949-50 fiscal year. The program falls into three main phases:

- (a) The construction of a day school or day schools at Oxford House.
- (b) The construction of a teacherage at the Island Lake R.C. School.
- (c) The moving of a building from the God's Lake Mine to God's Lake Narrows to replace the old school at present in use there.

You will receive separate letters concerning projects (b) and (c). I am anxious to settle in the near future as to whether we will build the usual type of day school at Oxford House or whether we will erect prefabricated buildings.

I understand the following situation exists at Oxford House:

There are two schools in operation at present:

- (1) Oxford House No. 1. This is in the old building situated near the nursing station. I am informed that the nursing station has been built with extra accommodation for the teacher of this school. This would

(copy sent to Mr. DAVIS)

Indian Affairs. (RG 10, Volume 6242, file 530-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Pool Copy

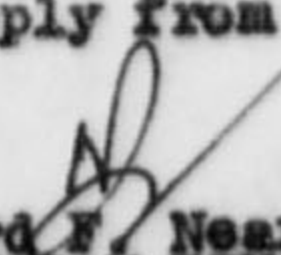

mean that a school without a teacherage would be required to replace the old building presently used. Unfortunately, we have no bill of materials prepared for a standard one-room school without a teacherage. Because of other more urgent work being done by our Architects and Engineers, it is most unlikely that we will be able to prepare such a bill of materials see some months to come. It may therefore be necessary to consider the purchase of a prefabricated building (without a teacherage) at this point.

- (2) Oxford House No. 2 Indian Day School. This school is being conducted in the renovated council house. My information is that it is some distance from the first school but I have no details. Unfortunately, Mr. and Mrs. Reynolds have never completed the annual day school teacher's report as required (see March 1948 issue of the Indian School Bulletin). As a result, our information on the situation at Oxford House is very poor.

It would seem that a standard one-room school with attached teacher's quarters would be required at this point. This school would be identical to that being constructed now at Island Lake, for the United Church Mission area. We do have a bill of materials for such a building and we could arrange to ship in these materials during the coming winter. However, in view of the fact that we may have to order a prefabricated building for Oxford House No. 1, you may want to consider the provision of a prefabricated building also at Oxford House No. 2. These buildings would differ in that Oxford House No. 1 would have no attached teacher's residence.

Finally, there is the possibility that a two-room school would serve this area better than two 1-room schools. Unfortunately, we have no exact details as to the distances involved and therefore it will be necessary for you to make a recommendation concerning this.

We will anticipate a reply from you covering the points raised above.

Bernard F. Neary,
SUPT. OF INDIAN EDUCATION.

PLEASE QUOTE
FILE _____

Noway House, Dec 14/48.

Indian Affairs Branch, Dept of Mines & Resources, Ottawa, O't.

I have your letter 123-6-1 (E) of Oct 27/48 with reference to building program for new schools this coming year.

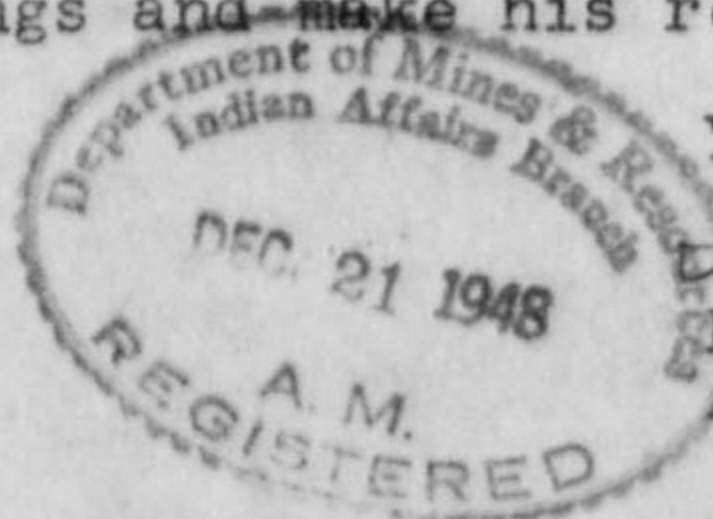

Oxford House I.R. as you know is being taken, or is already taken out of this Agency but I will give any information I can that might be of help to the Department and the new Supt at Ilford.

In my opinion two separate schools should be built at Oxford otherwise many of the pupils would have too far to walk. Your information re No. 1 school is correct excepting that I doubt very much if we can depend on getting accomodation for the Teacher at the Nursing Station. If Mr & Mrs Reynolds intend staying at Oxford for another year or two then no residence need be built at No.1 school as Mr Reynolds teaches there and his wife teaches No.2 and they both live in the United Church residence. During Mr Neary's visit to Winnipeg the question of material being manufactured at Island Lake sawmill for these schools was mentioned. This can not be done for a 1949 building program as the lumber would have to be made during 19 49 and freighted ~~from~~ Oxford to Island during the winter of 1949-50. If, as stated, these building are to be provided in 1949 then possibly prefabricated building would be better.

With reference to a building to be moved from God's Lake mine to God's Narrows, I reported nothing suitable but Mr Davis states that there is one near the lake which I possibly missed or thought was Occupied. It might be well to have the Supt from Ilford look over these buildings and make his recommendations.

Yours truly,

E. M. Hughes,
Acting Supt.

Indian Affairs. (RG 10, Volume 6242, file 530-5, part 2)

for

OXFORD HOUSE - 5

Original on 513-5

(E)

December 21, 1948.

Mr. R. S. Davis,
Regional Supervisor of Indian Agencies,
538 Dominion Public Building,
Winnipeg, Manitoba.

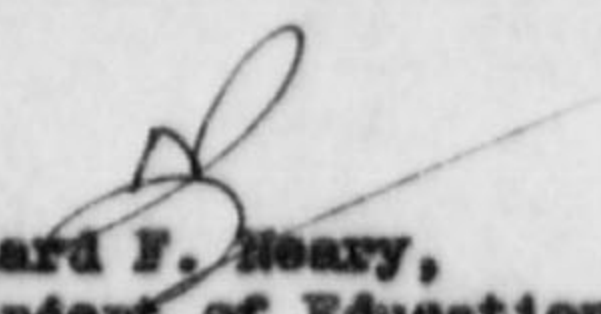

God's Lake Narrows Indian Day School.

Reference your 207-4B of November 15

Immediately your letter was received here, we began to prepare an outline design for a one-room Indian Day School with attached teacher's residence which could be erected at a lower cost than the present building.

This building will not have a full basement and will be heated by stoves and not by a furnace. It should, therefore, be much easier to erect and will serve our needs in the more northerly areas, where it is often difficult to put in a full foundation.

I have been advised by our Chief Architect that he expects the first set of these plans to be ready about the middle of January. I hope that I will have a chance to show them to you during your visit here. A bill of materials is also being prepared so that we can order the necessary building supplies for both God's Lake Narrows and for Oxford House. In the meantime, we would appreciate full shipping instructions for the supplies to be forwarded to Mr. Bennett at God's Lake.

Bernard F. Heary,
Superintendent of Education.

Jan. 18, 1949.

Colonel Neary:

Oxford House Schools:

Photo No. 1., looking west (9 A.M.) shows the east side of the original (No. 1) school, and the front door of the recently built nursing station. The lake is just to the right, down a high bank.

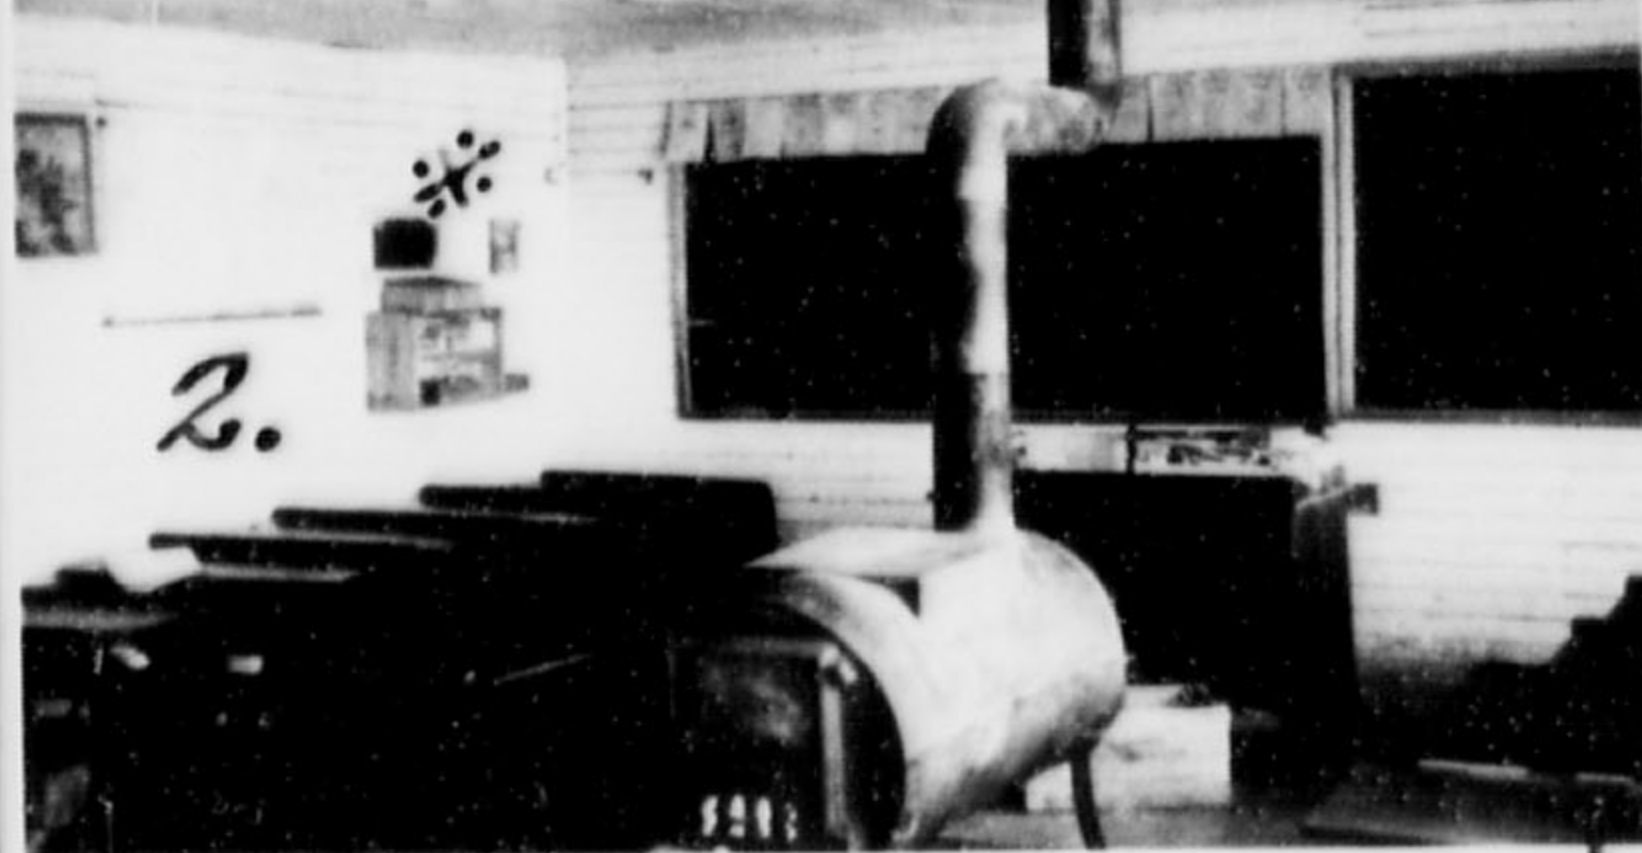

Photo # 2 shows interior of school. A ventilator which should be properly covered is marked *.

The former agent, Mr. E. B. Goodman, began some repairs which as of Dec. 10, 1949 were incomplete. Note the new heater, not installed. This school is usable.

A more urgent replacement is indicated in Photo # 3 (of the Council House) which we borrow for school purposes. My previous report is on the closed file of 530-5 (123-6-5).

No. 2 School OXFORD HS
When travelling conditions overland are at their best, there is about $1\frac{3}{4}$ to 2 miles to walk from one school to the other. At certain seasons a marsh causes one to take a roundabout route said to require almost an hour's walk. No 2 school is west of No. 1.

A two-room central school is not the present answer. School accommodation is requested in the No. 2 area and should be built in the area (or not far therefrom) indicated in red in photo # 3.

One teacher could board at the nursing station and one at the mission (V.C.) house — the photographer is standing about fifty yards west of the mission house for photo # 3 — if non-teaching missionaries should occupy the mission.

3 Casement	3	10" x 14"	3 "	1-3/8"

Casement sash to be hinged at bottom.
All sash to be glazed at factory with 24 oz. glass and fixed with sprigs and putty. Glass may be shipped separately if more convenient for transportation.

STORM SASH

Provide Storm Sash for all windows 1-3/8" thick with 2" stiles and head and 3" bottom rail. Put 1 1/2" x 9" vent slot in bottom rail with 3/8" swivel cover. Horizontal intermediate bar to be in line with meeting rails of window. Sash glazed with 24 oz. glass, bedded in Putty.

FLY SCREENS

Provide Fly Screens for all windows 1-1/8" thick with 1-7/8" stiles and head and 2 1/2" bottom rail. Fasten 10 x 10 galvanized wire mesh on outside face of screen with 5/8" half round cover stops on face around inner edge of frame.

DOOR FRAMES

Frames of doors at front and rear entrance and doors to cloak room and living quarters to be constructed with $1\frac{3}{4}$ " thick stiles and heads rebated $\frac{1}{2}$ " for $1\frac{3}{4}$ " thick doors. Outside door frames to include $1\frac{1}{8}$ " x $3\frac{3}{4}$ " outside casings and $1\frac{3}{4}$ " sloped sills.

INSIDE JAMB LININGS

4 pcs. $3\frac{1}{4}$ " x 6" x 16'-0" Inside door jamb linings
4 " $1\frac{1}{2}$ " x $1\frac{1}{2}$ " x 16'-0" Moulded stops

DOORS

1 Front Door $3'-6"$ x $7'-0"$ x $1\frac{3}{4}"$ 3 moulded panels glazed as shown
1 Rear Door $3'-0"$ x $7'-0"$ x $1\frac{3}{4}"$ 3 moulded panels glazed as shown
2 Doors $3'-0"$ x $7'-0"$ x $1\frac{3}{4}"$ to classrooms - 3 moulded solid panels.
2 Doors $3'-0"$ x $7'-0"$ x $1\frac{3}{4}"$ to Corridor from vestibule. 3 moulded panels glazed similar to outside doors.
1 Door $3'-0"$ x $7'-0"$ x $1\frac{3}{4}"$ to living Quarters 3 moulded solid panels.
2 Doors $2'-8"$ x $6'-8"$ x $1\frac{3}{8}"$ 3 plain solid panels.
1 Door $2'-4"$ x $6'-8"$ x $1\frac{3}{8}"$ 3 plain solid panels.

Glazed doors to have 26 oz. clear glass with moulded stops.

INSIDE WALL and CEILING FINISH

15 pcs. $4'-0"$ x $10'-0"$ x $\frac{3}{8}"$ Plywood below chair rail in classroom.
65 " $4'-0"$ x $10'-0"$ x $\frac{3}{8}"$ Plaster board with all bevelled edges.
75 " $4'-0"$ x $8'-0"$ x $\frac{3}{8}"$ Plaster board with all bevelled edges.

Sufficient tape and cement for joints.

MINERAL WOOL INSULATION.

1800 pcs. $15"$ x $23"$ x $3\frac{5}{8}"$ Mineral wool batts

BUILDING PAPER

6 rolls $15\#$ per square Asphalt impregnated felt for over roof boarding.
5 " $12\#$ per square Asphalt impregnated felt for outside of outside sheathing.
1600 sq. ft. $12\frac{1}{2}\#$ per sq. Waxcraft paper between rough and finished floors.

FINISHED HARDWARE

Door Hinges

- 4 Pairs $4\frac{1}{2}$ " x 4" Fixed-pin brass plated butts with screws.
3 Pairs $4\frac{1}{2}$ " x 4" Loose-pin brass plated butts with screws.
3 Pairs $3\frac{1}{2}$ " x 4" Loose-pin brass plated butts with screws

Door Locks

- 4 Sets Bit key front door sets with latch operated by knob either side and dead bolt by key either side. No stops in face of lock. Lock with iron case, brass front, strike and bolt, reversible latch - size about 5" x $3\frac{1}{2}$ " x $\frac{3}{4}$ " complete with brass knobs, escutcheons, keys, screws, etc., for front and rear outside doors and inside door to corridor.
- 1 Set Cylinder door lock with brass dead bolt, reversible latch, brass front and strike and swivel spindle and stops in face for locking outside knob - size about 5" x $3\frac{1}{2}$ " x $\frac{3}{4}$ " complete with brass knobs, escutcheons, keys and screws, etc., for door to living Quarters.
- 4 Sets Mortise locks, with iron case wrought steel front, cast iron bolt - one tumbler, reversible, size about 4" x $3\frac{1}{2}$ " x $\frac{5}{8}$ ", complete with brass knobs, escutcheons, keys and screws, etc., for bed room and kitchen doors, and classroom doors.
- 1 Set Mortise lock, same as for bed room, latch by hand knob outside and by thumb knob inside, bolt by key from outside, complete with brass knob, escutcheons, keys, screws, etc., for clothes closet.
- 1 Set Front entrance door check and spring, with all necessary required brackets, screws, etc., for door to open out. Check to be sized according to door weight.

WINDOWS

Hinges

- 3 pair 3" x $2\frac{1}{2}$ " Loose-pin steel butts with screws for class-room casement windows.
- 3 only $2\frac{1}{4}$ " x 2- $\frac{1}{8}$ " Loop pull transom catches with strike and screws for classroom casement windows.
- 2 only Sash pulls for $\frac{5}{8}$ " diameter pole - Cast iron, brass finish, $2\frac{1}{2}$ " long, for opening casement sash and upper sash classroom windows.

Mr. J. H. Staunton,
Superintendent,
Nelson River Indian Agency,
Ilford, Manitoba.

Oxford House Indian Day School.

GOD'S LAKE Narrows Indian Day School.

In view of the fact that the above two schools are now located in your Superintendency, please be advised that we are requesting the Departmental Purchasing Agent to buy the necessary materials for the erection of low cost one-room Indian day schools and attached teacher's quarters for each of these reserves.

We will be writing further to you with regard to the erection of these schools but in the meantime we wish to advise that these materials will be reaching Ilford for transshipping by tractor train. Please find attached, therefore, the requisitions sent to the Departmental Purchasing Agent, on which you will note the addresses. I would particularly request that in the case of the God's Lake Narrows School you make certain that the supplies are taken by tractor train to God's Lake NARROWS and not to God's Lake MINE. To make certain that this school is built on the site previously selected by our Educational Survey Officer, I have had him prepare the attached map, which I would ask you to deliver to the Tractor Train Superintendent, so that the materials will be near the site of the school.

With regard to Oxford House School, I have had a similar diagram prepared. You will note that we are replacing

the Oxford House No. 2 School only this year (that is the school at present operated in the old council house).

If the above instructions are not clear in any way, please do not hesitate to write for further details.

I am also attaching a copy of the standard bill of materials for this school so that you will know what has been ordered, and also a blueprint of the building which we intend to erect.

Encl.

Bernard F. Neary,
Superintendent of Education.

OXFORD HOUSE

New one-room school with attached teacherage to permit return of Council Hall to land.

Departmental officials to consult with missionary, (Rev. H. M. Reynolds) and with Chief Thomas as to best point south of Council Hall for actual site of new building.

It may be necessary to dissuade Indians from building homes south and southeast of Council Hall. Some logs are presently piled on the area selected by the former agent for school purposes. Letter to Mr. Reynolds on 150-101

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL.

The undersigned has the honour to report:

THAT funds are provided in the 1948-49 appropriation, Indian Affairs Branch, Mines and Resources, to purchase materials for the erection of the following one-room Indian Day Schools and teacher's residences on the Indian Reserves shown below in the Norway House Agency, Province of Manitoba;

- (1) God's Lake Narrows
- (2) Oxford House

THAT these materials require to be shipped in now to the sites of the schools by tractor train so that erection can be carried out next summer;

THAT these schools will be erected by local Indian day labour under the supervision of a foreman carpenter;

THAT every endeavour has been made to obtain quotations from various firms for the materials required for the building;

THAT only two firms have submitted complete tenders for all materials required:

- (1) Monarch Lumber Company Limited, Winnipeg, Manitoba, have quoted \$14,236.52 f.o.b. Ilford, Manitoba.
- (2) North American Lumber and Supply Company Limited, Winnipeg, Manitoba, have quoted \$11,670. f.o.b. Winnipeg, Manitoba.

THAT the officials concerned consider that the price quoted by the North American Lumber and Supply Company Limited to be the lower of these two in spite of the varying f.o.b. points of origin;

The undersigned, therefore, recommends that authority be granted for the acceptance of the tender of the North American Lumber and Supply Company Limited to supply the materials necessary for the erection of these two schools and on which they have quoted a price of \$11,670. f.o.b. Winnipeg, as it is necessary for the materials to be purchased now in order that the erection of the building of these schools can be carried out this summer.

Respectfully submitted,

BVN/HH.

Minister of Mines and Resources.

Axford House, Man.,
February 7, 1949.

C.A.F. Clark,
Educational Survey officer,
Dept. of mines and Resources,
Indian Affairs Branch,
Ottawa. Ontario.

Dear Mr. Clark:

I was very happy to get your letter re -
the new school and teacherage to be built here
next summer.

I am submitting to you for your approval
an alternative plan, placing the school and
teacherage just north of the council house; on what
is at present church property. I have spoken to
Dr. Best, our Superintendent of Home Missions
concerning this and he was in favor of the
use of this ground for this purpose.

Mr. Goodman may not at the time of
choosing the site have thought of using this
piece of property. The playground is ready and the
gardens can be easily spaded.

I am very much in favor of getting the school
and playground away from the homes of the Indians
as much as possible.

The present mission house and old warehouses
behind are being torn down and taken away this
year, so that the buildings are well separated but
not too far apart. Hoping that this will meet
with your approval; I remain -

Sincerely yours,
H. M. Reynolds.

P.S. Cheques arriving fine now, thanks.

Colonel Neary:

Oxford House School #2 - Proposed site:

Reference is to Mr. Reynolds' letter of Feb. 7 and to his diagram.

The official survey of the reserve (Blueprint No. T2131 of 1924) shows the United Church property to be a patch of land 9.19 chains by 8.41 chains.

As Mr. Reynolds can claim a longer period of residence at Oxford House than any of our present officials I am satisfied that his suggestion should receive the fullest consideration. Actually the distance involved in the change of site is not significant. If the Church will sell the land, we might anticipate the formalities and direct that the building materials be piled approximately a hundred yards north of the point indicated on my diagram of Jan. 27.

Rev. G. Dorey, D.D.,
Ontario Board of Home Missions,
United Church of Canada,
299 Queen St. West,
Toronto, Ontario.

Dear Dr. Dorey:

As you are aware, it is our intention to erect a new day school at Oxford House this summer. Materials have been ordered and we hope to have them sent to Oxford House by winter freight.

Recently we received a letter from Rev. H.M. Reynolds, suggesting that instead of erecting the building on a site previously proposed, it be built on a section of the United Church property. Attached is a rough sketch of your property at Oxford House, and in his letter, Mr. Reynolds suggests the school be built on the present site of the building marked "Teacherage".

We have no objection to this but we would like to be able to obtain title to the piece of land on which the school is erected. Colonel Neary is absent from the office this week, but will be back on Monday and if it is possible to have your reply by that time, we would appreciate it.

Yours truly,

Philip Phelan,
Chief, Education Division

PRIVY COUNCIL

CANADA

Certified to be a true copy of a Minute of a Meeting of the Committee
of the Privy Council, approved by His Excellency the Governor
General on the 8 FEBRUARY 1949

The Committee of the Privy Council have
had before them a report, dated 4th February, 1949,
from the Minister of Mines and Resources, representing:

That funds are provided in the 1948-49
appropriation, Indian Affairs, Branch, Mines and Resources,
to purchase materials for the erection of one-room Indian
Day Schools and teacher's residences on the following
Indian Reserves in the Norway House Agency, Province of
Manitoba:

- (1) God's Lake Narrows
- (2) Oxford House

That these materials require to be shipped
in now to the sites of the schools by tractor train so
that erection can be carried out next summer;

That these schools will be erected by local
Indian day labour under the supervision of a foreman
carpenter;

That every endeavour has been made to obtain
quotations from various firms for the materials required
for the building;

That only two firms have submitted complete
tenders for all materials required:

- (1) Monarch Lumber Company Limited, Winnipeg,
Manitoba, have quoted \$14,236.52 f.o.b.
Ilford, Manitoba.
- (2) North American Lumber and Supply Company
Limited, Winnipeg, Manitoba, have quoted
\$11,670. f.o.b. Winnipeg, Manitoba.

That the officials concerned consider the
price quoted by the North American Lumber and Supply
Company Limited to be the lower in spite of the varying
f.o.b. points.

The Committee, therefore, on the recom-
mendation of the Minister of Mines and Resources, advise
that authority be granted for the acceptance of the
tender of the North American Lumber and Supply Company
Limited, in the amount of \$11,670. f.o.b. Winnipeg, for
the supply of the materials necessary for the erection of the
abovementioned two schools.

A. M. Stice
Asst Clerk of the Privy Council.

Indian Affairs Branch,
Department of Mines and Resources,
O t t a w a, Ontario.

Dear Mr. Phelan:

Re: Norway House - Oxford House
(Your File 530-5 - E.1)

I have your letter, enclosing sketch of the property, and note that Mr. Reynolds suggests that the school be built on a section of United Church property. I am afraid that we have no title to this property and are simply there on sufferance; but I would suggest that you discuss the matter with Mr. Allan of the Reserves and Trusts, to ascertain just the legal rights in the matter. If it would be found that we are occupying land on licence, I presume that all you would need would be our approval to take part of it, and I have no doubt that this would readily be granted.

I shall be glad to hear further from you.

Yours sincerely,

GD.MLT

✓
✓
Mr. J.H. Staunton,
Superintendent, Indian Agency,
Ilford, Manitoba.

Enclosed is a rough sketch of the situation of different buildings at Oxford House. You will note the space marked "X". This was the site of the former teacher's residence, and we have had representations to the effect that it is the most desirable site on which to erect the new school. The land for the school which is at present owned by the United Church of Canada, will be transferred to this Branch.

✓
The Departmental Purchasing Agent has already placed the order for the materials, and you should inform the operator of the tractor train that we wish the materials placed on the site marked on the enclosed sketch.

✓
Bernard P. Neary,
Supt. of Indian Education

PP/ST
Encl.

✓
✓
E. Nothing further.
Dr. Doley contradicts (one folio down) the assumption of Dr. Best & Mr. Reynolds and the map of the reserve T 2131 as interpreted by me.
I suggest that "Reserve" be asked to confirm title. It makes little difference, however. The choice of site remains good. Case 10/3

June 2, 1949.

MEMORANDUM

Mr. R. A. Gibson,
Director,
Lands & Development Services Branch.

By P.C. 876 dated the 30th day of April, 1930, 1,249 acres in the Province of Manitoba, as shown on a plan of survey by C.A.R. Lawrence, D.L.S., of record in the Department of the Interior under No. 37067, was withdrawn from the operation of Section 74, Chapter 113, R.S. 1927, and was set apart for the use of the Oxford Lake Band of Indians as Oxford Lake Indian Reserve No. 24.

An examination of the said plan will doubtless disclose that a small area adjacent to the Reserve boundary was surveyed and designated as "Methodist Mission". We are anxious to secure part of the said "Methodist Mission" for Indian school purposes and assumed that the Board of Home Missions of the United Church of Canada were the owners, but they have advised that in so far as they are aware they were never given title, their occupation being at pleasure only.

In view of the foregoing I would be pleased to have you advise whether your records show title to the Methodist Mission land as being in the Crown Dominion and if so, whether part thereof could be made available to this Branch for school purposes with the consent of the aforementioned Board of Home Missions.

W. H. Gibson
Director.

AIRMAIL

, April 11, 1949.

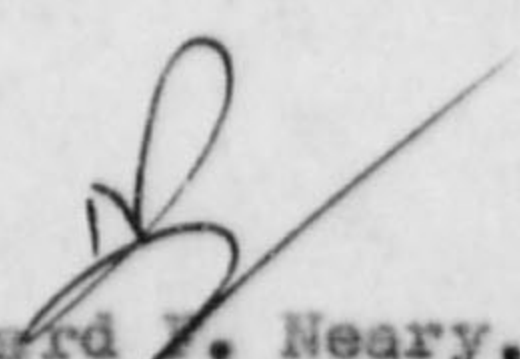

Mr. R.S. Davis,
Regional Supervisor of Indian Agencies,
538 Dominion Public Bldg.,
Winnipeg, Manitoba.

God's Lake U.C. Indian Day School
Oxford House No. Indian Day School
Ref. your 200-4A of April 2

We have checked our files to ascertain the number of days for which we paid Mr. McRae in constructing the Little Grand Rapids School. In erecting a pre-fabricated building there, it took him 106 days. It will presumably take him just as long, if not longer, to erect these two schools, and he will probably need a larger working force. Therefore, there is every possibility that with a large daily labour bill, board bills and transportation expenses, his tender will exceed the \$6,000.00 figure quoted by Mr. Sabiston.

Will Mr. McRae submit a firm tender for the erection of this building? If not, then we feel that a time limit of 100 days should be placed on each of these projects, otherwise the Department will be paying a daily board and labour bill of about \$50.00 a day while these carpenters take their time over completing the school.

Would you please discuss both the firm tender figure and the time limit with Mr. McCrae and advise us as soon as possible concerning the decision reached.

Extract from Regional Supervisor Davis' report dated January 4, 1949 on the Oxford House Indian Day School.

Conditions at Oxford House were very good. The Indians were getting plenty of fish and meat, and were on the traplines. We have two schools at this point, which are situated three miles apart. One is taught by Mrs. Reynolds and the other by Mr. Reynolds, the Missionary, who are both permit teachers. Mrs. Reynolds had 50 pupils on the roll and 28 in the class at the time of my visit to the school.

When I visited the school taught by Mr. Reynolds it was early in the morning and the children were just starting to arrive. These are fairly old buildings, but in fair condition, as they have recently been whitewashed and cleaned up.

Lighting in both schools was very poor. This is a point where we intend building a new school next year.

Ottawa, June 22, 1949.

Memorandum:

DEPUTY MINISTER.

God's Lake Indian Day School, Oxford House Indian Day School.

Nelson River Indian Superintendency.

The above two schools are included in our building programme for 1949-50. It is our intention to follow the same plan for each school. Due to transportation difficulties in the summer, it was necessary to arrange to ship all building materials by tractor train during last winter to the two school sites.

Mr. Regional Supervisor Davis has been approaching contractors who specialize in construction work in Northern Manitoba. As a result, he has been able to obtain the following labour tenders for the construction of these two schools:

<u>Contractor</u>	<u>God's Lake</u>	<u>Oxford House</u>
Elmer Sabiston, Winnipeg, Man.	\$5,000.00	\$5,000.00
Matthews Construction Co., The Pas,	5,900.00	5,900.00
Emory Brothers, Flin Flon, Man.	6,800.00	6,800.00

I have therefore prepared a Memorandum to Council recommending the acceptance of Mr. Sabiston's tender. At first there was some doubt in the mind of our Regional Supervisor as to the financial ability of Mr. Sabiston to carry out both these projects. However, the Superintendent of Education has recently discussed this

- 2 -

matter by long distance with Mr. Davis and is assured that Mr. Sabiston now has the necessary funds. In fact he has forwarded a security deposit cheque in the amount of \$1,000.00.

I would therefore recommend the forwarding of this submission to the Clerk of the Privy Council.

PRIVY COUNCIL

CANADA

Certified to be a true copy of a Minute of a Meeting of the Committee

of the Privy Council, approved by His Excellency the Governor

General on the 6 JULY 1949

JUL 8 1949

Mines & Resources

The Committee of the Privy Council have had before them a report dated 22nd June, 1949, from the Minister of Mines and Resources, representing:

That it is immediately necessary, and funds are provided in the 1949-50 estimates, Vote 230, Indian Affairs Branch, Department of Mines and Resources, to complete the erection of one-room Indian Day Schools on the God's Lake Indian Reserve and on the Oxford House Indian Reserve, both in the Nelson River Indian Superintendency in the Province of Manitoba;

That it is essential that educational facilities be provided for the Indian children on the God's Lake Reserve and on the Oxford House Reserve;

That Section 36 of the Public Works Act, Chapter 166, R.S.C. 1927, provides in part as follows:

"Whenever any works are to be executed under the direction of any Department of the Government the Minister having charge of such Department shall invite tenders by public advertisement for the execution of such works except in cases (a) of pressing emergency in which delay would be injurious to the public interest.....";

That the building materials for these schools have already been purchased and have been shipped by tractor trains to the sites of both schools;

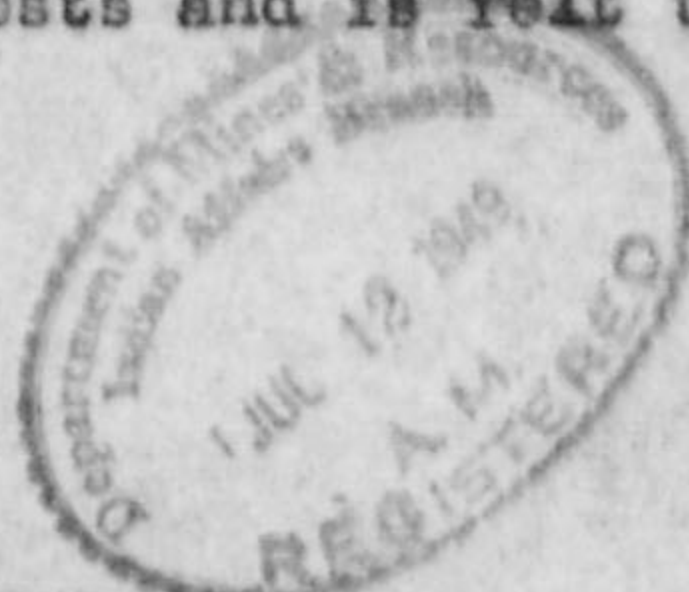

That, due to the very isolated situation of both these Indian reserves, there are few builders or contractors in the area and outside contractors are not interested in tenders if invited as aforesaid, as they have all the work they can do in their own localities;

That, as the result of enquiries made by field officials of the Department of Mines and Resources the following labour tenders for the erection of these buildings have been obtained:

<u>Contractor</u>	<u>God's Lake</u>	<u>Oxford House</u>
Elmer Sabiston, Winnipeg	\$5,000.00	\$5,000.00
Matthews Construction Co.		
The Pas,	5,900.00	5,900.00
Emery Brothers, Flin Flon	6,800.00	6,800.00

That the lowest tenderer, namely Elmer Sabiston, of Winnipeg, has produced evidence to the effect that he will build these schools in a satisfactory way. His tender covers all transportation and boarding costs and is felt to be fair and reasonable.

The Honourable
The Minister of Mines and Resources

Indian Affairs. (RG 10, Volume 6242, file 530-5, part 2)

The Committee, therefore, on the recommendation of the Minister of Mines and Resources, advise that authority be granted for the erection of the God's Lake Indian Day School and the Oxford House Indian Day School by Mr. Elmer Sabiston, of Winnipeg, Manitoba, at the price of five thousand dollars (\$5,000.00) for each project, this being the most suitable arrangement possible at the present time and it being essential that this work be undertaken at once and carried on to completion in order to provide educational facilities for the Indian children on these reserves in time for school opening in September.

Labour Contract
~~Day Labour Contract~~

DEPARTMENT OF MINES & RESOURCES
INDIAN AFFAIRS BRANCH

CONTRACT AGREEMENT

THIS AGREEMENT made (in triplicate) the
..... day of in the
year Nineteen Hundred and A.D.

BETWEEN

..... **Elmer Sabiston, Winnipeg, Manitoba,**
.....
hereinafter called **The Contractor** of
the first part;

AND His Majesty the King, represented by the
Minister of Mines and Resources of Canada, hereinafter
called "The Minister", of the second part,

WHEREAS the party of the first part, for the
consideration hereinafter mentioned, has agreed with the
party of the second part, to do, and perform the
work, matters and things required to be done,
and performed, in the manner hereinafter described, in
connection with the work or works;

NOW THIS INSTRUMENT WITNESSETH that the said parties
hereto, hereby covenant, promise and agree, each with the
other as follows:

ARTICLE I: The covenants, clauses, provisos and conditions
of the **Specifications for One-room Day School with one-storey**
Teacher's Quarters, Plan 888, prepared by the Lands and Development
Services Branch of the Department of Mines and Resources,
.....

.....
together with the drawings and such additional detail drawings,
shop drawings and instructions, as may from time to time be
furnished, shall be as fully part of this Agreement as if
attached hereto, or herein repeated, and should the
..... or Minister fail to sign them, they
shall nevertheless be binding on both parties.

ARTICLE II: The **Contractor**..... undertakes and agrees:-

- (a) to do, and perform, the works, matters and things required to be done, and performed, in connection with the following work or works namely, - **The erection of the two Indian Day Schools designated below, in accordance with the drawings and specifications of Plan 888 of the Department of Mines and Resources,**
- (i) **Oxford House Indian Day School,**
 - (ii) **God's Lake (United Church) Indian Day School.**
- Both these schools are to be erected on sites to be designated by the Indian Superintendent, Nelson River Indian Agency;**
- (b) to complete substantially, and to the satisfaction of the Minister, all the work, on or before the date or dates following, viz:- the **..... 1st day of NOVEMBER,** Nineteen Hundred and **... Forty-nine**.....A.D.
- (c) Time shall be deemed to be material and of the essence of this contract.

ARTICLE III: The Minister undertakes and agrees, in consideration of the premises, and subject to the performance and observation on the part of the **Contractor**..... of all covenants, provisos and conditions in the specifications contained:

- (a) **To provide all building materials necessary for the erection of the following two Indian Day Schools in accordance with plan 888 of the Department of Mines and Resources:**
- (i) **Oxford House Indian Day School,**
 - (ii) **God's Lake (United Church) Indian Day School,**

- (b) To pay the **Contractor**..... in current funds, for the performance of the contract **Five Thousand Dollars (\$5,000.00) for each school, or ... a total of Ten Thousand Dollars (\$10,000.00),**..... subject to additions and deductions as provided for in the Specifications governing the work.
- (c) Progress payments will be made in accordance with the following schedule, for each of the two separate projects:
- (i) Payment of \$1,500.00 when the main floor joists are in position;
 - (ii) Further payment of \$1,500.00 when the balance of framing is completed and the walls and roof are sheathed;
 - (iii) Further payment of \$1,000.00 when the interior work has been completed;
- (d) On completion of the entire work, and on full performance of the covenants and clauses of the Specifications, to make full payment of the balance due under the Contract.

ARTICLE IV: The **Contractor** .. and the Minister for themselves, their successors, executors, administrators and assigns, hereby undertake and agree, to the full performance of the covenants contained herein.

IN WITNESS WHEREOF these presents have been
signed and sealed on behalf of His Majesty, by the Deputy
Minister of the Department of Mines and Resources, and the

530-5
513 -5 (E)

In duplicate

July 13, 1949.

Mr. R. S. Davis,
Regional Supervisor of Indian Agencies,
538 Dominion Public Building,
Winnipeg, Manitoba.

Oxford House Indian Day School.

God's Lake (U.C.) Indian Day School.

As I indicated to you by Army Message, authority has been obtained by Order-in-Council to enter into a contract with Mr. Elmer Sabiston of Winnipeg for the construction of both these schools for the sum of \$10,000.00.

Contract:

Please find attached a contract covering the erection of both these schools. In order to eliminate the necessity of having two contracts, you will note that I have consolidated both projects into the one form. Please have Mr. Sabiston sign the three copies and return them here for signature by the Deputy Minister. Two copies will then be returned to you, one for Mr. Staunton's files and one for the contractor.

Progress Payments:

Please note particularly article 3 (b) detailing the payment of progress claims. A separate claim will have to be made on each project even though the contract covers both schools. If you wish me to send two \$5,000.00 accountable advances to Mr.

Indian Affairs. (RG 10, Volume 6242, file 530-5, part 2)

Staunton I will so arrange. You will recall the delays at Peguis No. 1 last year with the payment of these progress claims. It would be even more difficult at Nelson River to arrange the sending of the money to Mr. Sabiston and I think it could best be handled by our local Superintendent.

I am attaching a number of these progress payment forms and an extra copy of my letter so that both can be sent to Mr. Staunton with your additional instructions. The authority to be quoted on the form is P.C. 3392 of July 6, 1949, and separate claims must be submitted for each project.

You can notify the non-successful tenderers of the acceptance of Mr. Sabiston's bid, which was the lowest submitted.

Bernard F. Neary,
Superintendent of Education.

Ottawa, June 16, 1949.

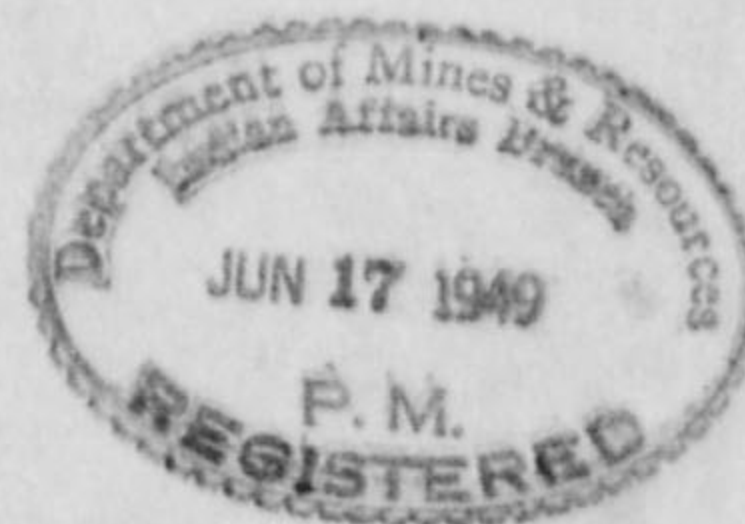

✓
D. M. MacKay, Esq.,
Director,
Indian Affairs Branch.

With reference to your letter of the 2nd inst., File 530-5 (R.2), regarding the area designated as "Methodist Mission" adjacent to the Oxford Lake Indian Reserve No. 24, a search of our records fails to disclose any information as to the Title of this parcel.

We have consulted with members of the Surveyor General's staff who advise that the survey of this Reserve was made at the request of your Branch and their knowledge of the matter ends with the information contained on your File No. 27123.

My only suggestion is that you apply to the provincial authority who may have records of which we are not aware.

Re: Oxford House Indian Day School.

I recently inspected the above mentioned school, which is under construction, and found it practically completed. However, Mr. Sabiston had only put on two coats of paint and I advised him to put on a third coat and do some more work on the cupboards in the kitchen. The workmanship of this building seems to be fairly good and I consider it should be completed by now and Mr. Sabiston will be moved to God's Lake.

The bricks that were purchased from the North American Lumber Company and shipped in, were found not fit to put in the chimney as they are of a very poor quality and most of them are crumbling. I advised Mr. Sabiston to leave the chimney shaft so we can install Selkirk Metal Chimneys.

I am taking this matter up with the North American Lumber Company, requesting them to ship in these chimneys free of charge, and I will advise you later as to my success in this connection.

ARTICLE II: The **.....** undertakes and agrees:-

- (a) to do, and perform, the works, matters and things required to be done, and performed, in connection with the following work or works namely, - **The erection of the two Indian Day Schools designated below, in accordance with the drawings and specifications of Plan 888 of the Department of Mines and Resources,**
- (i) **Oxford House Indian Day School,**
 - (ii) **God's Lake (United Church) Indian Day School.**
- Both these schools are to be erected on sites to be designated by the Indian Superintendent, Nelson River Indian Agency;**
- (b) to complete substantially, and to the satisfaction of the Minister, all the work, on or before the date or dates following, viz:- the **.....** day of **NOVEMBER,** Nineteen Hundred and **..Forty-nine.....**A.D.
- (c) Time shall be deemed to be material and of the essence of this contract.

ARTICLE III: The Minister undertakes and agrees, in consideration of the premises, and subject to the performance and observation on the part of the **.....** of all covenants, provisos and conditions in the specifications contained:

- (a) **To provide all building materials necessary for the erection of the following two Indian Day Schools in accordance with plan 888 of the Department of Mines and Resources:**
- (i) **Oxford House Indian Day School,**
 - (ii) **God's Lake (United Church) Indian Day School,**

- (b) To pay the **Contractor**..... in current funds, for the performance of the contract **Five Thousand Dollars (\$5,000.00) for each school, or... a total of Ten Thousand Dollars (\$10,000.00),**..... subject to additions and deductions as provided for in the Specifications governing the work.
- (c) Progress payments will be made in accordance with the following schedule, for each of the two separate projects:
- (i) Payment of \$1,500.00 when the main floor joists are in position;
 - (ii) Further payment of \$1,500.00 when the balance of framing is completed and the walls and roof are sheathed;
 - (iii) Further payment of \$1,000.00 when the interior work has been completed;
- (d) On completion of the entire work, and on full performance of the covenants and clauses of the Specifications, to make full payment of the balance due under the Contract.

ARTICLE IV: The **Contractor** .. and the Minister for themselves, their successors, executors, administrators and assigns, hereby undertake and agree, to the full performance of the covenants contained herein.

IN WITNESS WHEREOF these presents have been
signed and sealed on behalf of His Majesty, by the ^{ACTING} Deputy
Minister of the Department of Mines and Resources, and the
Contractor, the day and year first above written.

Re: Oxford House Indian Day School

With reference to your letter of September 7th and my reply of September 13th, I have reviewed the file and am under the impression that it is not necessary to send \$2,500.00 to Mr. Sabiston.

In this connection I would refer you to Colonel Neary's army signal of August 17th. We can, therefore, assume that Progress Payment No. 1 which you forwarded with your letter of September 3rd is actually a Credit Voucher for the use of the amount due Mr. Sabiston.

The Superintendent,, Indian Agency

~~Ilford, Man.~~ Heaters for school-teacherage built to Plan 838

It will be necessary for each Superintendent under whose jurisdiction a building using Plan 838 is under construction to requisition in the usual way for two heaters which are to be described on the requisition forms as follows:

(a)

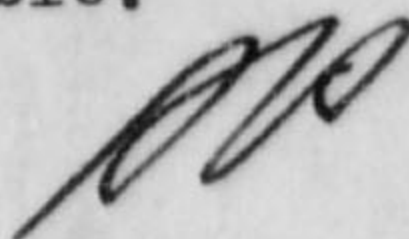

Classroom heater equal to Enterprise circulating type, suitable for burning wood or coal, having an output of 75,000 b.t.u. per hour.

(b)

Heater for living room quarters equal to Enterprise circulating type, suitable for burning wood or coal, having an output of 50,000 b.t.u. per hour.

If the stove-pipes for these heaters are not conveniently available locally a description of the piping required should be included in the requisition.

It is requested that requisitions be completed and forwarded to this Division as soon as possible.

Re: Oxford House Indian Day School
Nelson River Agency.

With reference to your letter file 530-5 (E.I) dated September 13th, regarding the above mentioned school, this school has been completed with the exception of the Selkirk chimneys - which were not on hand when Mr. Sabiston left for God's Lake. Mr. Sabiston made all the necessary openings and these chimneys are quite easily installed.

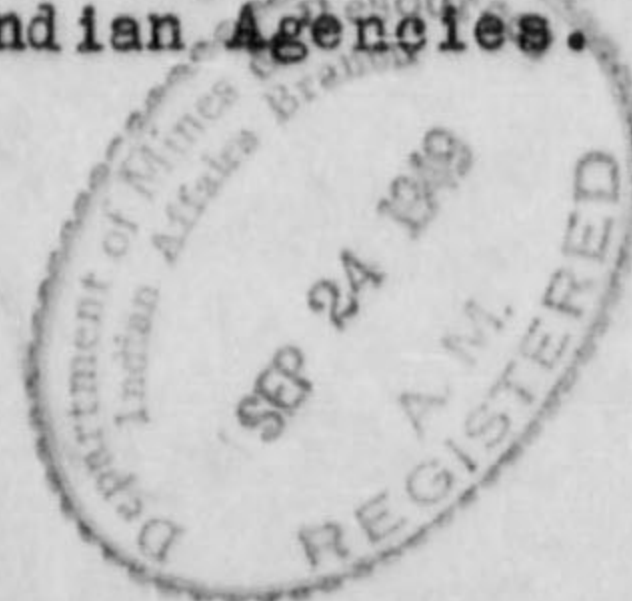

I am advising Mr. Staunton to have someone at his Agency install these chimneys and collect the amount of the wages from Mr. Sabiston when we make the final settlement on God's Lake School.

Oxford House No. 1 Indian Day School, -
Construction.

I would appreciate your attention to the following facts with regard to the contract let for this school:

(1) This contract was mailed from here on July 13.

It was received here for signature by the Deputy Minister on September 7th.

(2) An accountable advance of \$2,500.00 was mailed to the Nelson River Trust Account on July 29. This was in answer to your request of July 15.

In the contract the progress payments are quite clearly defined.

(3) Another accountable advance of \$2,500.00 was sent on August 17 and this was in answer to your Army Message of August 16.

Therefore the progress payment claim sent here by your office on September 7 is useless. Mr. Indian Superintendent Staunton has the \$5,000 for the erection of this building and can make payment to the contractor as provided for in the contract. He must of course support such payment by the submission of credit

PA Oxford House 5
Indian Affairs Branch,
Dept. of Mines & Resources,
Ottawa.

Ilford, Manitoba,
Oct. 20th, 1949.

Attention - Bernard F. Neary, Esq., Supt. of Educ.

Dear Sir:

With reference to your telegram of Oct. 3rd, following please find information requested.

No. 1. Attendance Indian Children York Factory School.

Ten children are attending at the present time. This attendance will probably rise to Twenty in the near future, as families are expected to move in from Port Nelson.

No. 2. Progress Construction New Schools in Agency

Oxford House School, No. 1 has been completed, with the exception of installation of Selkirk Chimney.

God's Lake United Church School is also completed, with exception of Selkirk Chimney.

When these chimneys arrive it will be only a matter of hours to install each one.

I made a final check on God's Lake United Church School on Oct. 17th.

This building has been completed sufficiently to legalise payment to the Contractor.

However the finishing was an extremely hurried job and reflects no credit to the man concerned.

The living quarters especially are very poorly painted and finished, the cupboard doors do not fit and the paint has just been slapped on.

In the Main Class Room, the small windows on the North side are fitted with Butt hinges, these hinges were not countersunk, when the windows are closed it leaves an eighth of an inch gap.

The Contractor was told about all this by the Assistant Agent at God's Lake and agreed to rectify it, however it was not done as apparently the main idea was to get finished and get back to town.

Unfortunately, the Contractor had left when I made my final inspection. The whole finish shows a definite lack of interest. In my opinion this man should not be given any further Contracts with the Indian Department.

Attached please find Final Progress Report.

No. 3 Joint Recommendation by Mr. Grafton and myself on
New Schools Next Year.

There are no further Reserves in this Agency that would warrant a joint School, due to the lack of Non-Treaty Children.

No. 4 Report on New Teachers.

To date I have only met Miss M. Rahn of God's Lake United Church School, she appears to be doing well and seems to be quite efficient.

I see no signs of Teachers for Oxford House Schools, No. 1 & 2, nor for Split Lake.

Could I be advised as to when these Teachers may arrive?

I would like to draw your attention to the quarterly Return Ending Sept. 30th, 1949, submitted by this Agency. Under the heading "Schools & Education", reference is made to a Permanent School at Shanattawa.

I would appreciate your comment on this matter.

Your obedient servant,

J. H. Staunton,
Superintendent,
Nelson River Agency.

ATTENTION: Mr. B. F. Neary.

Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ontario.

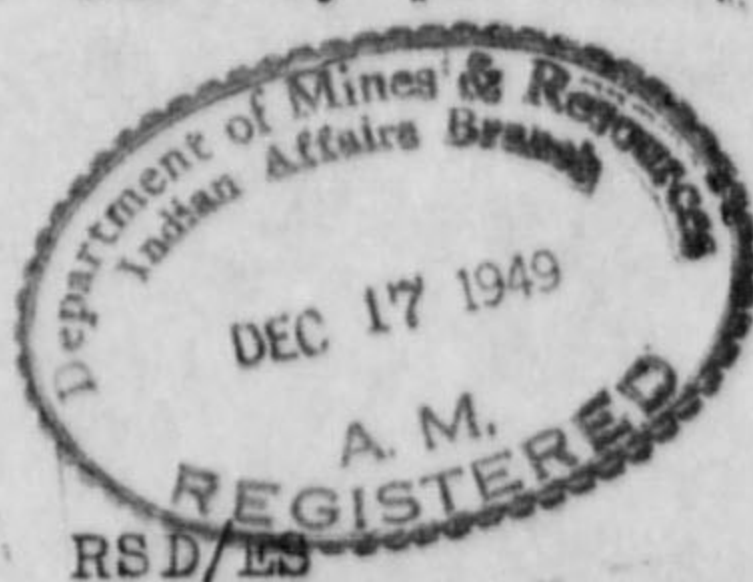

Re: Oxford House U.C. Day School.

We will be able to supply all the dimensioned lumber, including plain lumber sheeting, which includes two by four's; two by six's; two by eight's, etc., for the above mentioned school.

Will you please advise me of the amounts that are required for the school, which I presume is under plan 888A, and I will make arrangements to have the lumber shipped by Johnson Transportation Company when they are hauling in freight. We will get a reduction on this hauling as it would be a back-haul on their return trip.

I am making arrangements to have the cement mixer, which is now at Island Lake, shipped to Oxford House for use in the Spring.

The cost of this lumber will be approximately \$35.00 a thousand, f.o.b. Island Lake.

Winnipeg, Manitoba.

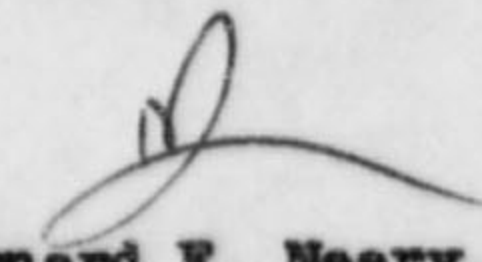

Oxford House No. 2 Indian Day School.

Reference your 138/6-1 of 12 December -

We have a sum in this year's Estimates for the purchase of materials for this school. As requested in your letter, I am sending herewith three copies of the standard bill of materials for plan 888. This will provide an identical school to Oxford House No. 1, erected this summer.

If you would have the items which can be provided by your sawmill removed from this bill of materials, we will take immediate steps to have the Departmental Purchasing Agent order the other materials. In your letter you should also give complete shipping instructions via Johnson Transportation Company or other firm.

I presume that the deletion of the lumber will take only a short while and would like to place the requisition in the hands of the Purchasing Agent before the first of January.

Bernard F. Neary,
Superintendent of Education.

File, 530-5, Oxford House No.2 Indian Day School.

In reply to your letter of the 19th. instant, enclosed is Bill of Materials for the proposed day school at Oxford House Reserve, with items deleted that can be furnished by our sawmill at Island Lake Reserve.

Please note that bricks and lime will not be required, as it is intended to install a Selkirk chimney at this school.

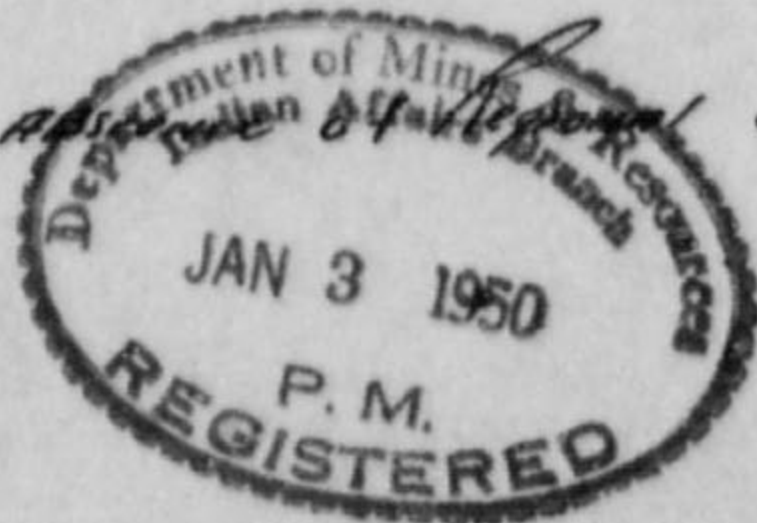

Also please note that only 165 pieces of 2 X 4 - 10 are on hand in our stocks at Island Lake. The balance of this dimension material will have to be shipped in.

The address of the Johnson Transportation Company, is Ilford, Manitoba.

Memorandum:

DEPARTMENTAL PURCHASING AGENT

Re: Oxford House #2 Indian Day School

Attached is a requisition for materials required for the construction of the Oxford House #2 Indian Day School next summer. You will note that several items have been deleted from the bill of materials. This is due to the fact that these items can be secured next summer from the government sawmill at Island Lake.

We are requesting 270 pieces of 2 x 4 x 10. This is due to the fact that there are 165 pieces of this size on hand at the Island Lake sawmill.

N. M. RUSAW, Principal

BIRTLE
MANITOBA
Jan. 11/50

Mr. A.G. Hamilton,
Superintendent, Indian Agency,
Portage La Prairie, Man.

Dear Sir:

Along with the reports are two invoices, one was sent here from Stanley Brock and I believe it is for the washing machine. The second is from Vulcan Iron works and is for three tubes for the large boilers. One tube sprang a leak cutting off that boiler but with the help of the local blacksmith and tinsmith, the engineer was able to install the new tube and keep the boiler in working order. We thought it advisable to have a couple of new tubes on hand in case more tubes should give out and we would have the material to go ahead at once and make the boiler serviceable. This latter expenditure was unauthorized but an emergency.

Yours truly,

N. M. Rusaw

(Copy)

Pas'day school returns for September quarter 1901.

 My Calculation showing amount due three teachers
 who taught during the quarter.

62 teaching days in quarter at \$1.21 per day \$75.02

Pupils in excess of 25, on the basis of
 62 days in the quarter, \$3.00 per quarter each

On this basis, which I take to be the right one,
 the different teachers would be entitled as follows--

From 1st July to 13th.	T.H.P. Lamb, for first 10 days of the quarter,	
	25 pupils,	12.10
	20 pupils in excess of 25,	<u>9.70</u>
	Total	\$21.80

SCHOOLS:
NOV 20 1901

(Copy)

Portage La Prairie, Man.

7th. Nov. 1901.

Ref. your letter, No. 126/121 of the 5th. inst.

Sir,

I beg to acknowledge the receipt of your letter of above date, enclosing Pas' School returns for September quarter, and requesting information regarding Mr. McIntosh, etc.

In reply would say that I was under the impression that Mr. Agent Courtney had reported on this matter to you some time ago, on my arrival at the Pas' last summer, Mr. Courtney informed me what he had done about teachers for the school, and I then verbally instructed him to report to you on the subject.

Regarding Mr. McIntosh, he is a teacher that was sent down to the Pas' to take charge of the Public School for the North West Government, he came down the river with Mr. Courtney, arriving at the Pas' on, or about, the 12th. of July.

Immediately on Mr. Courtney's arrival home he discharged Mr. Lamb, the old teacher, for reasons that are already known to you, and arranged with Mr. McIntosh to take temporary charge of the Indian School pending the engaging of a new teacher.

Subsequently he arranged with Miss Hines to teach, and to my knowledge she started on the 12th. of August.

I take it that the days given in the returns are correct, I instructed Mr. Courtney to have each teacher make out a return for the service rendered, this he has done overlooking the matter of dates, and not signing the returns of Mr. McIntosh.

I hereto attach a calculation showing the amount that each teacher is entitled to, I also enclose the returns.

I am, Sir,

Your obt. servant

INSPECTOR INDIAN AGENCIES,
Lake Manitoba Inspectorate,
Portage La Prairie, Man 28th, Sept 1904.

No 113.
Your No 120/g

Sir:

I have the honor to make the following report
in answer to your letter of the 24th June last,
relative to certain teachers appointed temporarily
in the Pas Agency. Viz:

George Crane, Red Earth Reserve; an Indian o
of John Smiths Reserve. Age 27. Married. Trained in an Indian
Day School. Very imperfect in English. Never taught
before. A very crude specimen. Mr Hines should be
censured for sending out a man like this. Would recommen-
mend that he be retained untill the thirty of June
next as he cannot very well get out before that
time on account of family. Travelling, from the first
of November. till the Middle of May is a great hard
ship in the Pas Agency.

Albert Smith, Big Eddy School. Treaty
Indian of John Smiths reserve. Age 27, married,
trained at Emmanuel College. Very uncouth. A slightly
better specimen than Geo. Crane. I make the same
recommendation as in the former case.

Isaiah Badger, Moose Lake reserve. Treaty
Indian of John Smiths Reserve. Single. Educated at
Battledford Industrial School. This is a much better
than the other two, and may do fairly well. He had
only been teaching a few days so I could not judge
much of his work. Would recommend that he be retained
for the present.

Frank Baker. Chemawawin Reserve. An English-
man single, age 31 years. Promises well: think he
will soon tire of his job. Very enthusiastic at present
Would recommend that his services be retained for the

for Manitoba and the Northwest Territories,

Winnipeg,

29 Sept. 1904.

In your reply refer to
No. 126/G
and date of this letter and
address
Hon. David Laird,
Indian Commissioner,
Winnipeg, Man.

Sir,

The practice has been followed of appointing teachers for Day Schools in the Pas Agency on the recommendation of the Anglican Church authorities. Archdeacon MacKay usually made the nominations; but during his absence they were made by Rev. Mr. Hines. It occurred to me that persons were put in charge of Day Schools who were really not competent, and on certain nominations being made by Rev. Mr. Hines in June I advised him that temporary appointment of his nominees would be made, but retention of their services would be subject to action upon the report which I asked the Inspector to make. I now send for your information copy of the report of the 28th. instant from Mr. Inspector Marlatt. You will observe that he considers Geo. Crane and Albert Smith, two Indians engaged as teachers, incompetent, and recommends that their services be dispensed with on the 30th. June next. I think the facts produced by the Inspector justify his recommendation and I concur in same.

Your obedient servant,

[Signature]
Asst. Indian Commissioner.

OTTAWA, October 7th--1904.

MEMORANDUM:

For the Deputy Sup't. General.

The Assistant Commissioner forwards a report from Inspector Marlatt who states that two of the teachers employed by the Anglican Church authorities in the Pas Agency are incompetent and he recommends that their services be dispensed with on the 30th. June next.

Off I think the Department would be quite justified in acting on Mr. Marlatt's report and I would suggest that the Commissioner be authorized to advise Archdeacon Mackay accordingly, and at the same time inform him that it expects that the qualifications of the teachers they employ should be sufficient for the requirements of the schools: and if they cannot secure a better class of teachers the Department will have to consider the advisability of taking over these schools under its own control.

REF. No. 890.

OFFICE OF THE

INSPECTOR OF INDIAN AGENCIES,

LAKE MANITOBA INSPECTORATE,

The Pas,
~~STONEWALK~~ MAN., October, 31st. 1912.

Sir,

423063

At the band meeting held last summer on the Pas Reserve, and on various occasions since, the Indians have brought up the question of a Day School on the reserve just across from the Town. I mentioned the matter to the resident Anglican Clergyman Mr. Fraser, and he agreed to try and find a house which could be rented for the purposes of a school, but no suitable building could be found, and there the matter rests. The school Trustees of this Town are now completing a new school for the junior classes, on the English Church Mission property, close to the river and just across from the reserve. I have made an arrangement with them to take into this school, say 15 of our Indian children at a charge of \$2.00 a month for each child, and subject to the endorsement of the Dept. of Indian Affairs. I have not mentioned this as yet to the band, and will not do so till I receive a reply to this communication.

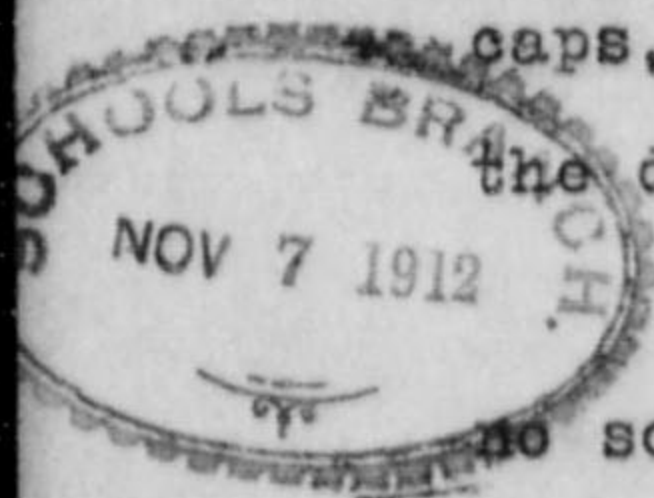

There is a halfbreed settlement here and there will be quite a number of Non Treaty Indian children going to this school, that belong to these people. It may be necessary to help a few of our Indian children in the way of stockings and mitts, and perhaps caps, and I would recommend that a sum of say \$50.00 be placed at the disposal of the Agent here for that purpose if required.

There are about 70 children on this reserve of school age and no school in operation, and the prospects of getting a teacher for the Big Eddy school for the winter are not bright, as there is no place there where a white teacher can get board.

Yours truly,

J.D. McLean, Esq.
Asst. Deputy & Secretary,
Dept. of Indian Affairs,
Ottawa, Ont.

E. J. Jackson
Inspector of Indian Agencies.

Sir,-

890

I have to acknowledge the receipt of your letter of the 31st ultimo in reference to the admission of the Indian children on the Pas Reserve to the white school in the town of The Pas.

In reply I beg to say that the Department is prepared to pay for the tuition of these children at the rate of \$2.00 per month for each of the school months based upon the average attendance. If these terms are satisfactory to the school you may make arrangements for the admission of the children at once.

If there are any of these children whose parents are destitute and cannot reasonably be expected to buy clothing for them, the Agent may purchase a very limited quantity and forward the accounts to the Department for payment. I may state, however, that it is not the policy of the Department to supply articles of clothing of this kind, unless in such cases where parents cannot be reasonably expected to do so themselves.

Your obedient servant,

ALSO

TO DATE OF THIS LETTER.

Sir,-

At the same meeting mentioned in my letter No. 362/113 it was resolved by Chief Constant, seconded by Norman Lathlin, Councillor, and carried by all the male members of the band, a large majority of whom were present, to petition the Department to build a day school on the reserve, immediately opposite the town of The Pas.

Discussing the matter among themselves at their meeting, the various speakers pointed out that the Department had promised to build a day school for the education of their children, when they moved from the south side of the river. Further notwithstanding a Boarding School is to be built at the Eddy, a day school will be needed, as all their children cannot be admitted, as other reserves will also send children to this Boarding School. Their younger children will need to be taught at a day school near home, while the elder ones will be admitted into the Boarding School. They further protested against permitting their children to attend the white school at The Pas. They were not approached in the matter when the arrangement was made, and it is strongly against their wishes.

In this respect I would strongly recommend that a day school be built for these people. The present arrangements of the Indian children attending the Pas Public School is looked upon with disfavor by the Indians. Personally I am not in favor of the arrangement.

Indian Affairs. (RG 10, Volume 6242, file 531-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Pool Copy

9592

There is always a certain clash among the two classes. The white children look down upon the Indian children, and being very sensitive by nature the Indian children do not like to attend the white school. It would therefore be to the interest of the Indians to have a day school on their reserve. The missionary in charge of the Protestant mission here says they stand ready to supply a teacher for the school. In the meantime I think a building could be rented for the purpose of holding day school, until a school house could be built.

Your obedient servant.

Sir,-

443510

Referring to Department letter

No. 117558/1 dated July 16th in connection with a school for the Pas Band opposite the Pas town, I would say that I have obtained a house which will be suitable for temporary quarters. The house is now in process of repairs, and by the time I get authority from Ottawa, it will be ready for school purposes. The rent will be \$60.00. ^{per annum} The building is built of logs. 16 x 18, with a ceiling 8 ft. high. The building will be well fixed, for winter, so that it will be warm and comfortable. The material and furnishings of the old school are all available.

The teacher had in view by the Church of England is an elderly English lady, and although not holding a certificate, has a good general education, and is qualified to teach an Indian School. I am personally acquainted with the lady, and I am sure she would make good.

I would further urge the Department to erect a building on this reserve for school purposes. It is absolutely necessary. The boarding school now building will not house all the children of school age here, as many others will be admitted from other reserves. It is therefore essential that a day school be built on the Pas reserve, at the point opposite the town of The Pas, as this point would be central; and children from Carrot River settlement could also attend.

I hope therefore that the Department will take immediate steps to build a Day School as the build-

EX-11
Ottawa, August 25, 1913.

Sir,-

438/113

I have to acknowledge the receipt of your letter of the 18th instant in further reference to the re-opening of the day school on The Pas Reserve.

In reply I beg to say that the Department is prepared to give this school a trial in the building that you have made arrangements for and will pay the rental asked, viz.- \$60.00 per annum. You may have the material and furnishings of the old school removed to this building as soon as possible.

With regard to the teacher you should have given the Department her name and some more definite information respecting her qualifications. However, she may take up her duties immediately upon receipt of this communication, if the building is ready, and a salary of \$400.00 will be allowed. You will be good enough to give her the necessary instructions.

In regard to the new building the Department is not prepared to undertake its erection at once, as it will be dependent upon the attitude of the Indians towards this school. There will be sufficient accommodation in this building for a time at least, unless there is a much better attendance than when the school was in operation before. The matter of erecting a new school will, however, be kept in mind for next year's estimates.

Sir,-

Referring to Department letter No. 117558/1 dated 25th ulto. I beg to say that the Indians of this Band are very much pleased at the Department granting them a school on their reserve. The house is now nerely completed and the school furniture will be moved over immediately. Mrs Nicholls' instructions have been given, and the school will be started at an early date.

Mrs. Nicholls is an elderly widow, of very staunch character. Being personally acquainted with her, I feel sure she will make good. While not possessing any written certificate, she is, judging from other teachers in this agency, above the average, and on a par with the best of them educationally. The missionary in charge here, Rev. Fraser, also strongly recommends her, so that I felt no hesitancy in recommending her to the Department when I did.

The Pas, Man.

Dec. 1st. 1915

435552

Sir,

Referring to the latter part of Department letter No. 117558/1 dated August 25th. 1913, regarding the "as School, in which it was intimated that "the matter of erecting a new school will, however, be kept in mind for next year's estimates."

In estimates for 1914-1915 I estimated for \$1600.00 for a new school building. This was the estimate which was "kept in mind."

The town of The Pas has three school buildings which they are selling, as they are erecting a large brick school. These smaller buildings are available for purchase now, and will be vacated in February. I have made enquiries, and the secretary was authorized by the Chairman of the Board of Trustees to offer me one building for \$800.00. I may say two of them are sold. The one remaining is a new building used about a year, and built of fir. It is a bargain at \$800.00 and should be bought for the Pas Reserve. We could not erect a building for \$800.00. I would strongly advise the purchase of this building. I think the daily attendance of this reserve would justify the purchase, as the building used is wholly inadequate for school purposes.

This building is 36x24 ft. Mr. Wm. Armstrong will move it across the river for \$150.00. This is an approximate figure. He says it may not cost so much.

I have the honor to be, Sir,

Your Obedient servant.

W. R. Taylor

Sir,—

With regard to The Pas Day School I beg to report that this School has been closed since Miss Chambers left. Mr. Bird was appointed by the Department for this School but owing to the shortage of help at the McKay School they have been unable to release him from there, so it will be necessary to have another teacher appointed.

Miss Grace Bagshaw has been recommended by the Church Authorities but I have been unable to get in touch with ^{her} so far but would like authority from the Department to instal her as teacher on her return if she will accept the position.

It is pretty hard to get Teachers for The Pas Reserve Day Schools at the present salaries, as unless you get a girl living at home such as the above it is impossible to live on the salary, as they get no dispensing allowances on these reserves and both the day schools have a fair attendance.

I have the honor to be,

Sir,

I am in receipt of Miss Grace Bagshaw's resignation as Teacher of the Pas Day School to take effect at the end of the present quarter, and I would recommend, that this School, be closed for the balance of this year, as it is almost impossible ~~to~~ ~~XXXXXX~~ to get another Teacher, and further the Indians, in this section do not deserve to have a School as they apparently take no interest in it. The attendance has dropped away, and it has been simply impossible ever since I have been in the Agency, for them to keep wood supplied for the School, and during the last quarter, the School has been closed approximately two weeks for want of wood, and about the only way that it could be done would be to buy wood for this School, and deduct it from the Annuity Money, of the Indians interest -ed.

I have the honor to be,

Sir.

January 7th. 1919

IN YOUR REPLY REFER TO No. 6269-113 ALSO TO DATE OF THIS LETTER
--

518438

Sir,

At a Band meeting of the Pas Band, on January 6th. strong Representations were made, to have the Pas day school reopened, as there are a large number of children, that should be at school, on this section of the Reserve.

Miss Florence Thomas, of the Pas Band, discharged about a year ago, from the Mackay school, would be capable of teaching this school, as all the children are in the Infant classes, I would recommend, that she be appointed acting Teacher, until such time as somebody better qualified, be available, at the present time it is impossible to get anybody that would be capable, at the salary allowed.

This school was closed last year, principally for the reason that the Indians would not supply wood, nor take sufficient interest in it, to see that the children attended, but now a supply of wood has been quaranteed, and the Indian's have appointed two Trustees, to see that the school is kept in order, and that each man in this school District, whether he has children or not, shall deliver his share of wood, to the school, or on failure to do so, shall be compelled to pay some-body to deliver it.

This school should really be opened, and an early authority for same will be appreciated.

I have the honor to be,
Sir.

Sir,—

In reference to your letter # 117558-1 of April 25th. I have the honor to say that I did not offer any stated salary to Mr. Robert Thomas when he took the position as school teacher at The Pas Day School. I informed him at the time as you quote in above letter that the previous salary for same position was \$400.00 per year and he said he would start the school and let the Department name the salary. Mr. Thomas is in receipt of gratuity from army at present, but when this stops he will have a hard time to live on a \$400.00 salary as he has a large family. The position is worth much more than was formerly paid, but I do not wish to remark on this as it would criticise policy of the Department and I do not wish to do this in any way. However, if the Dept. could see fit to offer about \$45.00 per month to Mr Thomas, I do not think it would be paying too much, and it would satisfy him.

Sir,—

I have the honor to enclose herewith report of teacher of Day School of The Pas, on The Pas Reserve.

The teacher is a returned soldier Robert Thomas and he has had his hands full since he started the school as the children had been free from school for a long time. I get more chance to visit this school than some of the others and I can report a good improvement in the children already.

The teacher was reported to me some time since for using liquor, and I have an idea the report was correct. I had him called into the office and gave him a pretty straight talk, and he has promised to keep sober.

The school has only been open since Easter holidays, but I hope the Department can see fit to pay the teacher for the whole quarter. He has done his school work honestly.

I have the honor to be, Sir,

Sir,—

I have the honor to state that the Pas Band have asked me to request the Department to purchase a building opposite the town here for purpose of using it as a day school in place of the building at present being rented from Mr. McGillivray. The people state that the present school is too small for the number of pupils that are attending it.

I am only advising the Department of what is asked, but do not wish at this time to recommend that purchase be completed, as if the present teacher does not hold his position the attendance will soon slacken off again and the present arrangements would then be ample. The teacher is a good one but I am afraid he will not last long on account of his liking for liquor; I have him in hand just now but think it only the calm before the storm.

Madam, -

I have to acknowledge the receipt of your letter of the 7th instant applying for the position as teacher in The Pas Indian Day School.

In reply I beg to say that there is a vacancy for a teacher at present in this school.

Before the Department is in a position to approve of your appointment it is necessary that you forward full particulars regarding your qualifications and experience; your age and religion should also be given.

The salary allowed the teacher at this school is at the rate of \$500.00 per annum, but for a fully qualified teacher the Department would be disposed to grant an increase in this amount.

Kindly reply as soon as possible, giving the above information.

Your obedient servant,

J. D. McLean

Sir,—

I have the honour to report that the Chief and Councillors of The Pas Reserve asked me if the Department will consider re-appointing Robert Thomas to position of School Teacher at The Pas Day School. This man's services were discontinued last summer on account of his behaviour. Since that time Thomas has kept sober and he has given his promise to the Indians and to myself that if he ~~if~~ receives the appointment he will act decently in the future. Under the circumstances, I will be obliged if the Department will see fit to re-appoint him as School Teacher at this place, as he is a first class school teacher.

If this is allowed, I would be obliged if the Department will wire me their answer and what salary to offer Thomas.

I have the honour to be, Sir,

Your obedient servant,

Ottawa, April 13, 1920.

Sir,-

I have to acknowledge the receipt of your letter of the 7th instant, informing the Department that the Chief and Councillors of The Pas Reserve request the re-appointment of Robert Thomas as teacher at The Pas Day School.

In reply I beg to confirm the following night letter of yesterday's date,- "Reappointment Robert Thomas as teacher Pas Day School approved. Salary five hundred dollars and bonus if continued".

The Department has, upon your report that this man has given his promise to the Indians and yourself that his conduct in future will be satisfactory, decided to re-appoint him. His retention in the position will, however, depend entirely upon the success with which he meets in his work and the way in which he conducts himself upon the reserve. Any further breach of sobriety will lead to his dismissal, and you will be good enough to inform him accordingly.

His salary will be at the rate of \$500.00 per annum and the bonus, if it is continued to teachers in Indian day schools during the present fiscal year. The continuance of the bonus will depend upon the action taken by the present session of Parliament.

Your obedient servant,

Asst. Deputy and Secretary.

Ottawa, April 13, 1920.

Sir,-

A request has been forwarded by Mr. Agent Waddy, The Pas, on behalf of the Chief and Councillors of The Pas Reserve for the re-appointment of Robert Thomas, teacher of The Pas Day School.

This man's services were discontinued last summer on account of his behaviour. Since that time, however, he has kept sober and he has given his promise to the Indians and the Agent that he will give up drinking in the future. He is a returned soldier.

The Department, in view of the request made, has decided to re-appoint him as teacher of this school at a salary at the rate of \$500.00 per annum and the bonus, if it is continued. The Agent is being instructed to inform Mr. Thomas that his retention as teacher will depend upon his conduct and temperate habits and the success with which he meets in his work.

Sir,—

I have the honor to enclose herewith report of school teacher for The Pas Day School for quarter ending June 30th. 1920.

This man started work on the 13th April last, and has taught 51 days during the quarter. As he did not begin at the exact time to draw a quarters salary he will probably have a deduction from full rate, but if the Department allows full time he has promised to open the school in summer holidays to make up the difference. This man has his pay assigned to Burton & Salter, The Pas, as I have already notified the Department.

The school is in very backward condition due to the absence of teachers over long periods.

I have the honor to be, Sir,

Ottawa, July 28, 1920.

Sir,-

717/106

I have to acknowledge the receipt of your letter of the 20th instant, in which you inform the Department that Robert Thomas, teacher of The Pas Indian Day School, was convicted of being drunk in the town of The Pas.

In reply I beg to say that, owing to the conduct of this man, the Department cannot consent to his remaining as teacher, and you will be good enough to inform him that his services are no longer required.

You should endeavour to obtain the services of a qualified teacher to succeed him, to begin duties when the school re-opens after the holidays, on or about the first of September, next. The name, age, qualifications and experience of any applicant for the position should be forwarded for the consideration of the Department. Kindly give this matter your prompt attention and endeavour to secure the services of a suitable teacher in time to re-open the school.

The salary of Mr. Thomas was paid in full for the June quarter, last, and he also received the amount of the bonus due for the same quarter; cheques for which were sent, under Power of Attorney, to Burton & Salter, The Pas.

If he has been teaching any period during the month of July a return should be forwarded showing the attendance, days taught, etc., in order that any balance of salary due him can be paid.

Your obedient servant,

Asst. Deputy and Secretary.

Sir:-

~~570529~~

At our annual midsummer meeting held in the above Reserve it was decided that a school - (day) was very badly needed. It is a great pity to see so many children of school age playing around in the Reserve and not being able to go to a school as the McKay Boarding School is always full. It cannot take half of the children who would like to go to school. It was therefore urgently placed before the Chief and Council to do their utmost and write to you for the school required. There are over fifty children of school age on this Reserve who are not able to attend school. We trust that you will give this matter your immediate attention.

Sir:-

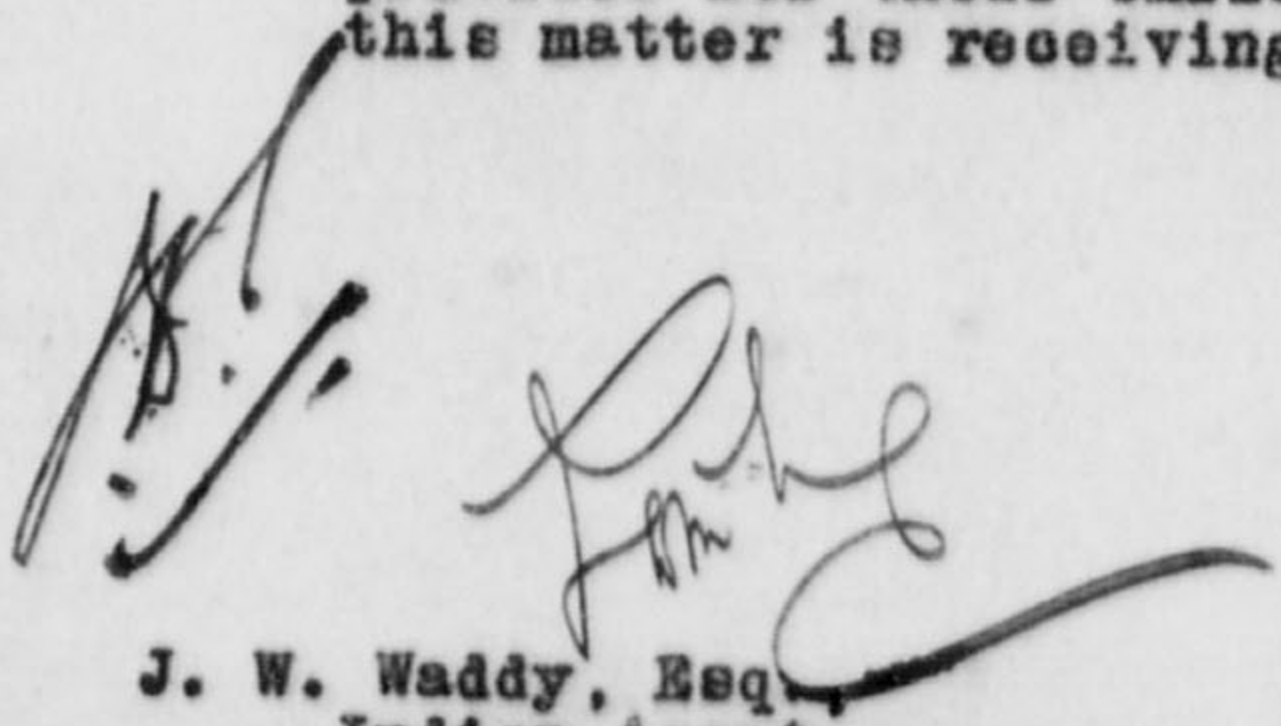

I have to acknowledge receipt of your letter of the 26th ultimo, enclosing a petition signed by the Chief, two of the councillors and a number of the Indians of The Pas Band, in which they request that a day school building be erected on the reserve, for the benefit of the Indian children for whom accommodation cannot be provided at the McKay Boarding School.

In reply I beg to say that this matter was previously brought to the attention of the Department in the fall of 1920. We requested Mr. Commissioner Graham to furnish a report regarding this matter, but no reply was received from him. I may say that we have no funds available from this year's appropriation for the purpose of erecting a school building on The Pas Reserve. This matter will be noted for our next year's Estimates, and will receive due consideration when they are being prepared.

We are again requesting Mr. Commissioner Graham to forward a report containing his views regarding the request now made by the members of the band to have school facilities provided for their children. You may inform the Indians that this matter is receiving the attention of the Department.

Sir:-

I beg to refer you to your letter of November 17, 1920 No. 205-14A, in regard to Mr. Inspector Jackson's recommendation to build a new day school at The Pas, on a site opposite the town.

A petition has now been forwarded by Mr. Agent Waddy, signed by the Chief, two of the councillors and a number of the Indians, urging the necessity of providing educational facilities for those children on the reserve who cannot be accommodated at the McKay Boarding School. They state in the petition that there are over 50 children of school age on the reserve, who are not able to attend school.

I may say that we have no funds available from our appropriation for Indian Education for the present fiscal year for the purpose of erecting a suitable building. This matter could, however, receive consideration when next year's estimates are being prepared.

In your letter above referred to, you stated that it was your intention to visit The Pas and take up this question with the agent, and that you would report to the Department. I shall be pleased to receive your views concerning the request of the Indians for the erection of a building, and any recommendation you can give as to the number of children that will have to be provided for. The size of the building required and whether teacher's living quarters would have to be arranged for should also be stated by you. I shall be glad to have this information before the estimates for the next fiscal year are being prepared.

Your obedient servant,

J. D. McLean

The Pas man.

The Pas, Jan. 21st. 23.

Duncan C. Scott Esq.
Indian Department
Ottawa, Ont.

DEPT. OF INDIAN AFFAIRS,
JAN 29 1924
ARCHITECT.

Dear Sir:-

Since the election of the new Chief, Patrick Constant and several councillors in December 1923, to form the new council for The Pas Indian Band many matters of vital importance to the future welfare of the Band have been taken up and discussed by them.

We know that the usual way of getting matters of outstanding importance before your department is through the local Indian agent. We are not going over his head at all in taking the matters we wish to discuss, up direct with you, as we have already talked them over with Mr. J. Waddy, who suggests that we write you personally in reference to the matter of day school education of the children on the reserve.

As we think your department must undoubtedly know, because your department is responsible for the condition that has obtained, there has been no day school in one section of the Pas Reserve for the past three or four years. In this district there are today, running around, idle and uneducated, some fifty five children of school age, who are deprived of educational facilities in every way shape and form. There is not now, nor has there ever been a day school building in this section of the reserve. For the short time that a day school was conducted in this district some years ago an old tumble down shack was rented and used for the purpose. It was entirely unsuitable and was torn down because it was useless for any purpose. This we would like to say, was before Mr. Waddy became the local Indian Agent, and was a matter which should have concerned and interested his predecessor, which apparently it did not very much. This however, is a matter of ancient history, and nothing can be gained by discussing that phase of the question any further.

Indian Affairs. (RG 10, Volume 6242, file 531-1, part 1)

Pool Copy

D.C.Scott, Jan. 21st. 24. #2", cont.

The question for immediate consideration is the remedying of this deplorable, and we think inexcusable condition of affairs, which has been allowed to exist for so long in reference to the important matter of the primary education of the children on this section of the Pas reserve to which we have just referred.

A special meeting was called by the New Chief for Jan. 17th. to discuss this matter. It was felt by the Council that this condition could not be tolerated any longer, and upon the suggestion of the Chief, it was unanimously agreed that we should without delay write direct to the Indian Department to ask them to at once erect a suitable school building, centrally located to accommodate all the school children in the district. It was also decided to ask the department to erect an extra, and separate building for the purpose of the children having their noonday meal because of the long distance many of them would have to go to attend the day school.

There are very many arguments we could submit in favor of the granting of our most reasonable request, but we feel that your Department will at once realize the need for the school building we ask to have erected and they must know without our saying so that there is nothing more important to the people of the Pas Reserve, as also to all the people of the province as a whole than the matter of a secular education for the children. Our children, some fifty five of them are today, on the Pas Indian reserve deprived absolutely of a chance to get an education. We want this state of affairs corrected as soon as possible and we most respectfully wish to draw the attention of your department to it, feeling sure that you will without delay take this matter up with us and the Indian agent, Mr. Waddy and that we will soon have the school we so much need.

We wish to thank you in anticipation of your immediate attention to this important matter, and we have the honor to be,
Your Humble Servants.

Chief Pat. Constant

Ottawa, Jan. 29, 1924.

Sir:

I am directed to acknowledge the communication of the 21st instant, which was signed by yourself and several councillors of the Indian Band on The Pas Reserve. I have noted that you are urging the establishment of educational facilities and in reply I have to inform you that the Department has lately given your needs serious consideration. Bishop Lloyd of the Anglican Church and the Superintendent of Indian Education have recommended that a two-roomed school, with residence facilities for the teachers, be provided as soon as funds can be found for the purpose. There are many pressing claims on Parliamentary Appropriation for Indian Education and it is unlikely that public moneys can be secured for the building activity during this calendar year. I have learned that about \$75,000 capital is to the credit of your Band and school facilities could be provided as soon as the building season commences this year, if the council see fit to vote, say, \$7,500 for this purpose.

Please discuss this matter with Mr. Indian Agent Waddy, to whom I am writing today, and he will explain to you the Department's wishes in this connection.

Your obedient servant,

J. D. McLEAN

Ottawa, Jan. 29, 1924.

Sir:

I have to inform you that Bishop Lloyd has urged the establishment of a day school for the Indian children on The Pas Reserve, which is across the river from the town. The Indian Band also has petitioned the Department and I am enclosing, for your information and guidance, a copy of my communication of today's date to Chief Patrick Constant. If a properly conducted day school of two classrooms, with residence facilities for the teachers, would in your opinion be a success, please urge the Chief and the Councillors to pass a resolution, authorizing the Department to take \$7,500 from their Capital Funds (at present \$75,189) for the purpose of erecting the necessary building.

The Estimates for 1924-25 have been prepared and I regret that it is too late to include an item for The Pas Day School. If the Band are not willing to authorize the use of their Capital Funds in this connection, the erection of a combined school house and residence will have to stand over for at least a year.

Please give this matter your serious consideration, and when you are acquainting the Department with the result of your deliberations with the Band, you should make a recommendation as to not only the needs but also the best means of satisfying them. If this Indian settlement across the river from the town of The Pas is more or less permanent, the Department would give favourable consideration to the scheme.

Your obedient servant,

Department Of Indian Affairs,
Ottawa, Ont.

C/o J.D. McLaen Esq.

Daer Sir:-

Replying to your letter of Jan. 29th, 24. in reply to our letter regarding Educational Facilities on The Pas Reserve, your file no. I28- 7 - 1.

Your communication addressed to me has been discussed informally among the members of the Council and it becomes my duty to reply.

We note that Bishop Lloyd has been interesting himself on our behalf, and has recommended that a two room school with residence space for Teachers be built. We are pleased to know this as it is in line with our request of recent date.

We note also what you say in regard to our trust fund of some \$ 75,000.00. You say "School facilities could be provided as soon as the season commences this year, if the Council see fit to vote, say \$ 7,500.00 for this purpose."

Speaking personally, I do not see that we are under any obligation to vote any money for the purpose you suggest in your letter, for the reason that by treaty made with many bands, of which the Pas Band is one, your department agreed to maintain schools for Indians on reserves, Supply ammunition and Twine annually to a stated amount, also implements and cattle, from the funds of the Department.

The fact that our having a private, or trust fund in the Bank to our credit does not enter into the question at all. That is a purely private or personal affair with the Band, and we are only a little more fortunate in being so situated than other bands, at which of course we are very much pleased.

Indian Affairs. (RG 10, Volume 6242, file 531-1, part 1)

Depart. Ind. Affairs, Feb. 6th #2, cont.

We think that Your Department has been very negligent in the matter of providing educational facilities for the children on the Tas Reserve inasmuch as some 55 or more children have been denied an education altogether for four straight, long years on our Reserve, just because there was no school building and no teacher provided by your Department as you were and are under a legal and a moral obligation to do.

We wish again to repeat our request that your department provide adequate school facilities for the children on the reserve, this summer without fail, and from the general funds of your Department, as we think you are obligated by treaty to do.

At your request we are taking this matter up with our Indian Agent, Mr. J.W. Waddy at once, and we trust there will be no difficulty or delay in this important matter.

I have the honor to be, Sirs,

Your Humble Servant.

[Handwritten signature]
The conditions here have been a public scandal for some time. The Indians say the Department promised them a school with two rooms for two teachers, and a teacher's residence separate from the school. There are fifty-five children at this end of the reserve from seven years of age upwards running wild. This school is urgently needed and should be proceeded with at once. The site ought to be central, near where we have built the Church of the Messiah, viz. the village end of the reserve.

XXXXXXXXXXXX

Under Buildings and Repairs for Day Schools, I have struck out the first two items asking for expenditure for school and teacher's house on The Pas Reserve. The Agent points out in his letter that if a day school is built, it will be harder to find pupils for the Mackay Boarding School, and I agree with his remarks.

EXTRACT FROM LETTER FROM INDIAN AGENT J. W. WADDY,
THE PAS, MAN. His No. 2913 -128, Dated Sept. 20, 1924.

*These sent in
when estimates
were prepared
RWD*

Page 13 shows a large increase in school buildings. The Pas Reserve is asking again for a day school near the reserve. My idea is slightly different to that of the church authorities and the Indians who ask for a large two-roomed school. If this is built it will take away children from the Mackay School. I have difficulty all the time to keep up the numbers at this place now, the Indians have excuses of all sorts why they should not send the children to school, and at the same time they ask for more accommodation, and will probably have new excuses when they should not send the youngsters to it when it is built. It principally depends on the actions of the teacher, they are all human and at times they annoy the Indians, with immediate results on the school attendance. I would consider a small school sufficient at first, made so it could be enlarged if successful.

Ottawa, November 7, 1924.

Right Reverend Sir:

With reference to the advisability of establishing a day school for Indian children at The Pas, Man., I have to inform you that Mr. Indian Agent Waddy considers such activity would hurt the enrolment at the Mackay Indian Residential School. Mr. Indian Commissioner Graham, when forwarding his estimates, refused to ask for a classroom and teacher's residence for this point, on the grounds that the Mackay institution was for these children. If Your Lordship has an opportunity of discussing this question with the Indian agent and the principal of the school, I should be grateful if you would do so and let me have a further expression of your wishes.

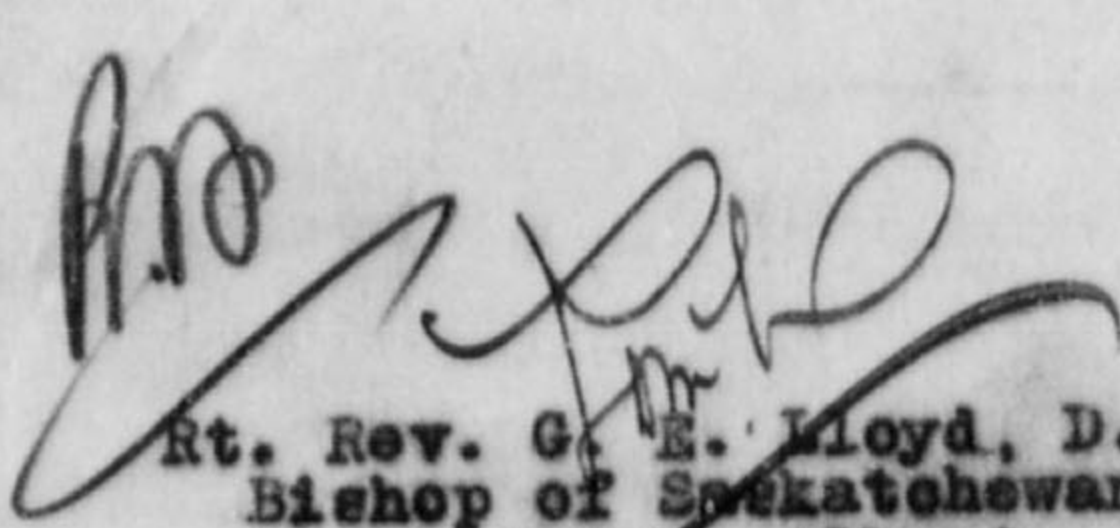

I have the honour to be,

Right Reverend Sir,

Your obedient servant,

J. D. McLEAN

J. D. McLean,
Asst. Deputy & Secretary.

Ottawa, January 23, 1925.

Sir:

For some years, Church and Department representatives have urged the establishment of a day school on The Pas Reserve. Mr. Inspector S. J. Jackson, in 1920, recommended that a day school be built at an early date. Mr. Indian Agent Waddy, whose recommendation was sought, was quite in favour of such a programme. The Department wrote to you on November 10, 1920, asking for a recommendation.

The question was brought to your attention again under cover of August 8, 1922. Please note your file 205-14 A.

His Lordship the Bishop of Saskatchewan visited the Department in 1923 and urged the establishment of a two-roomed school and residence. The Department also received a petition from the members of the band. No funds were available, however, and the matter was not referred again to your office.

In October, last, the Bishop of Saskatchewan wrote in part as follows: "The conditions here (The Pas) have been a public scandal for some time. There are 55 children at this end of the reserve, from 7 years of age upwards, running wild. This school is urgently needed and should be proceeded with at once. The site should be central, near where we have built the Church of the Messiah, viz., the village end of the reserve."

When Mr. Indian Agent Waddy was sending in his estimates for the coming fiscal year, he wrote in part as follows: "The Pas Reserve is asking again for a day school near the reserve. My idea is slightly different from that of the church authorities and the Indians, who ask for a large two-roomed school. - - - I would consider a small school sufficient at first, made so that it could be enlarged if successful."

In the light of these facts, I should be pleased if you would make a recommendation with reference to the provision of a combined day school and teacher's residence at The Pas. At the present writing, there is in the draft Estimates for Indian Education, 1925-26, an item of \$4,200.00 in this connection.

Your obedient servant,

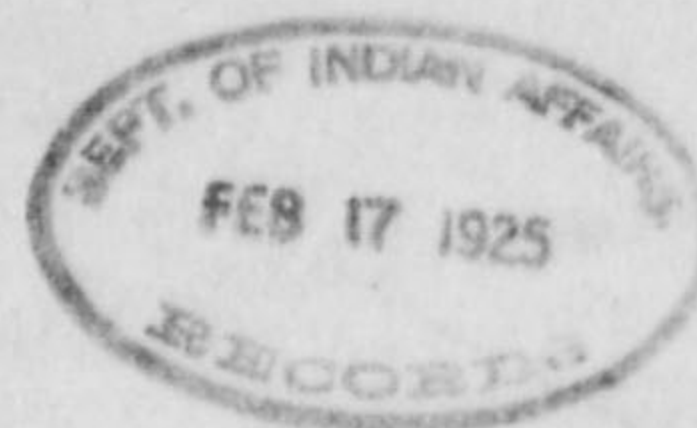

J. D. McLEAN

We the undersigned Chiefs of the various Indian Reserves Tributary to The Pas, in convention assembled at Chief Paterick Constant's house on The Pas Reserve, during Christmas week 1924 hereby resolve as follows, in regard to the matter of public school education on the different Indian Reserves :-

[Handwritten signature]

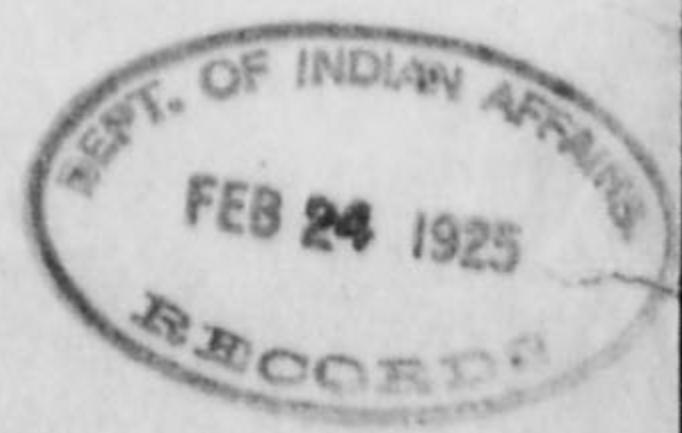

I - That a better qualified class of teachers be at once provided to teach our Indian children. This because many of the teachers are only lay-teachers and have no regular teacher's certificates to qualify them to teach, in public schools. This situation applies to all reserves

II - That in the matter of the much needed and many times asked for public school building and teacher to provide an education for some 50 or 60 children who have been deprived of all educational privileges for the past four years or more on the town end of The Pas Indian Reserve, we very much deplore this condition of affairs, and ask the Department of Indian Affairs at Ottawa, to at once remedy the situation as the regulations of the Department and the Indian treaties, require day schools to be established where needed and a secular education provided for Indian children everywhere.

III - That the views expressed by certain Indian Agents to the effect that the day school in localities where boarding schools are in existence conducted under the management of religious or other bodies, are unnecessary and interfere with the efficiency of those institutions in the matter of attendance and so the day school might be dispensed with altogether, as for instance the case referred to in clause #2 above are entirely wrong, and any Indian agent advocating such a thing has not the interests of the Indians in his agency at heart.

IV - That a copy of this resolution be sent to the Indian Department with the urgent request that the questions referred to in clauses I and II. be given their immediate consideration.

Sir:

I have to acknowledge receipt of the resolutions relative to education, signed by yourself and other chiefs upon the occasion of your meeting at The Pas in December, last. I note that you recommend better qualified instructors and the establishment of a day school on The Pas Reserve.

In reply I wish to inform you that the Department is continually effecting improvements in connection with the instruction in Indian day schools. Our aim is to have all these institutions staffed by professionally qualified teachers. In this connection, I might state that the different churches which nominate some of the workers are cooperating with us.

The Department is aware of the need for a school and teacher's residence on The Pas Reserve, and Parliament is being asked this session to vote funds for the purpose of erecting suitable buildings.

Ottawa, August 7, 1925.

Dear Bishop Lloyd:

I have Your Lordship's night letter of the 5th instant, in which you state that plans are not yet made for The Pas Indian Day School. When Mr. P. H. Gentleman, who has taught for the past few years at the Grand Rapids Indian Day School, was in Ottawa en route to England, he was somewhat in doubt concerning his plans for the future. Because of his wife's health, he was not prepared to return to Grand Rapids, and, as he was unable to see Your Lordship, he urged Mr. Ferrier to place before you his application for a transfer to The Pas Day School.

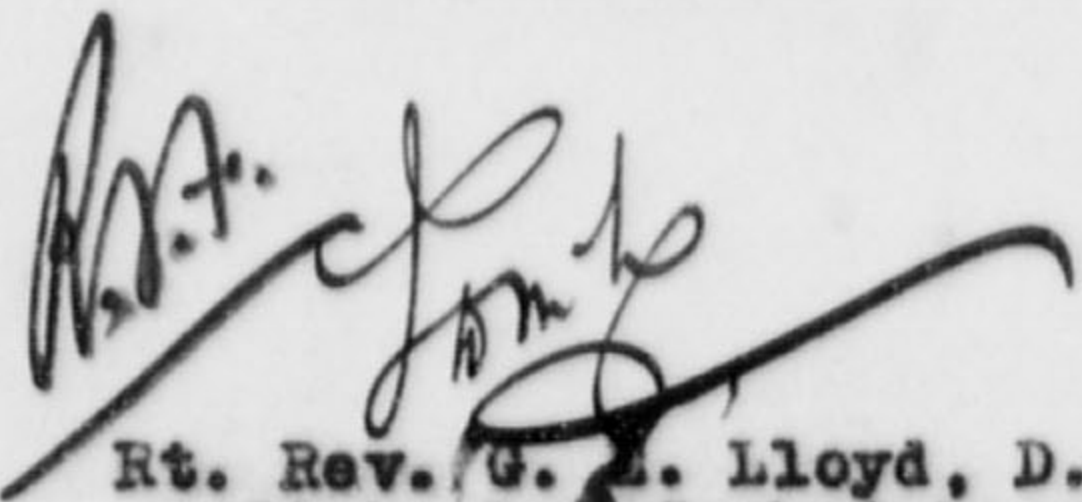

Mr. Gentleman, since the beginning of his incumbency at Grand Rapids, has given faithful and good service as far as the Department is aware, and I am prepared to approve of his appointment to The Pas School if Your Lordship nominates him for this position.

I have Mr. Gentleman's Old Country address, and, if Your Lordship will telegraph me as soon as your plans are settled for The Pas School, I will direct a cablegram to him. I note that the Rev. Mr. Fraser is to be in Prince Albert on the 16th instant.

I have not heard from Mr. Commissioner Graham as to the probable date the new building at The Pas will be ready for occupation and for classroom activity. I have no doubt that the Rev. Mr. Fraser will have information in this connection.

Yours very truly,

J. D. McLEAN

J. D. McLean,
Acting Deputy Superintendent General.

August 18th, 1925.

My dear Mr. McEean:

In reply to your telegram of August 4th, and your letter of August 7th, may I say I have gone over the matter of Mr. Gentleman's request to be changed from Grand Rapids to the new School at The Pas, with the Rev. Rural Dean Fraser, and I also know pretty well the mind of the Indian Agent there, and I think for several reasons it would be better to have Mr. Gentleman appointed to the School being re-opened at Big Head's in the Fort A La Corne district. I understand this is now either ready or will be in the near future, and it would be certainly better for Mr. Gentleman on account of the reason of his leaving Grand Rapids, viz: Mrs. Gentleman's state of health.

*Submitted
109-4-1*
This re-opened school at Big Head's is within easy driving distance of a well equipped up-to-date hospital in Welfort, and is not a great distance from Prince Albert itself. There is no doubt Mr. Gentleman has done well as a Teacher in Grand Rapids, and he ought to do equally well in re-opening this school at Big Head's, which has been closed for so long.

I would therefore nominate Mr. Gentleman for Big Head's School, but will not write to him until I hear from you in the affirmative, and if you agree that this suggestion is wise, I should be glad if you would cable him to that effect.

Believe me to be

Yours very faithfully,

Sir:

I have to acknowledge receipt of your telegram of the 5th instant, informing the Department that Mr. J. P. Humberstone, teacher of The Pas Indian Day School, wishes to resign in order to accept a position in another branch of the Government service.

In this connection I have to confirm the following night lettergram to you of today's date:

"Resignation of Humberstone teacher Pas School accepted STOP Arrange with Bishop of Saskatchewan to nominate qualified teacher to succeed him."

The department regrets the resignation of Mr. Humberstone, as his services were satisfactory.

It will be necessary to obtain the services of a qualified teacher to succeed Mr. Humberstone as soon as possible. You should take this matter up with His Lordship the Bishop of Saskatchewan, Prince Albert, with a view to the early nomination of a suitable teacher. The name, qualifications and experience of the teacher nominated should be forwarded for the information of the Department.

Mr. Humberstone should prepare a return showing the attendance, days taught, etc., by him up to the period he gives up duties. This should be forwarded through your office in order that payment of the salary due him can be made.

Dear Sir,

I sent to you yesterday from the Bishop of Saskatchewan the following night telegram:—"Humboldt, Pas Day School, from Civil Service. married teachers scarce just now. would nominate Miss Oakleigh Searle, 2nd class professional certificate, 5 years teaching experience. available immediately. Bishop of Saskatchewan."

This refers to Miss J. H. Oakleigh Searle, 316, 22nd Street East, Saskatoon. She has had some slight experience with Indian children, as her aunt used to teach at the old Ballufford Industrial school, and she was a frequent visitor there. I interviewed her in Saskatoon this week, and I believe she would be suitable.

Yours faithfully,

W. E. J. Paul.

THE PAS INDIAN DAY SCHOOL

Dear Mr. Williams:-

This school was inspected on September 8th, 1932. Mr. J. Humberstone is in charge, and has 30 pupils on the roll. The children are arranged in the following grades:-

Grade I	-	8
" II	-	7
" LII	-	5
" IV	-	5
" V	-	5

There were 21 present on the day of my visit. The attendance here should be better as the children live quite close to the school and only in cases of sickness should they be absent. I instructed the teacher to notify the Agent of any delinquents, and Mr. Lovell assured me he would check up on the matter and have the pupils sent either to the day school or boarding school. The children are not making any rapid progress and there appears to be little change from year to year in the grades. It is impossible to understand what they say when reading, and they are very backward in answering any oral questions. Their writing and other book work is fairly good.

The classroom was well aired and clean.

The school building is in good repair, although badly in need of exterior painting. During the past year a small

storehouse has been erected at the rear of the school, which is used for wood and storing of supplies. I do not know on whose recommendation this building was erected. Wood sheds are not provided in this northern country, as a general rule, and the biscuits could quite well have been stored in the classroom.

The teacher's residence is in fair repair, but too small. This fact I have pointed out on several occasions, and I think the money spent for the shed could have been used to better advantage in adding an extra bedroom to the residence.

No mid-day lunch is provided at this school, but biscuits are issued at noon.

Your obedient servant,

A. G. Hamilton

speak Cree when on the playground. In addition to the lessons, Mr. Humberstone attempted to have the children sing, but this was a miserable failure and resulted in a solo by himself.

I approached Mr. Humberstone when the children were dismissed, and asked him what progress he considered he had made during the past six or seven years, and his reply was "very little". On the occasion of each of my previous visits I have pointed out to Mr. Humberstone his weak points and hoped that on my return visit some improvement might be observed. This, however, has not been the case and I regret very much to report adversely concerning his work.

I have always watched closely the personal appearance of our teachers and the home conditions under which they live, feeling that both should be a good example for the Indians. Here, again, I regret to report that such is not the case, and in many ways Mr. Humberstone has adopted the Indian idea, rather than giving to the Indian the ideals which we, as white people, hold. The school is situated across the river from the town of The Pas and I am quite sure if it were placed in charge of a competent teacher, we could expect work almost on a par with that carried on in the white schools.

I would recommend that the Department take this matter up with the Bishop in charge of the district, with a view to having a new appointment made.

Both the school and residence are badly in need of exterior painting and a certain amount of interior decoration should be carried out during the coming

WHEATLAND INDIAN DAY SCHOOL.

Dear Doctor McGill:-

This school is in charge of Mr. John P. Humberstone, with 32 pupils on the roll. The grades are arranged as follows:-

Grade I	-	13
" II	-	4
" III	-	6
" IV	-	5
" V	-	4

The average attendance for the December quarter was 22.36. Although these children are arranged in their various grades, I am of the opinion that all are graded too high. The pupils are poor in reading and, in fact, in all subjects except writing and drawing. The discipline is very lax. The children lounge in their seats and, if standing to read, either stand on one foot or lean against the seat or wall, as the case may be. They are indifferent when spoken to and I noticed that it was necessary for Mr. Humberstone to tell practically each child in the class to take out his reader as the general instruction given to the class as a whole was not observed. The children were fairly well clothed, but untidy in appearance, their hair being uncombed. I spent some little time in the classroom and was thoroughly disappointed in the work carried on by Mr. Humberstone. When reading, it is necessary for the teacher to continually come to their aid and Mr. Humberstone, in many cases, uses the Indian word, a practice which I do not consider is good. The pupils are also allowed to

INSPECTOR'S OFFICE

ED WINNIPEG, MAN., July 18th, 1933.

Sir:-

During my recent visit to The Pas Agency it was rumoured that the Rev. Mr. Horsefield might obtain the appointment as teacher in The Pas Day School, to succeed Mr. Humberstone.

Mr. Horsefield taught at Grand Rapids, and I am informed his services were unsatisfactory. He also taught at the Big Eddy Day School and while there we had occasion to complain as Mr. Horsefield closed his school without permission in order to carry out his work as Missionary at outside points. The Pas Day School is an important school and in securing a change of teachers I was hopeful of obtaining the services of someone who would produce marked results.

It was also intimated that Mr. Horsefield did not care to reside in the Department house, but preferred to live in the Town of The Pas. I think the Department should insist that our house be occupied by the teacher in charge of the school.

My information in connection with this matter is only that gathered in conversation, but I thought it well for the Department to know, should Mr. Horsefield be nominated.

Your obedient servant,

A. G. Hamilton
A. G. Hamilton

44 44,

Ottawa, July 21, 1933.

Sir:

I have your 205-11 of the 18th instant, regarding the appointment of a teacher for The Pas Indian Day School, to succeed Mr. Humberstone.

The Department is communicating with His Lordship Bishop Thomas, of Brandon, Man., under whose auspices the school is conducted, requesting him to make early nomination of a qualified teacher. We are pointing out to His Lordship the objection there would be to accepting the nomination of the Rev. Mr. Horsefield. When a nomination is received, you will be advised.

Your obedient servant,

A. F. MacKenzie
A. F. MacKenzie,
Secretary.

Ottawa, July 21, 1933.

Right Reverend Sir:

I wish to refer to Your Lordship's letter dated March 31st, last, regarding the nomination of a teacher for The Pas Indian Day School, to succeed Mr. John P. Humberstone, who was retired as from the 30th ultimo.

In this connection I have to say the Department is informed that the Rev. Mr. Horsefield, who formerly taught at Grand Rapids, might obtain the nomination as teacher of The Pas School. When Mr. Horsefield taught at Grand Rapids, his services were not entirely satisfactory. He taught also at the Big Eddy Day School, and, while there, complaints were received that he closed the school without permission in order to carry out his work as missionary at outside points.

The Pas Day School is an important school, and it is hoped that, in making a nomination, the services of a qualified teacher will be obtained, one who will be able to produce marked results at this point. It has been intimated, further, that, should Mr. Horsefield be appointed, he would not care to reside in the Department's house but prefers to live in the town of The Pas. It is considered that the teacher appointed should occupy the house provided.

I am drawing the above matters to Your Lordship's attention, in order that you can give due consideration when nominating the services of a teacher for The Pas Day School. I should be pleased if Your Lordship would forward a nomination, stating full particulars as to name, qualifications, experience, etc.

I have the honour to be,

Right Reverend Sir,

Your obedient servant,

A. F. MacKenzie
A. F. MacKenzie,
Secretary.

Ottawa, February 20, 1929.

Sir:

His Lordship the Bishop of Saskatchewan has nominated Miss Oakleigh Searle, who holds a second class professional certificate and has had five years' teaching experience, to the position of teacher at the Pas Indian Day School, to succeed Mr. J. P. Humberstone. The Department has approved of her appointment, with salary at the rate of \$90 per teaching month. His Lordship states that Miss Searle's services are available immediately, and we have requested him to arrange with her to take up duties as soon as possible. Please inform the Department later of the date on which she began duties.

Your obedient servant,

J. D. McLEAN

J. D. McLean,

Sir:

I have the honor to enclose Power of Attorney from Miss Helen O. Searle, Teacher of The Pas Day School, turning her salary over to the Bank of Commerce at The Pas.

This Teacher had no money to purchase dishes, house equipment, etc., when she arrived and I obtained a loan for her from The Bank, which will be covered by this Power of Attorney.

With reference to her salary for the March quarter, it is not covered by this Power of Attorney. The Bank Manager understands this and does not expect her cheque for March to go to his Bank.

Your obedient servant,

Indian Agent.

Sir,-

I beg to acknowledge receipt of your letter of the 4th instant, enclosing power of attorney from Miss Helen O. Searle, teacher of the Pas Indian Day School, to the Bank of Commerce at The Pas. It is noted that this is not to take effect until the Department is paying her June quarter salary and, therefore, the cheque for the month of March was drawn in her favour and forwarded to you.

It is noted that the teacher found it necessary to purchase dishes, house equipment, etc., when she arrived. If there is any heavy household equipment which you consider it might be advisable to have remain in the residence for the use of Miss Searle and future teachers, the Department is prepared to consider paying for such articles of furniture on receipt from you of properly certified accounts in duplicate. While such articles should be of serviceable quality, it is understood that they should be secured as reasonably as possible.

Your obedient servant,

Russell T. Ferrier

Memorandum:

Deputy Minister,-

Mr. Inspector Marlatt in his report on the Manitowish and Pas Agencies recommends the renting of five buildings erected for church purposes by the Church Missionary Society in the Pas Agency, at the rate of \$40 per annum each. These buildings, it appears, are absolutely necessary for school purposes, as the old buildings are useless. There are seven schools in this Agency, and the only building fit for occupation is the one at Big Eddy. He also suggests the construction of a new school building at the Pas Reserve, at a cost of \$1200. This building, according to Mr. Marlatt's idea, should be large enough for two teachers, one of which is provided for already at a salary of \$300 a year. The old building in this case is of no further use. The \$1200 will cover desks and building. As regards the salary for the other teacher, Mr. Marlatt thinks that the North West Government would be willing to provide a teacher, as a number of halfbreed children resident on the reserve will attend the school. For the five buildings which it is proposed to rent the Department will, of course, have to supply desks, &c., which can be done from the regular vote without anything being placed in the estimates.

MR.

over

Indian Affairs. (RG 10, Volume 6242, file 531-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Pool Copy

Mr. Marlatt, in another report, of the 14th December, suggests the appointment of two Farming Instructors in the Portage la Prairie Agency, one to be stationed on the Rosseau River Reserve and the other on Swan Lake Reserve. The person at Rosseau River recommended by Mr. Marlatt is a halfbreed resident on the reserve, and his services, Mr. Marlatt, says, can be obtained for \$200 per annum; and the other is a resident on the Swan Lake Reserve, and can be secured for \$240 per annum. Mr. Marlatt considers that these farmers should be paid by an assessment on the products of the Indians of 10%, which would be funded here to an account for the purpose. In this way it is thought that they would soon become more than self-sustaining.

475 bushels of seed wheat will be required for the reserves in the Portage la Prairie Agency, for which no provision has been made in the estimates.

Mr. Marlatt, as you are aware, suggests that Mr. Martineau be transferred to Portage la Prairie and that he receive a salary of \$12000 instead of \$1000 as at present. The estimates already provide \$200 for office rent; and as there would be no office rent at Portage la Prairie, there would be really no increase in this case.

As regards Mr. Reader, no provision was made in the estimates by the Commissioner and Mr. Marlatt is strongly of opinion that his services should be discontinued and the work of his Agency done by Mr. Martineau.

Mr.

Mr. Marlatt is very desirous that
a primary Kindergarten outfit should be furnished
each of the schools in his ^{Inspection} Agency, and he thinks that
this might be done at a cost of about \$14 or \$15 for
each school, and he considers that the result would
be much more satisfactory if this were done.

NOTICE.

To Contractors and Lumbermen.

Sealed Tenders will be received by the undersigned up to noon of April 22nd, 1898, for the erection and completion of a Frame Schoolhouse in the Pas Agency; also for the lumber for said building. Separate tenders for each. Plans and specifications, and bill of lumber can be seen on application to the Rev. Archdeacon McKay, Prince Albert. Lowest or any tender not necessarily accepted. Tenders will be addressed to S. R. Marlatt, Inspector of Indian Agencies, care of Rev. Archdeacon McKay, Prince Albert, N. W. T.

Plans and specifications can be seen at the office of the Prince Albert Advocate.
S. R. MARLATT,
Inspector of Indian Agencies.
Dated at Portage la Prairie,
this 4th day of April, 1898. 42-48

LAKE MANITOBA INSPECTORATE,

In your reply refer to

No. 263.

Also to the date of this letter.

Portage la Prairie, Man., 14th June 1898, 189

Ref. letter, No. of the

Sir,

With reference to new School building at the Pas Reserve, the account herewith enclosed of J.B. Kernaghan completes, so far as I know, the bills for materials etc for this building, the amount I asked for, and which you kindly authorized was \$1200, with a verbal understanding that, if necessary, \$1500, ~~might be used~~ might be used. The accounts for material etc, and the \$450, advanced for transportation and wages now aggregate \$1321.58, I fear that \$450 will hardly be enough for transportation and wages and I have the honor to request that a Cheque be sent me for a further sum of \$178.42, (making \$1500, in all) which I can take out with me when I visit this Reserve on the 12th of August, and pay with it, any outstanding accounts remaining unpaid. I regret very much that the building is likely to exceed my estimate, I did not think the building of scows and transportation would cost so much, I might add that Mr Agent Courtney has taken down the River with him 90 school desks for six of the Agency Schools, and also a number of other things that are not rightly chargeable to this a/c but it would be hard to separate them. Owing to the low stage of water in the Saskatchewan, Mr Courtney was unable to make a start from Prince Albert until the 9th inst, being detained nearly a month on this account.

I have the honor to be.
Your obedient servant.

Inspector of Indian Agencies.

SASKATCHEWAN, N.W.T.

June 18: 1898.

Dear Mr Marlatt,

The desks arrived per S.B. Red River,
on the 8th ult.; also the medicines for Indians. I am
delighted with the new desks. From an hygienic
point of view they are so much superior to the old
forms, besides being convertible for writing purposes.

Yours truly.

Sir,—

I have the honour to enclose herewith an

account
voucher amounting to \$ 142 83 in favour of

Mr. Campbell Ho.

This Expenditure was authorized by Departmental
letter of 17th March 1898. No 137.269,

This completes order of 100 desks ordered
for Schools in Pas Agency.

I have the honour to be,

Sir,

Your obedient servant,

S R Macleod

INSPECTOR OF INDIAN AGENCIES.

To the Secretary,
Department of Indian Affairs,
Ottawa.

LAKE MANITOBA INSPECTORATE,

In your reply refer to

No. 37, 8-9,

Also to the date of this letter.

Portage la Prairie, Man., 12th Oct. 1898. 189

Ref. letter, No. of the

Sir,

With reference to new School Building at the Pas Reserve, Pas agency, This building was completed some time ago according to plans and specifications and ~~is a commodious and substantial building with two class rooms on the first floor and large store room above.~~ I regret to inform you that the cost is more than anticipated, at the time of my visit to the reserve I looked carefully into the accounts and found that the total cost is about \$2100, as you are aware accounts have been paid and advances made to the amt of \$1500, I instructed Mr Agent Courtney to issue vouchers for all outstanding accounts, the reason for the estimate being exceeded is largely accounted for by the cost of transportation of material from Prince Albert to the Pas, I had been very much misinformed in regard to it, the cost of the building should be credited with the sum of \$200, for transportation of 100 school desks and other articles not pertaining to the building which will reduce the building to an actual cost of about \$1900, I handed over the advance of \$178.42 received in your letter of 22nd of June, No 137269 to Mr Agent Courtney with instructions to account to you direct of all expenditure made by him.

I trust that you will honor all proper vouchers made by Mr Courtney in connection with this building, had I been on the ground personally I would have stopped operations, pending further instructions, when the \$1500, was exhausted but as Mr Courtney had no instructions to this effect he naturally completed the building.

I have the honor to be.

Sir,

Your obedient se vant.

The Secretary.

Dep't of Indian Affairs.

Sir,—

I have the honor to enclose herewith voucher # 1427, for rent of day school on the Pas Reserve known as Pas Day School, as per Dept letter # 117558-5, Oct 5th. 1917.

This rent has been paid for past year but the school has been closed. The building is still being kept in good condition and is not being used for any other purpose. I thought it advisable to draw this matter to the attention of the Department before they pay this voucher.

I have the honor to be Sir,

Ottawa, April 9, 1919.

Sir,-

1427

I have to acknowledge the receipt of your letter of the 31st ultimo enclosing a voucher for rent of the Pas Day school building for the March quarter, last, and stating that this rent has been paid for the past year, but the school has been closed.

In reply I beg to say that a cheque for \$20.00, in payment of the rent of this building for the March quarter, will be forwarded.

The Department considers that it would be well to re-open this school after the Easter holidays, if a teacher can be secured. I have to ask you to be good enough to make inquiries with a view to obtaining a suitable teacher for this school. Any applications you receive should be forwarded to the Department for consideration and you should give full information as to the age, religion, qualifications, experience, etc., of the applicants.

Your obedient servant,

J. W. Waddy

Extract from Report of Inspector S. J. Jackson on the Pas
Indian Day School, August 12, 1920. Original on 117558-6

652
This school is in a very poor condition at the present time
owing to there having been no regular school for the year
before the June quarter. The building is a poor one about
15 x 20 and in poor condition.

*Thomas
Dismissed*
Robert Thomas was educated at a college in Prince Albert
for 3 years and 3 years in Battleford Indian School with
Principal Matheson. He has taught for 8 years and is 43
years of age. He was at the front in France for over 2
years and has acquired a taste for alcoholic liquors.

There are so many children on this reserve that the board-
ing school cannot accommodate them. A new school 20 x 36,
11 ft. ceiling should be built opposite the Pas town at an
early date. I would recommend that Agent Waddy be asked to
get a tender from Councillor Patrick Constant for a new
school. It would be built of the lumber that is now being
cut at their own mill and from their own logs and should
have a stone foundation.

S. J. Jackson,

Indian Affairs. (RG 10, Volume 6242, file 531-5, part 2)

Ottawa, August 19, 1920.

Sir,-

Mr. Inspector Jackson, in a report to the Department on his recent inspection of The Pas Indian Day School, states that the building in which the school is conducted is in very poor condition. He states that there are so many children on this reserve that the boarding school cannot provide accommodation for them and recommends that a new school building 20 x 36 feet, 11 foot ceiling, be erected opposite the town of The Pas at an early date. He also recommends that Councillor Patrick Constant be asked for a tender for the erection of such a building and that it could be built of lumber that is now being cut at their own mill and from their own logs and that the building should have a stone foundation.

I shall be pleased if you will state your views concerning the erection of a new school building and forward an estimate of the cost of the same. Kindly give as full particulars as you can concerning the matter.

Your obedient servant,

For Asst. Deputy and Secretary.
J. W. Waddy, Esq.,

Sir,—

I have the honou~~r~~ to tender as follows on the building 20x36 to be used as a school-house on the Pas Reserve:

Building to have a cement foundation, walls to be 12 feet clear inside, building to be shingle-roofed two coats of paint to be applied on the outside, two coats inside, two coats on the roof, six windows and one door, with porch. Building to be solidly constructed throughout and foundation to be well banked up. All material used in the building is included in my tender, as well as all labor used in the construction of the building. The price is also to include the construction of two small closets and all hardware in connection with erecting the building.

The Department may pay for any material I purchase for this building and deduct same from total amount of my tender.

For constructing this building complete, that is, per the above, I tender the price of \$1469.00

Yours truly,

Asst. Deputy and Secretary,

Department of Indian Affairs,
Ottawa.

Sir,— Re letter #117558/5 of the 19th. August., in reference to constructing a school on the Pas Indian Reserve, near the town of The Pas, I have the honor to state that I have gone into this matter with Councillor Patrick Constant, of the Pas Reserve, and explained to him just what is desired. I enclose a letter from him tendering on the contract I allowed for 12 foot walls, with an addition of two feet to the height by building the ceiling across the room two feet up from the top of the walls as we require all the air space possible. I explained to Councillor Constant that the building is only under consideration, and that it may not be erected, and he understands this. At the same time it might be advisable to put it up immediately if for no other reason than that the cost of materials is still going up, and a school is urgently required at this point. Some material will have to be purchased as the Indians have only got rough lumber, and I have placed an item in the contract covering such purchases. I drew up a rough plan with a list of material required and helped Constant to figure out the cost, so he should not have any complaint later on. At the same time I did not overlook the interests of the Department. If the Department wishes the building to be constructed as per the tender I would like to be advised by wire, so as to get the cement in immediately.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, October 2, 1920.

Mr. Mackenzie
MEMORANDUM.

Mr. Scott,-

Mr. Inspector Jackson recommended that a new day school building be erected at The Pas on a site opposite the town. The present building is rented from an Indian at \$80.00 per annum. It is in very poor condition and too small for the purpose. The Inspector states that there are so many children on this reserve that the boarding school (Mackay) cannot accommodate them. He recommended that Agent Waddy be asked to get a tender from Councillor Patrick Constant for a new building, as he has a mill and can supply the lumber from his own logs.

The Agent now forwards a tender which he received from Patrick Constant, who offers to erect a building 20 by 36 feet and to supply all the material required and do the work at a price of \$1469.00, and, if the Department purchases any of the material, the cost is to be deducted from the above amount.

There are 85 children of school age on The Pas Reserve, all of whom are Anglicans. Of this number 48 are in attendance at the Mackay Boarding School, which has its full enrolment, leaving a balance of 37 for whom day school accommodation has to be provided.

There is no doubt that a new day school is urgently required on this reserve and should be built in the near future. We are now paying \$80.00 per annum rent, which represents a capital expenditure of nearly \$1400.00 at 6%. The tender received is \$1469.00 and for this amount the Department would have a building large enough to accommodate all the children who would attend and it would be better adapted and more central than the present rented building. It is probably too late in the season to have the work done this fall, but

~~The Pas, Manitoba.~~

December 24th, 1920. 19

Sir,— I have the honor to refer to letter 117558/5 of August 19th. last, and to my answer of the 20th. September enclosing tender of Patrick Constant for erection of a day school for the Pas Band, near the town of The Pas, Man.

The Indians are holding a meeting on January third next, and ask me if it will be possible to get an answer from the Department by that date, as they wish to have the school built, and wish to find out the decision of the Department.

There are so many children of school age in the vicinity that something should be done to educate them.

I would be obliged for some information on the intentions of the Department by the date mentioned above.

I am, Sir,

Your obedient servant,

Robt. A. A. A.

I have to acknowledge the receipt of your letter of the 24th instant in reference to the tender which you forwarded in August for the erection of a day school for The Pas Band near the town of The Pas, Man.

Sept 1
In reply I beg to say that this matter was referred to Mr. Commissioner Graham, who was asked to look into the question of the advisability of constructing a building on this reserve. Mr. Graham replied that he had in purpose the intention of visiting The Pas and that he would take this question up with you and report to the Department at a later date. The Department is, therefore, not in a position to come to any decision in the matter until a report is received from the Commissioner.

Ottawa, January 23, 1925.

Sir:

For some years, Church and Department representatives have urged the establishment of a day school on The Pas Reserve. Mr. Inspector S. J. Jackson, in 1920, recommended that a day school be built at an early date. Mr. Indian Agent Waddy, whose recommendation was sought, was quite in favour of such a programme. The Department wrote to you on November 10, 1920, asking for a recommendation.

The question was brought to your attention again under cover of August 8, 1922. Please note your file 205-14 A.

His Lordship the Bishop of Saskatchewan visited the Department in 1923 and urged the establishment of a two-roomed school and residence. The Department also received a petition from the members of the band. No funds were available, however, and the matter was not referred again to your office.

In October, last, the Bishop of Saskatchewan wrote in part as follows: "The conditions here (The Pas) have been a public scandal for some time. There are 55 children at this end of the reserve, from 7 years of age upwards, running wild. This school is urgently needed and should be proceeded with at once. The site should be central, near where we have built the Church of the Messiah, viz., the village end of the reserve."

When Mr. Indian Agent Waddy was sending in his estimates for the coming fiscal year, he wrote in part as follows: "The Pas Reserve is asking again for a day school near the reserve. My idea is slightly different from that of the church authorities and the Indians, who ask for a large two-roomed school. - - - - I would consider a small school sufficient at first, made so that it could be enlarged if successful."

In the light of these facts, I should be pleased if you would make a recommendation with reference to the provision of a combined day school and teacher's residence at The Pas. At the present writing, there is in the draft Estimates for Indian Education, 1925-26, an item of \$4,200.00 in this connection.

Extract from letter which was
enclosed with letter to Mr. Stewart
from F.C. Hamilton of Winnipeg.
June 4/25.

"The Inspector of Indian Agencies has been here during the last week, and while here he called for tenders on a school house and residence on the local Indian Reserve. Among the tenderers was a man, a Mr. Tallion, who some years ago was a resident of The Pas, but is now a farmer in Marcellin, Sask. He is not a resident nor is he on the voters list, and still he was allowed to tender and, being the lowest, got the contract. The local men are now up in arms. They rightly think that only local men should have been allowed to tender."

COMMISSIONER'S OFFICE,

C. REGINA, SASK.,

June 24th 1925.

Act

Sir:-

I beg to enclose herewith and recommend for payment The Pas Agency vouchers:

- No.101 for \$773.50, in favor of The Monarch Lumber Company,
The Pas, Man. for the Day School, The Pas.
No.102 " \$800.48, in favor of The Monarch Lbr.Co. The Pas,
for the teacher's residence, The Pas, Man.

Invoices in duplicate supporting vouchers are attached duly certified etc. No tenders were received, the above firm carrying on the only yard in the town. The prices are the lowest they could quote with any degree of safety to themselves, and the authority is given by the Department under the estimates dated April 9th 1925.

The Pas Agency voucher #103 is also enclosed, for \$7.13 in favor of The Monarch Lumber Company The Pas, for screen door and windows, under Department authority dated June 19th file no. 128-15-5.

see file 128-15-5

Your obedient servant,

4519-106

August 7th 1925. 19.....

R

Sir:

I beg to report that the school and dwelling on the Pas Reserve, as authorised by Mr. Commissioner Graham, will be completed to-day.

I have advised Rural Dead Fraser here to try to get in communication with the authorities of the Church and have a teacher recommended to the Department.

It will be necessary to instal seats and other equipment, and I have made out a list including necessary school supplies which is enclosed. The only equipment in the school is the blackboard which was built into the wall.

I am, Sir,
Your obedient servant,

J. W. L. Waddy
Indian Agent.

Asst. Deputy & Secretary,
Department of Indian Affairs,
Ottawa.

Ottawa, August 18th, 1925.

Sir:

I have to acknowledge receipt of your letter of the 7th instant, informing the Department that the school and teacher's dwelling on The Pas Reserve is completed, and requesting that desks and other equipment be supplied.

Relative to the 30 adjustable single desks asked for and the teacher's desk, arm chair and visitor's chair, I beg to say that we are requesting Mr. Commissioner Graham, Regina, to arrange for the purchase of this equipment. I may say that we do not supply adjustable desks owing to the cost. The desk we supply is known as the 'single school desk'.

You may arrange for the purchase and delivery of 1 wall clock, inexpensive, the window shades of the sizes required, complete with rollers, 2 brooms, 1 scrub brush, 2 mirrors, inexpensive, 1 dust pan, 2 metal combs, 2 galvanized pails and 2 enamel drinking cups. You should forward properly certified vouchers, in duplicate, covering the expenditure incurred.

We are placing an order with the Government Stationery Office to forward to you a teacher's hand bell, double ink stand and 6 blackboard erasers. We do not furnish day schools with blackboard rulers and pointers.

Your obedient servant,

Sgd. T. R. L. MacInnes

T. R. L. MacInnes,

128-7-5.

Sir:

Ottawa, August 18th, 1925.

Mr. Agent Waddy informs the Department that the school building and teacher's dwelling on The Pas Reserve, which you were authorized to have built, is completed. He requests that 30 desks be supplied, also a teacher's desk and chair and a visitor's chair.

I have to request that you will be good enough to arrange for the purchase of this equipment. You should obtain prices from the firms mentioned in our letter No. 111-1-12 of the 13th instant. It is considered that the following sizes and number of each size of single desks would be satisfactory: -

10 No. 5	-	Pupils 7 to 9 years,
10 No. 4	-	" 10 to 12 years,
5 No. 3	-	" 12 to 14 years,
5 No. 2	-	" 15 to 18 years.

The teacher's desk should contain 3 drawers down one side and 1 drawer over knee space. The teacher's arm chair and the visitor's chair should match the desk.

After the purchase of these desks has been made, please forward certified vouchers in the usual manner covering the expenditure incurred.

Your obedient servant,

Sgd. T. R. L. MacInnes

T. R. L. MacInnes,
For Asst. Deputy and Secretary.

M REGINA, SASK., Sept. 19th. 1925

Sir :

On the 24th of June last I forwarded for payment two vouchers from The Pas Agency, #101 and 102 in favor of the Monarch Lumber Company for material supplied. The last mentioned voucher for \$800.48 has apparently not been paid and I shall be glad if you will kindly have the matter looked into and direct that a cheque for the amount in question be forwarded without delay.

Your obedient servant,

W. M. Graham

[Handwritten mark]

Sir:-

I beg to forward herewith for payment
The Pas Agency Voucher, No. 300 for \$65.00 in favour of
C. S. Dickens, The Pas, Manitoba.

This is a complete job for the Day
School & Residence, Mr. Dickens gave a verbal estimate
originally of \$70.00. I considered this was somewhat high
compared with local prices and advised Mr. Agent Waddy
accordingly. The matter was taken up again with Mr.
Dickens who stated this was still a fair figure, but com-
promised by allowing a \$5.00 reduction. He is the only
local Tinsmith so I instructed Mr. Waddy to get the work
accomplished and it is now finished and in a satisfactory
manner. Department authority is dated April 9, 1925 E.

INDIAN OFFICE

4745-106

At The Pas, Manitoba

November 2nd 1925

Sir:-

I have the honor to state that the Pas Day School was opened on the 28th inst, there being 24 pupils in attendance.

Some of the pupils were not 7 years of age as we discovered when we investigated the records, so these will be let stop home and their places taken by other children, we have plenty of youngsters to choose from.

It would be advisable to have front seats furnished to accomodate six more pupils, the air space in the school would be sufficient. If the Department approves of this suggestion, the following would be required.

Front seats- Empire Single- E.N.Moyer, Winnipeg.
2 number 5
2 number 4
1 number 3
1 number 1.

There are six rows of seats in the school.

I am, Sir,

Ottawa, November 11th, 1925.

Sir:

I have your letter of the 2nd instant, informing the Department that The Pas Day School was opened on the 28th ultimo with 24 pupils in attendance, and stating that it will be necessary to have front seats to accommodate 6 more pupils.

In reply I beg to say that you should obtain from the E. N. Moyer Co. Ltd., Winnipeg, their price F.O.B. The Pas for the supplying of the 6 front seats of the sizes mentioned by you. When you have this information, you can place the order with them for the 6 front seats. You should obtain an account, in duplicate, and when the seats have been delivered, if in good condition, you should certify the account and send it to the Department for payment. If possible, there should be no overcrowding in the classroom, and if there is not sufficient room the children under seven years of age should not be admitted. It is hoped that there will be a regular attendance of the children of school age and that the teacher will meet with much success in the work. Please give the matter of the purchase of the front seats required your early attention.

R
Sir,—

In reference to letter 128-7-5 of the 20th ulto regards a toilet for the teachers house at the Pas Day School I beg to state that I can obtain one from the Pas Canoe Company for \$20.00 including cost of material etc.

The further cost would be freight to the school about \$2.00 and digging a pit \$3.00, making the total cost \$25.00.

I am, Sir,
Your obedient servant,

Ottawa, February 9th, 1926.

Sir:

I have your letter of the 1st instant, giving an estimate of the cost of erecting a toilet for the teacher's use at the Pas Indian Day School.

In reply I beg to say that you may arrange with the Pas Canoe Company for the supplying of this toilet at a cost of approximately \$20. We note that there will be a further cost for freight to the school and the digging of a pit. The erection of the toilet should be carried out when you consider that weather conditions permit.

Please forward properly certified vouchers, in duplicate, covering the expenditure incurred, with receipt attached for any charges for the freighting of the material to the school.

Your obedient servant,

J. D. McLEAN

Extract from Report of Inspector J.S. Peach on
The Pas Indian Day School -, dated February 15, 1926.

Schultz

Windows of the school house need a good cleaning.
Apparently they were not cleaned before being placed in
the building..

I would strongly recommend that a closet be
erected for the private use of the Teacher and his family.
Apparently this was overlooked.

In forwarding the above report Commissioner Graham
in his letter dated February 23, 1926, (original on file
No.128-1-6) states:-

"In connection with the remarks on The Pas Day
School, I am writing to the Agent in regard to having
the windows of the school house properly cleaned. The
recommendation of the Inspector to have a closet erected
for the teacher and his family should be carried out; this
should not cost more than \$40.00."

Dear Sir:

Re: Bromley & Hague, Ltd.
Winnipeg, Man.

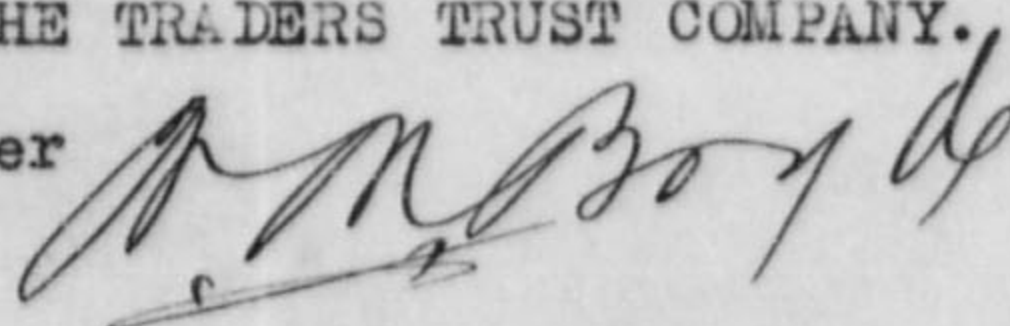

Your letter addressed to the above people
has come to us as Trustee in this matter.

Messrs. Bromley & Hague Limited had a
number of orders from Ottawa for flags for different
points, but before they had filled same they were
forced to make an Assignment and the business was
closed out. We wrote Ottawa some time ago stating
that these orders were on hand and asking them if
we would hand them over to some other firm, but
they stated that they would attend to this matter,
so that your better plan is to write Ottawa direct.

Yours truly,

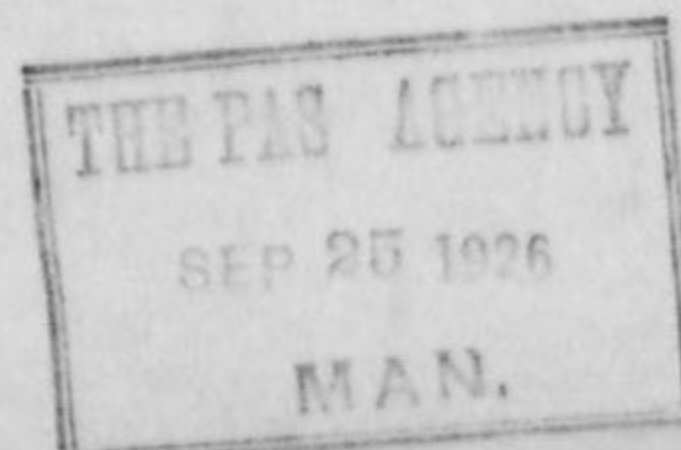

THE TRADERS TRUST COMPANY.

OFFICE OF
INDIAN AGENT

The Pas, Man.
March 28th 1927.

5907-107

Dear Sir;-

I have the honor to enclose requisition
for stationery for the Pas Day School.

The outside toilets have to be
moved from present position and I would
be obliged if I may be allowed to spend \$5.00
on this work.

Your obedient servant,

W. A. D. D.
Indian Agent.

Ottawa, April 4th, 1927.

Sir:

I have your letter of the 28th ultimo, enclosing a requisition for classroom supplies for the use of the Pas Indian Day School.

In reply I beg to say that an order has been forwarded to the Government Stationery Office to send to the teacher's address the supplies considered necessary.

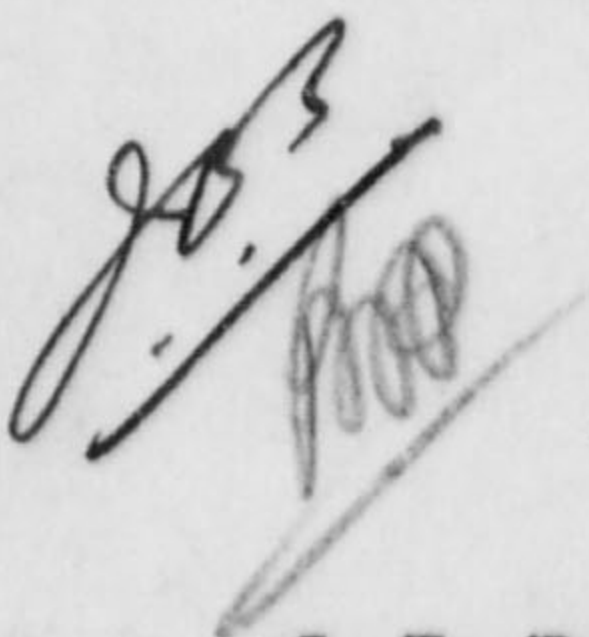

Relative to the removal of the outside toilets to another location, I beg to say that the Department will approve of an expenditure of approximately \$5 in having this work done. You should arrange to have these toilets moved and their present location properly filled in as soon as weather conditions permit.

Please forward properly certified vouchers, in duplicate, covering the expenditure incurred.

Your obedient servant,

J. D. McLEAN

EXTRACT FROM REPORT OF MR. AGENT WADDY,
for the Month of January, 1928, on
the Pas Day School. Report dated
January 30th, 1928.

Original on File 128-7-7.

The teacher has asked to be supplied with four gallons of floor oil to keep down the dust. I would like to recommend that this be allowed.

The frost heaves the foundation of this school every winter and loosens the plaster where the chimney goes through the ceiling. It would not be a very expensive job to have the plasterer fix this part of the building up in the Spring and it would make the place look tidy. I beg to recommend that this be also allowed.

We will require the services of a carpenter a few hours, I should think an expense of not over \$3.00, to make a few necessary repairs, and I beg to recommend that this be done.

Indian Affairs. (RG 10, Volume 6242, file 531-5, part 2)

Ottawa, February 11th, 1928.

Sir,-

Relative to that portion of your report on the Pas Indian Day School for the month of January last regarding the request of the teacher to be supplied with a quantity of floor oil to keep down the dust, it is considered that, unless the floors are thoroughly scrubbed and dried before this oil is applied, it would be unsatisfactory. It is thought that Dustbane would be more satisfactory for the purpose. However, you may supply a small quantity of oil or Dustbane as considered by the teacher and yourself to give the most satisfaction.

You may, also, arrange to have the plaster repaired around the chimney and engage the services of a carpenter to make a few necessary repairs. Please keep all expenses down as low as possible, and forward properly certified accounts, in duplicate, covering the expenditure incurred.

Sir:

During the visit of the Superintendent of Indian Education to the Pas Indian Day School, the matter of the painting of the trimmings in the classroom and teacher's residence was drawn to his attention. You may incur an expenditure of approximately \$10 in the purchase of the quantity of white paint required for the trimmings, only, in the classroom and teacher's residence, and you should forward an account, in duplicate, properly certified, covering the expenditure incurred. The painting is to be overseen by the teacher.

Please give this matter your early attention in order that the work can be completed before the extreme cold weather sets in.

THE PAS DAY SCHOOL.

This school is in charge of Mr. J. P. Humberstone who holds his Second Class Professional and was appointed by the Church of England.

The roll called for 31 pupils and on the day of inspection, I found 22 present, 14 boys and 8 girls. The grades range from 1 to 3 and the children appeared well along in their studies. Mr. Humberstone has certainly succeeded in getting these children to talk and they can be heard clearly from any part of the room.

The school is of the improved type and I understand is quite comfortable during the winter.

The children were well dressed and clean.

Mr. Humberstone takes keen interest in his work and appears to be getting results.

The residence in connection with the school is a four roomed cottage with a very small basement. Mr. Humberstone pointed out that he had no place to use as a store room as the house only had four rooms with no back kitchen. The washing machine and tubs must either be in the kitchen or out under the trees. An outside kitchen could be erected quite easily and at small cost. The present combined kitchen and dining room is not supplied with any cupboards. A work table should be built along one wall with cupboards above, which would greatly help Mrs. Humberstone in her house work.

Sir:

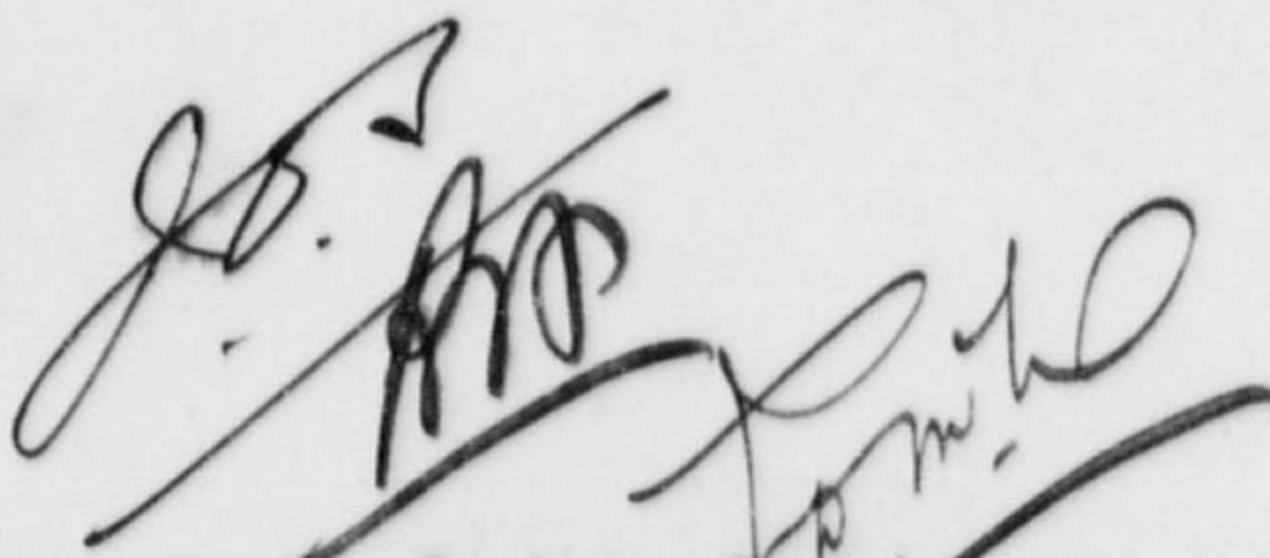

With reference to that portion of your No. 205-11 of the 7th instant relative to the report of Mr. Inspector Hamilton on his inspection of The Pas Indian Day School, I beg to say, with regard to the Inspector's remarks as to the lack of cupboard space in the residence, that you may arrange to have cupboards and a work table installed in the present combined kitchen and dining room. It is noted that the Inspector states a work table could be built along one wall, with cupboards above, which would greatly help in the carrying out of the housework.

Please keep the expense in having the cupboards and table built as low as possible, forwarding a certified account in the usual manner covering the cost.

Ottawa, December 7, 1928.

Sir:

With reference to your report for the month of November, last, on the Pas Indian Day School, it is noted you recommend that the interior of the school be kalsomined and that a little patching be done around the chimney where it enters the ceiling, also that four rear seats be supplied.

With reference to the kalsomining, please furnish an estimate of the cost of this work and when you would recommend that it be carried out.

You may arrange to have the patching required around the chimney carried out, forwarding a certified account, in duplicate, covering the cost.

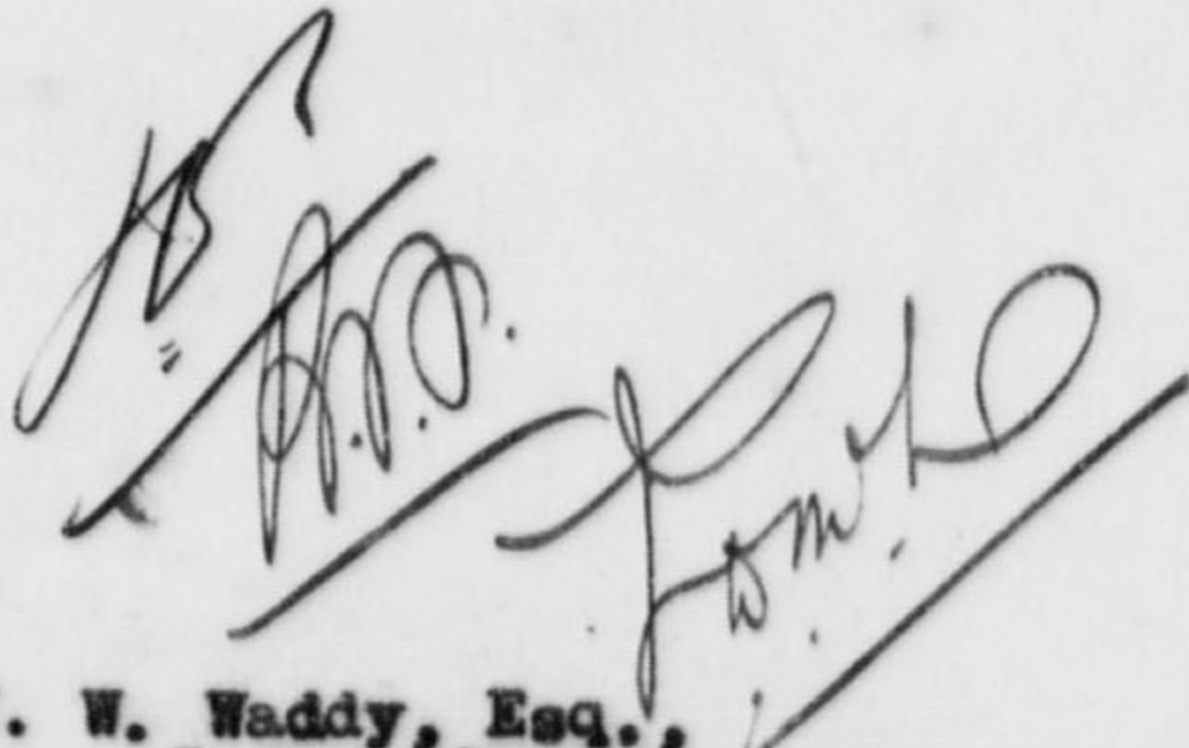

Relative to the 4 rear seats required, you may place an order with E. N. Moyer Co. Ltd., Winnipeg, to supply 2 No. 3 single rears, 1 No. 4 single rear, 1 No. 6 single rear. Please obtain an itemized account in duplicate. This you should attach to a proper voucher form, certify in the usual manner and send to the Department for payment after these rear seats have been delivered.

Ottawa, January 4, 1929.

Sir:

The Public School Inspector, in a report on his recent inspection of the Pas Indian Day School, states that window shades are needed, also 6 rear seats, as the pupils are using boxes for seats. The Inspector also recommends that a flag pole be provided.

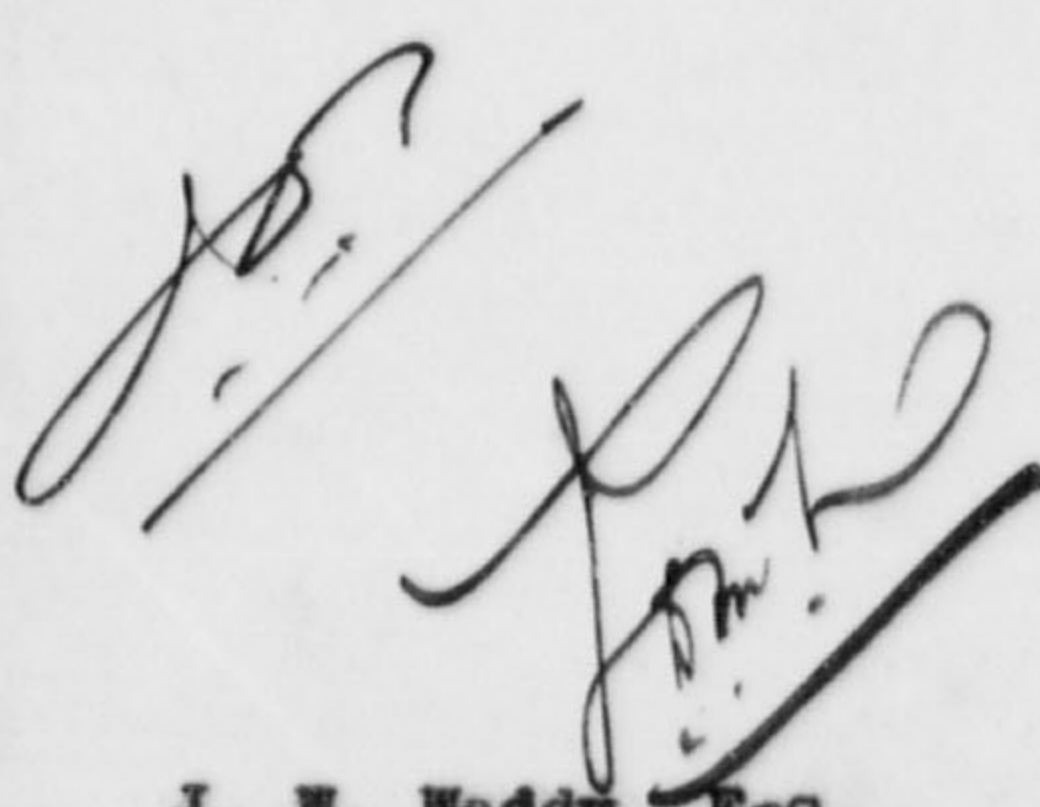

Please report regarding the Inspector's recommendation and state whether you would recommend that the supplies mentioned be furnished, and, if so, you should give full particulars regarding the number of window shades required, also the sizes of the rear seats and the make of desk for which they are needed.

Relative to the flag pole, it is considered that this might stand over until next spring.

R

OFFICE OF
INDIAN AGENT

The Pas, Man.
January 8th, 1929.

418-103.

Sir:

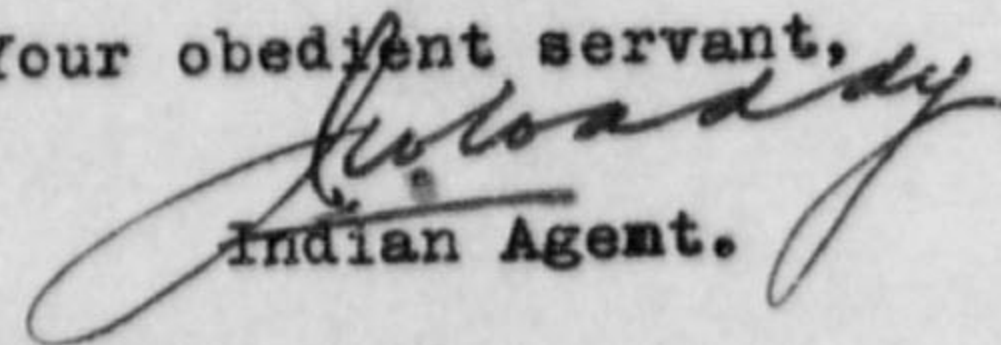

With reference to your letter 128-7-5 of December 7th, regarding kalsomining The Pas Day School, I beg to advise the Department that I asked a local painter to give me a price on this work, but he has never got around to inspect the place. Yesterday I asked the Principal if he would kalsomine the school for me some Saturday, and he has agreed to do the work for \$5.00 on condition that our department supply the material, and beg to recommend that this be done.

I also have your letter 128-7-5- of January 4th, and beg to advise the Department that the four seats have been supplied lately and no more are required.

I think the Inspector's recommendation regarding blinds for The Pas Day School should be carried out. The cost would probably be about \$8.00.

I will attend to the flag pole affair next Spring and will have one erected.

Your obedient servant,

Indian Agent.

Asst. Deputy & Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Ottawa, January 14, 1929.

Sir:

Replying to your letter of the 8th instant, I beg to say that the Department will approve of the arrangements made by you with the teacher for the kalsomining of the interior of the Pas Indian Day School, and will allow the sum of \$5 for the work. You should purchase the material required and forward an account, in duplicate, covering the cost of the material and labour.

You may also arrange to have the window blinds required supplied. We note that you estimate the cost to be approximately \$5. After these blinds have been installed, you should forward a certified account, in duplicate, covering the cost.

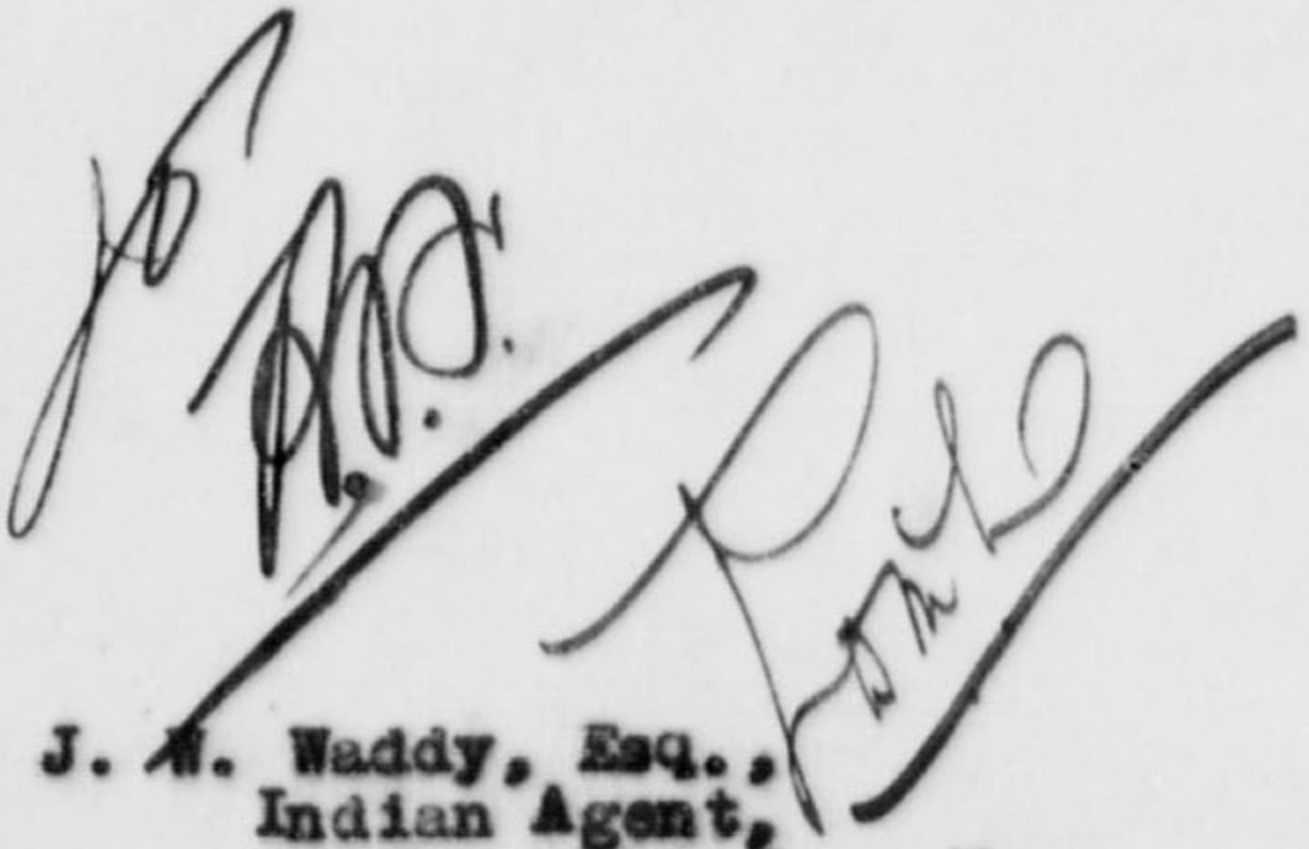

Relative to the flag pole, it is noted that you will arrange to have this erected next Spring. You may at that time purchase any guy wire, rope and pulleys required.

Please keep the cost as low as possible, and, when forwarding your account covering the expenditure incurred, you should quote this letter and file number as your authority.

Your obedient servant,

J. D. McLEAN

THE PAS INDIAN DAY SCHOOL.

128.7-5

Mr. J. P. Humberstone, who was in charge of this school when I last inspected it, resigned to take up other work, but I found him again in charge on this visit.

The school register calls for 31 children and 22 were present. The grades range as follows:-

Grade I	-	13
" II	-	7
" III	-	6
" IV	-	5

These children spoke out quite freely when questioned, and I found their voices carried much better than those of the children at the Big Eddy School.

I do not consider the discipline good as the children speak out at any time and do not hesitate to get up and walk after anything they require. I checked this up

Indian Affairs. (RG 10, Volume 6242, file 531-5, part 2)

THE PAS INDIAN DAY SCHOOL (CONT'D.)

this up and instructed the Agent, on his monthly visits, to see that this condition was improved.

The school building was fairly tidy, but the windows were all closed and the air very depressive. I pointed out to Mr. Humberstone that these windows must be kept open, and instructed the Agent to have the outside windows put on with hinges so that plenty of fresh air may be obtained.

The school building and the teacher's residence are badly in need of painting and this work should be done, if possible, during the coming year.

I was not impressed with the appearance of Mr. Humberstone's residence, but he explained that the house having only 4 rooms and a small basement gave him no place to use as a storeroom and he was obliged to leave things out in the yard and on the verandah which otherwise might be stored away. A lean-to 12 ft. wide built on the rear of this house would provide for another bedroom and kitchen and could be made good use of by the present family.

I have the honour to be,

Sir,

Your obedient servant,

A. G. Hamilton

A. G. Hamilton,
Inspector of Indian Agencies.

Indian Affairs. (RG 10, Volume 6242, file 531-5, part 2)

Ottawa, November 7, 1929.

Sir:

Mr. Inspector Hamilton, in a report on his recent inspection of the Pas Indian Day School, states that he did not consider the discipline good, as the children speak out at any time and do not hesitate to get up and walk after anything they require. He also states that he requested you to see, on your monthly visits, that this condition was improved. You should take this matter up with the teacher with a view to improving the discipline.

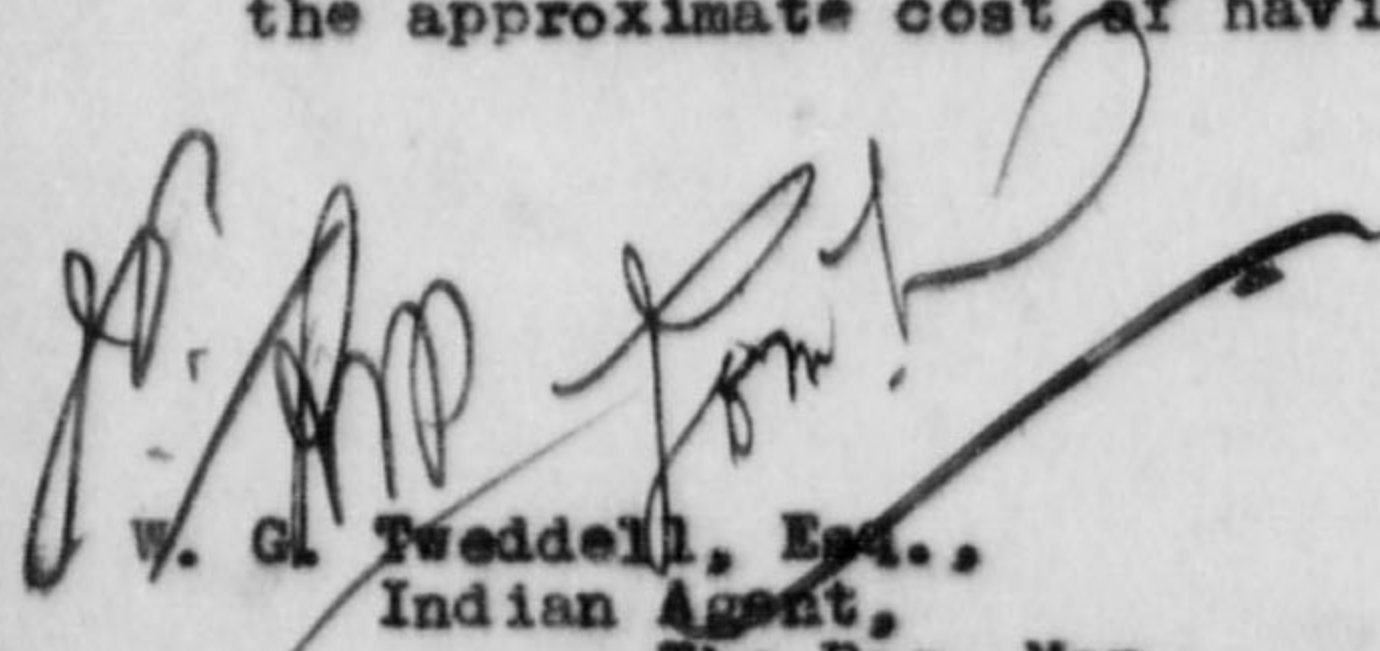

The Inspector states that he authorized you to have the outside windows put on with hinges, so that a supply of fresh air could be obtained. It is presumed that you have attended to this matter.

The Inspector further states that the school building and teacher's residence require painting next year. You should bring this matter to the attention of the department early next Spring, stating the work you would advise be carried out and the approximate cost of same, also how you would propose having the labour carried out.

The Inspector recommends that a lean-to, 12 feet wide, should be built on the rear of the teacher's residence to provide a bedroom and kitchen, also storage facilities. I shall be pleased to have a report from you regarding this matter, stating whether you would recommend the erection of a lean-to, and, if so, the approximate cost of having the work completed.

Your obedient servant,

J. D. McLEAN

REGINA, SASK., DATED 20th NOVEMBER, 1930,
his File 205-11.

Original on No. 128-1-5.

W. L. ...
I beg to enclose herewith a report
on the Pas Agency by Inspector Hamilton.

With reference to the Pas Indian Day
School, you will note the Inspector says that
the school building needs exterior painting and
that the teacher's residence is also in need of
painting outside. I may say that amounts have
been provided in the Estimates to meet these
expenditures.

THE PAS INDIAN DAY SCHOOL.

128-7-J-

The school is supervised by Mr. Humberstone, whom I found to be greatly interested in his work, and anxious to have the children make progress.

The roll calls for 28 pupils, 10 girls and 18 boys. The average attendance for last quarter showed 22.5, and up till the present in this quarter, 17.72. This school is well located and there is really no excuse why the attendance should not continue to be good.

The children were tidy in appearance, but some were poorly clad, and I noted a number with wet feet. The weather had turned very mild and as some were wearing moccasins without rubbers, this could not be avoided.

The grades are arranged as follows:-

Grade I	-	11
" II	-	4
" III	-	5
" IV	-	4
" V	-	4

The work

Indian Affairs. (RG 10, Volume 6242, file 531-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Pool Copy

THE PAS INDIAN DAY SCHOOL (CONT'D.)

The work examined was well done, but the children do not speak out well, and it is almost impossible to hear their voices across the room. I understand from Mr. Humberstone that when he is alone with the pupils, they speak out much better, and I have no doubt such may be the case as some of the children are very shy. Drill and singing is also taught, and I found the children did very well in this respect.

The school building needs exterior painting, and the walls inside are in need of kalsomining as they have become badly smoked. The teacher's residence is also in need of painting outside. This house is very small, having only two bedrooms, a living room and a kitchen. An addition across one end would allow for two more rooms, which are needed, as at present there are seven in the family, five children and Mr. & Mrs. Humberstone. The addition would make possible three bedrooms, a kitchen, dining room, and living room.

Ottawa, January 19, 1931.

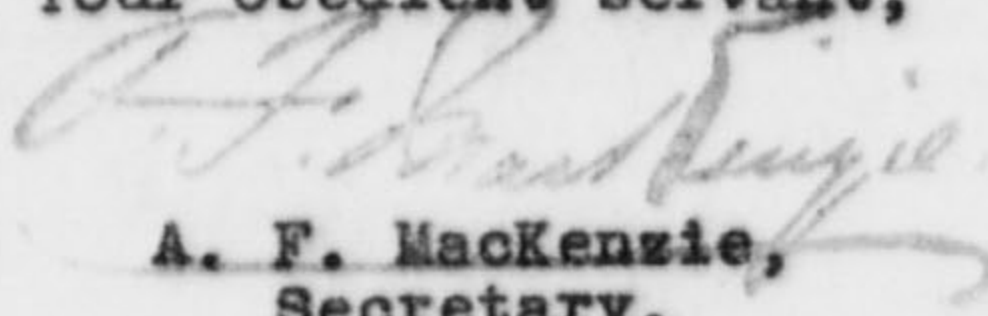

Sir:

The Public School Inspector, in a report on his inspection in December, last, of the Pas Indian Day School, states that the pump is broken and the pupils have to carry water a considerable distance - from the river. He also states that a larger supply of wood should be kept on hand, and a woodshed provided.

Regarding the pump, I have to request that you will arrange to have same placed in a good, serviceable condition as soon as possible. Should any new parts be required, you may purchase same, but all costs in having the pump repaired should be kept as low as possible.

You might furnish a report regarding the erecting of a woodshed of an inexpensive type, giving particulars as to the size you recommend and the approximate cost, including material and labour, when consideration will be given to authorizing having same erected next summer.

Your obedient servant,

A. F. MacKenzie,
Secretary.

R

OFFICE OF
INDIAN AGENT

513-106

The Pas, Manitoba,
February 3rd, 1931.

Dear Sir:-

In reply to your 128-7-5 of the 19th, instant, I beg to say that I have, as instructed, to-day visited The Pas Indian Day School and examined the pump and well. I find that the reason the pump-handle breaks, is that the well freezes at the bottom at the cylinder, so that it is useless to have the handle repaired at present.

I would suggest that it be left till spring, and that the well be properly covered in at the level of the ground, so that it will not freeze below.

The well is only about 24ft. deep. A floor could be put in, say 4 ft. or so from the top of the crib, which would prevent the frost from going further down.

The pump is an old wooden one. Fixing the handle is a matter of a few minutes, to bore another hole for the eye-bolt which pulls out when the pump freezes.

However should you wish to have the well fixed at once I shall be pleased to have it done.

I presume the well is frozen to the bottom.

In regard to the wood-shed, I would suggest a building about 14x16-8ft, walls of ship-lap and shingled, with a light cement foundation to keep the sills from rotting. I do not think a floor would be necessary. Such a shed could be built at a small cost, and if required I could submit a figure for the material and labor.

In regard to the wood supply, there is a good supply, all sawed up, at the present time. It is always a difficult matter to get the Indians to supply wood. They expect to be paid for it and I contend that they should at least supply school wood free. As you know they never want to have a supply of anything ahead.

I trust this will meet with your approval.

Your obedient servant

Ottawa, February 9, 1931.

Sir:

I have your letter of the 3rd instant, reporting on the condition of the pump at The Pas Indian Day School and also regarding the building of a woodshed.

With reference to the pump, it is considered that, as suggested by you, the carrying out of any repairs and placing the pump in good condition should remain over until weather conditions permit next spring. When considered timely by you in the spring, you may arrange to have the well properly covered in at the level of the ground, to prevent freezing. It is noted you suggest that a floor be put in about four feet from the top of the crib, in order to prevent the frost from going further down. You may have this floor installed, and, if a new pump is required, you may arrange for its purchase and installation. In making the repairs to this well, please see that all costs are kept as low as possible and you should render certified accounts, in the usual manner, covering the expenditure incurred. Please bear this matter in mind, and, early next spring, have the well placed in a satisfactory condition to prevent freezing.

Regarding the erection of a woodshed, I have to request that you will submit an estimate of the cost of the material and labour in building a shed of the type and size as mentioned in your letter. When this information is to hand, consideration will be given as to whether funds for the purpose can be provided to have the shed built next summer.

Your obedient servant,

A. F. MacKenzie

Ottawa, February 21, 1931.

Sir:

I have your letter of the 16th instant, giving an estimate of the cost of the material and labour required in building a woodshed at the Pas Indian Day School.

In this connection I have to say that the Department will approve of you arranging to have this work carried out when weather conditions permit next Spring. The shed should be of the size and type mentioned by you. It is considered that it would be satisfactory if the sills were placed on cedar posts instead of cement, and the cost would be less. You should see that a satisfactory job is completed. A good, strong lock or padlock should be placed on the door.

After the shed has been erected to your satisfaction, you should forward an account, in duplicate, covering the cost of the materials and labour in having the work carried out. The Department will expect you to see that all costs are kept as low as possible.

Your obedient servant,

A. F. MacKenzie

Dear Sir,-

Referring to your letter of the 15th instant, enclosing voucher No. 43 amounting to \$25.00 in favor of Mr. Wm. Lyon for building a wood shed in connection with the Pas Indian Day School. It is understood that an agreement was made with Mr. Lyon for the erection of that building and, if so, a copy should be attached to the voucher. If it was a verbal agreement, the fact should be stated on the face of the voucher. If, however, Mr. Lyon was employed by the day, the number of days and rate should be given. I herewith return the voucher.

Yours truly,

F.H. Paget

E X T R A C T from Report of A. G. Hamilton,
Inspector of Indian Agencies, regarding his visit
to the PAS INDIAN DAY SCHOOL on January 29th, 1934.

Original on File 128-7-6.

The interior of the classroom is badly smoked and should be redecorated. The exterior is very much in need of paint; in fact, most of the old paint has peeled off.

The pump house should be repaired at once. The lumber is off the rear of the building, leaving it open to the dogs and small stock roaming around the reserve. If this is not repaired, the water will become contaminated and, sooner or later, the pump will be broken. The well is for the use of the school and residence, and the pump house should be kept locked. The cost of these repairs should not exceed six or eight dollars.

I noticed some of the seats were loose and a number of screws have disappeared. These should be renewed or before long the seats will fall apart. A good man could make all necessary repairs in four or five hours.

Ottawa, March 8th, 1934.

Sir,-

The Department is in receipt of Inspector Hamilton's report regarding his visit to the Pas Indian Day School on January 29th, last.

Mr. Hamilton reports, in part, as follows:-

"The pump house should be repaired at once. The lumber is off the rear of the building, leaving it open to the dogs and small stock roaming around the reserve. If this is not repaired, the water will become contaminated and, sooner or later, the pump will be broken. The well is for the use of the school and residence, and the pump house should be kept locked. The cost of these repairs should not exceed six or eight dollars.

"I noticed some of the seats were loose and a number of screws have disappeared. These should be renewed or before long the seats will fall apart. A good man could make all necessary repairs in four or five hours."

Provided the expenditure does not exceed the amount mentioned above, you may arrange to have Inspector Hamilton's recommendations carried out at once. Accounts should be submitted before the end of the current month in order that payment can be made from this year's appropriation.

Your obedient servant,

A. F. MacKenzie.
Secretary.

A. G. HAMILTON
INSPECTOR OF INDIAN AGENCIES
MANITOBA

DEPARTMENT OF INDIAN AFFAIRS
CANADA

INSPECTOR'S OFFICE

WINNIPEG, MAN. July 9th, 1935.

THE PAS INDIAN DAY SCHOOL

Sir:-

I beg to submit the following report on the above school which I inspected on Tuesday, June 11th, 1935.

The teacher in charge here is Miss Anne Wright, who holds her 2nd Class Professional Certificate for Saskatchewan. There are 28 on the roll and the grades are arranged as follows:

Grade I	-	14
" II	-	4
" III	-	3
" IV	-	4
" V	-	3

The children are fairly well along in their grades and are making progress. The epidemic of measles necessitated the closing of school for several weeks and this interfered greatly with the work. There is no comparison in the discipline and general management of this school now and when taken over by Miss Wright. It has improved even beyond expectations and much credit is due the teacher for her sincere and earnest work.

The children were well dressed and clean. Their hair was neatly combed and apparently free from vermin.

I noticed that all the seats were occupied and the school was clean and in a tidy condition.

The school building appears much neglected. A number of boards should be renewed on the outside wall, due largely to decay. All siding should be re-nailed and the exterior painted. The paint put on at the time

The Secretary,
Dept. of Indian Affairs,
OTTAWA.

of erection

Indian Affairs. (RG 10, Volume 6242, file 531-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Pool Copy

THE PAS INDIAN DAY SCHOOL (CONT'D.)

of erection has entirely disappeared and the building presents a weather beaten appearance.

The school residence outside is almost as bad as the school and should be painted. The interior is in fair condition. Miss Wright has taken excellent care of the furniture and it is almost as nice as when supplied two years ago.

I consider the school under excellent supervision and the children are making progress.

Your obedient servant,

A. G. Hamilton

Ottawa, July 18, 1935.

Sir:

Mr. Inspector Hamilton, in a report on his recent inspection of the Pas Indian Day School, states that the school building appears much neglected. He states that a number of boards should be renewed on the outside well, due largely to decay. All siding should be renailed and the exterior painted.

I would request that you furnish an estimate of the cost of the repairs required to the school building, also an estimate of the cost of the exterior painting of both the school building and teacher's residence. When we have this information, consideration will be given as to whether funds can be allowed for the purpose.

Your obedient servant,

A. F. MacKenzie,
Secretary.

AUG 3 1935

Dear Sir,

In reply to your letter 128-7-5, dated the 18th instant, I beg to advise that it will cost about \$30.00 to make the necessary repairs to the school buildings and \$70.00 to paint the school building and the teacher's residence. I would be pleased to have authority to do this work right away so that it can be done during the holidays.

Your obedient servant,

Samuel Lovell
Indian Agent.

Sir:

With reference to your letter of the 29th ultimo, I beg to say that you may incur an expenditure of approximately \$30 in making the necessary repairs to the Pas Indian Day School.

Owing to lack of funds, the Department is not prepared at the present time to authorize the expenditure required for painting the exterior of the school and teacher's residence.

Your obedient servant,

T. R. L. MacInnes

OFFICE OF
INDIAN AGENT

The Pas, Man.,

Oct. 30th, 1935.

Dear Sir,

I beg to advise that I inspected the Pas and Big Eddy Day Schools to-day.

I found that some of the plaster around the ceiling and chimney in The Pas School is loose. It is liable to fall down and hurt the children and it also has a tendency to make the school cold. The repairing of it would cost about \$10.00

The Big Eddy class-room is very dirty and needs kalsomining. This would cost about \$15.00.

I would like your authority to Spend \$25.00 for the repairs above mentioned.

Your obedient servant,

The Secretary,
Department of Indian Affairs,
Ottawa.

Copy sent to Mr. Hamilton

Ottawa,
April 23, 1941.

EXD.
G

Dear Sir:

In reporting on a recent inspection of
The Pas Day School Inspector Hamilton writes as
follows:

"The school has been painted since my
last visit and certainly presents a different
appearance. The work was done with Indian labour
and in every way appears satisfactory.

"The teacher's residence now looks worse
than ever. This house should be painted on the
outside as soon as possible, and the interior should
be redecorated. It is many years since any expense
has been incurred for decoration and the house is
gloomy, dark and cheerless.

"The well pump is not working. I would
suggest that a good pole fence be erected so as to
keep stock away. The repairs to the pump and other
work should not entail much expense, perhaps \$10.00
or \$15.00, and I would suggest this be carried out as
soon as possible."

Please let me know the approximate cost
of painting the teacher's residence.

You may arrange for the repairs to the
pump and also have the pole fence erected as suggested
by the Inspector. It is noted that the total cost of
this work will not exceed \$15.00.

Yours truly,

Mr. S. Lovell,
Indian Agent,
The Pas, Man.

R.A. Hoey,
Supt. of Welfare & Training.

I submit the following report on the schools
in The Pas Agency, inspected during the Treaty Payment from
June 1st until June 15th.

X

X

X

The Pas Day School;

Mr. Waller is in charge. He has taught in Indian
schools for years and is greatly interested in his work.

There were twenty children present and the book
work seen was very good. The pupils were clean and well dressed.

The school building has been painted since my
last visit, but should have another coat. The teacher's residence
is in good condition. Mr. Waller has done some interior painting
on his own and consequently the place is bright and cheerful.

Educational

The buildings, both classrooms and teacher's residences, of the day schools, are for the most part, in poor condition, and hardly worth repairing. We put in the Estimates for 1945-46 for a number of new buildings to replace them, but the Department have informed me they cannot be allowed. They certainly should be built at the first possible opportunity.

It might help matters if more food was provided for a more substantial mid-day meal. I mean a quantity of dehydrated foods, such as peas, beans, lentiles, potatoes, etc. be provided, as well as the biscuits and some of the elder children taught to make a well cooked mid-day meal for the children. This would increase attendance, teach the children some domestic science and be beneficial to their health.

EXTRACT from letter from Dr. R.F. Yule, Medical
Report for December, 1945, dated 2nd
January, 1946.

The Pas Schools - In so far as the two schools on the Pas reserve are concerned, we have one-hundred per cent of them Toxoided and Vaccinated. The increase in attendance with the coming of the Family Allowance has given me a great deal of satisfaction. While no doubt you have the figures, I am taking the liberty of giving you a copy of the average attendance as given me by Mr. Waller for his school across the river.

Average attendance	December	quarter	1941	-	14.75
"	"	"	"	-	15
"	"	"	"	-	12
"	"	"	"	-	15
"	"	"	"	-	29.9

and during the actual month of December, after some checks had been stopped for irregular attendance, the daily average arose to 32.

Mr. Lovell's firmness, backed by the Department, is beginning to get results. If this is continued (and I am sure it will be) in ten years we will have a generation which speaks English. At it now is the only ones who know English are those who attended McKay School. English amongst the younger ones was sadly disappearing.

As to be expected the two schools are now overcrowded and, as I am primarily interested in the health of these children, it seems to me that a few comparatively minor changes would make a considerable improvement. Would suggest the removing of the partition which gives a porch inside the school proper. This would give us a considerable amount more floor space and the advantages of a porch could be obtained by building one on the outside of the door. While I have not actually been up there, my information is that there has been no attempt made to insulate the ceilings of these buildings. I think that they could be much more comfortable by the use of sawdust. Both schools are short of seats. It might be possible to have these made locally.

EXD.

Ottawa, 2nd February, 1946.

Mr. Samuel Lovell, Indian Agent, The Pas, Manitoba.

In a recent letter received from Dr.
R.F. Yule, he writes as follows:

Q "As to be expected the two schools are now overcrowded and, as I am primarily interested in the health of these children, it seems to me that a few comparatively minor changes would make a considerable improvement. Would suggest the removing of the partition which gives a porch inside the school proper. This would give us a considerable amount more floor space and the advantages of a porch could be obtained by building one on the outside of the door. While I have not actually been up there, my information is that there has been no attempt made to insulate the ceilings of these buildings. I think that they could be much more comfortable by the use of sawdust. Both schools are short of seats. It might be possible to have these made locally."

Please let me know exactly what should be done and the approximate cost.

The Secretary,
Indian Affairs Branch,
Dept. of Mines & Resources,
Ottawa, Canada.

Dear Sir:

In reply to your letter of February 2, regarding Dr. Yule's report, I beg to advise that the two rooms mentioned are store rooms, one for the girls, and one for the boys, for hanging their clothes, etcetera. These partitions could be taken out, but I do not think it would be a great advantage, as we would have to build porches on the outside of the school, which in all probability would have to have a separate heating unit.

I intend to include in my estimate for 1947-1948, an estimate for increasing the capacity of these schools without tearing out these partitions. I would suggest that an addition be built at the rear of these schools, which could be made a permanent structure.

As regards insulation in the ceiling, these schools have two coats of lath and plaster, and very few cracks, and I am not altogether in favor of having sawdust used for insulation in a school building, where there are a lot of children, as this sawdust would be bone dry, and would create a fire hazard. I think this situation could best be handled in other ways, even by the use of heavy building paper in between the joists upstairs.

Regarding doing any work at the present time, it would be practically impossible as we would have to close the school, and I respect their request that this matter be allowed to stand in abeyance until the summer holidays, and I will go into this matter thoroughly in my estimate next year, for 1947 to 1948.

Your obedient servant,

S. Lovell,

Inspector's Report - Pas Day School

Mr. Bateman's report on the above school has been received and is quite satisfactory.

However, he raises certain points for improvement:

1. The lack of desks - Has Mr. Waller requisitioned the extra desks that are apparently required?
2. The interior decorations - Could we have an estimate of how much it would cost to have the ceiling plaster repaired and the interior of the school painted?
3. The toilets - To quote Mr. Bateman "the toilets present a disgusting appearance, the seats and floors being littered with faeces, and the odor being very oppressive".

Mr. Waller is evidently doing an efficient job as a teacher, but the cleanliness of the toilets at his school would leave very much to be desired.

Would you suggest to Mr. Waller (a) that he appoint weekly toilet monitors and hold them strictly accountable for the cleanliness of the toilets (b) that he himself inspect them daily, and, if there is any filth at all, that the monitors be responsible for cleaning it up at once.

As this monitorship is rotated weekly, it will soon be found that all students become concerned about the cleanliness of the toilets.

Mr. S. Lovell, Indian Agent, The Pas, Manitoba.

I have your letter of the 24th ultimo regarding school desks for The Pas Day School.

Desks are made in three sizes, large, medium and small. Please let me know which size is required.

Bernard F. Neary,
Supt. of Welfare & Training.

Re: W. J.

Extract from Medical Report of Robt. F. Yule, M.D.,
Medical Supt., The Pas Agency, for January 1946.

Original on File 76 - 128

Re: Norway House Trip

Our Provincial regulations call for 15 sq. ft. of floor space and 200 cubic ft. of air space per pupil. These figures were given me by Mr. Goodman at Norway House, who had obtained them directly from the Provincial Department. On my return I checked our schools on The Pas Reserve, which are identical in size and layout. These schools are 21 x 23 x 10 with an additional 7 x 21 x 10 porch, (this porch being under the main roof). The cubic space would thus allow 24 pupils, or, if the porch were included, 31 pupils. The square foot space would allow 32 pupils or, with porch included, 42 pupils. To comply with the regulations the ceiling should be 3 feet higher. In other words these buildings would require a 13 foot ceiling to bring the cubic air space in line with the square foot space. Even with these schools I think there is enough space between the ceiling and roof to fill these requirements. However, independent of this, by the removal of the partition and the installation of proper desks, conditions can be materially improved. These schools are cold and should be insulated and it should be done before the fall term opens this year. Of course, with the removal of the inside partition a porch would have to be added. These schools have a registration of 38 and 34 respectively.

Extract from Report of Robt. F. Yule, M.D.,
Medical Supt., The Pas Agency, dated October 1, 1946.

Original on 76-128

DAY SCHOOLS - PAS AGENCY

In my January 1946 report an extended reference was made to our two day-schools on The Pas Reserve. There is also a suggestion put forward providing at least a partial remedy of present conditions. The work and cost involved would be nominal. However, our schools have re-opened for the fall term undecorated, overcrowded and unventilated. Schools, especially Indian schools, should set a standard for roominess, brightness and cleanliness. Our schools do none of these things. While I am on the subject I may say that in my opinion schoolrooms should be painted, not kalsomined.

EXD.

Ottawa, November 1, 1946.

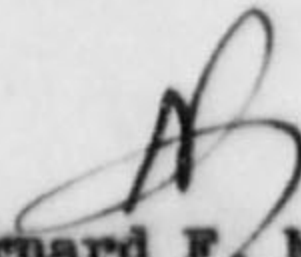

Mr. S. Lovell, Indian Agent,
The Pas, Manitoba.

Pas Indian Day School

On July 8 we wrote to you on similar file, concerning the conditions discovered by Inspector of Schools Bateman when he visited the above school. At that time you were asked to submit an estimate as to the cost of carrying out certain repairs at this school. To date there is no record of any letter having been received from you concerning this matter. We have now received a report from Dr. Yule, Medical Superintendent of the Pas Agency, in which he states as follows:-

"However, our schools have re-opened for the fall term, undecorated, overcrowded and unventilated. Schools, especially Indian schools, should set a standard for roominess, brightness and cleanliness. Our schools do none of these things. While I am on the subject I may say that in my opinion schoolrooms should be painted, not kalsomined."

Your comments on the conditions at both these schools would be appreciated.

The Pas, Manitoba,
November 20, 1946.

[Handwritten signature]
The Secretary,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Canada.

Dear Sir:

Pas Indian Day School.

I beg to advise in this connection that I am well aware that the schools are crowded, but not so much this year as last, owing to more children going to boarding school from this area, and there have been a considerable number whose parents have been enfranchised. But the situation as it stands at the present time is this:

[Handwritten: Nov 1946]
The provincial government have a school in this vicinity which has not functioned for a number of years. The School Inspector for this area approached me with a scheme to build a big joint school in this area, to take care of half-breeds and Indians. I had his assurance that this was taken up with the Minister of Education for Manitoba, and through him, with our Department. If this scheme is successful, any work that I did on these schools would be simply a waste of money. I interviewed the Inspector a few days ago, and he assured me, "off the records", that there had been some agreement with the Department in Winnipeg and Ottawa, whereby one of our schools would be enlarged to take care of the half-breeds, and the Department of Education would see that the school at Moose Lake would be enlarged to take care of the Indians in that vicinity. Up to the present time, I have had no official word, but I have hesitated

Indian Affairs. (RG 10, Volume 6242, file 531-5, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Pool Copy

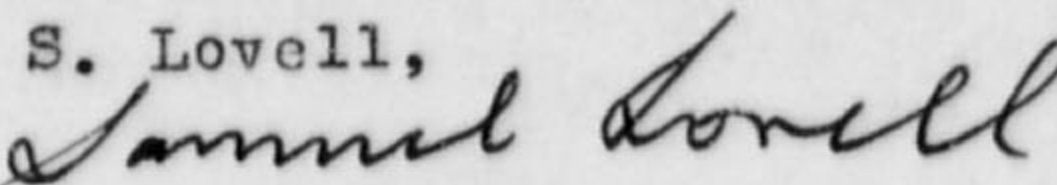

recommending any work on these schools, until I have been notified that the arrangements had been made, as I do not want to spend money without having a beneficial result.

I do not think that Dr. Yule knows anything about the arrangements or any discussions regarding this scheme. Consequently, he reported this in his monthly report. Labor is very scarce, and material is very hard to procure at the present time, but the cost to do these schools would be approximately \$150.00 each, that is, to wash the kalsomine off, and paint. If, under the circumstances, the Department are willing to go ahead and re-decorate these schools, I will endeavor to have this done in the Christmas holidays.

Trusting that this is the information that you require, I am

Your obedient servant,

S. Lovell,

Indian Agent.

Mr. S. Lovell, Indian Agent,
The Pas, Manitoba.

ED

We have your letter of the 20th instant, with reference to the condition of the day schools in The Pas Agency, particularly the Pas Indian Day School.

Early in April, 1947, you should make a recommendation regarding the repairs and decorating that you consider are necessary at each of the schools in your Agency. The matter will then receive careful consideration and any work authorized can be done during the Easter or summer holidays.

There has been considerable discussion with officials of the Department of Education of the Province of Manitoba with regard to providing schools that would be attended by both Indian children and half-breeds. It is hoped that building materials will enable the projected joint school in your agency to be constructed next summer. However, we will know definitely by next April and can then decide our future plans. I enclose an extra copy of this letter in the event that you might wish to pass it to Dr. Yule, M.D.

Dear Sir:

We acknowledge receipt of those educational survey forms which you completed while in hospital. I hope that the painful stage of your illness is past and that you will soon be fully restored to health.

I note your remarks regarding the problem of illumination in northern schools. Some of our officials here have had teaching experience under similar conditions, but as you and Mr. Lovell are most familiar with the local situation, you might confer with him concerning any means of getting more light.

Yours sincerely,

B. F. Neary

File: THE PAS SCHOOL

8 Sept., 1947.

Mr. Philam
Shortages, The Pas School.

1. No fuel wood.
2. No biscuits. *Wed yet shipped*
3. No dustbame for sweeping up.
4. Requisition for supplies not yet filled.
5. No bulletin # 3
6. No flag arrived in reply to my wire in June.
(Please supply a Canadian ensign.)
7. No tooth brushes. Mr. Waller is not
much concerned about this item.
8. Not enough room for the pupils who have to
be accommodated.

Thirty-four desks are crowded together
leaving inadequate aisle space for the teacher
or pupils. Enrolment is thirty-eight.

W.T.B.
As an emergency measure I recommend
that you authorize the removal of the cloak-
room partitions, increasing the length of the
room by six feet. A storm-porch must then
be added to shield the classroom doors from
the weather. It looks, in all, like about
three days' work

As the teacher has not benefited by our
salary scale. I suggest we act quickly to
remove the above-mentioned added discomforts.

C.A. Clark

~~EX'D.~~

AIR MAIL

Ottawa, September 16th, 1947.

Mr. Samuel Lovell, Indian Agent,
The Pas, Manitoba.

We have a letter from Mr. Clark in which he states that at the time of his visit, no wood had been secured for the Pas day school. This letter authorizes you to purchase the wood required. You may also purchase a reasonable quantity of Dustbane.

Mr. Clark reports the classroom overcrowded and states the condition could be remedied if the cloak room partitions were removed increasing the length of the room by six feet. This would necessitate a storm porch being added to shield the classroom from the weather.

Mr. Clark thinks that this work could be done in about three days.

Please arrange to have the improvements suggested carried out immediately, keeping the cost as low as possible.

Philip Phelan
Chief, Training Division.

, November 3, 1948.

Mr. E. Law,
Supt. of Indian Agency,
The Pas, Manitoba.

The Pas Indian Day School.

Mr. Moffat's report on Mr. Waller is quite satisfactory. In his General Comment, Mr. Moffat makes the following comments:

" I am glad to note that toilet paper, a basin, soap and paper towels have been placed in the school as requested in my report of last year. However, the school well has gone dry so that the benefits that should have resulted are largely lost due to lack of water. Mr. Waller secures his own water by hiring a car to bring it from the town. It is suggested that steps should be taken to deepen the well or if this is not feasible to take other means of assuring an adequate supply at the school.

The girl's toilet is in such poor repair that it is impossible to use it properly. As a result it is in a filthy condition. New and larger toilets should be built. I have suggested to Mr. Waller the advisability of checking the condition of the toilets regularly and of encouraging pupils to put them to proper use.

A number of students were sitting on boxes. Six new desks should be made available.

The plaster on the ceiling is broken in one or two places, especially near the chimney.

The removal of the partition at the back of the room has added considerably to classroom space. Even with this improvement, the room is quite crowded.

If enrolment increases it would seem advisable to consider the building of a new two-room school in the near future. When such a building program is undertaken, I would like to see space and equipment made available for teaching practical arts such as shop work for boys and home making for girls".

You are authorized to have another toilet constructed at a cost not to exceed \$100. It is presumed that we will have a report from you with regard to the water situation.

You are aware, of course that when Major Clark visits The Pas that he is to investigate the possibility of erecting a two-room school next year. Would you please submit a requisition for the desks required stating the number of small, medium and large sizes wanted.

We are sending Mr. Waller four dozen large envelopes for use by the children in taking their report cards home.

Bernard F. Neary,
Supt. of Indian Education.

November 10th, 1948.

Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Canada.

Attention: B.F. Neary, Education Division

Dear Sir:

Please refer to your letter of 3rd inst.,
files 531-1 (E), 531-5, 531-6, regarding The Pas Indian
Day School.

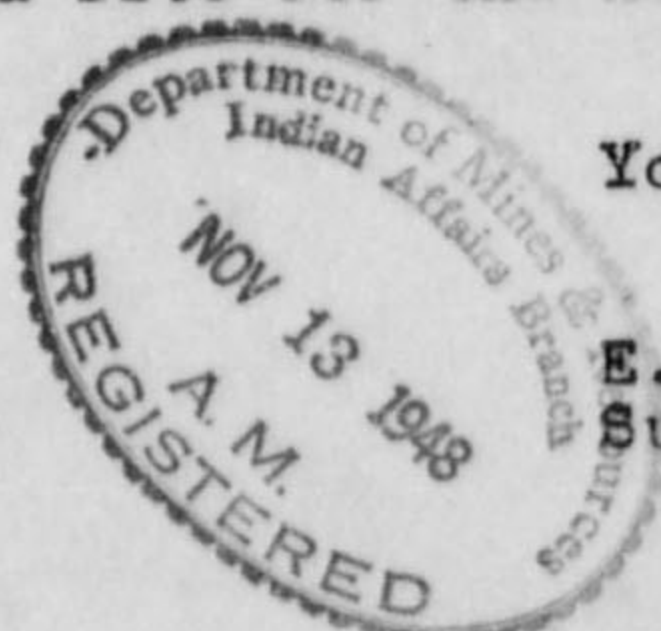

The water situation at this school, was
discussed with the teacher, Mr. Sam Waller, and he is
not in favour of deepening the wells. He prefers to
use town water for drinking purposes, and uses creek
and snow water for washing. Therefore, we request
authority to purchase two ten gallon enamel pots with
lids, and taps at bottom, at \$14.95 each. One for the
teacherage, and one for the school. Mr. Waller says
he will keep town water in these pots.

Regarding the plaster on the ceiling
of the school, we would like to have this ceiling
replastered, but do not know just what balance is
left of our 1948-49 appropriation. Our 1948-49
estimates asked that \$500.00 be set aside for repairs
to this school. Please advise.

When Major Clark visits this Agency
we will discuss the possibility of enlarging the
school playground by approximately four acres, and
also pick a site for the new school.

Your obedient servant,

E. Law,
Supt. Indian Agency.

The PAS

A residential school was formerly operated by the Anglicans at The Pas. This burned in 1933 and the children were moved to the Elkhorn Residential School. It has now been necessary, due to the age of the building, to remove some of these children from the Elkhorn School and we are therefore faced with the need of providing dormitory facilities again for the Indian children scattered along the railway line between The Pas and Churchill. I would recommend that an Educational Survey Committee be established to visit this area and to report as follows:

- (1) The educational facilities which should be provided for Indian children of the Anglican faith in the area.
- (2) If the provision of day schools is recommended, where should these be situated and of what type?
- (3) If a residential school is recommended, where should it be located and what pupil accommodation should be provided?
- (4) Other specific facts and comments concerning the educational facilities presently provided and recommendations concerning co-operation with the Provincial Authorities.

I would recommend that this committee be composed of the following members:

- (a) C.A.F. Clark, Educational Survey Officer,
Indian Affairs Branch, Ottawa.
- (b) Inspector of Schools nominated by Provincial Department of Education. (We have in mind either Mr. H.P. Moffat, Public School Inspector, The Pas, Manitoba), or Mr. Grafton.
- (c) An Anglican Missionary, appointed by the M.S.C.C.

As funds are not provided in our appropriation this year for the construction of a school or a unit of a school at The Pas, I feel that this educational survey could be carried out in September, 1949.

February 24, 1949.

Colonel Bernard F. Neary,
Superintendent of Education,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ontario.

26776

Dear Colonel Neary:

During the conversation that we had on your last visit to Brandon, I gathered that there is a proposal for the erection of a new school on the Devon Mission and I presume that this will be one with living quarters attached. I do not know, of course, whether the present school, of which Mr. Sam Waller is the Teacher, would still be in use, but if this is to be replaced, we would, as a Diocese, like to have the opportunity of considering the purchase of the residence and perhaps even gaining possession of the school building.

Our present residence for the Missionary is so situated that in the winter he is completely isolated and we find that with the visiting required at the Sanatorium and at The Pas Hospital, it is essential that he should live close to the highway and thus be able to use a car. For some time we have been considering the possibility of moving our house close to where Mr. Waller lives, but if you no longer would require this house as living quarters, it might be more economical to consider obtaining this instead of moving our present one.

While I realize, of course, that some time may elapse before a new school and living quarters are built, I felt it would be advisable to inform you concerning this matter so that if changes are made, our application may be on file.

With kindest regards,

Yours sincerely,

Archdeacon of Brandon.

Memorandum:

SUPERINTENDENT OF EDUCATION.

The Pas - Proposed Two Room School.

Mr. Waller is a bachelor of fifty-five years of age. He is a keen amateur ~~anthropologist~~ ^{ornithologist} and nature lover and may not take kindly to sharing the teacherage with someone who does not share his enthusiasm. I can well imagine there are several teachers who would not like to live with a collection of pickled biological specimens. Besides, his status as a Welfare teacher probably involves his receiving visits in his quarters from the Indians and others.

I would remind you of the existence of another house close to the teacherage. This was formerly a nurse's residence and an attempt was made some time ago to obtain it for, I think, the Agency Interpreter. The Missionary, perhaps, might be regarded by Indian Health Services as an acceptable tenant.

Mr. Superintendent Law may now have worked out some ideas for town-planning on the Reserve and I would suggest that he be requested to furnish the Department with a large scale diagram such as we have obtained for the File Hills Reserve. On this diagram he may indicate his choice of a new school site. He may also send us any information he may be able to obtain concerning Mr. Waller's desire ~~of~~ the locale of his future service with the Department and also his re-action to the prospect of sharing the teacherage.

Dear Archdeacon Norris:

I have for acknowledgment
your letter of February 24th.

We hope to proceed with our
building plans at The Pas either this year or
next year. I can not tell you at the present
time whether it is our intention to close the
old school entirely or to keep it functioning
in addition to the new school which we plan.

However, I note that you are
interested in the old building and will draw
this situation to the attention of our Educational
Survey Officer when he returns from James Bay next
week. He visited The Pas recently and will be able
to advise me further as to our need for the old
building.

Sincerely yours,

Bernard F. Neary,
Supt. of Indian Education.

DEPARTMENT

OF

INDIAN AFFAIRS BRANCH

The Pas, Man.
April 16th, 1949.

Dear Sirs: Attention: Mr. B. F. Neary
 Supt. of Education.

Replying to your letter of March 18th, file 531-1 (E), in connection with proposed two room Indian Day School, The Pas, Man.

During Mr. R. S. Davis' visit to this Agency last week I showed him the site which I thought most suitable for the new school, and he agreed with me. He stated that it is the Department's intention to build a two roomed school with teacherage, manual training and domestic science rooms, plan #891, with electricity and running water, if possible. I am sending Mr. Davis the address of Mr. G. A. Muir, the engineer in charge of the Manitoba Government Telephone system work in this district. They are taking electric wiring for their own use across the river to their building on The Pas Reserve. There is a possibility that we might hook on to their line about 300 yards from our new school, which is circled on the map I am forwarding to you. The electric line and new school are marked in red.

If this location for the new school is approved I would like to be advised as soon as possible so that I may obtain authority from Mr. Davis to start digging for water on this site. I have been unable to locate a well digger in this district, so it may have to be done by hand.

Hoping this is the information you require.

Your obedient servant.

E. Van

E. Law.
Supt. Indian Agency.

The Pas Indian Day School

Reference your 101 of April 16th.

Upon receipt of your letter, a wire was sent to Mr. Davis with regard to the digging of a well at The Pas school. An accountable advance of \$300. has been sent to you to cover the work.

Plan 891 has been completed by the Engineers this week, and will be forwarded to you as soon as we receive it. In the meantime, I hope that arrangements can be made to provide electrical wiring for this school.

Major Clark has studied the plan which you have prepared and feels that a wise choice of site has been made. Have you any recommendation as to what should be done with the old school building?

Bernard E. Neary,
Supt. of Indian Education.

INDIAN DAY SCHOOL CONSTRUCTION PROJECTS - 1949-50 FISCAL YEAR.

1. Name of School The Pas 2. Agency The Pas
3. Type of Day School (including Plan No.):
..... Two roomed school and residence Plan No. 891
4. Recommendation for method of constructing school (e.g. Day Labour, Prefabrication, Contract):
..... Contract
5. If day labour, list names and addresses of firms supplying following requirements (for information of Departmental Purchasing Agent):
 - (a) Bricks, lime, etc.:
.....
 - (b) Lumber:
.....
 - (c) Millwork:
.....
 - (d) Hardware:
.....
 - (e) Heating; Plumbing; Electrical (see #10)
.....
6. If day labour, give name, address and rate per hour of foreman-carpenter recommended:
.....
7. If by tender, give names of local newspapers in which you recommend we advertise:
..... Mining Recorder - The Pas
..... Free Press - Wpg. Man.
8. Give complete details as to shipping instructions for supplies to this school:
..... Shipped via C.N.R. to The Pas Indian Agency
9. The first step in the construction of any School is the location of water. Have you had a well dug, and if so, with what success?
..... No well at present. Will start digging one immediately.
..... N.B. Work on well has been started.
10. Normally we do not provide one and two room Day Schools with electricity or running water unless hydro is available in the immediate vicinity of the school. Please state if hydro is available for this project.
Yes... Line being erected by Prov. Gov. Province are satisfied for us to hook on line for power - will add slightly to cost.
11. What type of fuel would you recommend:
Wood, or if possible, coal.
12. What steps, if any, will be necessary to secure title to the selected school site?
Only Band Resolution required.
13. Has an official of the Education Division assisted you in selecting this site?
No
14. Have you oriented the proposed school on the site? Yes
Remember: 1. The "Wall of windows" is designed by the Architects to face SOUTH
2. Elevation should insure adequate drainage.

The Pas, Man.,

The Pas Indian Day School.

In view of the recommendations contained in Mr. Davis' information report on this school, it is our intention to advertise for tenders as soon as the plans are ready.

These would have to be building 891 in view of the fact that electricity is available and as soon as we are sure of an adequate source of water. You might further report on the progress being made with the well and whether an accountable advance will be required.

Unfortunately plan 891 is only now being blueprinted. I have sent you a preliminary copy under separate cover so that you can site the school on the plot you have selected. Please ensure a large playground as this will be a two-room school.

The classroom windows should face South. Please write me when you are certain of a good well supply, and I will send you other copies of the blueprints as soon as they are printed.

Bernard F. Neary,
Supt. of Indian Education.

Re: The Pas Indian Day School

In view of the fact that electricity will be available for the new two-room Day School at The Pas I have contacted the responsible parties regarding permission for this Department to tap on to their power line in accordance with Mr. Law's letter to the Department - file No. 101, April 16, 1949.

I am enclosing, herewith, copies of letters from both the Canadian National Telegraphs and the Manitoba Telephone System regarding permission requested and would ask that you advise, at your earliest convenience, as to what further action you wish this office to take with regards to the establishing of this power line.

R. S. Davis

APRIL 30/49

Mr. R. S. Davis,
Regional Supervisor of Indian Agencies,
Department of Mines & Resources,
Winnipeg, Man.

Dear Sir:

I have for acknowledgement your letter of April 28th, advising of your intention to construct a school, with teacherage, at The Pas, Manitoba, and the necessity to have electricity and running water for manual training and domestic science rooms.

The Executive Committee considered your request to make a connection to the Manitoba Telephone System power line which crosses the river in order to bring power to your building. They are quite agreeable to your tapping the power line provided permission is obtained from the Canadian National Telegraphs and the Manitoba Telephone System is completely protected by agreement in this respect.

You make no mention as to who will do the required construction work to establish this connection. We should be pleased to have your plans in this respect at your earliest convenience.

Yours truly,

F. V. Gange
Executive Secretary.

Dear Sir:

In reply to your letter of May 4th.

As far as we are concerned, for the purpose of supplying power to the Indian School and Teacherage, there is no objection to your Department contacting the power line to be erected by the Manitoba Telephone System on our pole line at The Pas, Manitoba.

The power circuit is the property of the Manitoba Telephone System and they will naturally be held responsible for any damage that may occur to our system, due to the said power circuit being attached to our poles.

Yours truly,

A. P. Linnell,
General Superintendent.

DEPARTMENT OF MINES & RESOURCES
INDIAN AFFAIRS BRANCH

SEALED TENDERS addressed to the Director, Indian Affairs Branch, Department of Mines and Resources, Ottawa, Canada, and endorsed "Tenders for the Pas Indian Day School(s)", will be received until noon on July 28, 1949, for the construction by contract of :-

1. A two-room Indian Day School with attached teachers' residence at Pas Indian Reserve, The Pas, Manitoba.

2.

3.

4.

5.

Contractors shall tender in complete accordance with the relevant drawings, specifications, and tendering documents supplied by the Department of Mines and Resources. Contractors may tender on one or more of these projects.

The drawings, specifications and other documents will be exhibited at the following points from July 2, 1949, until July 28, 1949, inclusive:-

1. Regional Supervisor of Indian Agencies, 538 Dominion Public Building, Winnipeg, Manitoba.
2. Superintendent, Indian Agency, The Pas, Manitoba.
- 3.

General instructions to Tenderers, Drawings and Specifications are obtainable at the above offices upon deposit of Five Dollars (\$5.00) in the form of a certified cheque made payable to the Receiver General of Canada. This deposit will be refunded upon return of the drawings and specifications in good condition to either

1. Regional Supervisor of Indian Agencies, 538 Dominion Public Building, Winnipeg, Manitoba.
2. Superintendent, Indian Agency, The Pas, Manitoba.
- 3.

within one month from the date on which tenders closed.

To receive consideration, tenders must be submitted on the tender forms provided and must be accompanied by a certified cheque on a chartered Bank in Canada, payable to the order of The Honourable the Minister of Mines and Resources, equal to ten per cent (10%) of the amount of the tender, or Bearer Bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies, unconditionally guaranteed as to principal and interest by the Dominion of Canada, or of the afore-mentioned bonds and a certified cheque if required to make up an odd amount.

The Department reserves the right to reject any or all tenders, and the lowest tender will not necessarily be accepted.

H. L. Keenleyside,
Deputy Minister.

Winnipeg, Man.

Dear Sir:

Please refer to our letter of April 30th
having reference to the tapping of Manitoba Telephone
System's power line which crosses the river at The Pas.

We are in receipt of a copy of letter forwarded
to us by Mr. A. P. Linnell, General Superintendent of the
Canadian National Telegraphs, wherein he states that the
Telephone Department will be held responsible for any
damage that may occur to the Canadian National Telegraphs'
system, due to the said power circuit being attached to
their poles.

I am instructed to inform you that in view of
this the Executive Committee of the Manitoba Telephone
System are prepared to permit this power tap provided
that the Telephone Department build the branch circuit
over the railway right-of-way, at the expense of the
Department of Indian Affairs.

Will you, therefore, kindly advise if you are
agreeable to this arrangement.

Yours truly,

F. V. Gange,
Executive Secretary.

Dear Sirs:

Attention: Mr. B. F. Neary,
Supt. of Education.

Replying to your letter of June 27th, file
531-5 (E), in connection with The Pas Indian Day School.

For the past six weeks, weather permitting, I have had men digging a well on the site chosen for The Pas school. It has been extremely difficult digging as the soil is very hard clay. There is no well digging equipment in The Pas, or vicinity. So far they are down about 40 Ft., and are just starting to get a small trickle of water. There is about two Ft. of water in the bottom of the well, but I want to be sure that we have sufficient water supply before finally deciding on the site. This is the reason I have not advised you before in this connection. I will wire you immediately, as soon as we have sufficient water supply.

I will secure a Band Resolution, and forward this to the Dept. of Reserves and Trusts, as soon as the site is definitely decided upon.

In connection with No. 1 in your letter, Northern Mail is the correct name of The Pas paper. I would also suggestion we advertise in the Flin Flon Miner, Flin Flon, Man.

Your obedient servant

E. Law.
Supt. Indian Agency.

Dear Sirs:

Attention: Mr. B. F. Neary
Superintendent of Indian Education.

Further to my letter of June 29th in connection
with your file 531-5 (E), The Pas Indian Day School.

Before leaving on my Treaty trip I instructed
the office to wire you when sufficient water was
obtained at this well, but on my return August 1st I
found that they still had not obtained a good enough
supply.

At the present time they are down 55 Ft. and
there are two boulders at the bottom that will have to
be dynamited. We have stopped the work for the present as
we have over expended the sum of \$300.00 allowed for this
purpose. In order to obtain sufficient water the rocks
will have to be removed, more cribbing put in, and
possibly a little more digging. When this work is
completed I am sure we should have sufficient water to
supply the school. It will cost however, another \$300.00
to complete this work. If this is possible would you
kindly wire authorization of this additional expenditure.

Your obedient servant.

E. Law
Supt. Indian Agency

Memorandum:

DEPUTY MINISTER

The Pas Indian Day School

We have authorized an expenditure of \$300 for the digging of a well at the proposed site of a two-room school to be erected on this reserve.

We have just received a report from Mr. Indian Superintendent Law reading as follows:

"At the present time they are down 55ft. and there are two boulders at the bottom that will have to be dynamited. We have stopped the work for the present as we have over-expended the sum of \$300 allowed for this purpose. In order to obtain sufficient water the rocks will have to be removed, more cribbing put in, and possibly a little more digging. When this work is completed I am sure we should have sufficient water to supply the school. It will cost however, another \$300 to complete this work. If this is possible would you kindly wire authorization of this additional expenditure."

As this well will now cost approximately \$600, we would request your approval of this project in an amount not exceeding \$600.

The company doing the work is Matthews Construction Ltd., The Pas, who have done previous satisfactory work for the Department.

Well - Indian Day School, The Pas.

I am enclosing herewith a letter received from Superintendent Law of the Pas Agency, in connection with the above mentioned subject.

Mr. Law suggests building the school before water is located. However, I am not in agreement with him in this matter, as I feel we should have water before building. The Indians have wells on lower ground, which is about 300 yards or more from the school site. These are shallow wells and have plenty of water. I feel that we should dig a well on the lower ground, ~~for~~, while water cannot be secured at the present site, I feel reasonably certain we can get it. Will you please advise me in this connection.

Dear Sirs: Attention: Mr. B. F. Neary
 Superintendent of Indian Education.

In connection with the digging of a well for the proposed two room day school on The Pas Reserve, your file 531-5 (E). I regret the delay in advising you further, but I have just returned from my holidays.

Up to the present time \$600.00 has been spent on this project. We are down 75 Ft., through clay, with no change of soil. This is about 30 Ft. below river level. There is some seepage but I am not positive that there would be sufficient for the school. There is approximately 6 Ft. of water in the bottom of the well, but some of this would be rain water. There has been a cave in at the bottom, which I think is due to seepage, and in time will possibly increase the flow of water into the well, therefore I do not think we should go to the expense of digging another well at the present time, when I can not give any assurance that sufficient water would be obtained.

I would like very much to have the school built on this location as there is sufficient room for a playground, we would be able to obtain electricity, it is far enough from the highway to be safe for children playing near the school, and it is centrally located on the Reserve.

Would it be possible to proceed with the construction of the school at this location, under these circumstances. If this well does not have sufficient water another well can be dug about 50 yards from the proposed site of the school in lower ground, water from this well, if obtained, would of course have to be carried to the school.

Your obedient servant.

E. Law.
Supt. Indian Agency.

R. S. Davis, Esq.,
Regional Supervisor of Indian Agencies,
538 Dominion Public Bldg.,
Winnipeg, Manitoba.

I would request an accountable advance
of \$30.00 for painting of the floors of The Pas
Indian Day School.

This work will take approximately 5 days
and can be done by one of our Indians here at .75¢
an hour. The Paint for this work is on hand in our
warehouse.

I would be obliged if this request could be
dealt with immediately.

E. Law,
Superintendent of
Indian Agency.

Sir,-

In reply to that portion of your letter of the 4th instant in reference to Resolution No. 6 of the Peguis Band that the Department be asked to establish a school on Lot 39, section 32, Township 26, Range I West in the Peguis Reserve I beg to say that you are being sent, under separate cover, a blue print of the Peguis Reserve and I have to ask you to be good enough to mark thereon the locations of the present schools and where the Indians want the new school located. You should also mark the locations of the different Indian families on the reserve and state the number of children of school age in each family. When you have done this kindly return the blue print to the Department and the question of the erection of a third school will then be considered.

Your obedient servant,

W. D. McLEAN
Asst. Deputy and Secretary.

Sir,-

I have to acknowledge the receipt of your letter of the 4th instant also the blue print of the Peguis Reserve, on which you have marked the number of children of school age on the reserve, as well as the location of the North and South Peguis schools and the proposed new school site.

In reply I beg to say that the Department is unable to erect a new school on this reserve at the present time, as, owing to the war, the funds at its disposal are limited. You will be good enough to inform the Indians accordingly, and as long as the war lasts they should arrange for the transport of their children.

Your obedient servant,

Ottawa, May 21, 1919.

J. MacKenzie
MEMORANDUM.

Mr. Scott,-

With reference to the Minutes of the Council of the Peguis Band of the 5th instant renewing the application for the establishment of a third school on their reserve I beg to say that a similar application was received in April of 1917.

Mr. Agent Carter was sent a blue print of the reserve and asked to mark thereon the location of the present schools and where the Indians wanted the new school built as well as the locations of the different Indian families on the reserve and the number of children of school age in each family. Mr. Carter furnished the required information, and he was informed that the Department was unable to erect a new school on the reserve then, as, owing to the war, the funds at its disposal were limited, and he was told that so long as the war lasts they should arrange to transport their children to the two existing schools.

On referring to the blue print sent Mr. Carter I find that the Indians are located along the Fisher River, running for a distance of about fifteen miles through the reserve, which is twelve miles long. There is one school about two miles from the northern boundary of the reserve and the South Peguis School is about two and a half miles from the southern extremity of the reserve and the two schools are about twelve miles apart by the road.

It is the wish of the Indians to have a central school for the accommodation of about thirty children, all living within a mile and a half of the proposed site. There would

would still be enough children available for the other two schools, as there are about 135 children of school age on the reserve, and this would give about fifty children each for the north and south schools.

The Indians of this reserve are permanently settled on their locations and need a third school.

Copy for 499840

Ottawa, August 17, 1920.

Sir,-

I beg to inform you that the Department has been in correspondence with the authorities of the Church of England in the Diocese of Rupert's Land regarding the change of teachers on the Oak River Reserve.

It has been decided to combine the work of teacher and missionary on the reserve and the Rev. T. D. Conlin of Fairford, who, previous to entering the ministry, was a professional teacher in England and formerly taught at the Shoal River Indian Day School, has been appointed as teacher and missionary at Oak River. The Department is approving of his appointment as teacher and will allow him salary at the rate of \$600.00 per annum, together with the bonus during the time it is continued to teachers in Indian day schools.

Miss R. Havard, who formerly taught at Oak River, has been offered and has accepted the position as teacher in the new day school which is being opened on the Peguis Reserve and which is known as the Peguis Center Indian Day School. Her appointment as teacher of this school is approved, with salary at the rate of \$600.00 per annum and the bonus.

Ottawa, August 17, 1920.

Very Reverend Sir,-

I have to acknowledge the receipt of your letter of the 13th instant regarding the proposed change in teachers on the Oak River Reserve.

In reply I beg to say that the Department will approve of the arrangement made for the combination of teacher and missionary on this reserve and of the appointment of Rev. T. D. Conlin to carry on the work of teacher to replace Miss Havard. The Department will continue salary to Mr. Conlin at the same rate as was allowed Miss Havard, namely, - \$600.00 per annum, together with the bonus at the rate of \$150.00 per annum during the period which it is continued to teachers in Indian day schools. It is presumed that Mr. Conlin will be prepared to take up his duties as teacher when the school re-opens after the present summer holidays, on or about the first of September, next.

It is noted that Miss Havard has been offered and has accepted the position as teacher at the new school on the Peguis Reserve. Her appointment as teacher of this school, which is known as the Peguis Center School, is approved. Her salary will be at the same rate as was paid her at Oak River.

Mr. Agent McDonald, Griswold, is being informed of the approval of the Department of the appointment of Rev. T. D. Conlin at Oak River and Mr. Agent Carter of the appointment of Miss Havard as teacher of the Peguis Center Day School.

Your obedient servant,

J. D. McLean

Your Grace,-

The Revd M.Sanderson has called in reference to the teachership of the new school on the Peguis Reserve known as the Peguis Centre School and has advised me of your conversation in connection with the suggestion that his son Machray Robert Sanderson be nominated for the post.

Mr Sanderson mentioned that it might be thought his son would be too young to be granted this position, but, as Machray would be quite close to The Halfway where I should be able to see him daily and his father the Revd M.Sanderson would be also in a position to advise and admonish him I do not think age should be a serious obstacle to his appointment.

I have known Machray for the past nine years and can truly say that he is a good manly youth of splendid character and promise, and I have great pleasure in making recommendation that he be appointed as teacher of the Peguis Centre School.

I feel quite sure that you will also speak highly of him and you will know his attainments better than myself.

I have the honour to be
your obedient servant

J.H. Carter

J.H.S.
Sir,—

Referring to your letter No. 499840 of the 17th ultimo relative to a teacher for the Peguis Centre School, I respectfully beg to state that I am in receipt of a letter from the Venerable Archdeacon Thomas of the Church of England advising me that Miss R Havard has finally refused to accept the post of teacher in the above named school.

100 hours
If no other person has been nominated for this position I beg to recommend that Mr Machray Robert Sanderson, son of the Revd M. Sanderson, the present incumbent in the Peguis Reserve, be given the office with the same remuneration as was offered Miss Havard.

He has attained to matriculation in Arts in the Manitoba University and is a student of St John's College, Winnipeg.

His age is 16 which may be considered too young for the post of teacher, but he is very manly and reliable and with the supervision that can be given him I do not think there will be any cause for concern on that score.

I enclose a copy of a letter I have written to the Archbishop of Rupert's Land and shall be glad to have a reply at your earliest convenience.

I have the honour to be
your obedient servant

J.H. Carter
Indian Agent,
Fisher River Agency.

Sir,-

I have to acknowledge the receipt of your letter of the 6th instant enclosing a copy of a communication which you forwarded to His Grace the Archbishop of Rupert's Land, in which you recommend that Machray Robert Sanderson be appointed as teacher of the new school on the Peguis Reserve, known as the Peguis Centre School.

In reply I beg to say that, while the applicant is very young for the position, the Department will approve of his appointment temporarily, pending the results which he attains in the work as teacher, providing it is satisfactory to His Grace. As he has no professional qualifications the salary allowed will be at the rate of \$500.00 per annum, together with the bonus at the rate of \$150.00 per annum during the period which it is continued to teachers in Indian day schools. If this ~~is~~ is satisfactory you should inform Mr. Sanderson that he should take up his duties as soon as possible. I shall be pleased if you will inform the Department of the date on which he begins work.

Your obedient servant,

m.g. 10*

Sir,-

Ottawa, September 15, 1920.

Mr. Agent Carter recommends that Mr. Machray Robert Sanderson, the son of Rev. M. Sanderson, the present incumbent on the Peguis Reserve, be appointed as teacher of the new school which has recently been completed on the Peguis Reserve, and known as the Peguis Center School. He is only sixteen years of age, but has attained to matriculation in Arts in the Manitoba University and is a student of St. John's College, Winnipeg. The Agent states that Sanderson would be quite close to The Halfway, where he would be able to see him daily, and his father would also be in a position to advise him, and that he does not think his age should be a serious obstacle to his appointment. The Agent has referred this matter to His Grace, the Archbishop of Rupert's Land.

As it has not been found possible to secure the services of a teacher and the building is ready to open, the Department is approving of the appointment of this young man temporarily, his retention in the position to depend upon the success with which he meets in the work. He is being allowed a salary at the rate of \$500.00 per annum, with bonus additional, and he is to begin duties as soon as possible.

Sir:

Referring to your letter 499840 of the 15th inst. advising me of the appointment of Machray Robert Sanderson as teacher of the new school on the Peguis Reserve; I beg to state that I have discussed this matter recently, with the Deputy Superintendent General, who was in Regina last week, and he agrees with me that the appointee is altogether too young and inexperienced to hold such an appointment. I, however, did not draw his attention to your letter 116953-1 of the 17th ultimo, under cover of which I was informed that Miss R. Havard had been previously appointed as teacher of the school in question; but that I have not been notified by the Department of the cancellation of this latter appointment.

I have the honor to be,

Sir,

Your obedient servant,

The Secretary,
Department of Indian Affairs,
Ottawa, Canada.

My dear Sir:-

I have obtained the following information concerning Mr Bertram G. Carter, an applicant for the position of Teacher at the Peguis Centre Indian Day School.

He is twenty-four years of age, and successfully passed all the examinations in the Public schools up to and including the entrance to High Schools. He has had no previous teaching experience but is, we believe, quite capable of doing useful work in this position.

He is a son of the Indian Agent at Peguis.

I am, dear Sir.

Very sincerely yours.

Archdeacon.

Sir,—

I respectfully beg to enclose herewith copies of letters received from the Venerable Archdeacon Thomas of Winnipeg, in reference to the Peguis Centre School.

While E.G. Carter would under no consideration accept the position referred to, now, it is not understood why the great distinction is made, as E.G. Carter has exactly the same qualifications as Miss Hattie Thomas who was appointed to take charge of the South Peguis School where the scholars are much further advanced than those attending the Peguis Centre School; and he has infinitely more than Mr N. Asham who was appointed to succeed Miss Thomas and who still holds office at the North Peguis School and other Indians such as are appointed from the Fisher River Reserve to positions where they can have no supervision.

E.G. Carter wishes to advise the Department that he did not seek this office and it was largely that he might take advantage of the presence at Hodgson of a Teacher of music from the Toronto Conservatoire of Music and preside at the organ of the Sunday Services, that he consented to the nomination.

I have the honour to be
your obedient servant

J. H. Carter.

Re:- Peguis Centre School.

My dear Sir:-

We are in communication with Deaconess Stapleton, of St Peter's Mission, Brocket, Alberta who has intimated her willingness to take the position of Teacher in the Peguis Centre School.

She is a woman of excellent character and education, was a Teacher in the Lac la Ronge School for six years, is a Deaconess in the Diocese of Saskatchewan and has been engaged entirely in Indian work for several years.

While she holds no professional certificate, she received two years professional training in the Teacher's Training School at Highgate, England.

We therefore feel that we can safely recommend her for the above position and trust that you will approve.

We have intimated to her that should be appointed her salary will be at the rate of \$650 ^{5/6}

Sir:

The Ven. Archdeacon Thomas, of Winnipeg, has nominated Deaconess Stapleton, of St. Peter's Mission, Brocket, Alberta, for the position of Teacher at the Peguis Centre school. He states that she was a teacher in the Lac la Ronge school for six years, is a deaconess in the Diocese of Saskatchewan, and has been engaged entirely in Indian work for several years. She has also received two years' professional training in a teachers' training school in England.

The Department is approving of the appointment of Deaconess Stapleton at a salary of \$650.00 per annum. She will also be entitled to the bonus during the continuance of the present fiscal year. The Department understands that she will enter upon her duties about the middle of the present month. Mr. Agent Carter has been advised of her appointment and instructed to give her every assistance he can upon her taking up the work and also to have a requisition forwarded for any supplies required.

Your obedient servant,

Russell T. Ferrier,
Supt. of Indian Education.

W. M. Graham, Esq.,
Indian Commissioner,

Sir:

I beg to inform you that the Ven. Archdeacon Thomas, of Winnipeg, has nominated Deaconess Stapleton for the position of Teacher at the Peguis Centre school. She has had experience in Indian school work and has had two years' professional training at a teachers' training school in England. The salary allowed her will be at the rate of \$650.00 per annum, and she will also be entitled to the bonus during the continuance of the present fiscal year.

The Ven. Archdeacon Thomas informs the Department that this lady is ready to enter upon her duties about the middle of November. I have to request that you will give her every assistance you can in her work at this school. If any school material or other supplies are required, a requisition should be forwarded for the articles considered necessary. You will be good enough to state the date upon which she commences duties.

Yours obedient servant,

R. T. F.

Very Reverend Sir:

I have to acknowledge the receipt of your letter of the 3rd instant, nominating Deaconess Stapleton for the position of Teacher at the Peguis Centre School, and stating the qualifications that she possesses.

In reply I beg to say that the Department will approve of the appointment of Deaconess Stapleton to begin duties as soon as possible. The salary allowed her will be at the rate of \$650.00 per annum and she will also receive the bonus during the continuance of the present fiscal year. Mr. Agent Carter and Mr. Commissioner Graham are being informed of her appointment.

I will be pleased if you will state the christian name of Deaconess Stapleton and also the date upon which she begins duties.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ref. No.

Lake Winnipeg Inspectorate
Inspector's Office

562428

Winnipeg, 25th, January, 1922.

The Assistant Deputy & Secretary,
Department of Indian Affairs,
Ottawa, Ont.-

Sir,-

Archbishop Matheson called me up by telephone this morning, he informed me that a balance of salary is claimed on behalf Maohray R. Saunderson, who served as teacher in the Central Indian Day School on Peguis Indian Reserve, for the quarter ending the 30th September, 1921.

The Rev'd M. Saunderson, father of this young man, has written to me to the same effect.

The quarter ending the 30th September, is known as the "short" quarter, as during this quarter the prescribed statutory mid-summer holidays are given, and it is possible that some deduction may have been made from the quarter's pay for that reason. This young man is student in St. John's College, he is personally defraying the cost of his course, and this apparent loss has inconvenienced him in meeting his expenses. His college record is very fine.

I promised the Archbishop and the father that I would make prompt inquiry about this matter, with a view to having it adjusted, if there has been some mistake, such as is claimed.

I have written to Mr Agent Carter for the particulars of the voucher today.

I would like to be able to convey information to those who have made inquiry, as soon as possible.

I have the honor to be,
your obedient servant,

W. A. R. Brown

Ottawa, January 9, 1925.

Right Reverend Sir:

I have to inform Your Lordship that the Church of England missionary and the Indian agent living on the Peguis Reserve are extremely desirous of arranging for the education of their children locally. The Department has been asked to arrange, if at all possible, for the services of a well qualified teacher at the Peguis Centre School. I am corresponding with the Provincial Authorities, with a view to securing their assistance because of the nine white children who are living on the reserve. Your Lordship will remember you informed me that Mr. Packer, the teacher of the Peguis South School, has not been giving satisfaction. Would it be possible to transfer Miss Stapleton, the present incumbent at Peguis Centre, to the South School and arrange for a well qualified successor for the coming academic year? Miss Stapleton has been doing good work and, no doubt, would handle the South School satisfactorily.

I should be grateful if Your Lordship would give this question your serious consideration and make a recommendation to the Department.

I have the honour to be,

Sir:

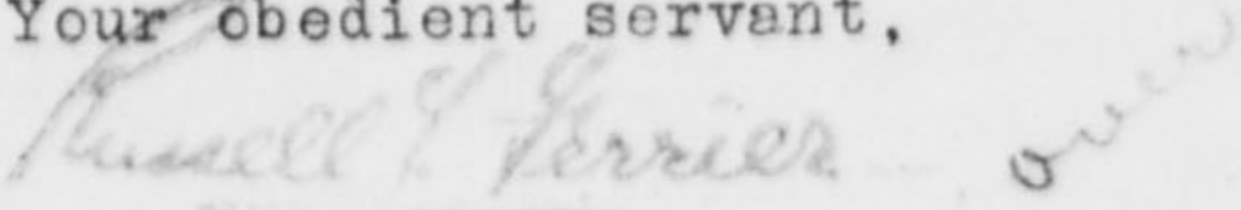

I am informed that the Indian schools on the Peguis Reserve are placed in your inspectorate and, as a problem has arisen, I am writing for your recommendation if you have already visited the schools in question or for your attention and recommendation if you have not made the inspection to date.

At the Peguis Centre Indian Day School a Miss Stapleton has been teaching with more or less success since 1921. She is not on particularly good terms with either the Indian agent or the Anglican missionary, both of whom have children of school age. These gentlemen consider her unsatisfactory as a teacher and heretofore they have seen fit to undertake heavy expense to make other arrangements for the schooling of their children. I wish to secure your advice on two definite questions: First, would the Provincial Department entertain a request to establish a school for the nine white children who are living on the reserve? Secondly, are the services of Mr. Packer, the teacher of the Peguis South School, so unsatisfactory that the Department would be warranted in asking for his resignation? We could then, with the approval of the Church of England authorities, who nominate both teachers, arrange for the transfer of Miss Stapleton to the South School where, no doubt, she would do good work as she is well liked by the Indians, and then secure a well qualified teacher for Peguis Centre, to whom the white parents would be glad to send their children.

I should be grateful if you would supplement your inspection reports by a letter to me in respect to the above. If you see fit to spend extra time on the reserve because of this problem, I shall be glad to arrange for added remuneration.

Sir:

I understand that the Rev. Mr. Mitten and yourself are not satisfied to send your own children to Miss Stapleton, the present teacher at Peguis Centre. I discussed this question with Archdeacon Thomas, who mentioned it to me last summer; but we were unable to arrive at a happy solution of the problem at that time. I am now writing to the church authorities and to the Provincial Department of Education, with a view to making some changes, and I want certain information which you can best give. Do Mr. Mitten and yourself live close to the Peguis Centre School? Would any financial loss or other hardship be suffered by Miss Stapleton if she were moved to the Peguis South School as successor to Mr. Packer, whose services are not very satisfactory? Is the teacher's residence at the South School in as good condition as her present home? Please consider this letter as confidential for the time being and let me have a full statement relative to these questions at your earliest convenience.

R

My dear Mr Ferrier:-

I have turned over your letter of recent date respecting the proposed change in the Centre Peguis School, to the Archbishop. It comes within his jurisdiction and in all probability he will attend to the matter himself.

For your own information, however, let me say that the matter is a very delicate one and that the removal of Miss Stapleton will cause much dissatisfaction amongst the Indians. She is beloved by her pupils and held in high esteem by their parents. I was in the Reserve last Sunday, paid a visit to the Centre School on Monday and found everything most satisfactory. Unfortunately, there exists a feeling of antagonism towards her on the part of the Missionary and the Agent, or to be more correct on the part of their wives, and this is the root of the whole matter.

There is a misleading inaccuracy in the mention of 9 white children for whom local education is required. The Agent has two, the Missionary six, but of the latter two are being educated in St John's Coll: School at the expense of the Church, one is being educated by the wife of the Teacher at North Peguis, also at the expense of the Church, and two are under school age.

With regard to Mr Packer, the Teacher at the South Peguis School, the Indians at a recent meeting

17th January, 1925.

Dear Mr. Fennell:

The Bishop of Brandon, who, at the end of 1924, relinquished his position of General Missionary for my Diocese and has, therefore, no further connection with the work, has handed me your letter regarding the Peguis Centre School. This is the first intimation which I have had of any wish to have Miss Stapleton removed from the position in which she has given and is giving the utmost satisfaction to all concerned. Frankly, therefore, I cannot say that I would be favourable to removing her to the South Peguis School.

I am at a loss also to appreciate the necessity of securing a certificated teacher for the Centre School for the sake of any white children in the vicinity, as I cannot recall a sufficient number of such children to justify it. As you perhaps know, I am Chairman of the Provincial Advisory Board, and while the question of a joint arrangement between the Federal and Provincial Departments has been talked over in the interests of the North Peguis School, where one of our Provincial Schools is ^{closed} in the vicinity, the question of any joint arrangement for the Centre Peguis School has never come before us.

I have heard at different times that Mr. Packer of the South Peguis School was not giving entire satisfaction, and if the Department is not satisfied with his work, I feel

ALSO
TO DATE OF THIS LETTER

[Handwritten signature]

Sir,—

I beg to acknowledge receipt of your letter #136-6-II of the 9th. inst. with reference to the Rev. Mr. Mitten's and my own children not going to Miss Stapleton's school.

With reference to the first question, the Agency Residence my home is one and a quarter miles from the school. Mr. Mitten's home is a little better than two miles.

Question No. 2.-- Miss Stapleton has done some improvements at the Centre Peguis School. Ist. she has erected a hen house with approx. an outlay of between \$20.00 & \$30.00. She also built a small log storehouse, value \$12.00. to \$15.00.

*These notes
referred file*

The house at the South Peguis School is not as good as the house at the Centre School. In fact the house at the South School has practically got beyond its usefulness. The sleeping quarters were built by the present teacher, Mr. Packer, on skids, and if he was leaving he no doubt would ~~XXXXX~~ take it with him.

I have the honour to be,
your obedient servant,

M. McGuish

INSPECTOR OF SCHOOLS
MANITOBA

136-6-1
381 Balmoral Street,
Winnipeg, Manitoba,
March 4th, 1925.

Russell T. Ferrier, Esq.,
Supt. of Indian Education,
Dept. of Indian Affairs,
Ottawa, Canada.

Dear Sir:

I have visited the Indian Schools on Peguis and Fisher River Reserves and am now able to reply to yours of Jan. 9th.

The difficulty on Peguis Reserve comes from the fact that there are seven or eight white children, whose parents are resident on this Reserve, and who have to be sent to Winnipeg or elsewhere to be educated. These children are quite young and their parents are experiencing much worry and concern owing to serious and costly illnesses having interrupted the course of their education. If the teachers on the Reserve were qualified there is no reason why these white children should not attend school on the Reserve for a few years until they are better fitted to leave home.

All the teachers on the Peguis Reserve are earnest, hardworking, and conscientious but not one of them is a qualified, certificated teacher. Two of them, viz. Mr A.H. Packer in charge of the South school and Mr C.R. Harbord, in charge of the North school, have a real system of teaching which they are following with much success. The weakest teacher on this Reserve, measured by actual results, is Miss W.H. Stapleton in charge of the Central school. This is the school at which some of the white children might attend and the fact that it is the weakest one is the kernel and cause of the whole trouble. Miss Stapleton would do well in a Kindergarten or a school of Primary Grades. She seems to have no definite aim or system beyond the work of the first two or three grades and her work falls away from this point. I do not wish to be unkind but I must report conditions as I find them if my report is to be of any real value. I do not wish anything that I may say in this report to be used for purposes of dismissal against Miss Stapleton as she is a fine young woman of excellent moral character, pleasant in manner, neat in dress and habit, kindly in disposition and a conscientious worker, struggling courageously in a not too pleasant environment to make a living for herself and her two adopted children. Miss Stapleton is not to be blamed for this condition of affairs, - she tries her best and does a great deal of hard work but she lacks the academic and theoretic training necessary for a successful teacher. Speaking without prejudice the blame rests with the system which appoints unqualified persons to positions where their work is exposed to an inspection which must disclose all its defects.

Indian Affairs. (RG 10, Volume 6243, file 532-1, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

INSPECTOR OF SCHOOLS

MANITOBA

- 2 -

The real solution of the difficulty would be to secure a qualified teacher to teach the white children of the Reserve. I believe that it would be better for the white children to be taught by themselves not from any feeling of superiority but because the educational presentation must differ, the rate of progress must differ, ideals and standards of life must differ;—these and health considerations make separate work advisable.

At present the Anglican missionary obtains a considerable educational grant which pays board and tuition fees for his children in Winnipeg or elsewhere. Why could not that grant be paid to secure a qualified teacher to live on the Reserve and teach his children at home where they could be at all times in the parents charge? It would be possible to secure a qualified teacher for say \$ 800 per annum. This means 10 month's teaching. It would be no difficult task for the Indian Agent and the Missionary to obtain a satisfactory building in a locality that would satisfy all. I believe the grant now paid amounts to about \$ 500. The Indian Agent and other white people who might wish to have children educated would have to make up the balance of the salary unless a Special Grant could be obtained from the Dominion Government for this purpose. I know that the grant which the Missionary receives comes from the Anglican authorities over which your Department probably has no control but a recommendation from your Department to the Anglican authorities might assist in securing the change.

There is little hope of assistance from the Provincial Government in the matter of establishing a school on the Reserve but if it were established with a qualified teacher in charge working under the Regulations of the Dept. of Education of the Province there would then be grounds for asking for the Legislative Grant of 75¢ per day paid to schools by the Provincial Government.

I would recommend that future nominations and appointments of teachers to Indian schools be made from persons who are qualified teachers for the Province in which the school is situated. Teachers holding Third and Second Class Professional Certificates may now be secured for from \$ 750 to \$ 800. It is quite possible to obtain a qualified teacher of the requisite religious denomination so that the Church work will not suffer and the education of the children will be much benefitted.

In conclusion I wish to say that the schools of the Peguis and Fisher River Reserves are the best Indian Schools that it has been my pleasure to inspect. The Department of Indian Affairs is to be congratulated on the success which is attending their efforts to educate the Indian children on these Reserves.

- 3 -

A very important factor in the good work being done on these Reserves is the Indian Agent, Mr. M. McGuish. He has the welfare of the people in his charge very much at heart. He has introduced two valuable innovations into the schools of these two Reserves during the last two years, viz: the Boys & Girls Club Fair, which encourages industrial and educational achievements among the children of these schools, and the introduction of hot lunch material and equipment into all schools in his Reserves. I had the pleasure of his company on my tour of inspection and I found him to be unfailingly kindly, considerate and fair-minded. I am sure that his work and influence must be productive of much good to the people who live on the Reserves under his control.

Your obedient servant,

James Tod

Right Reverend Sir:

I wish to thank Your Lordship for your letter of January 15th, with reference to the education of the white children on the Peguis Reserve. I awaited a special report from the public school inspector before making any suggestions, and that is why my answer has been so long delayed. I am recommending to Mr. Indian Agent McCuish that a special school for white children be established at some suitable point, that the church grant for the education of the missionary's children be applied towards the expenses, that the Indian agent contribute his share of the costs, and that the Provincial Department of Education be approached and requested for the grant of 75¢ per diem.

I have the honour to be,

Right Reverend Sir,

Ottawa, March 20, 1925.

Most Reverend Sir:

I wish to refer to Your Grace's letter of January 17th, relative to the education of the white children on the Peguis Reserve. I have before me now a special report by Public School Inspector James Tod, of 381 Balmoral St., Winnipeg, and I am writing to Mr. Indian Agent McCuish informing him that there will be no changes made at the present time in the Indian schools of the reserve. I am suggesting to our local representative that the Rev. Mr. Mitten and himself use whatever grants are provided for the education of their own children for the establishment of a school for white children only. They will, no doubt, have to provide supplementary funds and could approach the Provincial Department of Education for a per diem grant of 75¢.

The public school inspector informs me that, measured by actual academic results, Miss Stapleton is the weakest teacher on the reserve, but that she has other qualifications which make her services quite desirable. Mr. Tod urges that in future only professionally qualified workers be employed at the day schools. His remarks concerning Mr. Packer, of the South Peguis School, make me hesitate before suggesting that he be replaced. There is system to his pedagogy and considerable success has attended his efforts.

With best regards, I am,

Your Grace's obedient servant,

Russell T. Ferrier

Ottawa, March 20, 1925.

Sir:

I have your letters of January 16th and 22nd, with reference to teaching services at the Peguis day schools as they affect the education of the white children on the reserve. I have now before me a report by Mr. Public School Inspector Tod in this connection and a communication from His Grace the Archbishop of Rupert's Land. There appear to be good and sufficient reasons why we should make no change in our teaching services at the three Peguis schools at the present time. I have given much thought to the best solution for the education of the children of the Anglican missionary and yourself. I believe that you would do well to start a small day school for white children only. The grant which the church allows Mr. Mitten for the purpose of educating his children should be supplemented from his own pocket and from yours and you could apply to the Provincial Department of Education for the per diem grant of 75¢ with some hope of success.

I am pleased to inform you that Mr. Tod speaks highly of your efforts in connection with the Indian schools in the agency.

Your obedient servant,

*Russell T. Ferrier*Russell T. Ferrier,

Sir:

I wish to acknowledge and thank you for your letter of the 4th instant, relative to the education of the white children on the Peguis Reserve. I have written to His Grace the Archbishop of Rupert's Land, who is interested in this question, and to Mr. Indian Agent McCuish, recommending that the Anglican missionary and the Indian agent establish a school for the education of their own children and apply to the Provincial Department of Education for the per diem grant. I note your remarks with reference to the three teachers on the reserve, and I realize that professionally unqualified teachers should not be appointed to Indian schools in communities of this kind. I am pleased to learn again of the helpfulness of Mr. Indian Agent McCuish and have informed him that you have spoken highly of his work.

Your obedient servant,

Russell T. Ferrier

Dear Mr. Ferrier:-

File
I thank you for your letter of March 20th, in regard to the School on the Pegu Reserve, and I appreciate the kindness of the Department in allowing matters to rest as they are for the present. I note what you write in regard to the qualifications of Miss Stapleton and also Mr. Packer. I may add that I have no desire to have Mr. Packer removed if he will so conduct the School as to prevent complaints coming to me. With kindest regards, I am,

Most sincerely yours,

A. A. P. [Signature]

INDIAN AGENT'S OFFICE

Fisher River Agency, May 29 1925

The Halfway P.O. Man. May 23rd. 19 25

IN YOUR REPLY REFER TO
No.....
ALSO
TO DATE OF THIS LETTER

Sir,—

I beg to acknowledge receipt of your letter #136-6-I of March 20th. last, which was a reply to my letters of Jan. 16th & 22nd last, with reference to the teaching service at the Peguis day schools, as they effect the education of the white children on Peguis Reserve, or to be more to the point, my own children, and the children of Mr. Mitten the missionary on this reserve.

I have delayed acknowledging receipt of the above letter until Mr. Mitten had something definite from His Grace the Archbishop of Ruperts Land, along the lines suggested by you in your letter, and I am very sorry to say that Mr. Mitten has been unsuccessful in getting any concessions from the Anglican Church towards establishing a white school on Peguis Reserve.

I wish to thank you for the consideration you have given this subject. Considering the method of appointing teachers, it puts the officials of our Department in an awkward position, even though action was justified, and after close on three years associations with the schools of this Agency I am satisfied that a change in the Centre Peguis School, from an educational standpoint, and from the Indian Childrens standpoint, is long past due.

I have no personal quarrel with Miss Stapleton, she is enthusiastic, and as a church worker, she has few equals, but as a teacher she has missed her calling, she is unable to control the children in the school, as it costs more to keep this school in windows, than the other two schools on Peguis, Fisher River, and Jackhead combined. There are more seats broken, and destroyed in this school, than all the other schools combined.

The most advanced Indians in my Agency live in the Centre School district, still we find that when pupils get into grade IV it required from three to four years to get them into grade V., simply because the Church of England use their power and privilege granted them of nominating a teacher to pension off their broken down missionaries.

Personally I am labouring under the great handicap of not having a school education past grade III, and it is my wish that my two boys have a better opportunity for schooling than I have had. This I am duty bound to give them, which I now find I am unable to do, while Indian Agent in this Agency, as I have been very unfortunate with my oldest boy, the only one yet who has attended school, as after coming to Fisher River, I sent him to the Maison Chapple School in Winnipeg. After being there a small time, he contracted Small-Pox. I next sent him to the boys school of St. John's College. In a short time he was taken down with Pneumonia. I next sent him to Marble Ridge School, when he had to come home with a severe attack of Whooping Cough. I will not likely be in the service of the Indian Department, to see the great results that will follow, but I hope the day is not far distant, when the Dept. of Indian Affairs, and they only, shall say, who shall, and who shall not, teach our schools.

The older Indians habits are formed, and for better or worse there will be very little change, and the success, and advancement of our Indian race lays with the school children of to-day, and the generations still unborn. I have found the children of this Agency respon-

Ottawa, June 20, 1927.

Right Rev. Sir:

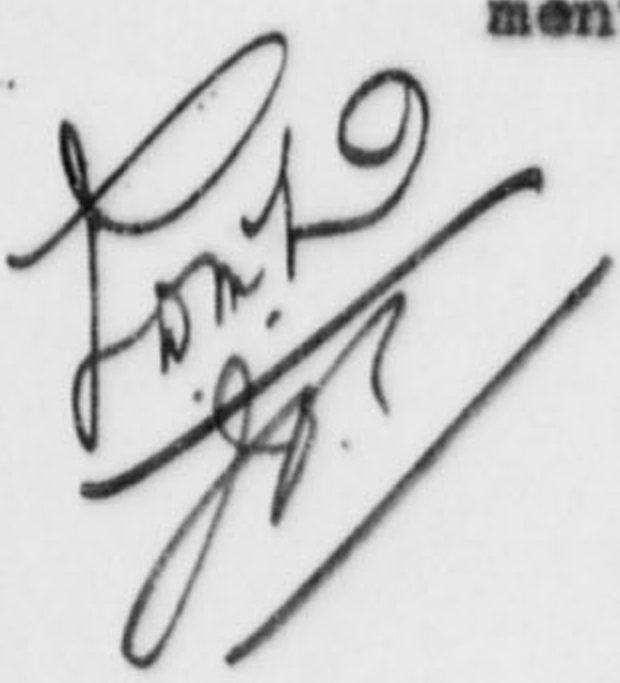

I have to acknowledge receipt of Your Lordship's letter of the 15th instant, recommending the appointment of Deaconess Winifred Stapleton, at present teacher of the Centre School on the Peguis Reserve, to take charge as teacher of the Oak River Sioux School for the next school year, to succeed the present teacher at that point, Mr. A. Hyson.

In reply I have to state that approval is granted for the transfer of Miss Stapleton to the Oak River Sioux Day School, to begin duties on or about September 1st, next, when the school reopens after the summer holidays. The salary allowed her will be at the same rate as she is at present receiving, viz. \$50 per teaching month. I shall be pleased if Your Lordship will inform her accordingly and arrange for her to take up duties at the Oak River Sioux School on the date mentioned.

I have the honour to be,

Right Reverend Sir,

Your obedient servant,

J. D. McLEANJ. D. McLean,

Most Rev. Sir:

I beg to inform Your Grace that His Lordship the Bishop of Brandon has recommended the appointment of Deaconess Winifred Stapleton as teacher at the Oak River Sioux Indian Day School in the Griswold Agency. Miss Stapleton is at present teaching the Centre School on the Peguis Reserve, and the Department is approving of her transfer to the Oak River Sioux School at the beginning of the next school year, on or about September 1st, next.

It will be necessary to obtain the services of a qualified teacher to succeed Miss Stapleton at the Peguis Centre School, and I have to request that Your Grace will be good enough to nominate the services of a teacher and submit full particulars regarding the name, qualifications and experience of the teacher nominated by you. The teacher nominated for the Peguis Centre School would be required to begin duties on or about September 1st, next. I shall be pleased if the question of obtaining a teacher for this school will receive your early attention.

I have the honour to be,

Most Reverend Sir,

Your obedient servant,

Dear Mr. McLean,

I am in receipt of yours and I regret very much to learn that Miss Stapleton is leaving Peguis, where she has been doing such efficient work. At the present time I cannot think of anyone whom I can nominate to take her place, but I shall do my best to look out someone. In the meantime will you kindly let me know what certificate is required, second class or third class, also whether the Department prefers a man or a woman teacher and what is the salary.

With kind regards, I am,

Very truly yours,

J. D. McLean, Esq.,

Most Rev. Sir:

I have to acknowledge receipt of Your Grace's letter of the 24th instant, relative to the transfer of Deaconess Winifred Stapleton from the Peguis Centre School as teacher at the Oak River Indian Day School in the Griswold Agency for the next school year.

In obtaining a successor to Miss Stapleton, it will be satisfactory if a teacher, either male or female, having qualifications similar to that of teachers in the neighbouring rural white schools is obtained. The salary we will allow will depend upon the qualifications which the teacher engaged possesses. When we have your nomination and particulars regarding qualifications, you will then be informed as to the salary allowed. I shall be pleased if Your Grace will nominate a teacher for the Peguis Centre School at your early convenience, in order that the appointment can be approved and the teacher engaged will be ready to take up duties when the school reopens after the present summer holidays.

I have the honour to be,

4th July, 1927.

Dear Mr. McLean,

I am in receipt of your letter, but I am afraid that without any knowledge of what the salary of the teacher at the Centre Peguis School will be I shall experience some difficulty in securing a suitable person. However, I shall do my best, though I am just about leaving for my vacation. Miss Stapleton gives such a gruesome account of the flooded conditions of the school premises that I fear that nobody will care to take the position. I may add that she left most reluctantly and only on account of the water around the building and premises generally. She contends that unless some draining scheme is put into operation it will not be possible to occupy the buildings.

I am,

Very truly yours,

J. D. McLean, Esq.,

Sept 1927

B

August 12th, 1927.

Dear Mr. McLean,

In further reference to the vacancy in the Central Peguis School, I have the following applicants for the position:

Sutherland

(1) Mrs. Hamilton, an experienced teacher, who has done good work in a number of our schools in foreign settlements. She is highly recommended by her inspectors.

(2) Miss Fairservice, who at one time taught an Indian Day School at Norway House but who in recent years has been teaching in one or two of our Indian Residential Schools. Her record is thoroughly good in every respect.

*Bureau Rec:
1920
St. Pauls 1925*

no (3) Miss Bird, daughter of Dr. J. R. Bird, resident medical officer on the Reserve.

All these hold Second Class certificates, but I cannot certify as to whether the last named has had any teaching experience or not. Mrs. Hamilton and Miss Fairservice are both willing to occupy the building and live on the spot. Miss Bird prefers to live with her parents at the Agency, about a mile from the School. While I shall be favorable to the appointment of any one of these, I am more confident as to the experience of either Mrs. Hamilton or Miss Fairservice, who know the character of the work they will be going to.

136-4-1

Has Mr. Harbord definitely relinquished the school at the north end of the Mission? Rumor has it that he is leaving.

With kind regards, I am,

Most sincerely yours,

J. D. McLean, Esq.,
Asst. Deputy and Secretary,
Department of Indian Affairs,

Ottawa, June 10, 1929.

Most Rev. Sir:

In a recent report from Mr. Agent Templeman, Hodgson, he recommends an exchange of teachers in the Peguis South and Peguis Centre Indian Day Schools. He states that Miss Lee, teacher of the South School, is advanced in years and is deaf, and that there is a large attendance of pupils. He considers that she would perform better service at the Centre School, where the class is smaller and there are more younger pupils. Agent Templeman also states that Miss Wright, teacher of the Centre School, is performing excellent services; is very interested in her work and has the confidence of her pupils. He considers that she would be more suitable to teach higher grades and recommends her transfer to the South School.

I shall be pleased to have Your Grace's concurrence in the exchange of these two teachers for the next school year.

I have the honour to be,

Ottawa, June 10, 1929.

Sir:

Relative to your report on your inspection of the South and Centre Indian Day Schools on the Peguis Reserve, I have to say that we are taking up with His Grace the Archbishop of Rupert's Land the question of an exchange between the teachers of these schools. It is noted that you consider it would be in the interests of the work if Miss Wright, teacher of the Peguis Centre School, was transferred to the Peguis South School, and that Miss Lee, teacher of the last named school, be transferred to the Centre School. You will be advised later when we have the approval of His Grace for the transfer, which, if made, would take effect from the beginning of the next school year.

The Chief Clerk

Indian Department
Ottawa

I received your notice
& my transference to the Central
School, on my return home, & accept
it.

I was stunned on learning the
reason from the Archbishop, and
cannot understand what kind of
a report you have had about it, as
my deafness is not of so serious a
nature, as to interfere with my work,
I can hear easily plain articulation,
& it leads me to insist on that, in
school.

The children have made great
progress, are interested, and I like
them very much, & am very sorry to leave
them.

Inspt. Christianson's Rep. on Fisher River Schools

PEGUIS CENTRE DAY SCHOOL.

This school is taught by Miss Ellen Lee. At the time of my visit there were something like 18 on the roll. The work of the children was fair, and I believe Miss Lee is quite a capable teacher. She, however, is labouring under a great handicap, as she is getting very hard of hearing. Last year she was in the South School, and I am of the opinion that it was a very good plan to move her to Centre School, as the work is much lighter, not having the same number of children to handle. The buildings are in first-class shape here, both the school and teacher's residence having been built in the Fall of 1928.

from 1 to 3. I spent considerable time in this school, and I would say that Miss Lee is a fairly good teacher, but she has one handicap - she is very hard of hearing, and I think is gradually growing worse. However, Miss Lee is still doing good work, and takes a great interest in her school and the children. I have no fault to find with the work of the children here.

R

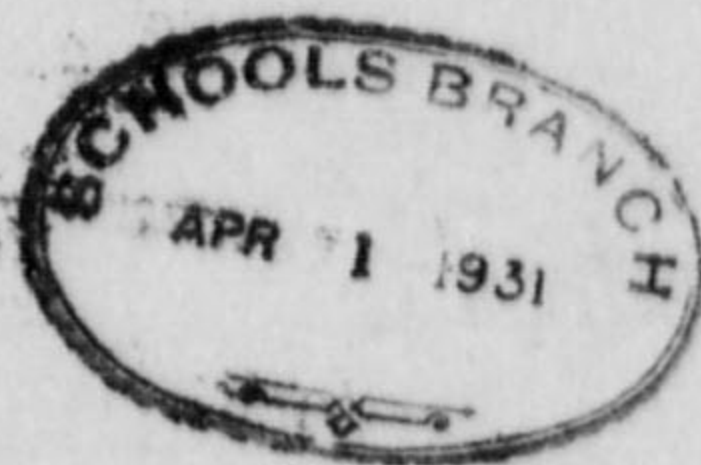

PEGUIS CENTRE DAY SCHOOL.

This school is taught by Miss Ellen Lee. There are good buildings here; the teacher's residence is a bungalow of the same type as I have outlined at the Peguis North Day School, and was erected two years ago. The school is also a frame building and was erected at the same time. It is a little smaller than the North School, but is sufficiently large enough to take care of the children who attend.

There were 27 children on the register. At the time of my visit, which was a stormy day, there were 20 present, 14 girls and 6 boys. The grades taught are

OTTAWA, July 29, 1932.

Most Rev. Sir:

The Indian Agent at Hodgson, Man., reports that he visited the Peguis Centre Indian Day School last month and found that the progress being made is not satisfactory, due to the fact that the teacher, Miss Ellen Lee, is quite deaf.

The Department considers that it would be in the best interests of this school to have a competent teacher in charge, and if it is at all possible to make a change for September 1st, the Department would appreciate such action being taken. I shall be pleased to have Your Grace's nomination in this regard.

Sir:

I have to inform you that His Grace the Archbishop of Rupert's Land has advised the Department of the resignation of Miss Ellen Lee as teacher of the Peguis Centre Indian Day School. His Grace has nominated the services of Miss Jennie Wright, a former teacher, to succeed Miss Lee. The Department is approving of the appointment of Miss Wright, with salary at the rate of \$90 per teaching month, less 10 percent for the current fiscal year. His Grace is being requested to inform Miss Wright and to arrange with her to begin duties when the school reopens after the present summer holidays.

I have to request that you will give Miss Wright any assistance you can in her work and in encouraging a regular attendance of the Indian children.

Your obedient servant,

A. F. MacKenzie
A. F. MacKenzie,
Secretary.

ED WINNIPEG, MAN., June 19th, 1935.

Sir:-

I have received a copy of Mr. G.W. Bartlett's report in connection with his inspection of Peguis Centre Day School, Fisher River Agency.

In the "General Remarks", he suggests that the teacher be asked to make a list of pupils likely to require clothing for the winter, so that the agencies dealing with this work may have time to deal with such cases before winter sets in.

I do not know if Mr. Bartlett mentioned this fact to Mr. Clarke, the Indian Agent, but I am of the opinion that it was only discussed with the teacher. If such procedure were to be carried out, we would run into a large amount of expense and I doubt if it would greatly improve the attendance. The Peguis Indians are fortunately situated and able to maintain their families equally as well, if not better, than many of the other bands of Indians throughout Manitoba. It would appear as though Mr. Bartlett was not familiar with the circumstances and therefore did not realize what his recommendation would involve.

Your obedient servant,

A. G. Hamilton

DL

538 Dominion Public Bldg.,
Winnipeg, Manitoba,
March 6, 1941.

Dear Sir: Peguis Centre Indian Day School
Fisher River Agency

I wish to submit the following report on
the above school, which was inspected February 26, 1941:-

Miss A. Clarke is in charge, and is doing
splendid work. There are 21 pupils enrolled, and on
this date 15 were present. The average attendance for
December was 18.93. The grades are arranged as follows:-

Grade 1	-	10	pupils
"	2	-	4
"	4	-	4
"	5	-	2
"	7	-	1

The exercise books showed progress and the
work was neatly set down. The pupils are alert, and
Miss Clarke has the ability to keep her pupils interested
and happy. The children were clean but none too well
clothed.

The interior walls are badly smoked and very
gloomy. Someone should be employed to wash the school
ceiling. The exterior of the school and residence
should be painted this summer. These buildings have
not been painted for years and present a disgraceful
appearance. The lumber is deteriorating due to weather
conditions and lack of painting. A flag is also needed
for this school.

Yours very truly,

A. G. Hamilton
A. G. Hamilton,
Inspector of Indian Agencies,

538 Dominion Public Bldg.
Winnipeg, Manitoba,
November 27, 1941.

Dear Sir:

I wish to submit the following report on the schools in the Fisher River Agency, inspected during the week of November 17, 1941:

PEGUIS CENTRE INDIAN DAY SCHOOL

Miss Alice Clarke is the teacher in charge. She is qualified and understands Indian children. There are 25 pupils enrolled, and 15 were present. The grades are arranged as follows:

Grade 1	-	16	pupils
2	-	4	pupils
5	-	3	"
6	-	2	"

The children were alert and apparently keenly interested in their work. They speak out clearly and all book work was neat and tidy. The children were clean but none too well clothed.

The school is in good condition. The teacher's residence has about 8" of water in the basement. This water has been pumped out several times but comes in again within 24 hours. This trouble arose after the well was drilled at the school over a year ago. It not only keeps the house damp but apparently is affecting the cement wall as the foundation at one corner is crumbling badly. It looks as though the gravel used in the wall was not free from clay and probably this is why the water has caused it to crumble. It is perhaps too late now to carry out the repair work necessary, but certainly the matter should be attended to next spring.

A.G. Hamilton
Inspector of Indian Agencies
for Manitoba.

INSPECTOR OF INDIAN AGENCIES

CANADA
DEPARTMENT
OF
MINES AND RESOURCES

INDIAN AFFAIRS BRANCH

203-11

538 Dominion Public Bldg.
Winnipeg, Manitoba
June 24th, 1943.

Indian Affairs Branch,
Department of Mines and Resources,
OTTAWA, Ontario.

I submit the following report on the
Centre Peguis School, inspected June 18th, 1943.

Miss Alice Clarke is the teacher and
she is doing good work. The grades are as follows:-

Grade 1	-	12	pupils,
2	-	7	"
4	-	4	"
6	-	5	"
7	-	1	"
		<u>29</u>	

There were 17 present. Some families have left for fishing
and some have gone to work in wood camps, consequently the
attendance is low.

The school foundation has cracked some
at two corners and there are signs of crumbling. It might
be well to have this repaired when the foundation is being
built for the school residence. I understand this building
is to be placed on a new foundation and the work is to
commence shortly. I found the school yard very wet and if
the school residence could be moved across the road we would
have a much better building site. The land drains to the
road and to the river. This land is claimed by one of the
Indians and it would perhaps not be possible to get his
permission. We would only need about a 60-foot frontage off
the one end of his lot. The lot at that point is perhaps
200 feet deep. That is from the road to the river is 200 ft.

I would suggest Mr. Clarke be advised
to investigate the possibility of obtaining the new site and
report at once as I understand Mr. Gow intends starting work
on the residence early in July.

REPORT ON SCHOOLS OF FISHER RIVER AGENCY INSPECTED
JANUARY 17th & 21st, 1944.

x x x

Centre Peguis Indian Day School

EX'D
A

Miss Alice Clarke is the teacher in charge, and I find her greatly interested in all the children.

There are twenty-nine enrolled and nineteen were present the grades are as follows:-

Grade 1	-	9	pupils
2	-	7	"
3	-	3	"
4	-	1	"
5	-	2	"
6	-	1	"
7	-	5	"
8	-	1	"

The room was tidy and well aired. All the pupils were well dressed and clean in appearance. They appear to be well along in their respective grades and steady progress maintained.

The interior needs decorating and if possible this should be painted this coming summer.

Last summer both the school and residence were painted outside. Repairs were made to the school foundation and the joists renewed. The school residence was moved and placed on a complete new foundation. All this work has apparently been well done and the buildings are now in good repair.

AIRMAIL

Ottawa, January 9, 1946.

Dear Archbishop Sherman:

At the Peguis South School and the Peguis Centre School, in the Fisher River Agency, the enrolment is so large during the current academic year that it is almost impossible for one teacher to handle the school.

Indian Agent Lazenby advises us that he can secure a building at both of the schools mentioned above, which could be opened as a second classroom. We are prepared to open two new classrooms if we can obtain a teacher for each of them. I would therefore appreciate it if you would give this matter your immediate attention and let me know as soon as possible if there is any possibility of securing two teachers. The new teachers would be under the direction of the teachers at present engaged at these two schools. A recent inspector's report indicates that both these teachers are doing good work.

Yours sincerely,

Philip Phelan,
Chief, Training Division.

Most Rev. L.R. Sherman, M.A., B.Litt., D.D.,

29th April 1946.

Indian Affairs Branch, Dep't of Mines & Resources, Ottawa.

With reference to Mr Philip Phelan's letter, File 136-6-1 of the 10th instant, I beg to say that I have been unable to find anyone locally who would undertake to teach the Peguis Centre School for the balance of the school term, on the resignation of Miss Alice Clarke becoming effective May 1st.

Mr Stanley Boyne, our farming instructor, advised me that probably his sister might take this school to help out, and at my request he wrote to her, and telephoned to her at Arborg, Manitoba. Miss Boyne chanced to call at Inspector Hamilton's office in Winnipeg while I was there on April 22nd, and she was requested to call at the Synod office in Winnipeg, as they would have to recommend her to the Department. However, a few days later, Mr Boyne had a letter from his sister, in which she stated that she would not be taking the school.

In these circumstances therefore, the only alternative is for the school to remain closed, unless the Department has received any word of a teacher from His Grace the Archbishop of Rupert's Land.

P.G. Lazenby

SECRETARY - TREASURER
R. H. POOK
TELEPHONE 93 825

July 18th, 1946.

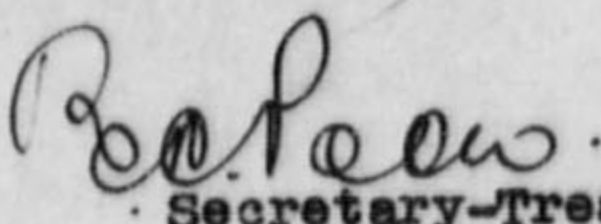

Mr. R. A. Hoey,
Indian Affairs Branch,
Department of Mines and Resources,
OTTAWA - Ontario.

Dear Mr. Hoey:

JW 1945
I write you in connection with the situation existing at the Centre Peguis Reserve Day School for the past two or three years. The teacherage has been occupied by the clerk of the Indian Agent and consequently the teacher has been forced to obtain accommodation elsewhere. This situation becomes more difficult now in view of the fact that we require two teachers for the School. I would be glad to know if there is any possibility of arrangements being made so that the teachers can occupy the teacherage from September 1st next.

Yours faithfully,

Secretary-Treasurer.

Re: Clerk's House - Fisher River.
Your file 21-136, July 10/46.

I called on Mr. Vance yesterday and discussed with him the possibility of obtaining a house.

He stated he had already exceeded his quota and saw little chance of supplying us a complete house before 1947. Many of the houses under construction are without plumbing and electric wiring. Flooring is scarce and it is almost impossible to get nails.

Mr. Vance suggested it might be advisable to put the basement in this fall and be ready for building early in 1947.

If this suggestion were followed we would need to decide:

1. What type of house we intend building.
2. A definite plan must be selected.

I might state that basement walls for a prefabricated house might not prove suitable for other construction, therefore, a definite decision must be made.

It might be advisable to ask Mr. Lazenby to try and arrange accommodation for the two teachers either at the hospital or nurses' home and leave the building program until 1947.

SGD. A.G. Hamilton,
Inspector of Indian Agencies,
for Manitoba.

Hodgson, Manitoba.

Re: Clerk's House - Fisher River

According to a letter just received from Inspector Hamilton, there is no possibility of securing a prefabricated building as a Clerk's residence at the Fisher River Agency this year. There is a scarcity of flooring, plumbing and electric wiring and it is almost impossible to get nails. The North American Buildings could not provide a house before 1947.

I have asked Inspector Hamilton to write to you on this subject and to take up with you the question of providing accommodation for the teachers either at the hospital or the nurses' home as it would appear that the Clerk will have to occupy the house built for the school teacher until such time as a building can be erected for the Clerk.

Ottawa, July 24, 1946.

Mr. P.J. Lazenby, Indian Agent, Hodgson, Manitoba.

I am in receipt of a letter from Most Reverend L.R. Sherman, Bishop of Rupert's Land, in which he states that he is experiencing difficulty in obtaining two teachers for the Peguis Centre School, in view of the fact that the teacher's residence is occupied by the clerk.

I understand the situation. Apparently, it is not possible to provide a residence for the clerk at the present time.

Is there not a possibility of securing suitable accommodation for two teachers if they were appointed? Is there any building that might be rented for the purpose. An immediate reply would be appreciated.

Indian Affairs Branch, Dep't of Mines & Resources, Ottawa.

With reference to Mr B.F. Neary's letter, File 136-6-1 (W.T.1) of the 24th July, I beg to say that to date I have been unable to make any arrangements for the accomodation of the two teachers for the Peguis Centre School. The former teacher, had a room in the nurses' residence, and cooked her own meals there. At that time, however, we had not a full staff of nurses. By August 22nd, we will have a full staff, and I do not know what room there will be then, if any. The matron of the hospital is at present on her holidays, and until she returns, about August 17th, I will have to leave discussion of the matter in abeyance. Apart from the nurses' residence, there is no other building of any sort available where the teachers can be accomodated.

I have been writing to Inspector Hamilton in this matter also, and after I have had opportunity to discuss the matter with the hospital matron, I will write further.

Indian Affairs Branch, Dep't of Mines & Resources, Ottawa.

I beg to confirm night letter dispatched to the Department today reading as follows:-

REFERENCE TWO TEACHERS APPOINTED FOR PEGUIS CENTRE SCHOOL UNABLE TO FIND ANY PLACE FOR THEM TO LIVE NO ROOM AT EITHER NURSES RESIDENCE OR HOSPITAL WRITING ALSO INFORMING INSPECTOR HAMILTON BY LETTER.

In this connection, I beg to refer to my letter to the Department, dated 10th August in reply to Mr Neary's letter of 24th July, File 136-6-1 (W.T.1.). The hospital matron has now returned from her holidays, and on further discussion with her and the doctor, it seems impossible to accomodate any teachers at either the nurses residence or the hospital. There will be a full staff of nurses occupying the home when another nurse arrives to-morrow, August 22nd. At the hospital, (where there is an increasing number of patients), the help there is now occupying all the available space. Apart from the above mentioned, there are no other buildings within reasonable distance of the school, where teachers could make a home. I may also say that even if living at the hospital or the nurses residence, the teachers would have over a mile to walk to school every day. Miss Alice Clarke, the previous teacher used to do this, and enjoyed it, but all girls are not like that, and I have my doubts that they might stay very long, having to do that walk every day in all kinds of weather. This is an unfortunate situation, but I have done the best I can in the matter, but without any success. Will you please advise me what the Department decides to do regarding the two teachers that have been appointed for this school.

Up to the present time, I have not been advised of any appointment made for any teachers at the Peguis South School.

Ottawa, August 26, 1946.

Dear Archbishop Sherman:

With reference to your previous communications nominating two teachers for Peguis South school I regret that living quarters are not available for them at this point.

The Department allowed the Clerk to use the teacher's residence in the hope that we would be able to construct a residence for him during the summer of 1946-47, however, it has been found impossible to do so.

Under the circumstances, we are advising Indian Agent Lazenby to place Miss Annabelle Stranger and Miss Kathleen Jeffrey at the Peguis Centre School for the coming academic year 1946-47. There is living accommodation for them at the Peguis Centre School.

Yours very truly,

Bernard F. Neary,

Peguis North Indian Day School

As pointed out in our letter concerning the Peguis South School, it is our policy to consider the opening of an extra classroom when the average attendance at a school is over 30. Our records show the following attendance at Peguis North School:

December Quarter	-	32.8
March Quarter	-	28.6

The opening of an extra classroom would seem to be a borderline case. However, we would appreciate receiving from you the same information as required at Peguis South.

Peguis Centre Day School

You will soon be receiving details of our proposals for erecting a clerk's residence at Peguis Centre. We are giving this construction priority over the Fisher River Indian Day School, so that we will be able to open the Peguis Centre School in September.

Bernard F. Neary,
Supt. of Welfare & Training.

Saskatchewan BRIEFS

JUDGMENT was reserved in a Regina court in the case of Roy Westbury, of the Glamis district, who is suing the provincial government for alleged breach of contract concerning a 33-year lease on a piece of land.

APPEAL of the Saskatchewan Labor Relations Board against the decision of a King's Bench court in quashing the board's order certifying a union of Speers funeral home employees was dismissed by the Saskatchewan Court of Appeal. Point at issue was whether the Labor Board acted properly in certifying the union on the basis of an investigation carried out by a board executive officer, H. S. Elkin.

THERE are 123 recipes of Saskatchewan housewives in the running for the \$100 grand prize in the province's "distinctive Saskatchewan dish" contest. Recipes are now being examined by the Nutrition Division of the Department of Health, and the grand prize winner will be chosen later by experts.

SEVENTH in a series of "Community Centre Planning" bulletins has been issued and may be obtained from the Adult Education Division, Department of Education, Legislative Building, Regina. This latest bulletin discusses experiences in setting up community councils and developing local leadership, while previous bulletins described various other community centre activities.

Anybody Seen

Most Schools Will Have Teachers; Provision Being Made for Others

REGINA.—More than 80 per cent. of schools now without teachers will be supplied with student teachers from normal schools under a plan recently developed by education officials and the provincial Department of Education. However, an estimated 60 rural schools in the province will be unable to operate because of the acute shortage of teachers, Deputy Education Minister A. B. Ross said recently.

Mr. Ross pointed out that the teacher shortage is not a situation peculiar to Saskatchewan alone, but that most of the other provinces in the Dominion are having similar difficulties.

The plan, which was worked out by government officials and the principals of the normal schools in Moose Jaw and Saskatoon, provides that rural schools with enrolments of 13 or more will be staffed with normal school students. If student teachers are still available, schools with enrolments of 12 will also be staffed.

Schools which are unable to secure the services of normal school students may adopt one of two alternatives. They may arrange to have their students attend one of the nearby schools already staffed with teachers, or, arrange to have lessons supplied through the government correspondence school. The department of education will pay all costs of supplying courses and of having them marked by competent instructors in the correspondence school.

It is expected that students attending the college of education may be available on or about May 1, for those schools still without teachers. In such cases, arrangements may be made at the discretion of the local school board to have the school in operation during the summer months.

Coolican Takes Over Swift Current Post

REGINA.—P. W. Coolican, poultry specialist, has been transferred to the Agricultural Representative Branch of the provincial government, succeeding W. R. Merryweather as agricultural representative for the Swift Current district, according to a recent public service commission announcement.

P. W. Coolican

Prior to joining the poultry branch in 1946, Mr. Coolican was employed by Canada Post.

Poultry Grading For Chief Cities

REGINA. — Residents of Regina, Saskatoon, Moose Jaw and Prince Albert will benefit by new regulations concerning the grading of poultry.

According to a recent order-in-council, hotels, restaurants and retail stores will be required to handle only graded poultry after January 1, 1948.

Previously, grading had applied mostly to the eastern export market and had helped build up a strong demand for Saskatchewan raised birds.

CO-OPERATIVE COMMONWEALTH FEDERATION
MANITOBA PROVINCIAL COUNCIL
219 Phoenix Block, Winnipeg, Manitoba.

November 22, 1947.

The Hon. J. A. Glen,
Minister of Mines and Resources,
House of Commons,
Ottawa, Ont.

Dear Sir:

I have just been advised of a situation
that prevails in the Peguis Reserve at Hodgson, Manitoba.

There are two schools on the reserve, one
on the north side and one on the south. The North School
is functioning, with a van picking up the children and
taking them to and from school.

However the school on the south side is not
operating for some reason or other, and the children there
are growing to adult age without any education whatever.

Will you kindly give this your attention?
I would appreciate being informed as to the reason for the
school being closed.

Thanking you in advance,

Yours truly,

D. Swailes,
Provincial Treasurer.

MEMORANDUM

November 25th, 1947.

To the - Deputy Minister

Attention Director of Indian Affairs

Attached please find letter to the Minister, dated Nov. 22, 1947, from D. Swailes, Provincial Treasurer, Co-operative Commonwealth Federation, Manitoba Provincial Council, 219 Phoenix Block, Winnipeg, Man., concerning the school on the south side of the Peguis Reserve, Hodgson, Man., which he states is not operating.

Please have a letter prepared for the Minister's signature to Mr. Swailes.

W. J. F. Pratt
W. J. F. Pratt,
Private Secretary.

Mr. Hoey

For draft reply as requested.

Ottawa, December 2, 1947.

Dear Mr. Swailles:

I have for answer your letter of November 22nd. We are actually operating three day schools on the Peguis Reserve. These are the Peguis North School and the Peguis South School and both have teachers. It is presumed that it is the Peguis Centre School to which you are referring.

A teacher, Miss Phyllis Baron, was appointed to this school in August of this year but she was unable to accept the post because her physician advised her that she would be unable to accept a teaching position for some time. However, she has now fully recovered and we have recently written to her requesting that she report there for duty as soon as possible.

You are, no doubt, aware of the serious situation which exists with regard to the shortage of teachers in Canada. It is understood from the magazine of the Manitoba Teachers' Society that some eighty Manitoba schools were unable to open their doors in September because no teachers were available to conduct classes. We have also been informed that some seven hundred part-time teachers are presiding over Manitoba schools and classrooms.

In the "Saskatchewan News", the weekly news bulletin issued by the Bureau of Publications of the Provincial Government of Saskatchewan, we noted that some sixty schools are not operating because of the acute shortage of teachers.

This situation is not peculiar to the

D. Swailles, Esq.,
Provincial Treasurer,
Co-operative Commonwealth Federation,
Manitoba Provincial Council,
219 Phoenix Block,
Winnipeg, Manitoba.

Indian Affairs. (RG 10, Volume 6243, file 532-1, part 1)

Prairie Provinces but exists in almost every province in the Dominion. Therefore, we feel that our Indian day schools are in a better position relatively than most provincial schools, for we have only eleven schools closed across Canada. Nearly all of these eleven are in the far north and are so isolated as to be most unattractive to teachers. However, the Indians in some areas fail to realize this acute shortage of teachers and have not hesitated to blame the Department for a condition which is caused by factors over which we have no control.

Yours sincerely,

Indian Affairs. (RG 10, Volume 6243, file 532-1, part 1)

APPLICATION FOR EMPLOYMENT IN INDIAN DAY SCHOOLS

I. PERSONAL QUALIFICATIONS

Name in full (please print) Baron Phyllis
 (Surname) (Christian Names)
 Date of Birth 12.11.14 Place of Birth Dakshella, Sask.
 Sex Female Religious Denomination Lutheran Health Good
 Canadian Citizen by birth Service in H.M. Forces

II. PROFESSIONAL & ACADEMIC QUALIFICATIONS

I attended high school at St. John's Sch., Winnipeg in the Province of Manitoba and received a National Certificate (Honors) Certificate after successfully completing three years of high school. I then attended University for a period of one year and received a B.A. degree (only where applicable; give other details of additional education on back).

I attended a Teacher Training Course at Normal School in the Province of Manitoba for 12 months in the years 1945-46.

I hold a Class Teacher's Certificate of a Permanent (temporary or permanent) nature in the Province of Manitoba. It is numbered 1 dated see over and is valid until see over.

III. TEACHING EXPERIENCE

Dates	Name of School	Town and Province	Total Years
1. <u>1945-46</u>	<u>Cecil's Jeffery</u>	<u>Kenosha, Ont.</u>	<u>1</u>
2. <u>1946-47</u>	<u>St. John's Sch.</u>	<u>Winnipeg, Man.</u>	<u>1</u>
3.			
4.			
5.			

(use other side for more detail)

My total teaching experience is 2 years in Indian Schools and 1 years in Provincial Schools.

IV. SUMMER SCHOOLS - In order to qualify for salary increments as shown in the schedule, I certify that I have attended the following professional summer schools conducted by Provincial Departments of Education or Canadian Universities for a duration of four weeks or more in length:

Year	Course taken	By whom course was conducted	Length of Course in weeks
1.			
2.			
3.			

V. SPECIAL QUALIFICATIONS

List any special qualifications you have for Indian work 1 1/2 yrs. experience as Girls Supervisor in Ind. Res. school, 1 yr. as Parish worker, several years in young people's church school, English work, S.S. + church school teacher.

VI. REFERENCES and INSPECTOR'S REPORTS

Please attach copies of references and your latest Inspector's Report (if any) see over

VII. I therefore request, in view of my qualifications and experience as detailed above, that I be classified as a Grade teacher and that my salary as a teacher in the Indian Day School for the 1947-48 academic year be set at \$..... according to the salary schedule.

I understand (i) that all salary increases are clearly described in the schedule regulations as for "satisfactory service", (ii) that therefore it will be necessary for the Indian Affairs Branch to carefully consider School Inspectors' and other reports submitted upon my teaching service.

(Note: Details of our salary schedule are available in all Indian Agency offices. If the application is sent in with part of section VII left blank, we will inform you of the salary you would receive in our service).

Nov. 29, 1947 (date).

Phyllis Baron
 (Signature)
705. Henderson
Winnipeg, M.
 (Address)

(by Manitoba Dept.
of Education)

temporary certificate, or permit, refused me because of the fact that the Indian Schools do not come under the jurisdiction of the Provincial Dept. of Education.

Attendance at Summer School (i.e. 6 weeks course for Permit teachers) conducted by the Provincial Dept. of Education obliges the student to accept a teaching position only in a Provincial School.

For several ^(summers) years I have attended Leadership Training Camps and have taken the courses offered. I have had some Practical Nursing Experience also. I have had some Dispensary experience (over period of more than 3 years in Indian work amongst them). I have a genuine liking for the people and the schools.

In June 1946 my class at Cecilia Jeffrey J. Res. School was inspected by the Kenora Public Schools Inspector. I received no written report.

At Fairford Improved Indian Day School I was unfortunately forced to relinquish my teaching duties shortly before the end of the 1946-47 school term because of illness. No inspection had been made up until the date of my departure. (way)

Return to [signature]

Ottawa, November 22, 1947.

Dear Miss Baron:

Peguis Centre Indian Day School.

The Department has accepted your nomination by Bishop Sherman for the position of teacher of the above Indian Day School.

In order to bring our records upon your qualifications up to date would you please complete the attached application form and return it here so that we may fix your salary for the remainder of the academic year.

I am also writing today to Mr. Indian Agent Lazenby and requesting that he write you concerning the details of your reporting for duty at Peguis Centre School.

Sincerely yours,

[Signature]

Fisher River Agency
HODGSON, Manitoba
20th March 1948

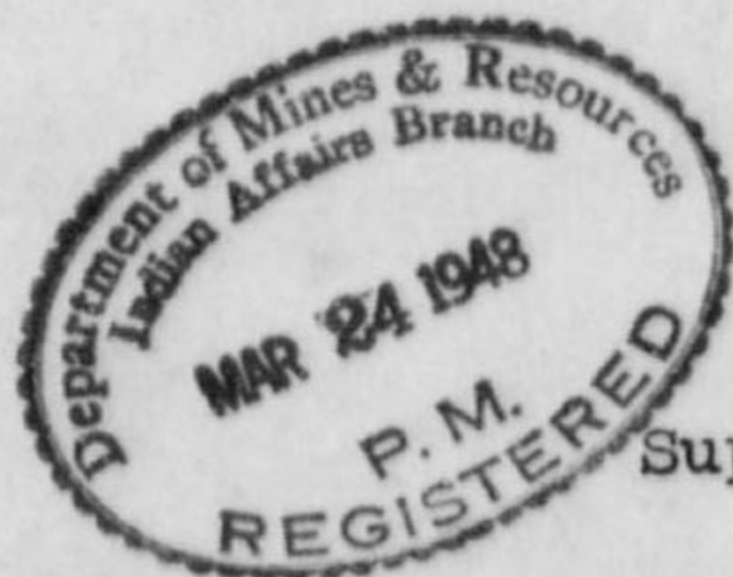

A I R M A I L

Indian Affairs Branch,
Dep't of Mines & Resources,
Ottawa, Ontario.

I beg to report that the Peguis Centre Indian Day School is overcrowded, there being about fifty pupils attending fairly regularly, whereas there is accomodation for only about forty pupils, at best.

Would it be possible to secure an additional teacher for this school, and divide the pupils between the two. There is a Church Hall available, which would require to be equipped with desks, etc; as was done at the Peguis South school, where we have two teachers.

I realize the difficulty of securing school teachers, and am constantly having to explain the situation to the Indians, who complain about their children getting no schooling.

P.G. Lazenby

Dear Archbishop Sherman:-

Re: Peguis Centre Indian Day School.

Indian Agent Lazenby advises that this school is now overcrowded as there are some fifty pupils attending regularly. We are prepared to open a second class room if we can secure a teacher.

We realize the difficulty in securing teachers at the present time but thought it advisable to communicate with you in the hope that you can find it possible to nominate a teacher whose services would be satisfactory for the balance of the current academic year. Please let us hear from you as soon as convenient.

Yours sincerely,

Philip Phelan
Chief, Training Division.

EXTD.
M

Ottawa, March 30, 1948.

Mr. P.G. Lazenby, Superintendent,
Indian Agency, Hodgson, Manitoba.

We have your letter of the 20th instant, file 7-C (136) with reference to the Peguis Centre School. We intend to communicate with the Bishop of Rupert's Land with a view to securing a second teacher and if that is possible, we are prepared to favourably consider opening a second class room in the building mentioned by you.

I agree with you that it is difficult to secure teachers. In a recent issue of the magazine published by the Manitoba Teachers' Association, it was stated that some eighty Manitoba white schools were unable to open their doors in September because no teachers were available. We have also been advised that some seven hundred permit teachers are presiding over Manitoba white schools and class rooms. You will see from this information how difficult it is for us to secure teachers. However, we will make every endeavour to do so.

Philip Phelan
Chief, Training Division.

Mr. Philip Phelan,
Chief, Training Division
Indian Affairs' Branch,
OTTAWA - ONT.

Dear Sir: - re Peguis Centre Indian Day School -

I have received your letter of March 30th, in which you said that this School is now over crowded to the extent that a second Teacher is required.

I am today in receipt of an application from Miss Mary H. Robin, 1 - Roslyn Place, Winnipeg, who has completed three years at the University of Manitoba in the Home Economic Course and has had a short experience of teaching in a Public School. It is realized that Miss Robin does not possess the teaching qualifications usually required but at the Centre Peguis School she would have the valued assistance of Miss Phyllis Barron, and I feel sure she would be acceptable to the Indians.

Miss Robin will finish her University examinations shortly and should be available for duty commencing the week of April 26th, or May 3rd next, and she will be glad to remain on duty until the end of the school year.

Under the circumstances Miss Robin's appointment is recommended.

Yours faithfully,

Indian Affairs. (RG 10, Volume 6243, file 532-1, part 1)

Peguis Centre Indian Day School

Please find attached a self-explanatory letter to Archbishop Sherman with regard to a second teacher at the Peguis Centre School.

You will recall that you drew this matter to the attention of the Department in your letter 7-C (136) of March 20th, 1948.

Please find attached income tax forms which I would ask you to have completed by Miss Robin when she reports for duty. As soon as these are received here, she can be taken on our pay roll.

It will be very difficult to get desks to the school as we are now three months late in deliveries. Is there any arrangement which can be made locally to secure temporary tables and forms which can be used?

Bernard F. Neary
Superintendent of Education.

Dear Mr. Pook:

I have for answer your letter of April 20 with regard to Miss Robin of the above school.

We have now found Miss Robin's application, which was incorrectly filed. She will be entitled to a starting salary of \$112.00 a teaching month, in view of her previous teaching and Armed Forces experience. It is presumed that she will be reporting for duty at this school on April 26 and that arrangements have been made locally with Mr. Superintendent Lazenby.

Sincerely yours,

Fisher River Agency
HODGSON, Manitoba
3rd May 1948.

A I R M A I L

Indian Affairs Branch,
Dep't of Mines & Resources,
Ottawa, Ontario.

With reference to Mr. B.F. Neary's letter of the 14th April 1948, I enclose herewith Income Tax forms signed by Miss Mary H Robin, the second teacher recently appointed to the Peguis Centre School.

Miss Robin arrived on April 30th, and will commence her duties at the above school today, May 3rd.

May 1/48

With reference to the Church Hall, in which it was hoped that Miss Robin would teach a portion of the pupils of the Peguis Centre School, I visited this place two days ago, for the first time for several weeks, owing to the fact that the road past there was blocked by snow. I find that there are five widows broken, and several of the floor boards had been torn up. However, with little expense we will be able to fix the place up tolerably well. It will, however, be necessary to take some of the desks from the schoolroom, as I have been unable to locate any tables or forms for the hall elsewhere.

P.G. Lazenby,
Sup't: Fisher River Agency.

Fisher River Agency
HODGSON, Manitoba
24th June 1948

A I R M A I L

Indian Affairs Branch,
Dep't of Mines & Resources,
Ottawa, Ontario.

Miss Phyllis Baron, one of the teachers at the Peguis Centre School, advises me that she has not received any salary cheque for the month of May, but that she did receive a cheque, dated May 17th, for one week of the month of February. Miss Baron worked from March 1st to 25th, the beginning of the Easter holidays, after which date, she was absent on account of illness until 30th April.

Miss Baron then resumes her duties on Monday May 3rd, as I notified the Department by airmail letter dated May 1st, since which date she has remained on duty.

Would you please have this teacher's pay cheques checked.

P.G. Lazenby,
Sup't: Fisher River Agency.

Re: Peguis Centre School.

I have to advise that Miss Phyllis Baron, one of the two teachers at the above school, will be returning after the summer holidays, to resume her duties in September.

However, Miss Mary Robin, who has been the second teacher at this school for the past few months, is going back to University, and will not be returning. It will therefore be necessary to secure another teacher to take the place of Miss Robin.

AIRMAIL

Indian Affairs Branch,
Dep't of Mines & Resources,
Ottawa, Ontario.

I have received a letter from Miss Mildred Hodgson, who was one of the teachers at the Peguis South School last year, and who resigned at the close of the term. Miss Hodgson now applies for a position as teacher with Miss Phyllis Baron at the Peguis Centre School for the coming school year, and I would recommend that her application be approved and that she be appointed as second teacher at Peguis Centre School.

If Miss Hodgson's appointment is approved, this will mean that two teachers are required for Peguis South School. Please advise re Miss Hodgson by return mail if possible.

*Checked Miss
Hodgson's report
on 136-5-6.

Dear Sir:

In reply to your last letter of July 23rd. I am sorry I did not answer sooner. But I was not at home when it arrived. With much regret I have to inform you that my application will have to be cancelled, due to health conditions, I will be unable to teach this term. This I learned since I first wrote you, otherwise I would not have caused so much inconvenience. And I am rather disappointed I cannot continue my work in the north.

APPLICATION FOR EMPLOYMENT IN INDIAN DAY SCHOOLS

I. PERSONAL QUALIFICATIONS

Name in full (please print) *Logan Hattie Martha*
(Surname) (Christian Names)
Date of Birth *28/2/17* Place of Birth *Norbert*
Sex Religious Denomination *Protestant* Health *Good*
Canadian Citizen *Yes* Service in H.M. Forces *No*

II. PROFESSIONAL & ACADEMIC QUALIFICATIONS

I attended high school at *St. Michaels Academy* in the Province of *Manitoba* and received a *Partial* Certificate after successfully completing *10.4* years of high school. I then attended University for a period of years and received a degree (only where applicable; give other details of additional education on back).

I attended a Teacher Training Course at Normal School in the Province of for months in the years

I hold a Class Teacher's Certificate of a (temporary or permanent) nature in the Province of It is numbered dated and is valid until

III. TEACHING EXPERIENCE

Dates	Name of School	Town and Province	Total Years
1. <i>1943-44</i>	<i>Springvale</i>	<i>Warden, Man.</i>	<i>1</i>
2. <i>1947-48</i>	<i>Salisbury</i>	<i>Neepawa, Man.</i>	<i>1</i>
3.			
4.			
5.			

(use other side for more detail)

My total teaching experience is years in Indian Schools and *2* years in Provincial Schools.

IV. SUMMER SCHOOLS - In order to qualify for salary increments as shown in the schedule, I certify that I have attended the following professional summer schools conducted by Provincial Departments of Education or Canadian Universities for a duration of four weeks or more in length:

Year	Course taken	By whom course was conducted	Length of Course in weeks
1. <i>1943</i>	<i>Short Normal</i>	<i>Inspector</i>	<i>6</i>
2.	<i>Course</i>	<i>Dunlop</i>	
3.			

V. SPECIAL QUALIFICATIONS

List any special qualifications you have for Indian work *I have a knowledge of music (piano) and sewing.*

VI. REFERENCES and INSPECTOR'S REPORTS

Please attach copies of references and your latest Inspector's Report (if any).

VII. I therefore request, in view of my qualifications and experience as detailed above, that I be classified as a Grade teacher and that my salary as a teacher in the Indian Day School for the 1947-48 academic year be set at \$..... according to the salary schedule.

I understand (i) that all salary increases are clearly described in the schedule regulations as for "satisfactory service", (ii) that therefore it will be necessary for the Indian Affairs Branch to carefully consider School Inspectors' and other reports submitted upon my teaching service.

(Note: Details of our salary schedule are available in all Indian Agency offices. If the application is sent in with part of Section VII left blank, we will inform you of the salary you would receive in our service).

APPLICATION FOR CLASSIFICATION ON 1948 REVISED INDIAN SCHOOL TEACHER'S SALARY SCHEDULE

I. PERSONAL QUALIFICATIONS

Name in full (please print) ... Baron, Phyllis ... Miss
(Surname) (Christian Names)
Date of Birth ... Nov. 12th, 1914 ... Place of Birth ... Saskatchewan, Can.
Sex ... F ... Religious Denomination ... Lutheran ... Health ... Good
Canadian Citizen ... yes ... Service in H.M. Forces ... none

II. PROFESSIONAL & ACADEMIC QUALIFICATIONS

I attended high school at ... St. John's High School ... in the
Province of ... Manitoba ... and received a ... Matriculation
Certificate after successfully completing ... three ... years of high school.
I then attended ... University for a period of
... years and received a ... degree (only where
applicable; give other details on back).

I attended a Teacher Training Course at ... Normal
School in the Province of ... for ... months in the
years ...

I hold a ... Class Teacher's Certificate of a ...
... (temporary or permanent) nature in the Province of ...
... It is numbered ... dated ...
and is valid until ... Teaching on authorization - Mr. I.

III. TEACHING EXPERIENCE

Dates	Name of School	Town and Province	Total Years
1. <u>1945-46</u>	<u>Cecilia J. Grey Res.</u>	<u>Kenora Ont.</u>	<u>2</u> - 8 mo.
2. <u>1946-47</u>	<u>Fairford Indian Day</u>	<u>Fairford, Man.</u>	<u>1</u> - 8 mo.
3. <u>1948</u>	<u>Requis Centre Ind. Day</u>	<u>Wadgson, Man.</u>	<u>1</u> - 6 mo.
4.			
5.			

IV. My total teaching experience is ... 2 1/2 ... years in Indian Schools
and ... years in Provincial Schools.

Summer Schools - In order to qualify for salary increments as shown in the
schedule, I certify that I have attended the following professional summer
schools conducted by Provincial Departments of Education or Canadian Univer-
sities for a duration of four weeks or more in length:

Year	Course taken	By whom course was conducted	Length of - over Course in weeks please
1.			
2.			
3.			

I am at present classified as a Grade I teacher at a
salary of \$ 1124.00 a teaching month. In view of my qualifications and
experience as detailed above, I request that I now be classified as a
Grade ... teacher and that my salary as a teacher in the Requis
... Centre Indian Day School for the 1948-49 academic year be
set at the rate of \$... a teaching month in accordance with the
1948 revised salary schedule. - next salary level - as merited

I understand (i) that all salary increases are clearly described in the
schedule regulations as for "satisfactory service", (ii) that therefore it
will be necessary for the Indian Affairs Branch to carefully consider School
Inspectors' and other reports submitted upon my teaching service, and (iii)
that these reports must be decided as being "satisfactory" in order that such
a raise be granted.

School Inspector -
Mr. W. Patterson,
E. Ribdale, Man.
Comments and signature of Indian Agent.

Phyllis Baron
(Signature of teacher)

J. G. ...
Sup't.
Fisher River Indian Agency (136)

While in the city (Winnipeg) during Easter vacation I made inquiries regarding the summer school courses and was informed that ~~that~~ only Normal School graduates are eligible to attend these for credits toward a permanent certificate. Also, all students enrolled for the short (6 week) Normal School course are obliged to accept a position in a provincial public school on termination of the course, as it is sponsored by the Manitoba Department of Education.

This information I received from the Teachers Advisory Bureau in Winnipeg, both last year and again this year.

Also, mimeographed material (i.e. Correspondence Course Helps on Provincial Curriculum) are no longer (since last term) available to teachers of Indian schools unless the Department is prepared to pay the cost of same.

AVIS (Extraits de la Loi du service civil, etc.)

Loi du service civil, chap. 22 S.R. 1927, art. 4. (2) Les sous-chefs et tous les
autres fonctionnaires et employés du service civil doivent donner à la Commission
tous les renseignements que la Commission peut requérir dans l'accomplissement
de ses fonctions.

Art. 47. La Commission, avec l'approbation du Gouverneur en son conseil,
doit établir des règlements en vertu desquels le sous-chef peut, pour cause de maladie
ou pour autre raison valable, accorder un congé d'absence à tout fonctionnaire,
commis ou employé, pour toute période ou toutes périodes, avec ou sans émoluments,

ou avec émoluments réduits durant pareille période ou pareilles périodes, ou telle
partie desdites périodes que les règlements peuvent prescrire.
Règlements de la Commission du service civil, article 67. (b) Il ne peut être
accordé de congé de maladie que sur production de preuves satisfaisantes d'incapacité
de travail. Ces preuves doivent consister, lorsque l'absence n'a pas dépassé
trois jours, en une déclaration écrite de l'employé et, lorsqu'elle a dépassé trois
jours, en un certificat d'un médecin qualifié à présenter dans les sept jours du
commencement de l'absence. Les sous-ministres sont autorisés à réduire, lorsque
la bonne administration de leur département leur paraît l'exiger, le nombre des jours
d'absence pour lequel un certificat de médecin est requis.

Peguis #3 Indian Day School

We have today received the income tax and employee questionnaire forms as completed by Miss Logan. These have been sent to our Chief Treasury Officer and arrangements will be made to have her cheques forwarded in the near future.

These forms were sent to Miss Logan attached to our letter of September 7th, 1948.

Can you please advise if Miss Logan is responsible for the delay or whether there has been some misplacement in our office here.

Memorandum:

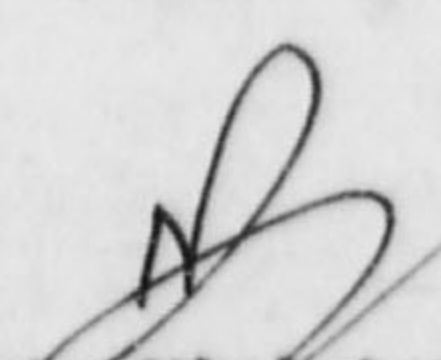

CHIEF TREASURY OFFICER

Re: Peguis No. 3 Indian Day School #532.

M.R. - I.A.E. - 532 - 3000

As advised you in our memorandum of September 13th, 1948, a senior teacher was appointed at this school but we have been awaiting the income tax forms necessary for the payment of her salary.

Effective September 1st, 1948, the Department has appointed Miss Hattie Logan as senior teacher at this school. She has been classified as a Grade I teacher at a salary of \$1,140.00 an academic year with credit for a teaching permit and two years of provincial teaching experience.

for Deputy Minister.

PEGUIS, #3 Indian Day School -

We have for acknowledgement Mr. Neary's letter 532-1 (E1) of the 9th instant with reference to Miss Logan's questionnaire.

Miss Logan submitted this questionnaire to our Office 3 weeks after assuming duties. It was sent to this Office in a plain un-addressed envelope by a young boy and placed on a desk with other accumulated mail and over-looked by the undersigned.

Miss Logan is in no distress as this Office has taken upon itself to advance such monies as she may require for personal expenses until her cheques arrive.

We contacted Miss Logan, explained what had taken place and she was perfectly satisfied to have her cheques come in due course of time. The blame for this questionnaire not going in sooner is taken by the undersigned.

TO DATE OF THIS LETTER

562720

Sir,

I have received an application from the Revd M. Sanderson, formerly incumbent of the Mission of Peguis in respect to the salary paid his son Mr M.R. Sanderson, teacher of the peguis Centre School, for the quarter ended September 30th, 1921.

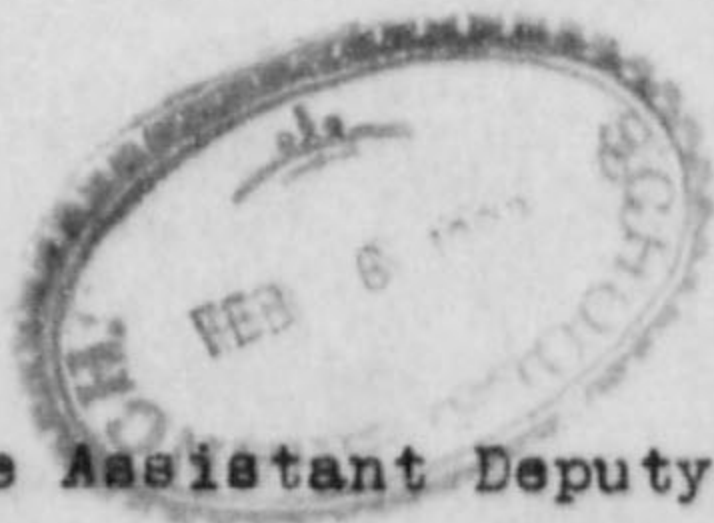

Mr Sanderson states that the cheque sent his son would seem to be for a third of the quarter only.

I beg to advise that Mr M.R. Sanderson is now attending the St John's College in Winnipeg and is paying his own expenses and had the firm belief that he would receive salary for the full quarter of September.

I respectfully beg to recommend that the application for the full quarter's salary be given favourable consideration as if Mr Sanderson does not receive this he will be seriously handi-capped.

I have the honour to be
your obedient servant

J.H. Carter

Octr. 26th, 1923.R.

Dear Mr. Ferrier:-

I am enclosing a copy of a letter which I have received from Miss Stapleton. I do not quite understand the basis of her complaint but I gather that she claims she will be short in her receipts for the quarter ending with September. Will you kindly drop me a line of explanation so that I can satisfy her.

If any injustice has been done to her it ought to be set right for she seems to be a most useful person on the Reserve. With kind regards, I am,

Very truly yours,

R. T. Ferrier

Russell T. Ferrier, Esq.,
Supt. Indian Education,
Ottawa, Canada.

File

Ottawa, Oct. 30, 1923.

Most Reverend Sir:

I have Your Grace's letter of the 26th instant, enclosing a letter from Miss Stapleton, Teacher of the Peguis Centre Indian Day School.

The Department has instituted a change in the method of paying day school teachers. In the past four equal quarterly payments were made - in the future we will pay at the end of each quarter, but on the basis of the teaching months. Heretofore Miss Stapleton has received, in addition to the bonus, four payments of \$162.50 during the year. Her salary for this year will be paid as follows: -

End of September quarter		\$ 65.
" " December		195.
" " March		195.
" " June		195.

in other words, on the basis of \$65 per teaching month.

I wish to assure Your Grace that I realize this may work a hardship, this fall, on the teachers who have to arrange their personal finances with care, and I have instructed that advances on the December and March quarter earnings be made whenever a teacher intimates a difficult situation because of lack of funds. A cheque for \$100 is being directed, under today's date, to be deposited to Miss Stapleton's account at the Canadian Bank of Commerce, Winnipeg. This advance will be deducted from her salary for the December and March quarters.

I am enclosing a copy of this letter, which can be directed to Miss Stapleton, under cover of Your Grace's. Her communication, also, is attached.

I am,

Your Grace's obedient servant,

Russell T. Ferrier

Russell T. Ferrier,
Supt. of Indian Education.

Most Rev. S. P. Matheson, D. D.,
Archbishop of Rupert's Land,
Bishop's Court,
Winnipeg, Man.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:

We beg to advise that we are in receipt of your letter enclosing cheque No 1818 for \$45. in favour of Miss. Winnifred Stapleton and have to advise that this should be forwarded to our Winnipeg Office for credit of her account there as Miss Stapleton is stationed at the Centre Peguis School, Halfway P.O., North Hodgson, Man. We have reforwarded the above mentioned cheque to our Winnipeg office.

Yours truly,

W. D. Mealy

Sir,-

I have to inform you that the Department has approved of the appointment of Miss Ida Fairservice to the position of teacher at the Peguis Central Indian Day School. Salary at the rate of \$85 per teaching month will be allowed. Please assist her in every possible way. She commences her duties in September.

Your obedient servant,

A. F. MacKenzie.

(Original on No. 136-5-1.)

Ottawa, December 4, 1928.

Sir:

I have your letter of the 26th ultimo, informing the Department that Miss Jennie Wright, whom you were informed by official letter of the 15th ultimo was appointed as teacher of the Peguis South School, desires, instead, to take up duties as teacher at the Peguis Centre School, where she feels that conditions would be more satisfactory.

The Department referred this request to His Grace the Archbishop of Rupert's Land, who concurs in Miss Wright taking charge of the work as teacher at the Centre School. In this connection I have to confirm the following night lettergram to you of today's date:

"Approval granted appointment Miss Wright teacher Peguis Centre School. Arrange with her to begin duties early date".

The salary allowed her will be at the same rate as was to be allowed if she taught at the South School, viz. \$90 per teaching month.

It is noted that the teacher's residence at the Centre School is ready and that there are enough furnishings on hand so that the teacher can take up residence. You have already been authorized regarding obtaining the furnishings for the residences at both the Centre and South Schools.

Please advise the Department of the date on which Miss Wright begins duties at the Centre School.

We are informed by His Grace that he expects within a few days to nominate a teacher for the Peguis South School.

H. Templeman, Esq.,
Indian Agent,
Hodgson,
Man.

Your obedient servant,
J. D. McLEAN
J. D. McLean,
Asst. Deputy & Secretary.

Ottawa, December 22nd, 1925.

Sir:

The Department has received a communication from His Grace the Archbishop of Rupert's Land stating that Miss Jennie Wright had arrived to take up duties at the Peguis Centre Indian Day School but that the residence was not ready for occupancy. His Grace recommends that, as it was through no fault of her own that she was unable to commence teaching on her arrival, salary be allowed her. The Department will allow Miss Wright salary from the date she arrived at the school, and I shall be pleased if you will inform her accordingly. When she prepares a return for the current quarter, it should be definitely stated thereon the date upon which she arrived to take up duties. It is hoped that the building at this point will be ready by the beginning of the new year.

Your obedient servant,

J. D. McLEAN

J. D. McLean,

Ottawa, July 18, 1929.

Sir:

I wish to refer to my letter of the 10th ultimo, concerning the South and Centre Indian Day Schools on the Peguis Reserve. The Department has decided to transfer Miss Jennie Wright to the Peguis South School, at a salary of \$100 per teaching month. Miss Ellen Lee will take over the duties at the Centre School, at her former salary of \$90. The Department is telegraphing to Miss Wright at her Winnipeg address and has asked her to inform Miss Lee if she knows her present whereabouts. I am writing to Miss Lee to her address on the reserve, and I should be grateful if you would see that she is informed, if you know her summer address.

Your obedient servant,

Sir:

I have to inform you that His Grace the Archbishop of Rupert's Land has advised the Department of the resignation of Miss Ellen Lee as teacher of the Peguis Centre Indian Day School. His Grace has nominated the services of Miss Jennie Wright, a former teacher, to succeed Miss Lee. The Department is approving of the appointment of Miss Wright, with salary at the rate of \$90 per teaching month, less 10 percent for the current fiscal year. His Grace is being requested to inform Miss Wright and to arrange with her to begin duties when the school reopens after the present summer holidays.

I have to request that you will give Miss Wright any assistance you can in her work and in encouraging a regular attendance of the Indian children.

Your obedient servant,

A. F. MacKenzie

532

Ottawa, July 27th, 1936.

Right Reverend Sir,-

With reference to your letter of the 14th instant, the Department approves the appointment of Miss A. L. Clark as teacher of the Peguis Centre Indian Day School. She will be allowed salary at the rate of \$90 a teaching month.

Enclosed is staff questionnaire, which I would appreciate your sending to Miss Clark and requesting her to complete it and return to the Department as soon as possible.

I also enclose circular letter with reference to the opening and closing dates of the Indian day schools during the coming academic year.

I have the honour to be,

Right Reverend Sir,

Yours truly,

T. R. L. MacInnes.
Acting Secretary.

Most Rev. M. T. McA. Harding, D.D.,
Archbishop of Rupert's Land,
Synod Office,
Trinity Hall,
Winnipeg, Man.

Miss Clark - succeeds Miss J. Wright.

Memorandum:

REPRESENTATIVE OF THE TREASURY

Re: Peguis Centre Indian Day School, No. 532.

In my memorandum of April 10 you were advised of the resignation of Miss Alice Clarke as teacher of the above-noted school.

To succeed Miss Clarke, the Department approved the appointment of Miss Bessie Robinson, effective May 6, 1946, at a salary of \$90.00 a teaching month, plus bonus.

Miss Robinson has now submitted her resignation, effective June 1, 1946, and she should be paid salary from May 6 to June 1, but no further payment should be made to her after the latter date. Copy of letter of appointment is attached and staff questionnaire will reach you shortly.

For Deputy Minister.

IN YOUR REPLY REFER TO

No.

ALSO

TO DATE OF THIS LETTER

July 8th

25136

Sir,

In reply to your letter No. 499840 of the 12th ultimo requesting an estimate of the cost for building a school in the Peguis Reserve I respectfully beg to state that I would think this would be about ~~\$1000.00~~ \$1,000.00. if intended to be like the other two school buildings in the Peguis Reserve.

I should think that this could be built with Indian day labour.

In reference to the obtaining a title to the site of the proposed school I would say that the sanction of the Indian holding the lot will be granted, but I cannot say anything further: no doubt the manner with which the two lots for schools previously erected in the Peguis reserve will be a guide, but I have no copy of the transaction of these sites in the Agency office.

I have the honour to be
your obedient servant

J. H. Carter
Indian Agent,

Fisher River Agency.

Assistant Deputy and Secretary,
Department of Indian Affairs,
Ottawa, Canada.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, October 7, 1919.

Memorandum:

Mr. Scott.

New Peguis Day School.

A site has been secured for the erection of a third day school on the Peguis Indian Reserve, Man.

The two schools now on the reserve were built of logs employing Indian labour. The Indian Agent recommends that the new one be built in a similar manner and of the same size as the present ones; also a small residence for the teacher. He estimates the cost at \$1000.00.

I would recommend that Agent Carter be instructed to have the necessary logs taken out, purchase the material required and build the new school employing Indian labour.

*Approved
J. S. C.*

Sir,-

With reference to the erection of a new day school and a small teacher's residence on the Peguis Indian Reserve, Man., I have to request that you furnish the Department with a detailed estimate of the cost of labour and material for a log school similar to the ones already on the reserve; also an estimate of the cost of a teacher's residence. This information is desired as soon as possible.

Your obedient servant,

J. D. MCLEAN

Asst. Deputy & Secretary.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF THE
DEPUTY SUPERINTENDENT GENERAL
OTTAWA

April 19, 1920.

MEMORANDUM:

Honourable Mr. Meighen.

The Department is in receipt of an account for \$521.89 from the Hodgson Trading Company for material supplied for the construction of the new Peguis Indian day school, known as the Central School.

The total cost involved in the erection of this school is approximately \$1500.00. As this new school was urgently needed the work was proceeded with. It was through an oversight that the matter was not previously referred to you.

I would recommend that the account above referred to be paid.

Duncan
Deputy Superintendent General.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, Ont., April 17, 1920.

Memorandum:

Mr. Scott.

With reference to the account amounting to \$521.89 to pay for materials supplied for the construction of the Peguis Central School, would it not be necessary to obtain the approval of the Minister before passing this account in view of the fact that the price to be paid exceeds \$500.00? Please refer to Mr. Orr's memorandum of October 7th, which contains your approval of the expenditure.

Your obedient servant,

Indian Affairs. (RG 10, Volume 6243, file 532-5, part 1)

MEMORANDUM:

Honourable Mr. Meighen.

The Department is in receipt of an account for \$521.89 from the Hodgson Trading Company for material supplied for the construction of the new Peguis Indian day school, known as the Central School.

R. Meighen
The total cost involved in the erection of this school is approximately \$1600.00. As this new school was urgently needed the work was proceeded with. It was through an oversight that the matter was not previously referred to you.

I would recommend that the account above referred to be paid.

[Signature]
Deputy Superintendent General.

dict
Sir,

536372

I respectfully beg to direct your attention to vouchers Nos. II71-II72 submitted for materials for the erection of the Peguis Centre School and teacher's quarters.

These two vouchers exceeds the estimate as sent you for the whole work and is an error on my part, due to the continual advance in materials and labour. My figure of \$1800.00 submitted upon the yearly estimate last fall would have been closer to the correct cost.

I have stopped the work on the Peguis Centre school pending your further instructions as the Indians will not work for less than .50¢ per hour as those who have any knowledge of carpenter work have been receiving that sum during the past winter at Hodgson.

Lumber could not now be bought for the price shewn upon the above vouchers and dealers refuse to quote, stating that they are not safe in giving any figures on anything they have not in stock.

With muskrats selling at \$5.00 and \$6.00 each, the Indians treat with contempt any offer of work at .30¢ per hour. It would perhaps be as well to obtain offers from the Indians to complete the work required to erect the school and teacher's quarters for a stated sum.

I have the honour to be
your obedient servant

J. H. Carter

539026

Sir,—

In compliance with the request contained in your letter No. 499840 of the 10th ultimo I respectfully beg to submit tenders for the necessary labour to complete the new Peguis Centre School, as follows,—

William Sinclair,	\$240.00
Frederick Thomas,	275.00
Albert Cochrane,	350.00
Wm McCorrister, (verbal)	350.00

The applicants for the work were made to understand that the prices submitted would have to provide labour for all work, log, carpenter work, plastering and whitewashing, and cleaning.

Also the erection of two closets and a porch.

While the other tenders are lower I believe Albert Cochrane and William McCorrister to be able to do the best work, and if the Department decides to accept either offer I would suggest that the work be given Albert Cochrane and William McCorrister, jointly.

I have the honour to be
your obedient servant

J.H. Carter

Contract for the Peguis Centre School and
Teacher's Residence.

Articles of agreement made and entered into on this 25th day of June, A.D. 1920, between the Department of Indian Affairs, Ottawa, and William Sinclair, Indian, of the Peguis Band of Indians, in the Province of Manitoba, it is agreed in manner and form following, viz:

The said William Sinclair covenants and agrees with the Department of Indian Affairs to make, erect, build and finish in a good and substantial and workmanlike manner, on Lot 39: Sec. 32: Twp²⁶ Range 1 West of the Principal Meridian; upon the east side of the Fisher River on the Peguis Indian Reserve in the Province of Manitoba, a school house, to be known as the Peguis Centre School, and a residence for the teacher thereof, agreeably to the specifications hereunto annexed, by the first day of September, next, upon which date the buildings above mentioned shall be complete and cleaned in readiness for occupation and use. And the Said Department of Indian Affairs covenants and agrees to supply the said William Sinclair with all materials for the erection and completion of the said Peguis Centre School and Teacher's Residence and to pay him for the work of erecting the said buildings the sum of Two Hundred and Forty Dollars, in lawful money of Canada, as follows:-

Advances shall be made to the said William Sinclair from time to time as the work progresses in such sums as is consistent with the value of the work performed; the Department of Indian Affairs to be the sole judge of the value of the work and the prices to be paid therefore. The balance remaining after the last advance, to complete the sum of \$240.00, shall be paid to the said William Sinclair as soon after the 1st day of September, next, as the Department of Indian Affairs is satisfied the whole work specified is completed in a satisfactory manner.

In witness whereof the said parties to these Presents have hereunto set their hands and seals the day and year first written above.

(Sgd) T.H. Carter
For the Department of Indian
Affairs.

Ottawa, July 31, 1920.

Sir,-

With reference to the requisition forwarded by you for supplies for the Peguis Centre School under cover of your letter of the 20th instant I beg to say in regard to the desks required that you may purchase from Christie's Bookstore, Brandon, Man., six double desks with divided seats No. 11 and six No. 10, two fronts for the No. 11 and two rears for the No. 10, also a teacher's desk No. 10 and a chair No. 10. These are the numbers as given in Catalogue No. 29 of this firm issued in March, last, and the prices quoted are \$9.70 for the No. 11 desks, \$9.85 for the No. 10, fronts \$8.90 and the rears \$8.90 each. The price quoted for the teacher's desk is \$17.00 and for the chair \$5.50. In placing the order you should give full shipping directions. I enclose two blank order forms.

The firm should forward their account, in duplicate, to you, which, upon receipt of the goods in good order, you will be good enough to certify and forward to the Department, when payment will be made. The Department is unable to make this order direct, as you have not given shipping directions.

In reference to the box stove and stove pipes required I have to request that you will obtain prices from a number of dealers and purchase a suitable stove and the necessary pipes for the school from the firm quoting you the lowest price. You should forward properly certified vouchers, in duplicate, covering the expenditure incurred for this purpose, with the quotations received by you from the various dealers whom you asked for a price.

You should give these matters your early attention, in order to have these supplies at the school when it is ready to open.

You should also take steps to secure a properly qualified teacher and, if such is secured, the Department will be prepared to pay a salary at the rate of \$600.00 per annum, together with the bonus at the rate of \$150.00 during the period it is continued to teachers in Indian day schools. The name, age, qualifications and experience of any applicants secured should be forwarded for the consideration of the Department. You should give the matter of securing a teacher your early attention.

Your obedient servant,

J. D. McLEAN

Asst. Deputy and Secretary.

Dear Sirs:-

We herewith enclose you invoices in duplicate
and receipted Freight Bill for School Desks which
were shipped to -

T. H. Carter,
Fisher River Agency,
The Halfway, Man.

The Desks which were originally ordered by Mr.
Carter were Double Desks but at the present time it is
impossible to procure any stock of these from any of
the Factories as they have nearly all discontinued
making these Desks in favor of the Single Desk. The
Desks that we shipped were the nearest to those which
were asked for and were approved of by Mr. Carter before
shipment.

Ottawa, October 13, 1920.

Sir,-

The Department has received an account from the Christie School Supply Co., Brandon, for the desks supplied for the Peguis Centre School.

In connection with these desks I beg to refer you to official letter of July 31st, last, in which you were authorized to purchase twelve double desks, two fronts and two rear seats, and also a teacher's desk and chair, and the prices stated were the quotations furnished in price list as given in Christie's catalogue of March, last. It would appear that twenty single adjustable desks with fronts and rears for the same were obtained, instead of the type of desks you were authorized to order and the price charged therefor is very much in excess of that asked for the double desks.

Before this account can be paid it will be necessary for you to furnish full explanations as to why you did not carry out the Department's instructions. An early reply is desired.

Your obedient servant,

J. D. McLEAN

ALSO
TO DATE OF THIS LETTER

Sir,—

In reply to your letter No. 136-6-5 of the 13th instant relative to desks ordered from the Christie School Supply Co. of Brandon, for ~~desks~~ the peguis Centre School, I respectfully beg to state that in the first place I ordered the desks as you directed, but received a letter from the Christie School Supply Co, stating that their factory has given up making double desks of any kind, that all the Departments of Education have issued instructions that only single desks must be obtained.

The Christie School Supply Co. further stated that they might be able to order from another factory in Ontario with delivery in perhaps two or three months; and that they had placed a number of orders for double desks but so far had not received one invoice.

As I considered there would be insufficient time to procure the ^{double} desks for the beginning of the December quarter I wrote the Christie School Supply Co, on the 19th of August to be good enough to supply desks to seat 24 children from their own stock.

I have the honour to be
your obedient servant

Ottawa, November 26, 1920.

Gentlemen,-

The Department is in receipt of an account for desks shipped to T. H. Carter, Indian Agent, Hodgson Station, Man., for the Peguis Centre School. This account covers the cost of ten Brandon Adjustable Desks No. 41 and ten No. 42 and two fronts and two rears for each size, as well as a teacher's desk and chair.

With reference to the prices charged for the desks, namely,- \$15.35 each for the No. 41 and \$15.25 each for the No. 42, I beg to say that in the last catalogue which the Department received from you, which is No. 29 of March, last, the price quoted for the Brandon Adjustable Desks complete is \$8.75 each for the No. 41 and \$8.65 each for the No. 42, while the rears and fronts for both sizes are quoted at \$7.90 each.

The Central Purchasing Commission is withholding payment of your account until further explanations are received as to the prices charged for the above desks, which prices are a large advance on those quoted in your March price list.

I shall be pleased if you will furnish me with a copy of your latest catalogue and price list of school desks, and I shall be pleased to receive further particulars regarding the prices charged in your account, when it will be again placed before the Purchasing Commission for approval for payment.

Your obedient servant,

J. D. McLEAN

Dear Sir:

Reference #136/6/5

We are in receipt of your letter of
Nov. 26th regarding prices charged for Brandon Adjustable
Desks #41 and #42.

The prices are those which were in effect in
August at the time the order was placed, and not as shown in
catalogue #29. This catalogue was published in the spring of
1919, and since then prices have considerably advanced.

We are enclosing you the first section of our new
catalogue which gives the correct prices at present, and also
copy of revised price list #33 which was in effect in August.

Awaiting your further commands, we remain

Yours truly,

Grant
Sir—

I respectfully beg to submit voucher No. 1293 for the sum of \$27.55 in favour of the Hodgson Trading Co. Hodgson, Man, for supplies for schools of the Fisher River Agency.

In reference to the stove pipes for the Peguis Centre School I beg to state that the T. Eaton Co, who contracted for stoves and pipes, mistook my order for two coils of pipes (of 25 each) for two pipes only.

The teacher being in readiness to commence duties there was no time to ^{correct order in Winnipeg} ~~obtain prices~~ and I ordered locally.

OTTAWA, May 4th, 1922.

Sir, -

The teacher of the Peguis Centre Indian Day School, in her annual report for the year ending March 31st, last, states that a woodshed is urgently needed, with accommodation for storing storm windows. She states that in the winter the boys have to cut the wood outside, as there is no place to store the same.

She also states that screened approaches to the closets are badly needed, also that a number of desks are broken, and that the log building needs mudding.

I have to request that on the occasion of your next visit to this Reserve, you will make an investigation as to the requirements at this school, and furnish a report as to the repairs required, and the cost of having the work done.

June 14th 1922.

My Lord Archbishop, -
May I ask if you could
help us to obtain from the
Indian Department a barn
for our cow & calf. - It means
milking outside in all weathers
at present. - I do not think it
would mean much expense
for there are plenty of logs
lying idle at the Indian
agency here (cut for families that
did not come up from Selkirk.)
We are also urgently needing
a well. - This spring the
whole river up & down for
a mile on other side of us

is now fenced off from us. -
And we are the only ones
living this side of the road
within that distance. - And
it means our cow will be
found a mile North or South
of us in her search for water
night & morning. - ~~when~~ ^{when we have to look for her.} we
want to milk her. - And for
ourselves it is a great labour
for ^{two women} to have to carry up sometimes
as many as fifteen pails of
water from the river on
the other side of the road.
to water the garden ^{or on} washing
day. - And when we do get
it - it is very muddy ^{& unpleasant} - as
it is a clay bank trodden down
by the cattle, - nearest to us.
Besides one does not like
trespassing on the kindness
of a neighbour, - for ourselves

+ the school children to be always going thro' his fence to fetch water. - Besides it is scarcely safe for the smaller children to be playing down there, - midday, & recess times out of my sight, - on the pretext of getting a drink of water. -

We have gone to much expense already, over the place here. - For we were obliged to build a lean-to of rough lumber covered with black paper at the expense of 50 dollars. - for a summer kitchen. - as the tiny shack of 14 x 18 feet got too hot to have the kitchen stove in, in summer, - & we were so cramped for room, - we had to have meals in the

bedroom. - ⁴ So had to build. -
I don't think we can afford to
do any further to it. - but lined
& ships - lapped, - it could be
made a pleasing permanent
addition to this tiny residence
for winter use too. -

Also we were told by the
temporary agent that it was
up to the teacher to provide
for the inside fencing, - when
the school fence was put up.

So I had to pay 4 dollars more
for a load of fence poles, - to
have my garden fenced off
from the play ground. - And
as the Indian employed by
the agent said he had finished
all he was told to do, - When
he had put a heavy 4 poles for
a gate. - I had to pay him to
put a small gate from the

Indian Affairs. (RG 10, Volume 6243, file 532-5, part 1)

(5)
road into the playground, - as
I could ~~not~~ myself scarcely lift
out the heavy logs every time
I wanted to go in + out. - so
I was sure the little children
could not do it, - but would
climb the fence every time.
So naturally the small gate
I paid for is used by the
school children all the time.
And as a pole fence is
useless to keep dogs + chickens
off a garden, on which we
have spent much time + labour
^{in order to have vegetables next winter.}
I had to go to a further
expense of ten dollars for two
rolls of wire to protect the
garden. - The children's gardens
are unprotected in this respect.
+ have to take their chance.
But I see that the south

School on this Reserve has both
a barn & a lean-to to the
Teacher's residence there. -

There is no cellar, either, - so
we two women are doing our
best to dig one, - but it is hard
work. - digging & carrying
out a pailful of earth at a
time, - But we will have to have
one to store our winter supply
of potatoes etc. - & to keep our
milk & butter in the hole we have
dug so far towards it, right
now, this hot weather. -

Trusting the I. D. may see
their way to helping us. -

Believe me

Yours sincerely,

(Deaconess) W. H. Stapleton

June 19th, 1922.R.

568487

My dear Mr. Scott:

Mr. Lushland
Can we not have this letter signed?

I enclose a letter which I received from Miss Stapleton which speaks for itself. I really think that her request should be granted, especially in the matter of a well and a small stable for her cow. When I visited the Reserve the other day I found that these teachers are doing exceedingly good work, and that the attendance, especially at the North and Central schools, is better than it has ever been in the past. The children, also, appear to be greatly interested in their work.

Now that we have good teachers in these schools it is most important that we should do all in our power to retain them, and they cannot be retained unless they have comfortable quarters. As a result of my experience as Chairman of the Provincial Board of Education I find that it is essential, in the foreign districts, to furnish quarters which are satisfactory. Hoping that your Department will take up the request favorably, and with kindest regards, I am,

Most sincerely yours,

Duncan C. Scott, Esq.
Duncan C. Scott, Esq.,
Deputy Superintendent General,
Department of Indian Affairs,
Ottawa, Canada.

Indian Affairs. (RG 10, Volume 6243, file 532-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Pool Copy

Ottawa, June 26, 1922.

Most Reverend Sir:-

I am directed to acknowledge receipt of Your Grace's letter of the 19th instant, enclosing a communication from Miss Stapleton, Teacher of the Centre School on the Peguis Reserve, in which she requests that a small stable be erected and a well drilled.

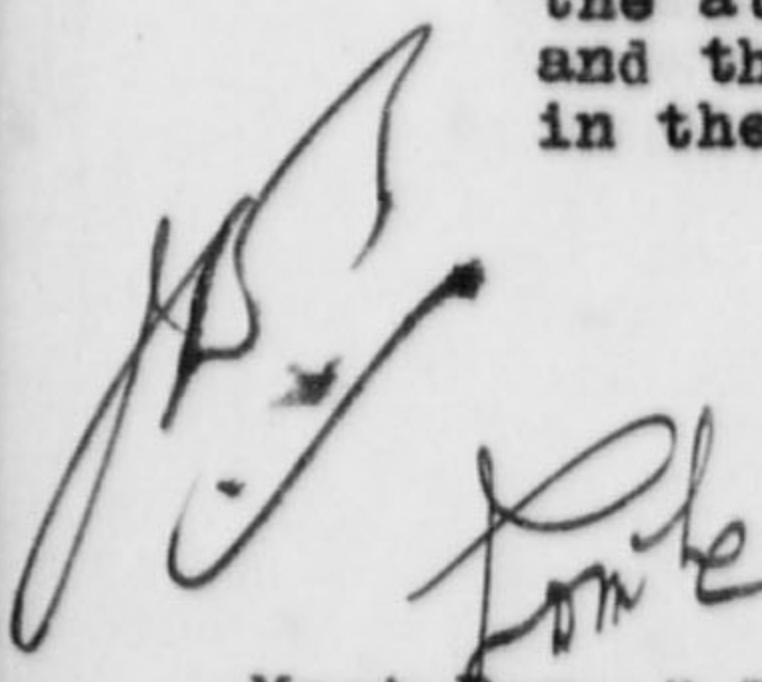

In reply I beg to state that we are requesting Mr. Agent McCuish, who has been recently appointed to take charge of the Fisher River Agency, to furnish an estimate of the cost of building a stable and drilling a well and any other work which the teacher desires to have carried out in order to make conditions at this school as comfortable as possible for her.

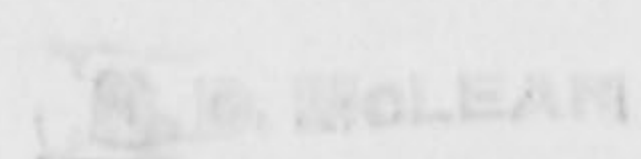

The Department is aware of the need of wells at all the schools on the Peguis Reserve, but, owing to the cost involved, we have been unable to provide the amount necessary to have the work done. We will, however, do our utmost to have a well drilled at the Centre School.

The Department is pleased to note that the teachers on the Peguis Reserve are doing good work, that the attendance is better than it has ever been in the past and that the children are beginning to take more interest in their work.

I have the honour to be,

Your Grace's obedient servant,

Most Rev. S.P. Matheson, D.D.,
Archbishop of Rupert's Land,
Bishop's Court,
Winnipeg, Man.

J. D. McLean,
Asst. Deputy and Secretary.

Indian Affairs. (RG 10, Volume 6243, file 532-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Pool Copy

Ottawa, June 26, 1922.

Sir:-

His Grace the Archbishop of Rupert's Land has forwarded a communication to the Department from Miss Stapleton, Teacher of the Centre School on the Peguis Reserve, in which she requests that a log stable be erected. She states that it is necessary for her to keep a cow to provide milk, and that a stable or barn is needed. She further states that she does not consider the putting up of a suitable stable would entail much expense, as there are plenty of logs lying idle at the agency, which could be used for the purpose.

I have to request that you will state the cost of having a small log stable erected and if there are any suitable logs on hand which could be utilized. The Department is anxious to provide this building, in order that the teacher can keep a cow during the coming winter. It is considered that a barn or stable, suitable for the purpose, could be erected at very little expense, having in view the utilizing of the logs which the teacher states are available.

Miss Stapleton also states that a well is urgently required, as the facilities for obtaining water from the river are most unsatisfactory. The question of providing wells for each of the schools on the Peguis Reserve was under consideration by the late Agent, Mr. Carter, but, owing to the expense involved in drilling them, no action was taken in the matter. I have to request that you will furnish your views as to the best means of having a well drilled at the Centre School, and state approximately what you consider the cost would be. Please state if a well drilling outfit is available and if tenders could be obtained from a number of persons having this equipment for the drilling of a well. You should give as full information as possible regarding the best method to be used in having a well drilled.

The teacher further states that she has gone to much expense in having a lean-to put up for a summer kitchen. This was built of rough lumber, covered with black building paper, and she states it should be ship-lapped, which would make it a permanent addition to the residence. Please state what it would cost to complete this lean-to; and, if Miss Stapleton can furnish itemized accounts in duplicate, covering the amount she herself has expended, the Department will consider reimbursing her for the expenditure she has already incurred. If she can furnish these accounts, you should certify and forward them to the Department, when consideration will be given to the payment.

M. McCuish, Esq..
Acting Indian Agent,
The Halfway P.O.,
Man.

- It is further -

It is further stated by the teacher that the fencing which has been done is not satisfactory, and that she had to spend an additional amount of \$10.00 for 2 rolls of wire to protect the garden. I will be pleased if you will inquire into this matter and submit a report as to what should be done so as to furnish protection for the garden at this school. Any other repairs required by the teacher, so as to make the conditions at this school comfortable should be stated, and the approximate cost of the work should be given.

I have to request that you will visit this school at an early date, inquire into all the above matters and furnish the Department with a full report, stating your views as to the best means of having any work which you would recommend carried out, and the approximate cost of the same. We will expect an early report from you regarding these matters.

His Grace the Archbishop of Rupert's Land is being informed that you have been requested to report on the above matters mentioned by the teacher in her letter to him.

Your obedient servant,

(Signature)
J. D. McLean,
Asst. Deputy and Secretary.

INDIAN AGENT'S Office
FISHER RIVER AGENCY

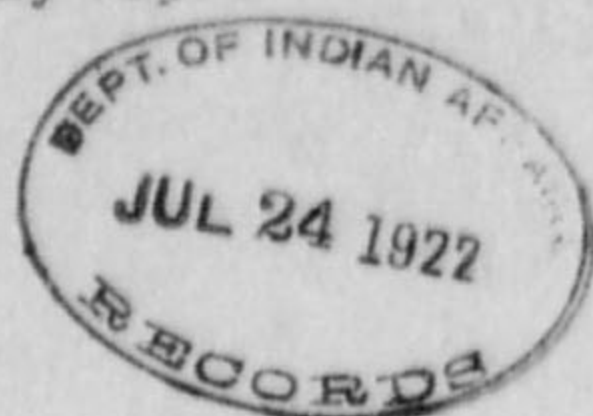

THE Halfway P.O. Man.

17 th July 1922

Duncan C. Scott
Deputy Superintendent General

Department of Indian Affairs

569762

Sir,

In reply to your letter# 136_6_5 Of June 26 th
I wish to report that I visited Miss Stapleton at Centre
School Peguis Reserve & inquired into the various different
matters mentioned in your letter.

Ree the Stabel twelve foot wide sixteen foot long seven
feet high using an eight foot rafter. by using the
logs & shingles, which we have on hand at the Agency
leaving the sheathing for roof & nails to be bought in
town the Stabel completed would cost approximately eighty
five dollars work included.

Ree well for School Centre School Peguis "I quite agree with
Miss Stapleton that a well required, at this School, there is
only one well drilling out fit in this district, owned by
one Mr. Beard at Fisher Branch his price is four dollars per
foot he finds everything the only bases I can take for
an estimate of the cost would be from the well here at the
Fisher river Agency is one hundred & fifty seven feet deep
at four dollars . per foot would be six hundred & twenty eight
dollars.

Ree lean to for Summer Kitchen to complete this building
I would recommend shingling the walls using the shingles
from this Agency which it would take about two & a quarter
thousand with an additional ten dollars for beaver board w
would make a very comfortable building Miss Stapleton will
furnish itemised accounts in duplicate covering the amount
she herself has expended.

Ree lean fencing I inspected the fence mentioned & find the
ten dollars for the two rolls of chicken wire was required
to protect her garden from dogs & cattle belonging to the
band on this reserve.

The plaster of the School building needs repairing in a few
places which could be done at the same time as the School
stable is being done.

OTTAWA, July 25th, 1922.

Sir: -

I have to acknowledge the receipt of your letter of the 17th instant, furnishing an estimate of the cost of building a stable at the Peguis Centre School.

It is noted that by using the logs and shingles which are on hand at the Agency, and purchasing the sheeting for the roof and the nails required, this stable could be completed at a cost of approximately \$85.00. I have, therefore, to request that you will make the necessary arrangements to have this stable erected. It should be of the dimensions mentioned by you, viz: 16' long, 12' wide and 7' high, with an 8' rafter. You can use sufficient logs and shingles from the supply on hand, and you may purchase the sheeting for the roof and the nails required. It will be necessary to obtain competitive prices from a number of dealers, and the material required over and above that on hand should be purchased from the dealer quoting the lowest price.

Regarding the drilling of a well, I beg to say that, owing to the cost involved, we are unable to authorize this work at the present time. Our funds for Indian education are limited, and have been assigned, and we will have no money available for the drilling of a well. The teacher will have to arrange to obtain the water required from the river.

Regarding the building of a summer kitchen to the teacher's residence, I beg to say that you may arrange to have this work carried out. You may use the shingles required, which are on hand at the Agency, and you may purchase any other material required, in order to complete this summer kitchen and make a satisfactory job of the work. It will be necessary to obtain competitive prices in making all purchases of the material.

You should arrange for competent labour in the erection of both the stable and the summer kitchen.

The plaster in the school building should be repaired when the other work is being done.

When all this work has been completed, you should furnish properly certified vouchers, in duplicate, covering the expenditure incurred in the purchase of the material required, as well as labour returns, in duplicate, for the labour employed. You should also attach a memorandum showing the names of the firms asked to quote a price and the prices quoted.

It is noted that the teacher will furnish accounts,

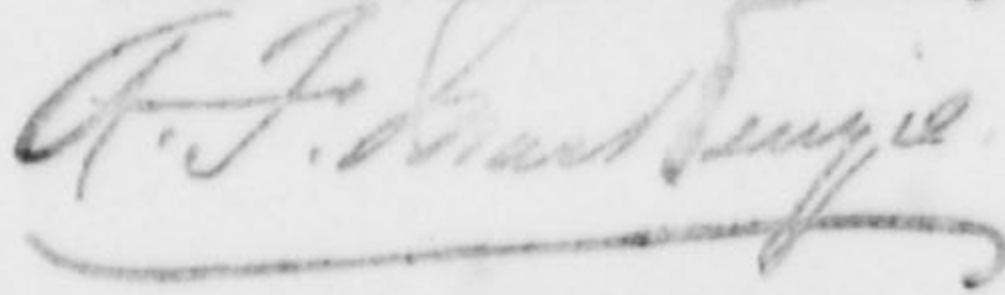

M. McCuish, Esq.,
Acting Indian Agent,
The Halfway P.O.,
Man.

- in -

- 2 -

in duplicate, for the amount she has expended in repairs and for fencing at this school. You should certify these accounts and have them forwarded to the Department.

Your obedient servant,

A. F. MacKenzie,
for Asst. Deputy & Secretary.

Dear Sir,-

I beg to acknowledge receipt of your letter No. 136-5-5 date Nov. 29th. 1922. inclosing voucher # 65 for \$ 62.04 in favor of The T. Eaton Co. Winnipeg.

In reference to the second paragraph asking for an explanation why I did not obtain cometitive prices before making purchase.

In regards the well crubing I do not know of any other firm handling the article required.

In regards the pump The Hodgson Trading Co. of Hodgson Man. gave me a price of \$ 18.00 but the pump was not suitable for a school well the price also was to high. I purchase for the school at my late home a pump the same as the pump in question and it gave good satisfaction.

I beg to enclose voucher # 65, along with receipt in duplicate for freight paid by The T. Eaton Co.

EXTRACT FROM REMARKS OF MR. G. W. BARTLETT, PROVINCIAL
SCHOOL INSPECTOR, ON HIS REPORT OF INSPECTION OF THE
PEGUIS CENTRE INDIAN DAY SCHOOL.

Original on File 136-6-6.

"Floor unsupported. Very shaky. This is a comparatively new building and should be in good condition. Interior should be finished in light color on account of the light requirements.

I would once more urge the value of "family" drinking cups, and two towels for each family of pupils, as tending to prevent the spread of skin, mouth, and eye diseases, and inculcating hygienic ideas".

Mr. Commissioner Graham in a letter dated January 4/23 commenting on the Inspector's remarks, states:

"The Inspector draws attention to the fact that the floor is unsupported and shaky, and points out that the building is comparatively new. He suggests that the interior painting should be of a lighter color. I think the flooring and the painting should be done next Spring, nothing can be done at the present time.

The Inspector refers to family drinking cups and two towels for each family. This was referred to in the reports on the other schools in this Agency and should be carried out".

*Relate to school
re football to be
sent back*

OTTAWA, January 16, 1923.

Sir: -

I have to acknowledge the receipt of your letter of the 9th instant, enclosing a requisition from the teacher of the Peguis Centre Indian Day School, and requesting that certain repairs be made to the floor in the schoolroom.

In reply I beg to say that the school material will be ordered from the Government Stationery Office to be sent to the teacher's address. A football will be ordered and forwarded from here.

You may purchase an inexpensive ladder of sufficient length to reach the roof of the school building. No undue expenditure should be incurred, and properly certified vouchers should be forwarded covering the cost of the ladder.

Regarding the floor, I beg to say that Mr. Bartlett, Provincial School Inspector, in a report on his inspection of this school, states regarding the conditions of the school building, as follows:

"Floor unsupported. Very shaky. This is a comparatively new building and should be in good condition. Interior should be finished in light color on account of the light requirements".

Mr. Commissioner Graham, in forwarding this report, states that the floor should be repaired and placed in good condition and the painting done next spring. We note that you do not recommend laying a new floor on top of the present one, but that supports are required. As soon as weather conditions permit, you should arrange to have posts with proper supports placed under the floor, in order to prevent it springing. We note that you estimate this work at \$10. This matter will be left in your hands to have the necessary repairs made in the spring, and the work should be done as cheaply as possible.

You should also furnish a report as to the cost of having the interior painted a lighter color and if it is decided to have this work done it can be carried out at the time the repairs to the floor are being made.

Your obedient servant,

J. D. McLEAN

IN YOUR REPLY REFER TO

No.

ALSO

TO DATE OF THIS LETTER

Sir,—

I beg to acknowledge receipt of your letters I36-5-5 of the 15th inst, letter I36-6-5 Of the 16th inst, and letter I36-4-5 of the 17th inst.

In reference to improvements to the North, Centre, and South Indian Day Schools on the Peguis Reserve, and in reply would recommend that Mr Inspector Bartlett's recommendations as to ~~to improve~~ improvements at each school be adopted as I am unable to offer any suggestions for any further improvements.

Referring to the floor of the North School acting on instructions contained in letter I36-4-5 date Dec 14th 1922 I had a new floor laid in this school, for which the voucher was issued on Jan the 4th.

For making the alterations to the windows in the North School I would estimate the cost at twenty dollars and for washing and whitewashing the ceiling at seven dollars. with reference to the South School for laying new floor, washing and whitewashing the ceiling and rearranging the windows at forty dollars. the Centre School estimated cost of supporting the floor, washing and whitewashing the ceiling at fifteen dollars. the windows in this school are also on the North and the South which has the same evil effect as in the other schools, and I would recommend that the North windows be closed up, and an additional window be put in the South side. For the ceilings in all the three schools I would recommend whitewash in preference to paint for the work can be performed better by an amateur than painting, also it would be cheaper to give it a fresh coat each year, at the same time the interior is being whitewashed. Any new material required for any of the above work with the exception of lime and nails can be furnished from stock in store at the Agency.

As the South School is the most urgent I beg to suggest that this work be done during the Easter Holidays.

^{south} Referring to the last paragraph of letter I36-5-5 of the 15th inst referring to towels and drinking cups for use in the Indian Day Schools this suggestion is well taken, and with the co-operation of the teachers this should prove very beneficial, and I have more than once remarked to the teachers that the single towel and drinking cup was an up to date disease radio. I have asked all our local stores for tenders on 8½ dozen cups and 8½ dozen pairs of towels. All of which is respectfully submitted.

The Secretary,
Department of Indian Affairs,
Ottawa.

I have the honour to be,
Your obedient servant,

M. McCuish

Ottawa, February 7, 1923.

Sir:

I have to acknowledge receipt of your letter of the 29th ultimo, regarding the improvements required to the schools on the Peguis Reserve.

With reference to the Centre School, it is noted that you estimate the cost of supporting the floor, washing and whitewashing the ceiling would be approximately \$15.00. You may take the necessary action, during the coming Easter holidays, or as soon as weather conditions permit, to have the floor put in a good state of repair by placing proper supports underneath. It is considered that the ceiling and the interior of this building should be whitewashed. The windows on the north side may be closed up and an additional window put in on the south side of the building.

All the above work should be completed as cheaply as possible. We note that you can supply all the materials needed, with the exception of the lime and nails. These, you may purchase and have delivered, also, if necessary, a window frame and glass for the window on the south side.

When the work has been completed, please forward properly certified vouchers, in duplicate, for the expenses incurred at this school, separately from any work performed at the other schools. Also, in your correspondence in future each school should be dealt with in a separate communication.

We note that you are calling for tenders for the supplying of drinking cups and towels, as recommended by the Public School Inspector. When these have been purchased, please arrange to have them delivered to each of the schools on the reserve.

Your obedient servant,

J. D. McLEAN

EXD.

Ottawa, May 4th, 1923.

Sir:

I have to acknowledge the receipt of your letter of the 20th ultimo, enclosing a requisition from Miss Stapleton, teacher of the Peguis Centre Indian Day School.

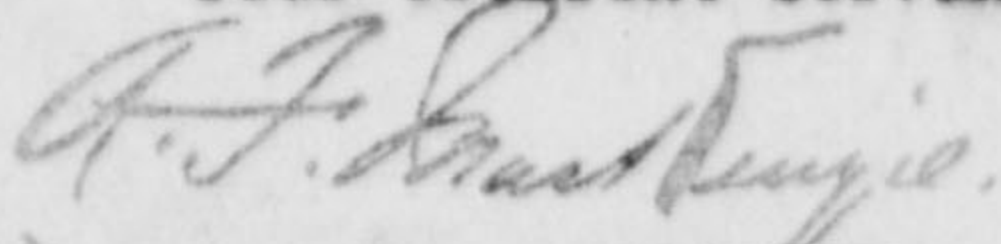

In reply I beg to say that you may purchase a small quantity of garden seeds. Only the seeds absolutely required should be supplied. You may also purchase and have delivered 2 hoes, 2 rakes, 2 rolls chicken wire, 2 screen doors and 6 screen windows. Properly certified vouchers, in duplicate, should be forwarded covering the expenditure in the purchase of these supplies.

You may arrange to have the school garden ploughed, and this work should be carried out at the lowest possible cost.

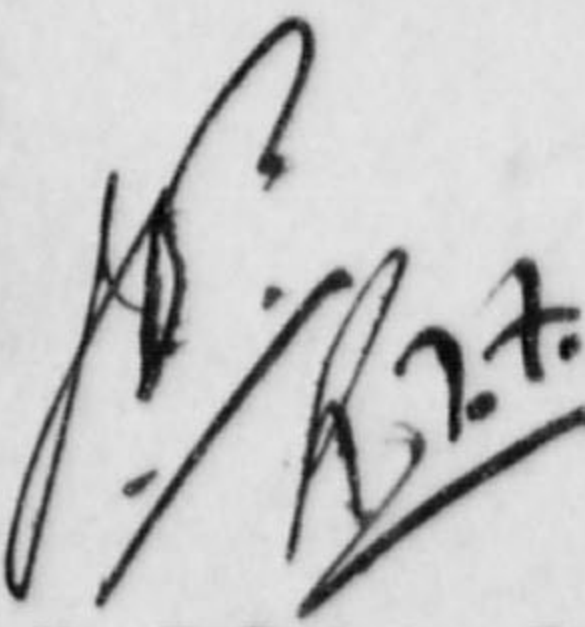

The teacher requests that the inside of the residence be kalsomined and the outside painted, also that the school doors and windows be painted. I have to request that you will furnish an estimate of the cost of having this work done.

The teacher also requests that an outside closet be built for her use. I have to request that you will give your views regarding this request, and if you recommend that it be built, you should state approximately the cost. I may say that unless the painting mentioned above and the closet are absolutely required, we would not be prepared to authorize the carrying out of the work, as funds at our disposal for repairs, etc., are limited.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

No.

ALSO

TO DATE OF THIS LETTER

Sir,—

I beg to acknowledge receipt of your letter #136-6-5 of the 4th inst, with reference to the requisition from the Peguis Centre School of the 20th ultimo.

The screen doors and screen windows, two hoes, two rakes and two rolls of chicken wire will be purchased and delivered to the school.

The school garden has been ploughed.

The teacher informs me, she would rather calcalmine inside the house herself, than be bothered with a man. The approximate cost, therefore would be 5 or 6 dollars for calcalmine and brush.

The cost of digging the vault and erecting an outside closet, by supplying the material from the Agency would be for labour and nails, approximately \$7.00. I would recommend that this be allowed.

I do not feel justified in recommending the outside of the residence be painted, for the reason, that the residences of the other two teachers on the Reserve, are not painted. There has been more money expended on improvements at the Centre School, than the other two schools combined during the past 10 months and the repairs to the Fisher River Day School are going to be a heavy drain, on the funds for Indian education, this year.

I have the honour to be,
your obedient servant,

The Asst. Deputy & Secretary,
Department of Indian Affairs,
Ottawa.

Ottawa, May 23rd, 1923.

Sir:

I have to acknowledge the receipt of your letter of the 14th instant, with reference to the request of the teacher of the Centre school on the Peguis reserve, which was forwarded under cover of your letter of April 20th, last.

In reply I beg to say we note that the school garden has been ploughed, and that screen doors and windows and 2 hoes, 2 rakes and 2 rolls of chicken wire were purchased.

You may purchase and have delivered to the teacher the kalsomine and brush required by her to kalsomine the inside of the teacher's house.

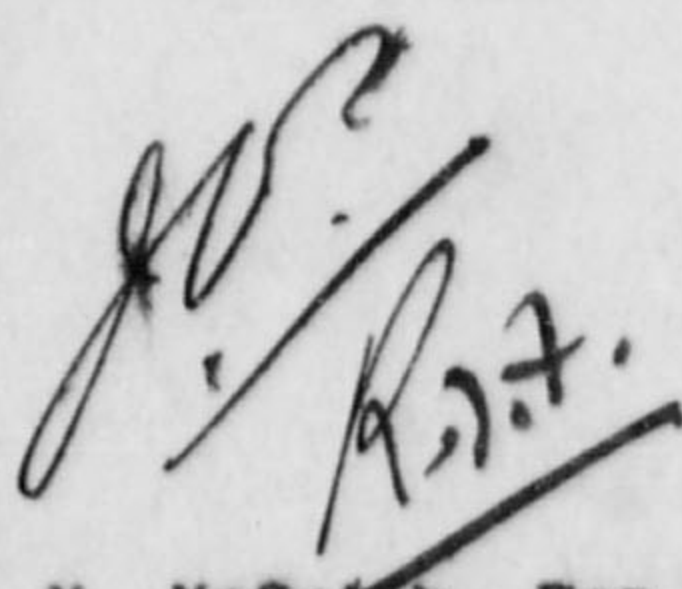

You may also arrange for the erection of an outside closet and the digging of the vault. It is noted that by supplying the material from the agency, the cost of the labour and nails would be approximately \$7. You should arrange to have this work done at an early date.

In view of your recommendation, the painting of the teacher's residence cannot be approved at the present time, owing to the expense required to complete repairs at the other schools in the agency, and this work will have to stand over until next year.

Your obedient servant,

J. D. McLEAN

COMMISSIONER'S OFFICE,

IN YOUR REPLY REFER TO

No. 203-11-A.

ALSO TO DATE OF THIS LETTER

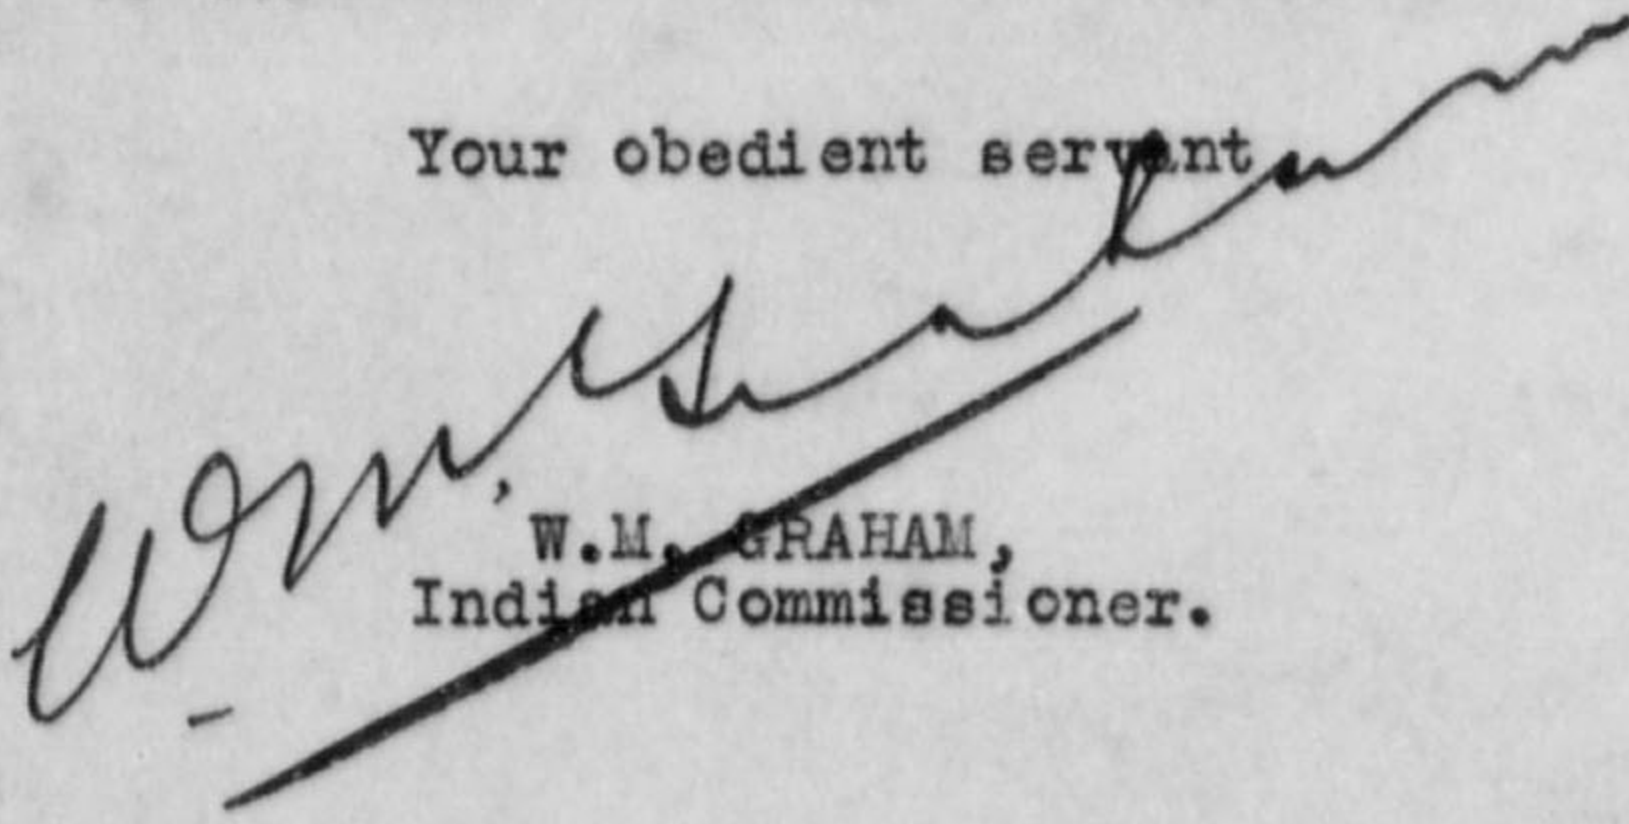

REGINA, SASK. September 11, 1923.

Sir: -

While at the Fisher River Agency a short time ago, I visited the Central School and found that the Matron and Teacher who live together, were handicapped in that they were shut off from the river for their water supply.

I believe a well could be dug on the Reserve for a small cost, as water can be found at fifteen or twenty feet. May I ask the department for authority to expend say \$75.00 for having a well dug for the Central School.

Your obedient servant

W.M. GRAHAM,
Indian Commissioner.

Ottawa, October 17th., 1923.

Dear Sir,-

Referring to your letter of the 5th instant, relative to voucher No. 204 amounting to \$8.50 in favour of the Hodgson Supply Co. for supplies furnished to the Peguis Centre School, I regret to state that this amount was paid in error to the Hodgson Trading Co., along with voucher No. 208. The two vouchers are on the same file and the official drawing the cheque added the two together by oversight and drew cheque No. 1878 for \$43.85 in favour of the Hodgson Trading Co. This cheque was sent to them on the 24th July last.

Will you kindly call on the Hodgson Trading Company to refund the sum of \$8.50 overpaid to them and remit the amount to the Department, and a cheque will then be sent to the Hodgson Supply Co.

Yours truly,

F.H. Paget
Accountant.

IN YOUR REPLY REFER TO

No. 203-11A

ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,

D REGINA, SASK., May 6th 1924

Sir:

I am enclosing herewith a list of school supplies, received this morning, for the Peguis Centre School.

You will note the list was made out on March 31st, but was held for a month before being forwarded.

Is it usual for the Department to supply the articles asked for; and if so, how are the purchases made? Kindly advise me as to this as soon as possible, as the time is getting short, especially for plowing a garden. It seems to me the Agent could have arranged to have this garden plowed, in fact I am writing to him to have this done; and as a matter of fact it should be done gratis.

Your obedient servant,

W. M. Graham
Indian Commissioner.

The Secretary
Dept. of Indian Affairs,
Ottawa.

Ottawa, May 12, 1924.

Sir:

The Department has received, through Mr. Commissioner Graham, a requisition from the teacher of the Peguis Centre Indian Day School for certain materials for the use of the school garden and for the teaching of sewing. In connection with requisitions for school supplies, I have to inform you that these should be forwarded by you to the Department direct. It is not necessary that they should go through the office of the Indian Commissioner.

You may arrange for the purchase and delivery of the quantity of garden seeds which you consider necessary. You should consult the teacher in this matter. The purchase of the following supplies is also approved: -

6 yards blue flannelette,	12 yards rick rack braid,
12 " print,	6 balls crochet cotton,
4 spools white thread,	1 hoe,
2 pkgs. sewing needles,	1 rake.

No unnecessary expense should be incurred in the above purchases and properly certified vouchers in duplicate should be forwarded covering the cost.

The Department is not prepared to supply the sealers.

Regarding the ploughing of the school garden, you should arrange to have this done as soon as possible, not only at this school, but at any of the others in your agency where it is required. It is considered that this work should be done by some of the Indians, without charge, as it is in the interests of their children that a garden be conducted. However, you should make the best arrangement you can and at the lowest cost to have the necessary ploughing carried out.

Please give the above matters your prompt attention.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

M. McCuigh, Esq.,
Indian Agent,
The Hallway P. O.,
Man.

136-6-5.

Ottawa, May 12, 1924.

Sir:

I have your No. 203-11A of the 6th instant, enclosing a requisition which you received from the teacher of the Peguis Centre Indian Day School. In reply I beg to say that requisitions of this nature should be forwarded to the Department through the office of the local Indian agent. The agent is being instructed to purchase the quantities of the various supplies requested by the teacher which he considers necessary.

It is noted that you have instructed the agent to have the garden ploughed.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Sir:

I have your No. 203-11A of the 5th instant, with reference to painting the Fisher River Indian Day School and the erection of a stable. It has also been noted that the residences at the three Peguis schools require painting. I have noted your estimate of \$50 for each residence in this connection and I have to authorise you to have this work done.

You may expend \$400 for the exterior and interior painting required at the Fisher River Day School and the sum of \$60 for the necessary finishing material for a log stable at this school. I have noted that the agent has already made arrangements for the logs.

Please be guided by the regulations which govern purchases and the engagement of labour and, when forwarding accounts, send them in separately for each school, if possible.

- COPY -

136-6-8-

(Original on # 109-136 8.)

Ottawa, February 2nd, 1925.

Sir:

Miss Brandon, Travelling Nurse, in a report on her inspection of the Fisher River Agency, has drawn attention to a number of pupils at the schools on the Peguis Reserve who require medical attention. She states that she has advised the medical officer as to the attention that should be given in each case.

Miss Brandon recommends that a drum be attached to the stove pipes in each of the schools on the Peguis Reserve, as this would provide a more regular and even heat and would greatly assist in getting the rooms heated and keeping them in that condition. If you consider that the arrangement suggested by the Nurse would be of benefit in keeping the schools warm, you may arrange for the purchase and installation of a drum for the stove pipes in each school.

Miss Brandon has also suggested that, if possible, a hot drink be provided to the pupils of each of the schools during the noon hour, especially during the severe cold weather, as so many of them come from a distance. If the teachers will arrange to prepare and serve a hot drink, and if they have facilities for doing so, you may purchase a small quantity of cocoa, tea and sugar, also 1 dozen granite-ware mugs and a large saucepan for preparing the cocoa. No unnecessary expense should be incurred, and you should purchase the quantity of materials required in the preparation of the hot drink sufficient to last for each school during the balance of the winter or until the end of April, next, only. Please consult the teachers as soon as possible and, if they will prepare and serve this hot drink, you should purchase the supplies required. The children could, no doubt, bring any milk required from their homes. The Nurse states that the pupils each carried a noon day lunch which was quite a credit to the Indian parents.

I shall be pleased to hear later as to the arrangements you have been able to make regarding the serving of a hot drink at noon.

Your obedient servant,

M. McGuish, Esq.,
Indian Agent,

Dear Sir:-

I have the honour to enclose herewith "Requisition for School Supplies" for the Centre Peguis School.

The stove required in this requisition is for the class room. I find the one in use to be in a very unsafe condition. I would recommend a 52" stove which can be purchased from the Ashdown Hardware Co. Winnipeg.

The manure pile mentioned on the requisition is two years ~~XXXXXXXXXX~~ accumulation of manure at the school stable.

✓ As new supplies will be arriving early in the New Fiscal Year, I would not recommend the purchase of an axe and pail.

The rest of the requisition I respectfully recommend be passed.

I have the honour to be,
your obedient servant.

136-6-5.

Ottawa, February 21st, 1925.

Sir:

I have your letter of the 16th instant, enclosing a requisition for supplies for the use of the Peguis Centre Indian Day School.

In reply I beg to say that you may arrange for the purchase and delivery of a 52" stove for the classroom and also for any stove pipe required. If possible, competitive prices should be obtained and the stove purchased from the firm quoting the lowest price. We note that the stove at present in use is in a very unsafe condition.

You may also purchase and have delivered 2 dozen heavy clothes hooks, 2 brooms, and a quantity of garden seeds of the various kinds required by the teacher. The axe and pail asked for can be furnished when the supplies arrive early in the next fiscal year.

Regarding the manure which the teacher requests be removed from the stable, would it not be possible to have this utilized for garden purposes, or it might be possible to have some of the Indians remove same for farm purposes without expense. The Department will leave this matter in your hands to arrange for the removal of the manure to be used for garden or farm purposes as considered advisable by you and at the lowest possible cost.

Properly certified vouchers, in duplicate, should be forwarded covering the expenditure authorized above.

Your obedient servant,

EXTRACT
ORIGINAL ON

136-4-5 Center

Peguis South Indian Day School.

In requisition dated September 20th teacher requests following,-

- 1 axe
 - 18 enamel cups for cocoa
cocoa and sugar
 - 2 brooms
 - 2 wash ##### basins
 - soap
 - disinfectant
 - pail
 - new hole dug for boys' closet
 - School banked for winter
 - ✓ 2 storm windows
 - 36 coat hooks
 - Shelves for stove.
- 3 football bladders
- Some windows broken.

-4-

In letter dated October 7th on fil 136-5

Agent McCuish states,-

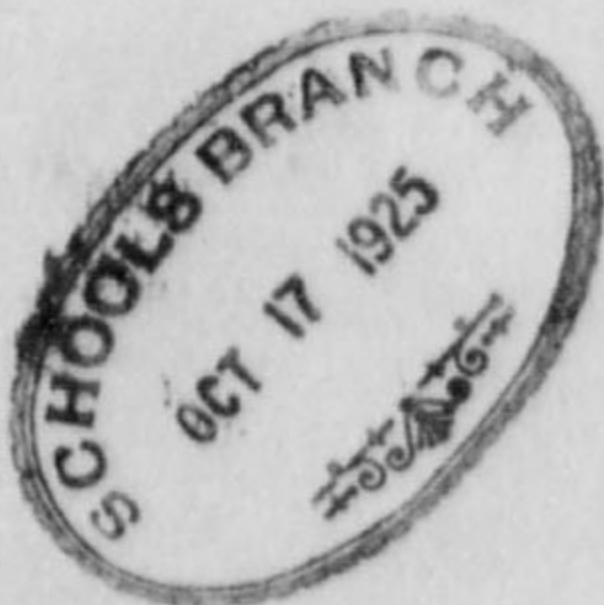

"With reference to the requisition for Peguis Center school, I consider one shovel sufficient,- also too many football bladders are destroyed at this school.

A new vault has been dug for the boys closet.

The school is also being mudded and whitewashed.

The item of storm windows I wish to enquire into further.

All other items on this requisition I consider reasonable and ##### required by the teacher."

Sir:-

Replying to your letter of the 7th instant enclosing a requisition from the teacher of the Peguis Center Indian Day School, I beg to say that you may arrange for the purchase and delivery of the following supplies for the use of the school:

- 1 ax
- 18 enamel cups
- 2 brooms
- 2 wash basins
- 1 pail
- 36 coat hooks

and a small quantity of soap and disinfectant. You may also arrange for the purchase of a quantity of cocoa and sugar considered necessary and you should arrange to have the school banked for the winter and any broken windows repaired.

The Department is ordering two football bladders and they will be sent to the teacher's ^{address} residence from here.

Please forward properly certified vouchers in duplicate covering the cost of the above authorized expenditure.

INDIAN OFFICE

Fisher River Agency,

At...Hodgson, Manitoba,.....

October 5, 1926.

Dear Sir:

Re Requisition,
Centre Peguis Day School.

I attach hereto Requisition for school material for the above-named school.

With reference to Dictionaries, these I do not consider essential as none of the pupils at this school have reached the standard where they could make intelligent use of them.

The poker and axe can be procured locally. The shelves for the round camp stove are essential. The stove is provided with clamps for the brackets of shelves and suitable shelves could be obtained from Winnipeg for a small sum. Camp stoves in the other schools are provided with shelves.

I would recommend that the interior of the Teacher's residence be kalsomined. The exact cost of this - labour and material - would be \$8.25.

Your obedient servant,

H. Templeman

7-B.

Ottawa, October 12th, 1926.

Sir:

I have your letter of the 5th instant, enclosing a requisition from the teacher of the Peguis Centre Indian Day School for supplies.

In reply I beg to say that an order is being forwarded to the Government Stationery Office to send to the teacher's address the classroom material considered necessary.

We are ordering a football and two extra football bladders here and will send same to the teacher.

You may purchase the following:

1 Axe and 1 Poker.

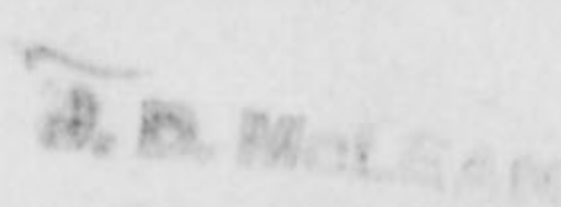

You may also arrange to obtain the shelves for the round camp stove and have them installed.

The Department will also approve of the expenditure required in the kalsomining of the interior of the teacher's residence. We note that this work, including labour and material, will be approximately \$8.25.

Please keep all expenditure down as low as possible, and furnish properly certified vouchers, in duplicate, covering the cost of the above authorized supplies and work.

Your obedient servant,

H. Templeman, Esq.,
Indian Agent,
Hodgson, Man.

Regina, Sask., Dec. 21st. 1926

Dear Mr Graham:-

R

At the Centre School there was a kitchen lean-to built across the back which I believe the Department paid for but as there are two ladies living here and two children, they did not have sufficient room so Miss Stapleton built a sleeping porch on the front and a small lean-to along the side for a store house which she paid for herself and it is her intention to ask the Department to reimburse her for this expenditure. This, however, is the first time she mentioned this to me.

EXTRACT FROM REPORT OF INSPECTOR HALL-JONES,
dated March 29th, 1927, on the Peguis
Centre Indian Day School.

Original on File 136-6-6.

"The school building is the worst on the Reserve. Log. A very poor building and its upkeep seems to be sadly neglected - Walls with chinking falling out and dirty. They are supposed to be whitewashed but it could not have been for some time. The building, in every way, is far from what it should be. In addition to this, it is not kept in a tidy condition. The surroundings outside are not neat or tidy.

"A new building should be erected or, at the very least, the present given a thorough overhauling and repairing. Siding inside and out would help matters."

Indian Affairs. (RG 10, Volume 6243, file 532-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

Sir:

Ottawa, April 28th, 1927.

The Public School Inspector, in a report on his inspection of the Peguis Centre Indian Day School, states as follows concerning the school building:

"The school building is the worst on the Reserve. Log. A very poor building and its upkeep seems to be sadly neglected - walls with chinking falling out and dirty. They are supposed to be whitewashed but it could not have been for some time. The building, in every way, is far from what it should be. In addition to this, it is not kept in a tidy condition. The surroundings outside are not neat or tidy.

A new building should be erected or, at the very least, the present one given a thorough overhauling and repairing. Siding inside and out would help matters".

I shall be pleased to have a report from you stating what action you would recommend be taken in having this building renovated and placed in a satisfactory condition. I may say that we have no funds available for the erection of a new building, but it is considered that the repairs, etc., absolutely necessary should be made to the present building. In forwarding your report as to the work you would recommend be carried out, you should state the approximate cost involved.

We note that the Inspector states that this building is not kept in a tidy condition. Please state whether this is due to carelessness on the part of the teacher.

When we have your report giving full particulars as to the repairs and renovation you would advise be made and information as to the cost involved, consideration will then be given to authorizing having the work done during the coming summer holidays.

INDIAN AGENT'S OFFICE

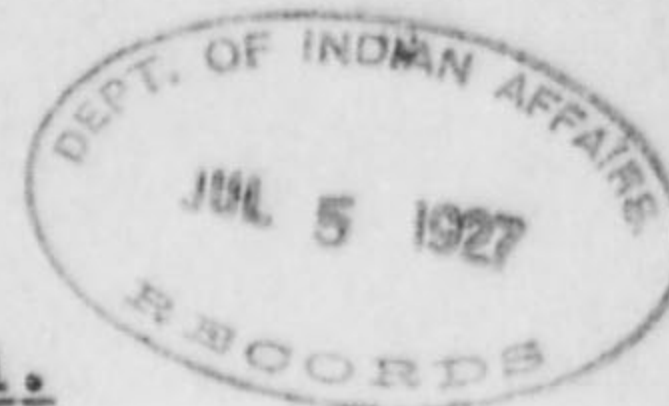

Fisher River Agency,

.....Hodgson, Manitoba,.....

IN YOUR REPLY REFER TO
No. 7-C
ALSO
TO DATE OF THIS LETTER

.....June 27, 1927.

Sir,—

Re Repairs,
Peguis Centre School.

Replying to your letter #136-6-5 of April 28th with reference to the condition of the building containing the Peguis Centre School, I beg to report as follows:

The school building was chinked and whitewashed in 1925 but a very poor quality of lime was used and work was not superintended and was poorly executed. In September, 1926, I wrote to Regina for authority to carry out mudding and whitewashing of all schools but letter was overlooked at the Commissioner's office and, when authority was received, the winter had set in and it was then too late to carry out the work.

I have gone over the building thoroughly and beg to recommend that it be sheeted inside with V-joint. The sheeting will be required only on the walls as the school has already a V-joint ceiling. It will require approximately 1500 ft. of V-joint and the cost of this material will be about \$90.00. It will also take about 500 lineal feet of 1 x 2 firing on which to nail V-joint, cost of which will be about \$10.00. The wall on one side of the building is buckling slightly and I would further recommend that this be strengthened by placing a 1/2 in. tie rod across the building. The total cost of all this work inclusive of labour will be in the neighbourhood of \$200.00. May authority be granted to have the work carried out?

With reference to the statement of the Inspector that the school is not kept in a tidy condition, I beg to advise that this is no fault of the teachers. The care and arrangement of school furniture is good and the school is well scrubbed once each month. The dilapidated condition of the walls and the chinking falling out on the floor contributes towards giving the schoolroom an untidy appearance. In addition, the school is situated close to a swamp and, during the greater part of the present spring, the school grounds have been under water.

I would also recommend that V-joint be painted white after it is put on, that the outside of the school building be re-chinked and whitewashed, and that toilets be moved and new vaults dug. An additional \$25.00 will cover this work.

Your obedient servant,

H. Templeman

The Secretary,

The Department of Indian Affairs
Indian Agent.

Pool Copy

7-C.

Ottawa, July 6th, 1927.

Sir:

I have your letter of the 27th ultimo, relative to the repairs required to the Peguis Centre School building.

In reply I beg to say that you may arrange to have the interior walls of this building sheeted with V-joint, and the wall which has buckled straightened by placing a 3/4" tie rod across the building. The V-joint should be painted white after it is put on, and the outside of the building rechinked and whitewashed. The toilets should be moved to another location and new vaults dug.

You should arrange for the purchase of all material required after obtaining competitive prices if possible, and you should make the purchase from the firm quoting the lowest price. You should also arrange for the labour in having the work done, and you should see that it is performed in a satisfactory manner. This work should be carried out during the present summer holidays, and when completed, you should forward certified vouchers, in duplicate, covering the cost of all material and for the labour.

Your obedient servant,

J. D. McLEAN

Ottawa, July 12th, 1927.

Sir:

His Grace the Archbishop of Rupert's Land has drawn attention to the flooded condition of the school premises at the Peguis Centre Indian Day School during the past spring. In this connection I would refer to your letter of the 27th ultimo in which you state that, as the school is situated close to a swamp, the grounds have been under water. I have to request that you will state whether it would not be possible to provide drainage facilities for the school premises. You should state the best arrangements to carry out regarding the drainage and the approximate cost of any work which you would recommend be done.

Your obedient servant,

J. D. McLEAN

J. D. McLean,
Asst. Deputy and Secretary.

IN YOUR REPLY REFER TO
No. 7-C.
ALSO
TO DATE OF THIS LETTER

R

September 5, 1927.

Sir,—

Re Drainage,
Peguis Centre School.

Replying to your letter #136-6-5 of July 12th past with reference to drainage of the grounds of the Peguis Centre School, I beg to advise that I have delayed action in this matter for the reason that, up until the present, the condition of the ground rendered it impossible to work with a team and scraper in digging the necessary ditch to drain the grounds. To carry off the water will take a large ditch and digging by hand would be an expensive operation.

I have had Mr. Patterson, Engineer of the Dominion Water Power and Reclamation Branch, who is up here on the matter of drainage possibilities of the Peguis hay meadows, survey a ditch for drainage of the grounds at the Peguis Centre School and take the necessary levels. The ditch will require to be 600 ft. long, this distance being the full length of the fence on the north side of the school property, with an average depth of 3.3 ft. and, at its eastern end, will be a hand dug lateral following the eastern fence of the school property the length of which will be determined when the water is flowing through the large ditch. The southern side of the school property is on high ground, therefore, it will not be necessary to dig a ditch on that side.

The ditch will be 8'6" wide at the top and 2' wide at the bottom, giving an average width of 5.3' for the purposes of calculation of yardage of soil to be excavated. The cubic yardage is as follows:

$$\frac{3.3 \times 5.3 \times 600}{27} \text{ equals } 388.4 \text{ cu. yds equals } 400 \text{ cu. yds for purpose of estimate of cost.}$$

I would estimate the cost at about 20¢ per yard which would make the total cost approximately \$80.

The ground is now dry and fit for working and I would recommend that the work be carried out as soon as possible. Without this ditch, there will be trouble from flooding every spring and after all heavy rains. Drainage will also remove the unpleasant stagnant odour from the swamp which permeates the school buildings.

your obedient servant,

H. Templeman,
Indian Agent.

The Secretary,
The Department of Indian Affairs,
Ottawa.

Dear Sir:

Re General Outside Improvements,
Peguis Centre School.

For the purpose of improving the appearance of the school grounds at the Peguis Centre School, I beg to recommend the following:

#14

Wooden sidewalk from door of residence to gate and around two sides of residence.

Wire fence - Page wire - along front of property facing main road with large and small gates.

The cost of sidewalk - material and labour - would be about \$14 and of the fence and gates, using steel fence posts, which will last indefinitely, and Page wire, \$25.00, plus labour, the items of this fence being as follows:

plus
25.00

13 steel posts @ 35¢ each.	4.55
1 20 rd. roll Fencing.	9.60
1 Driveway Gate - 8 ft.	4.75
2 Walk Gates. @ \$2.95	5.90
	<u>\$24.80</u>

Your obedient servant,

H. Templeman

H. Templeman,
Indian Agent.

Sir:

I have your 7/C of the 5th instant, with reference to drainage at the Peguis Centre Indian Day School. I have to thank you for your careful attention to this matter and to authorize an expenditure of approximately \$80 in the preparation of a ditch, which, I note, may solve the problem.

I have also your letter of the 5th instant, with reference to other improvements at this school. You may expend the sum of \$14 for a wooden sidewalk at the teacher's residence and the sum of \$25, plus labour costs, for a Page wire fence along the front of the school property. When the work is satisfactorily completed, certified vouchers, in duplicate, should be forwarded for payment.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

INDIAN AGENT'S OFFICE

Fisher River Agency,

Hodgson, Manitoba,

Your file No. 136-6-5

IN YOUR REPLY REFER TO

No. 7-C.

ALSO

TO DATE OF THIS LETTER

October 15, 1927.

Sir,—

Re Repairs - Peguis Centre School.

Reference your letter of authority of July 6th past, I beg to enclose herewith the undernoted vouchers covering the above-stated expenditure incurred under the quoted authority:

Voucher No. 165.	Lumber, paint, etc.	103.30
Voucher No. 168.	Labour.	67.50
Voucher No. 169.	Labour.	21.75
Voucher No. 170.	Labour.	15.60
Voucher No. 171.	Sundry Expenditure.	21.50
		<u>\$229.65</u>

In detail, the work carried out on the school was as follows:

A dado, 4 ft. high, was built around the walls of the school with quarter-round at bottom of dado and $\frac{3}{4}$ x $\frac{3}{4}$ cove and 3 in. ledge at top. It was the original intention to sheet the whole log wall with V-joint but, in view of the fact that upper logs were very uneven on surface and would require to be rehewed before putting on V-joint - a slow and expensive task - it was decided that the dado was preferable. The intervening log wall between the top of the dado and the ceiling was well chinked and whitewashed. Seven window frames were taken out, resawn and repaired and replaced and also two door frames. Two blackboards were also reframed. A part of the floor was taken up and new floor supports were put in and floor relaid. Parts of the ceiling, which was falling, were re-nailed. A platform was built at the end of the school for the teacher's desk, the size being 6 x 16 feet, and a cupboard was also built - size $1\frac{1}{2}$ x 4 x 6 for books and school material. Posts were placed on outside walls of building and a truss rod from these posts across the inside of the school - this to prevent further buckling of the log walls. All broken school desks were repaired and exterior of building was remudded and whitewashed. Interior woodwork was painted a pearl grey with darker shades of grey on mouldings and window and door frames. Interior of school porch was also painted. All toilets were moved and repaired and new vaults dug and these together with stable, were well whitewashed. In addition all weeds and grass was cut on the enclosure surrounding the school.

I may say that the dado has made a considerable improvement in the appearance of the school and I would recommend that the interior of the Peguis North and Peguis South Schools be improved in the same manner.

Your obedient servant,

H. Templeman, Indian Agent.

The Secretary,

Sir:

I have your letter of the 15th instant, enclosing a voucher covering the cost of the repairs to the Peguis Centre Indian Day School, and stating in detail the work carried out at the school.

In reply I beg to say that the accounts submitted by you have been paid. The Department is pleased with the work that has been done.

With reference to your request that the interior of the Peguis North and Peguis South Schools be improved in the same manner, I beg to say that this work will have to stand over until next spring, as there are no funds at the present time to carry out these repairs. You may draw this matter to the attention of the Department early next spring, when consideration will then be given to authorizing you to have the work done.

Your obedient servant,

J. D. McLEAN

Sir,—

Re Fencing, Etc.,
Peguis Centre School.

With reference to Voucher No. 223 for the amount of \$10.50 covering the above-stated and going forward this date, I beg to advise as follows:

The fencing has made a considerable improvement in the appearance of the school property and, when extended at some time in the future to include the garden enclosure of the Teacher's Residence, will look much better. The cost of this fencing, inclusive of material shown on previous vouchers, was as follows:

Voucher No. 223 - Labour, etc.	\$10.50
Voucher No. 189 - Wire, posts & gates.	<u>26.89</u>
	<u>\$36.39</u>

Sir,—

Re Drainage Ditch -
Peguis Centre School.

With reference to Voucher No. 222 for the amount of \$82.25 covering the above-stated expenditure, going forward this date, I beg to advise as follows:

The ditch was dug to its full depth for a distance of 450 feet. On the last 150 feet of the ditch - the upper inlet portion - water was struck at a depth of 1 foot and the ditch was dug on this portion to a depth of only 18 inches. The stickiness of the soil and the difficulty in cleaning scrapers at this depth made the task a slow and difficult one and would have incurred considerable expense. Under these circumstances, I stopped the work. I anticipate that, when the snow melts in the spring the force of water running in the upper portion of the ditch will cause considerable cutting and increase its depth. I have left a series of ridges in the upper portion to cause rapids when the water runs, which will, I think have the effect of causing considerable cutting. In the autumn of 1928, given a dry fall, the ditch can be deepened- if necessary, and the lateral dug. In any case, the ditch as it is at present, will have the effect of keeping dry that portion of the ground in the vicinity of the residence and school which has always in the past been a swamp.

I may inform you that the above-stated ditch is that shown by Mr. Paterson, Engineer of the Water Power & Reclamation Branch, Department of the Interior, on his plan accompanying report on drainage of the Peguis Hay Meadows, marked as 3B in Area No. 3.

your obedient servant,

COMMISSIONER'S OFFICE,

IN YOUR REPLY REFER TO

NO. 203-11

ED

REGINA, SASK., Nov. 21st, 1927.

ALSO TO DATE OF THIS LETTER

Dear Mr. Graham:-

I beg to submit the following report on
the schools of the Fisher River Agency.

PEGUIS CENTRE SCHOOL.

I visited this school November 1st, and
found 18 children present - 8 girls and 10 boys. The
roll called for 24. I believe the attendance at this
school is much improved and I have no doubt that with the
present teacher, we will see a still further improve-
ment.

The grades are all low, from 1 to 3.
However, the children appeared well along in their work.
The reading was fair, spelling and arithmetic good. Their
exercise books were tidy. I believe these children will
show advancement under Miss Fairservice.

The children were quite well clothed and
were all clean, with their hair nicely combed. They were
very respectful and the discipline was excellent. All
children were kept busy, whether up in class or otherwise.

This school is built of logs and each year
requires a great deal of repair. It was nicely white-
washed and consequently appeared quite cheerful.

The residence provided for the teacher might
well be called a "shack". There are only two rooms habit-
able in the winter. The lean-to additions are of little
use, even in the summer, and certainly do not add to its
appearance. I believe a new residence could be built quite

reasonably.

W. M. Graham, Esq.,
Indian Commissioner,
Regina, Sask.

PEGUIS CENTRE SCHOOL (Cont'd.)

reasonably, and it would certainly be an inducement to hold a good, qualified teacher. At present this house needs painting outside, but I think it a mistake to put any further expense on such a building.

Miss Fairservice has recently come to this school. She is a qualified teacher with experience and certainly appears to understand her work. I believe we will see good work carried on and I have no doubt, when next inspected, the results from Miss Fairservice's efforts will be evident. *Signed R. G. Hamilton*

EXTRACT FROM NURSE BRANDON'S REPORT.

Original on 109-136 S

Fisher River Indian Agency,
Hodgson, Man., Feb. 29, 1928.

I have the honor of submitting a report of my
visit in Peguis Centre Day School.

At noonday lunch time, these little ones,
who also carry some lunch with them, are provided with
a cup of hot cocoa, prepared by the teacher. Occasion-
ally one or two pupils bring a bottle of milk which is
added to the cocoa. Powdered milk, if such could be
allowed, would be very good for making the cocoa much
nicer.

(Sgd.) Annie T. Brandon,
T. Nurse.

Indian Affairs. (RG 10, Volume 6243, file 532-5, part 1)

PUBLIC ARCHIVES

RECEIVED
Ottawa, April 5th, 1928.

Sir:

Miss Brandon, Travelling Nurse, in a report on her visit to the Peguis Centre Indian Day School, recommends that powdered milk be supplied for the pupils' midday lunch. She states that the pupils carry some lunch with them, and are provided with a cup of hot cocoa, prepared by the teacher, and that powdered milk, if such were allowed, would make the cocoa much nicer.

You may arrange to supply a small quantity of Dri-Milk for the use of this school. An account, in duplicate, properly certified, should be forwarded covering the expenditure incurred. I shall be pleased if you will give this matter your early attention.

Your obedient servant,

A. F. MacKenzie

Sir:

I wish to refer to your 203-11 of December 12th and 13th last, with reference to improvements to our buildings at the Peguis Centre Indian Day School. I have examined the files and I believe that we should seriously consider erecting not only a teacher's residence but a new classroom. You might let me have a recommendation in this connection without delay as funds are available for building activity at this school.

OFFICE OF
INDIAN AGENT

Fisher River Agency,
Hodgson, Manitoba,
September 6, 1928.

[Handwritten signature]
Sir:

Re Well - Peguis Centre School.

In the Estimates for the present Fiscal Year I placed an item of \$200.00 for the purpose of drilling a well at the Peguis Centre School. This well is essential as, at present, the Teacher has to get her drinking water from the river or from the old well on the property.

The old well on the property is only about 20 ft. deep and contains only surface water, which is unfit for use. Even with boiling, it still tastes of the swamp. Water from the river is also unfit to use without boiling.

The cost of this well will be in the neighbourhood of \$200.00, the price per foot being \$2.00, inclusive of casing.

May authority be granted to proceed with this work?

Your obedient servant,

H. Templeman

Sir:

I beg to refer you to official letter of May 31st, last, in which you were informed that the Department was favourably disposed towards the erection of a teacher's residence and new classroom at the Peguis Centre Indian Day School. No reply appears to have been received from you in this matter, and the Department is now in receipt of a letter from the Indian Agent stating that a new well is essential as, at present, the drinking water can only be obtained from the river or from the old well on the property. Before making a decision in this regard, the Department desires to have your reply to official letter of May 31st.

Your obedient servant,

A. F. Mackenzie 2.

IN YOUR REPLY REFER TO
No. **203-11A Gen.**
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,

W. REGINA, SASK., 20th Sept. 1928.

Sir:-

I beg to acknowledge receipt of your letter of the 17th instant, No. 136-6-5, in connection with the erection of a teacher's residence and class-room at the Peguis Centre Indian Day School. I might say that this matter was discussed with the Deputy Superintendent General when he was here and it was decided to go on with the building, and both the South and Centre teacher's residences are under way as well as the Centre School. These residences are bungalows of the same type as were built last year at Lake St. Martin and Little Saskatchewan for the teachers there and will cost in the neighborhood of \$2,600.00 each. The school is the same type as that being built at Brokenhead and will cost about \$2,000.00.

In my letter of August 6th, 203-11A Gen., asking for an accountable cheque, I advised you that there were two Day School and two teachers' residences being erected in the Fisher River Agency.

Your obedient servant

The Secretary,
Dept. of Indian Affairs,

Sir:

I have your 203-11A Gen. of the 20th instant, relative to the erection of a teacher's residence and classroom at the Peguis Centre Indian Day School, the new day school at Jackhead and the teacher's residence at the Peguis South School.

Regarding the well required at the Peguis Centre School, I beg to say the Department will leave this matter in your hands. If you consider that it is necessary to have a well drilled, you may arrange to have the work carried out, keeping all costs as low as possible. Mr. Agent Templeman, in a communication dated the 6th instant, states that he estimates the cost of the well will be in the neighbourhood of \$200. The price per foot, including casing, would be \$3. He states, further, that the old well on the property is about 20 feet deep and contains only surface water, which is unfit for use. The Agent is being informed that this matter has been left in your hands.

Your obedient servant,

J. D. McLEAN

The Everlasting
Steel Adjustable Desk and Settee
BOX DESK WITH LIFTING LID

All Steel except Seat, Back and Writing Table.

For years progressive educators have sought for a substitute for cast iron desks, and with the advent of the Steel Sanitary Desk this difficulty has been solved.

This line represents the latest and best in School Desk construction. We unhesitatingly guarantee these desks to be of the very best quality that will please the purchaser in every respect.

The woods are made of best hard maple, well finished.

The standards are made of Square Steel Tubing. Both the desk and settee are adjustable. The prices include the Desk, Settee and Ink Wells.

Series No.	Desk with Settee Lifting Lid Box
61—Size A, Adults down to 12 years	\$16.00
62—Size B, Ages 15 down to 8 years	15.75
63—Size C, Ages 9 down to 6 years	15.50

(No Fronts or Rears to buy with this desk)

Guaranteed against breakage for a lifetime. Notice the Standards on the Settee. Nothing to get out of order. Plenty of room for the pupil.

(These Desks and Settees are both Adjustable)

The last figure in the number denotes the size of the desk.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

R

OFFICE OF
INDIAN AGENT

Fisher River Agency,
Hodgson, Manitoba,
October 19, 1928.

Sir:

Re Pupil's Desks,
Peguis Centre School.

I beg to advise that the old desks which were in use in this school are, the majority of them, worn out, the woodwork being split and the cast iron supports on many broken. I am sending the best of these desks to the Peguis North School to replace broken and worn out desks at that school and would recommend that a complete new outfit of pupil's desks be supplied for the new school at Peguis Centre.

I would very strongly recommend that these desks be steel support instead of cast iron. There is no danger of steel being broken like the cast iron and steel desks are practically everlasting.

I would suggest the supplying of new desks for a seating accommodation of 30 pupils and would recommend that desks supplied be either Christie's Steel Adjustable Desk & Settee or Christie's Steel Movable Chair Desk. With these desks, only two separate sizes are required to cover pupils of all ages from 7 to 15 years, a decided advantage, and, in addition, no fronts or rears are required as in the case of the usual stationary desk. The cost of such desks would be as under-noted:

If Adjustable Steel Desk & Settee			
15 only desks & settees #62	@ \$15.75	-	236.25
15 " " " #63	@ \$15.50	-	232.50
			<u>\$468.75</u>

The number of pupils on the Register at the Peguis Centre School at the present time is 25, and, for the present, seating accomodation for this number would be sufficient. Seating accomodation for this number would be 12 only No. 62 and 13 only No. 63, total cost, \$390.50, or, if Chair Desks preferred, 12 only No. 112 and 13 only No. 113, total cost, \$324.50.

I enclose herewith illustrations of the desks specified. It may be possible to procure suitable desks from the E. N. Moyer Co., Ltd., or the Western Seating Co., of Winnipeg at figures lower than those of Christie's, Brandon, but I have no catalogue available from either of the first-named firms.

Your obedient servant,

H. Templeman
H. Templeman,
Indian Agent.

The Secretary,
The Department of Indian Affairs,
Ottawa.

P.S. Desks must be single individual desks as double desks are not used in Provincial Schools.

No. 7-C.

Ottawa, October 25, 1928.

Sir:

I have your letter of the 19th instant, relative to the desks required for the Peguis ~~North~~ ^{Central} Indian Day School.

In reply I beg to say that the Department does not supply adjustable desks to Indian day schools. The type of desk we supply is the single school desk, non-adjustable. These desks are manufactured in the following sizes:

No. 1	for Adults,
No. 2	" Pupils 15 to 18 Yrs.,
No. 3	" " 12 to 14 " .,
No. 4	" " 10 to 12 " .,
No. 5	" " 7 to 9 " .,
No. 6	" " 5 to 7 " .

It is considered that approximately 25 single desks should be sufficient considering the enrolment at this school. Please furnish the Department with information as to the sizes and number of each size of desk required as per the above. It is advisable that each row of desks in the classroom be of the same size, with a front and rear seat. If the desks are arranged in four rows of six desks, with a front and rear seat, this would provide seating accommodation for 28 pupils. When we have the information asked for, prices will be obtained here and the order will be placed. Please also state whether a teacher's desk and chair are required, as, if so, this equipment should be ordered at the same time as the school desks. You should also give full shipping directions.

Please give the information asked for at an early date.

Your obedient servant,

J. D. McLEAN

Your File No. 136-6-5.

IN YOUR REPLY REFER TO
No. 7-C
ALSO
TO DATE OF THIS LETTER

.....October 31, 1928.

Sir,

Re Pupil's Desks,
Peguis Centre School.

Replying to your letter of the 25th instant with reference to pupil's desks required for the new Peguis Centre School - not the Peguis North School as stated in your letter. -, I beg to advise that, based upon the ages of the children on the School Register at the Peguis Centre School, the following desks will be required.

1	row of six desks	Size No. 5	-	Ages 7 to 9.
1	"	"	"	Size No. 4 - Ages 10 to 12.
1	"	"	"	Size No. 3 - Ages 12 to 14.
1	"	"	"	Size No. 2 - Ages 15 to 18.

with front and rear seats providing for accommodation of 30 pupils. With reference to these front and rear seats, I beg to recommend that the front seats be on the Size No. 5 desks where the smaller pupils will be close to the teacher and that the rear seats be on the size No. 2 Desks.

Your letter states that four rows of six desks will provide accommodation for 28 pupils, whereas, to my figuring, this will provide seating accommodation for 30 pupils - 6 pupils in each row complete with seats and desks, a total of 24, and 6 front seats without desks, making a total of 30. If front desks only supplied, without the attached seat, seating accommodation will be for only 24, unless the rear seats provide an additional row of seating for 6 pupils.

With reference to adjustable seats, I might mention that all desks in the old Peguis Centre School were of the adjustable type. I would again very strongly recommend that metal work on desks be of steel instead of cast iron.

With reference to desk for teacher, one will be required, the old desk being broken in places and very shabby in appearance. Desk of the sanitary type, similar to Christie's, Brandon, No. 12 or No. 11, would be most suitable. No chair is required, a new teacher's chair for this school having been supplied in 1927.

The above furnishings should be shipped as soon as possible by Can. Nat. Rly. prepaid addressed to me at Hodgson, Manitoba.

Your obedient servant,
H. Templeman
H. Templeman,
Indian Agent.

Ottawa, November 8, 1928.

Sir:

I have your letter of the 31st ultimo, relative to the school desks required for the new Peguis Centre Indian Day School and stating the sizes required.

In reply I beg to say it is considered that it would save time in the securing of these desks if you arrange to obtain prices and purchase same. You may, therefore, obtain quotations, F.O.B. nearest shipping point to the school, for the number of each size of desk and front and rear seats as mentioned in your letter, sufficient to accommodate 30 pupils. You may obtain prices for the supplying of desks having steel castings. It is considered, however, that the single school desks, non-adjustable, would be satisfactory. You may also, at the same time, obtain a price for the supplying of a teacher's sanitary desk of a type similar to Christie's No. 11. You should ask the following firms and any others whom you wish to quote:

Western Seating Co.,	179 Bannatyne Ave.,	Winnipeg,
E. N. Moyer & Co. Ltd.,	-	Winnipeg,
Canada Seating Co.	911 McArthur Bldg.,	Winnipeg,
Christie School Supply Co.	-	Brandon.

You may place the order with the firm quoting the lowest price.

Please obtain an itemized account, in duplicate, which you should attach to proper voucher forms, certify in the usual manner, and send to the Department for payment. The vouchers should be accompanied by the quotations which you received.

Your obedient servant,

J. D. McLEAN

J. D. McLean,
Asst. Deputy and Secretary.

Department of Indian Affairs,
Ottawa, Ont.

Attention of Purchasing Agent.

Gentlemen:-

It has come to our attention that your
Department purchased for a School at Hodgson, Man., School
Desks with steel standards.

While these were undoubtedly supplied to
your Department by a Canadian distributor, we wonder if you
are aware that the standards are made in United States, although
the wood parts are made in Canada.

We know you will agree with us that Canadian
manufacturers would not appreciate such a policy on the part of
of a Federal Department in purchasing foreign-made goods when
it is possible to obtain desks of all Canadian manufacture, which
are generally recognized as quite the equal of imported desks.

We know you will not misunderstand our motive
in writing you in this connection, but you will no doubt realize
that the possible output of School Desks in Canada is not suf-
ficiently large that it could be shared profitably with a foreign
market, more particularly as all School Furniture manufacturers
are heavy contributors to the national revenue.

We would appreciate hearing from you in this
connection.

Yours very truly,

E. N. MOYER COMPANY LIMITED,

General Manager.

GES/LED.

Ottawa, December 28, 1928.

Gentlemen:

I have your letter of the 22nd instant, relative to the desks purchased for the use of the Centre School on the Peguis Reserve, Hodgson, Man.

In reply I have to say that the local Indian Agent was authorized to obtain prices from several firms in Winnipeg and Brandon for the supplying of the seating equipment required and to arrange for the purchase from the firm quoting the lowest price. We have not yet been advised as to the name of the firm from whom the purchase was made or the type of desk obtained.

Your report that a certain part of the desks supplied was manufactured in the United States has been noted. The Department desires in all cases that furnishings for its schools be manufactured entirely in Canada. Your letter is being drawn to the attention of the local Indian Agent.

Yours very truly,

Sir:

The Department has received a communication from the E. N. Moyer Co. Ltd., Toronto, in which they state that school desks have recently been obtained for a school at Hodgson, Man. It is presumed that they refer to the desks which you were authorized to purchase for the use of the new Peguis Centre Indian Day School. They state as follows:

"While these were undoubtedly supplied to your Department by a Canadian distributor, we wonder if you are aware that the standards are made in United States, although the wood parts are made in Canada.

We know you will agree with us that Canadian manufacturers would not appreciate such a policy on the part of a Federal Department in purchasing foreign-made goods when it is possible to obtain desks of all Canadian manufacture, which are generally recognized as quite the equal of imported desks.

We know you will not misunderstand our motive in writing you in this connection, but you will no doubt realize that the possible output of school desks in Canada is not sufficiently large that it could be shared profitably with a foreign market, more particularly as all school furniture manufacturers are heavy contributors to the national revenue."

You will understand that the Department desires that all furnishings or other supplies used in connection with Indian schools be of Canadian manufacture. I shall be pleased to have your report at an early date as to the name of the firm from whom the purchase was made and the type of desk supplied.

H. Templeman, Esq.,
Indian Agent,
Hodgson, Man.

INDIAN AGENT'S OFFICE

Fisher River Agency,

Hodgson, Manitoba,

Your file No. 136-6-5.

IN YOUR REPLY REFER TO
No. 7-C.
ALSO
TO DATE OF THIS LETTER

.....December 31, 1928.

Sir,

Re Desks - Peguis Centre School.

Replying to your letter of the 28th instant with reference to complaint by the E. N. Moyer Co., Ltd., Toronto, that the desks purchased by me recently for the above-named school were not all Canadian manufacture and in reply to your query in the closing paragraph thereof, I beg to advise that the desks in question were purchased from the Canada Seating Co., of Winnipeg and the standards of these desks are of plate steel.

Under authority of your letter of November 8, 1928, I called for tenders from all firms named by you thereon, specifying that desks must have plate steel standards. The E. N. Moyer Co. of Winnipeg quoted on their New Empire Desks, stating that these were not plate steel but semi-steel. You will understand that semi-steel means that a part of the standard, the greater part which takes the stress, is of cast iron. I have referred to the Britannica and can find no trace of a material known as semi-steel, in fact, from what I read, it is not possible to blend cast iron and steel. It is apparent, therefore, that semi-steel consists of cast iron and steel joined as separate entities.

*Decided not
to refer
to En. Moyer
means this
and for
it J.B.*

My reason for recommending plate steel desks is, that, the experience with semi-steel or cast iron standards in the schools at this Agency is that they are too easily broken. Practically every standard on the old desks at the Peguis Centre School, which were of cast iron, was broken and two of the standards of New Empire desks supplied for the Fisher River Day School are already broken. Plate steel standards may, under great stress, be bent but it is practically impossible to break them. In view of the fact that we have at this Agency desks supplied by the E. N. Moyer Co. last year on which the standards are already broken, which desks are identical with those quoted by them recently, it is apparent that these standards are inferior to plate steel.

I do not know whether the standards of the desks supplied by the Canada Seating Co. are of Canadian or United States manufacture. There is no mark on the standard to show where they are made.

If these standards are made in the U.S. as claimed by the E. N. Moyer Co. and the standards on the desks quoted by them are of equivalent durability, they have a right to contention. If, however, as happens to be the case from experience with their product, their standards are inferior as regards durability, I do not see that they have a right to contention.

Indian Affairs. (RG 10, Volume 6243, file 532-5, part 1)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Pool Copy

I might mention that, as I received no instructions in your letter of November 8th to specify desks of Canadian manufacture, your letter simply stating that I was to place the order with the firm quoting the lowest price, it never entered my head to specify Canadian manufacture.

I give hereunder quotations received from the various firms asked to tender:

Items : 1 Teacher's Sanitary Desk; Plate Steel Pupils Desks - 6 Single Desks No. 2; 6 No. 3; 6 No. 4; 6 No. 5; 6 Rears No. 2; 6 Fronts No. 5.

Western Seating Co., Winnipeg. \$336.50
(Globe Steel Desks - Distributors for the Globe Steel Furniture Co., Waterloo, Ontario, so the standards may possibly be of Canadian Manufacture)

E. N. Moyer Co., Ltd., Winnipeg. \$246.30
(New Empire Desks - Semi-Steel or Cast Iron Standards - Lowest tender, but not accepted for reason that standards were not steel)

Canada Seating Co., Winnipeg. \$289.85
(Plate Steel Desks. This company are Official Distributors for the Saskatchewan School Trustees Assoc. This tender was accepted, it being the lowest for steel standard desks.)

Christie School Supply, Ltd., Brandon. \$300.00
(Plate Steel Desks. Pamphlet accompanying their tender shows that standards are made in the U.S.)

I might mention that the Canada Seating Co. stated in their letter that the steel desks they supplied were the same as those supplied recently to the Indian School at the Hobbema Agency.

I beg to state that the desks supplied by the Canada Seating Co. are of excellent quality. I have given the steel standards a good test and would say that these will last indefinitely and that we will have no more trouble with broken standards.

Your obedient servant,

H. Templeman

EXTRACT FROM REPORT OF MR. INSPECTOR KIRKPATRICK,
dated Mar. 13th, 1929, on his inspection of
the PEGUIS CENTRE Indian Day School.

Original on File 136-6-6.

There is a new school building, two closets and a furnished residence for the teacher. These are all in good condition. / The school building gives one the impression of being cramped. The matter of making the ceiling a foot higher and removing the partitions between the schoolroom proper and the entrance walls might be considered. /

Sir:

The Public School Inspector, in a report on his recent inspection of the Peguis Centre Indian Day School, makes the following remarks on the new school building which was erected last summer:

"The school building gives one the impression of being cramped. The matter of making the ceiling a foot higher and removing the partitions between the schoolroom proper and the entrance walls might be considered".

I shall be pleased to have your comments regarding the report of the Inspector.

IN YOUR REPLY REFER TO
No. 203-11A
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,

D REGINA, SASK., April 5th, 1929

Sir:-

noted

I beg to acknowledge receipt of your letter of the 28th. ultimo No. 136-6-5, informing me that the Public School Inspector in a report on his recent inspection of the Peguis Centre Indian Day School makes the following remarks on the new school building which was erected last summer,-

" The school building gives one the impression
" of being cramped. The matter of making the
" ceiling a foot higher and removing the
" partitions between the schoolroom proper and
" the entrance walls might be considered."

It is really hard to understand an intelligent School Inspector making comments of this kind. The taking away of the walls would throw the doors right open into the classroom and there would be no vestibule. This, of course, is impracticable and you would not find a school in the provinces of Manitoba or Saskatchewan built on these lines. With regard to the suggestion that the ceiling be made a foot higher, there is no necessity for this; the ceiling is now 10 ft. high, which provides ample air space. This school, and five others like it that were built by the Department, were not put up without giving every consideration to the requirements. As a matter of fact, the plans were borrowed from the Department of Education for this province and the buildings were erected on exactly the same lines as the plans submitted called for. Were not these plans sent
-down to you-

The Secretary,
Dept. of Indian Affairs,
OTTAWA.

down to you for perusal, not in connection with this particular school, but before we started to use them? I would say that there is no reason at all for making any change and I should like to impress upon the Department very strongly the fact that we would not put up a building without giving the question of air space full consideration. If you will refer to the last report written by Mr. Kirkpatrick you will note that there were only 14 children on the roll at the time of his inspection, so with that number they had twice as much air space as the children have in our modern schools anywhere. When this school plan was decided upon it was figured that it would look after the requirements of thirty children, and it will be a long time before there will be thirty pupils at this school, judging from the number that have attended Day School on this reserve in the past.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

Sir:

Centre

Reference charges on the attached Voucher No. 42 - \$18.60, I beg to advise that, during the past winter, a fire broke out in the residence of the teacher at the Peguis ~~South~~ School. Miss Wright, the teacher, was ill in bed at the time and it was some time before she could obtain assistance in putting out the fire.

*Sub
Pul
pp*

The cause of the fire was condensation of creosote in the stove pipe at the elbow where it goes through one of the partitions. The elbow was filled up with the creosote from the wood and this caught fire and the heat from the pipe ignited the ten-test around the thimble, burning ceiling above and a large hole through partition between rooms. The stove pipe runs the full length of the building and it is a difficult matter to prevent formation of creosote from the wood. Stove pipes are now taken down twice per month and cleaned out, which will prevent any fire in pipes in future.

Repairs were executed and the brick casing surrounding the stove pipe, where it enters the partition, was made larger. An asbestos covering was placed in aperture and ten test was cut clear of thimble. There is little danger of fire in the future. Material for repairs, ten-test, panel strip, asbestos, nails, etc., had to be obtained from Winnipeg. The freight bill is attached hereto but I have not received invoice for material although I have twice asked for this.

In this connection, I would recommend that Pryene Fire Extinguishers be provided set in brackets in each schoolroom and in each teacher's residence on the Peguis Reserve. As there are three schools and three residences on the Peguis Reserve, six of these extinguishers would be required, together with a reserve supply of solution for refilling.

Your obedient servant,
[Signature]
H. Templeman, Indian Agent.

She under*

Ottawa, May 30, 1929.

Sir:

I have your letter of the 22nd instant, enclosing vouchers covering the cost of repairs to the teacher's residence at the Peguis Centre Indian Day School, which were made necessary by reason of a fire which occurred. A cheque in payment of these accounts has been sent you. It is noted that the repairs have been completed and that there is very little danger of fire in the future.

Relative to your request that fire extinguishers be provided for each schoolroom and teacher's residence on the Peguis Reserve, I have to say that the Department is today placing an order with the Pyrene Manufacturing Company, Toronto, to ship, addressed to you, 8 - 1½ qt. Pyrene fire extinguishers, complete with chemical and wall brackets. Two extinguishers should be supplied each school on the Peguis Reserve - one for the classroom and the other for the teacher's residence - and two for the school at Fisher River. The above firm have been requested to forward their account to you, in duplicate, covering the cost of these extinguishers, f. o. b. Hodgson, Man. When the shipment has been received, you should certify the account in the usual manner and send it to the Department for payment.

Your obedient servant,

J. D. McLean

COMMISSIONER'S OFFICE,

W. REGINA, SASK., 29th May, 1929.

IN YOUR REPLY REFER TO

No. 203-11A

ALSO TO DATE OF THIS LETTER

136-6-5

Sir:-

I enclose for payment two vouchers forwarded by Mr. H. Templeman, Indian Agent at Fisher River, in connection with the drilling of a well at the Peguis Centre School, regarding which I would refer to Department authority 136-6-5, dated 3rd October last, and my letter on the subject dated 23rd October. The vouchers are as follows:-

No. 28 - Robinson Alamo Limited	\$18.90
No. 29 - H. Templeman	.95

Mr. Templeman offers an explanation in regard to these expenditures by stating that after the well had been drilled water flowed over the top, and, notwithstanding authority given him last November to purchase a pump, he did not do so, stating he was advised to wait in order to determine from the nature of the flow what style of pump was required. He therefore plugged the well, but in February apparently the pressure of water removed the plug and the purchases, which the vouchers represent, cover additional material that he procured to hold back the water until the spring. These were expenditures, of course, which should have been included in the Estimates for the last fiscal year, and, as the transaction took place in February, it is not understood why Mr. Templeman did not submit them before for payment. As I have previously mentioned, he is lacking in business capacity, and should long ago have reported the situation. When the Inspector visits this Agency the matter will be further looked into.

Your obedient servant,

The Secretary,

Dear Sir;-

Enclosed find two vouchers in favour of Arthur Fiddler and George Sinclair respectfully for work done at Peguis Centre School.

This school ground was not fenced, the cattle and horses running at large left things in a bad mess, I bought 3 spools of barbed wire and those two Indians fence it. they have made a good job and would recommend that a cheque be forwarded to each for the amount in vouchers.

Your obedient servant.

EXTRACT FROM REPORT OF M. CHRISTIANSON, INSPECTOR
OF INDIAN AGENCIES, DATED JUNE 13TH, 1929, ON HIS
VISIT TO THE PEGUIS CENTRE INDIAN DAY SCHOOL.

Original on File 136-4-5.

At the Peguis Centre Day School we have new
buildings which are very satisfactory in every way
and answer the purpose for which they were built,
excellently. The teacher, Miss Wright, is also, I
believe, doing good work.

OFFICE OF
INDIAN AGENT

Fisher River Agency,
Hodgson, Man., Nov. 8, 1929.

Dear Sir:

I am enclosing herewith Voucher No. 202, amounting to \$25.86 in favor of Robinson-Alamo Limited, Winnipeg, for a pump standard and fittings, which I am having installed in the well at Peguis Centre School.

I might state that when first dug this was an flowing well but has not been used for some time. However, when I opened it up I found that the water was about four feet below the level of the ground and a pump would be necessary, so I have taken the liberty to order the pump and necessary fittings. This is the same kind of pump as is installed at North Peguis School and gives perfect satisfaction.

Hoping that this is in order, I am,

Your obedient servant,

C. A. Stevenson

R

Dear Sir:

Re installing pump at Centre Peguis
School as per enclosed voucher No. 211.

This well was drilled sometime last
year, but never was put in use until now. I
had Mr. Seebach put in the pump and build a
platform, put a sleeve on the well casing where
it was leaking about four feet below the level
of the ground. The pump is now working though
the water is very muddy, but I think it will
clear up later on, unless there is a leak in
the casing far in the ground.

I would recommend that his account be
paid as the price is fair and just.

Your obedient servant,

C. A. Stevenson

Note.—To avoid delay and correspondence in filling Requisitions, the teacher should give full particulars regarding each article required. The name, series, number of grade and name of author and publisher of all books required should be given as fully as possible.

Ellen Lee
Teacher

I HEREBY CERTIFY that I have examined this requisition, and that the articles asked for by the teacher are necessary and are such as are in use in the Provincial schools.

Frank M. Hughes
for Indian Supt. or Agent.

A separate form to be used for each school.

Ottawa, April 23rd, 1930.

Sir:

I have to acknowledge receipt of a requisition from the teacher of the Peguis Centre Indian Day School for classroom supplies and supplies for the preparing and serving of the midday lunch, also supplies for cleaning purposes.

In reply I have to say that an order is being forwarded to the Government Stationery Office to send to the teacher's address the classroom supplies considered necessary.

You may arrange for the purchase and delivery of the following:

- | | |
|---|--------------------------|
| 1 Double boiler, enamel,
(for cooking purposes), | 2 Mirrors (inexpensive), |
| 30 Dessert spoons (inexpensive), | 30 Graniteware cups, |
| 1 Enamel ladle, | 2 Wash basins, |
| 1 Large spoon, | 2 Scrubbing brushes, |
| 3 Cakes Bon Ami, | 1 Tin stove polish, |
| 14 Yds. cheesecloth, | 2 Brooms, |
| 1 Galv. iron pail, | 18 Cakes carbolic soap, |
| | 1 Stove brush. |

While serviceable articles should be supplied, it is not intended that any large expense be incurred.

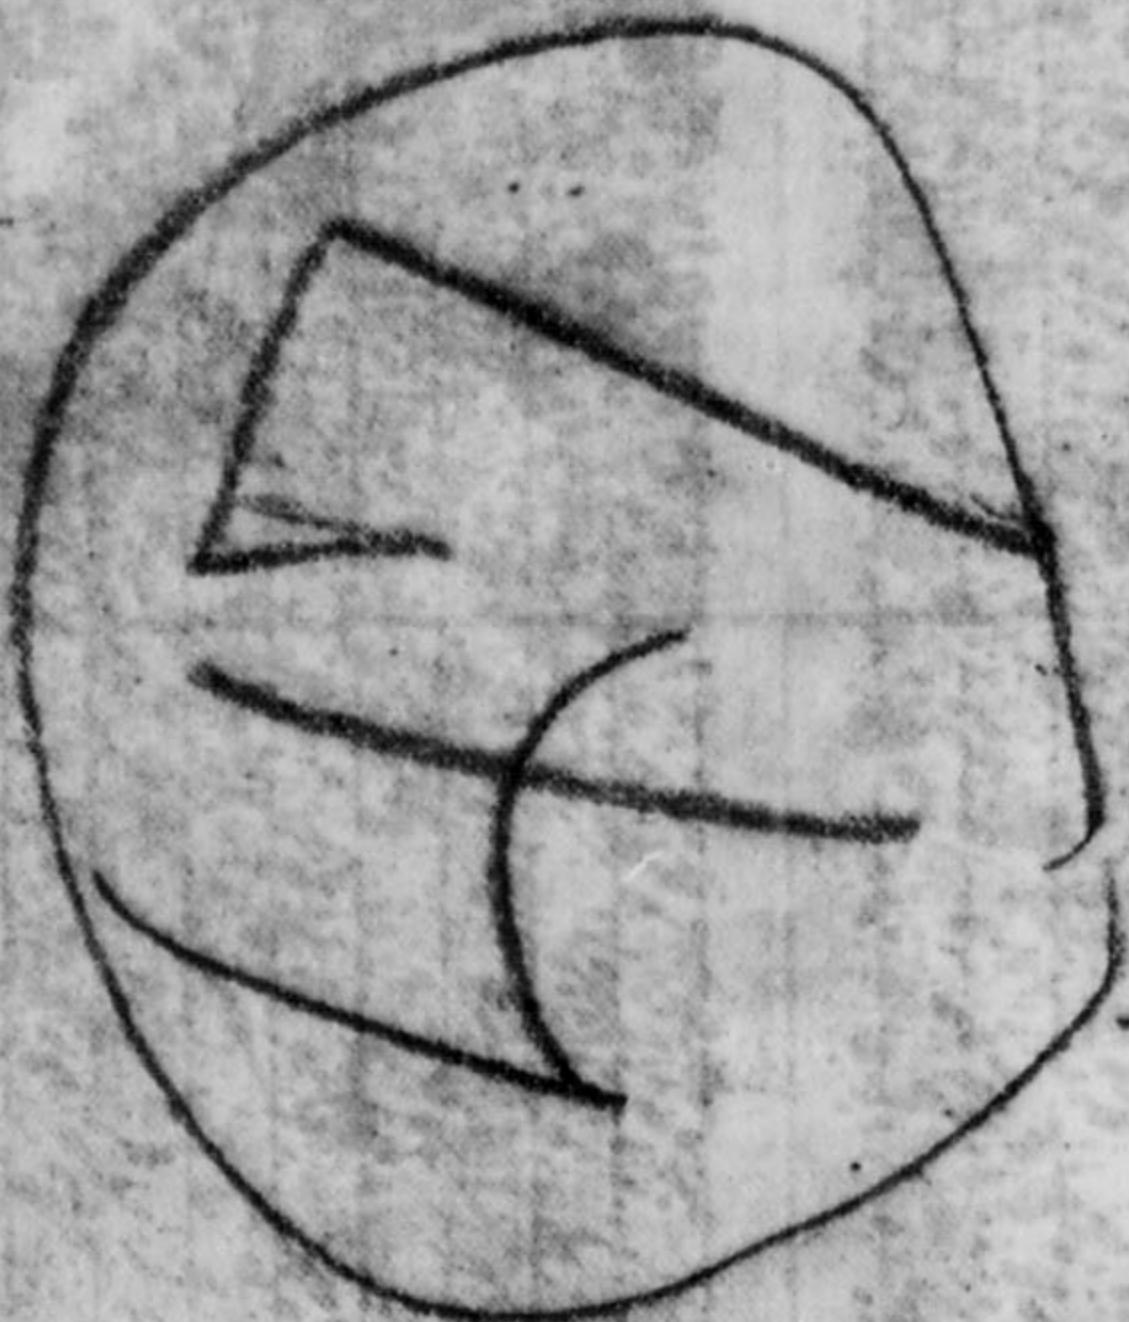

After these supplies have been delivered, you should forward an itemized account, in duplicate, properly certified, covering the cost.

*Sent
Apr 23/30
J.M.* The department will send 30 tooth brushes to the teacher for the use of the pupils.

Your obedient servant,

A. F. MacKenzie
A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

[Signature]
The Indian Agent,
Hodgson,
Man.
